UNIVERSITY EMBLEMS

THE PRESIDENTIAL MEDALLION

The presidential medallion is worn by the president of Wichita State University on significant or official ceremonial occasions as the symbolic manifestation of his role and responsibility as the chief officer of the university. The official seal of Wichita State University anchors the ceremonial anaglyph and is encircled by two hyperbolic forms designed to complement the university mace. The presidential medallion is suspended from black silk trimmed with gold.

THE UNIVERSITY MACE

As the official symbol of the university's authority and power, the mace is carried by selected college faculty in the academic procession. The mace was commissioned in 1978 by Paul J. Magelli, former dean of Fairmount College of Liberal Arts and Sciences, as a memorial to his twin brother, Peter M. Magelli, and presented for the first time at the 1980 commencement.

Designed by artist Jonathan Graham Bonner of Providence, Rhode Island, the mace is executed primarily in stainless steel, gold and silver. The head of the mace is a gilt frame with 22 stainless steel spikes. The points are sterling silver. A silver ball engraved with the three seals of Wichita State University—Fairmount College, the Municipal University of Wichita and Wichita State University—is suspended in the frame by two springs. The shaft is a stainless steel spring, and the handle is a gilt ball set with nine hematites.

THE UNIVERSITY SEAL

The seal of Wichita State University incorporates many images. A farmer and an Indian, representing Kansas' rural background and Native American heritage, are looking up at seven stars above a lamp of learning.

The university's name arcs above these images. Below them is a sunflower flanked by wheat, again signifying Kansas, and a laurel, a symbol of learning. Three significant dates of the university's past also are included: 1895, Fairmount College founding; 1926, University of Wichita reorganization date; and 1964, the date the university entered the Kansas Regents' system.

COMMENCEMENT NOTES

HONORARY DEGREES

An honorary degree is an exceptional honor bestowed upon a person without fulfillment of the usual requirements. Honorary degrees are conferred only upon persons of notable intellectual, scholarly, professional, creative achievement or service to humanity. A candidate for an honorary degree must be deeply grounded in a career of scholarship, research, creative activity, service to humanity or other profession consistent with the endeavors of Wichita State University.

DATE OF GRADUATION

This program is not an official list of confirmed graduates for the 2021 Spring or 2020 Fall Commencement. Students listed in this commencement program are candidates for degrees in December 2020, Spring 2021 and Summer 2021.

Students' names are listed in this program as they appear on the graduation list provided by the Office of the Registrar. Students' names are read during the university commencement ceremony as they appear on the graduation card provided by the graduates.

ACADEMIC DRESS

Today's academic dress evolved from caps and gowns worn in medieval universities. The academic gown is the basic garment and by tradition is black for all degrees and ranks. The square caps or mortarboards are part of the prescribed academic dress. Accompanying the gowns are hoods lined with silk in the official color of the institution conferring the degree and bordered in the color representing the discipline of learning. The color of the tassel designates the student's degree and may vary from what is found on the hood. Students receiving graduate degrees wear the color appropriate to the degree emphasis.

Colorful sashes and cords, as well as medallions, are worn by members of honor societies and the Student Ambassador Society.

GRADUATION WITH HONORS

Degrees are conferred with distinction upon undergraduate students who have shown exceptional scholarship in both their cumulative and WSU grade point averages. Students with grade point averages of 3.90 out of a possible 4.00 receive the summa cum laude award; those with averages of 3.550 to 3.899 receive the magna cum laude; and those with averages of 3.250 to 3.549 receive the cum laude.

Candidates for degrees and for university honors have been tentatively determined on the basis of work completed through the previous semester.

In addition to university honors, departmental honors are awarded to students who have met the appropriate requirements. Wichita State does not confer honors upon students completing degrees in the Graduate School.

COMMENCEMENT GUESTS

MARK HUTTON
Kansas Board of Regents

SATURDAY, MAY 15 | 9:00a, 12:30p & 4:00p

Mark Hutton founded Hutton Construction in April 1992 and grew the company into one of the States' largest and most respected construction firms. The company specializes in commercial and industrial construction, and its 300 employees have been consistently recognized with awards for their work in Kansas and throughout the Midwest. In 2010, Mark passed the day to day company management to his son Ben to allow him to pursue his passion for community service.

Born and raised in Wichita, Mark is a 1977 graduate of Kansas State University College of Engineering with a degree in Construction Science and Management. He is a past member and chair of Kansas State University's Construction Science advisory board as well as the College of Engineering Advisory Board. In 2012, Mark was appointed by the Governor to the Kansas Turnpike Authority's board of directors where he served 2 years as the chairman. Most recently in 2018, Mark was appointed to the Kansas Board of Regents where he continues to serve in that role.

WILLIAM "BILL" CURTIS COHEN, JR. (1937-2020).
2020 Honorary Degree Recipient

SATURDAY, MAY 15 | 9:00a

Bill's wife, Dorothy, and his children, Robert and Susan, will be accepting this degree on Bill's behalf.

Bill graduated from East High School and went on to attend the University of Pennsylvania Wharton School of Business, graduating in 1959 with a bachelor's degree in insurance. Upon graduation, he joined his father at Cohen-Steenrod, as an insurance broker, eventually taking over the company.

In 1974, he merged the business with two other Wichita firms to form Insurance Management Associates, now the IMA Financial Group. Under Bill's leadership, IMA expanded and is now one of the largest privately held insurance brokers in the country. Motivated by achievement, Bill demanded much of himself and those who worked with him.

Bill served as CEO at IMA until 1998 and continued to serve on its board until 2016. An entire industry took note of IMA's progress. All saw in IMA a model of innovation and creativity. Based on IMA's achievements, Bill was asked to join national insurance boards where he worked to help independent agencies nationwide, sharing his time and his talent, making himself available to all who asked.

In 1990 Bill married Dorothy and they lived a storybook romance for nearly 30 years. They cherished one another, and had a relationship like no other. Everyone who knew them admired their love for each other and could feel how special their connection was.

Bill supported his community with equal vigor. He served on the boards of the Wichita Chamber of Commerce, Wichita River Festival, and Urban Development of Wichita. He was a patron of the arts and supported many non-profits focusing on the people they serve. He believed in education, democracy and, life-long learning.

Bill loved Wichita State University, its athletics, its departments of liberal arts programs as well as technical studies. He taught classes in business economics and insurance. He served on the board of the WSU Foundation and the WSU Board of Trustees.

In support of the Honors College (created by the WSU faculty in 2013, and in 2014, the faculty and Kansas Board of Regents approved the honors baccalaureate degree) at Wichita State University, in 2015, Bill and Dorothy donated one of the largest cash-gifts ever received by the WSU Foundation. The gift endowed enhancement scholarships to support study abroad, internships in the public sector, travel to national conferences, and service learning. The Cohen gift also supports Honors faculty fellows and funds student leadership development through problem-solving education. The Cohen's belief in our students' potential provided the Honors College the ability to continue joining knowledge and innovation to grow visionaries. In turn, these students will provide a service to themselves, the university and the nation.

The college was named after Dorothy and Bill Cohen, for their generosity and commitment to the program and the development of leaders and students who are committed to learning at a higher academic level.

THE ALMA MATER

J. Bert Graham, arr. Dean K. Roush

1. Our Alma Mater, Wichita,
Stands proudly on the hill,
Our sons and daughters bow to thee,
Our hearts with praise we fill.

Then hail our Alma Mater!
Hail thee, grand and true,
Long wave the yellow and the black
Oh Wichita, here's to you!

2. Around our lives are memories
That tenderly entwine,
And through the midst of the rolling years
Of thee we build a shrine.

Then hail our Alma Mater!
Hail thee, grand and true,
Long wave the yellow and the black
Oh Wichita, here's to you!

3. Thy call to all that life holds dear
Is a clear and constant guide,
With love and truth and loyalty
And may they e'er abide.

Then hail our Alma Mater!
Hail thee, grand and true,
Long wave the yellow and the black
Oh Wichita, here's to you!
