Roommate/Suitemate Tips and Tricks

Without a doubt, your time spent at WSU will be filled with many new experiences and memories. For most of you, simply sharing a room may be a new experience. Roommate relationships are the foundations for community development. It is not necessary to be best friends or share every aspect of college life together, but we do expect you to be fair, honest, and considerate of one another. Everyone needs to take responsibility for their own behavior and share the responsibility for a positive roommate relationship. Developing a positive relationship is a process, and whether you have known your roommate previously or are just meeting them for the first time, developing the positive relationship takes a little effort

1. Set some ground rules
 - a. Listen to each other and try to find common ground in certain situations. It is important to be willing to compromise with each other. If you can't come up with a compromise, talk to your RA
2. Keep things clean
 - a. Make sure you regularly wash your dishes, do your laundry, and take out your trash. Having a clean space makes your lives easier and can help improve your relationship
3. Respect each other's privacy
 - a. Give your roommate(s) privacy by not going through their belongings and asking permission before you borrow their stuff. Try to set up a schedule so that each of you can have alone time in your room
4. Respect each other's sleep and study habits
 - a. Make sure to set ground rules around this. If your roommate goes to bed early but you need to stay up all night to study, go to a study room in the building or to the library. Treat each other how you would like to be treated
5. Exchange emergency contacts
 - a. Exchanging emergency contacts will allow your roommate to contact someone for you in case of an emergency where you cannot contact them yourself
6. Be respectful with guests
 - a. If you want to have friends over, make sure you let your roommate know and ask if it is okay. The room is not just your space, you share the space together. If your roommate says "no" find another space to hang out
7. Try and bond with your roommate
 - a. You don't have to be best friends, but you should put in effort to get to know your roommate(s). Finding common interests or attending campus events together will allow you to feel more comfortable around each other
8. Communicate!

- a. Having good communication is crucial to having a good relationship with your roommate. If an issue comes up, make sure that you address it with your roommate. Don't rely on them to be able to recognize when you are upset. Make sure that you are communicating directly and not just through notes left for each other. If you see a problem, respectfully bring it up so that it can be addressed

Roommate/Suitemate Agreements

The key to getting to know your roommate is communication. You cannot discover who your roommate is unless you talk. You will find it helpful to take some time right after you move in to sit down and learn about each other. You and your roommate will create a roommate agreement as a clarification of your discussion. It is required that each suite/apartment complete a roommate agreement on Roompack.com

It will be beneficial to have these on file in case issues arise throughout the year. Your RA will assist you with this process. Examples of topics to be discussed on roommate agreements include, but are not limited to:

- Study time in the room
- Visitation and guests
- Cleaning the bathroom
- Shower schedule
- Cleaning the room
- Use of stereo/television
- Food in the room
- Time for socializing
- Use of each other's personal property
- Space for clothes, etc.
- Bedtime and wake up times

If you every have concerns about your roommate, start by talking with your roommate. If the concerns persist, speak with your RA. If your concerns revolve around your roommate/s behavior and/or wellbeing, other helpful resources include using the University's Reporting Behavior Concerns Guide.

Trash

In Shocker Hall, trash and recycling must be disposed of in the exterior dumpsters located outside of building D.

For The Flats and The Suites, all trash and recycling must be taken to the exterior dumpsters adjacent to the parking lot

Room Condition

Here are some tips for keeping your room organized and in good condition:

- Make your bed
 - Your dorm room isn't just your bedroom, it's your living room, your study, and your kitchen too. By making your bed, you will set a good tone for your day and will make your room look cleaner.
- Close your drawers and closet doors

- If you have a lot of clothes or items in your drawers or closet, leaving them open can make your room feel cluttered and messy. Closing these items helps your room feel clean and gives you more room for activities.
- Vacuum your room
 - You probably don't realize how much dirt you are tracking in from outside, or how much hair and food crumbs are accumulating on your floor. By vacuuming your room once a week you will make sure that your floor is a clean and comfortable place for your friends to hang out. Vacuums are not provided by HRL
- Wash your dishes
 - After using your dishes, go ahead and wash them. If you leave them for later, there is a chance that you will forget about them and the next thing you know, you have 2 weeks worth of dirty dishes in your room. If you don't have time to wash them after you use them, create a dirty dishes tub for yourself and wash your dishes when the tub gets full
- Take 5 minutes to pick up
 - It can be overwhelming to have to spend hours cleaning and organizing your room. Take 5 minutes at the end of your day to put your items back where they belong. This will help your room look cleaner and will relieve a lot of the stress that comes with a full day of cleaning
- Create a cleaning schedule
 - Living with new people can be a challenge when it comes to cleaning. Take some time in the first few weeks to set up a cleaning schedule and set expectations on what it means for things to be clean. This will help you and your roommates avoid arguments and frustration later in the year
- Use organizers
 - With all of your stuff in such a little space, it can start to feel cluttered quickly. Invest/or create some organizers that help you keep track of your items and keep them in their place
- Hang your clothes
 - It can be easy to leave your clothes in your laundry basket, or on the floor or in a chair, after you have cleaned them. While this is convenient, your clothes will likely wrinkle, and your room will look cluttered. Take a few minutes to hang up your clothes after doing your laundry
- Take out the trash
 - Taking out your trash once or twice a week prevents it from piling up in your room. It's not fun taking out the trash, but doing so will prevent your room from smelling and will help the room look tidy

Walls and Decorations

While you live with us, we want you to make your room feel like home. This includes bringing in rugs and decorations that can be displayed or hung on your walls. When you are hanging items on your wall, make sure that you are using adhesive that will not damage the wall. We suggest blue tape/painters tape. You can use command strips, but make sure you are careful when removing them so that you don't rip off part of the walls.

Room Number

You will notice that there is a plaque outside of your room with your room number on it. These are there so that our staff can identify which room is which and for emergency personnel to be able to find and help people as quickly as

possible. Please do not tamper with the room sign in any way (including removing the room number or putting something over it)

Health & Safety Room Checks

Twice a semester our staff will conduct health and safety room checks. These are not checks to look for policy violations, but instead are a time for us to make sure that there are no big safety concerns in your room. You will be given a minimum of 24 hours advance notice so that you can make sure your room is ready for us to inspect. If you have any questions about what we are looking for, or if something might be considered a safety hazard, please contact your RA.

Vandalism

Our staff work really hard to make door decorations, floor decorations, bulletin boards, and to keep our residence halls clean. Please don't take these items without permission from the staff member that made them or purposely destroy them. Make sure that you are also respecting your roommate's personal items and treating them as you would want your items to be treated. Tampering with floor decorations will result in documentation within the Office of Student Conduct and Community Standards.

SERVICES AND AMENITIES

Accessible Rooms

The accessible rooms in our residence halls have been designated specifically for persons in wheelchairs or for persons with other accessibility needs. These rooms are equipped with roll-in showers, assist bars in the restrooms, and maneuvering space for wheelchairs. The heights of appliances, cabinets, and light switches have been adjusted for persons in seated positions. If you require special accommodations, please contact the HRL office so arrangements can be made.

Community Kitchens

Small kitchens are located on each of the five LKLs (lounge, kitchen, laundry facilities) in Shocker Hall. The LKLs are located on each floor of C building but can be used by any resident in the building. Residents are responsible for cleaning the kitchen and any utensils they use. HRL is not liable for any resident items left in an LKL, including in the community fridge.

Large community kitchens are available in The Flats and The Suites for the residents of those communities. Residents are responsible for cleaning the kitchen and any utensils they use. HRL is not liable for any resident items left in the kitchen, including in the community fridge. LKLs and community kitchens may be subject to security video recording.

Custodial Service

The custodial staff is employed to clean and maintain public areas. These staff members clean lounges, hallways, stairwells, laundry rooms, public restrooms, and other common areas. However, it is expected that residents will clean up after themselves in these common areas in order to help promote a clean-living environment. Cleaning supplies for residence hall rooms are provided and may be checked out at the Information Desks. Should a resident elect to hire a cleaning service, the resident must always accompany the service staff members while in WSU residence halls.

Elevators

The elevators in the residence halls are provided for the convenient transportation of students and staff members. If you become trapped in an elevator, or notice something wrong with an elevator, do not try to fix the elevators yourself, instead please report it to the information desk or a staff member. Elevators may be subject to security video recording.

Food Service

Food service is provided by Chartwells and ran by a Director of University Dining Services. Shocker Dining and the Groundhouse Coffee Shop are coordinated by a Dining Services Manager. Chartwells works very hard to meet needs to individuals and groups with special diets for medical or religious reasons. Residents requesting an accommodation to the meal plan (either full or partial reduction), may submit a Meal Plan Accommodation Form through the HRL website. Your request will be forwarded to the Director of University Dining Services for review, and possible consultation of how Chartwells can best meet your dietary needs. This staff welcomes your input. They make themselves available during meal hours and would enjoy talking with you. You may also share your ideas and comments by using the comment board in the cafeteria or by taking part in other open forum discussions that will be hosted by Chartwells.

If you wish to change your meal plan, you must do so by advertised dates. Some restrictions apply. Please do not request more than one change each semester.

Game Room/Clubhouse/Media Room

The game rooms in the residence halls are open to the residents of their assigned building and their guests only. Only residents can check out equipment at each information desk and they must provide the Shocker Card as identification.

Information Desks

The information desks, located within Shocker Hall and The Suites, exist to assist you. Desk assistants answer questions, take phone messages, and check out temporary keys/cards, cleaning supplies, cooking supplies, recreation equipment, and other items. Cleaning supplies must be returned within one hour. Please be aware that a late charge may be assessed for temporary keys/cards and other items not returned on time. These charges will be assigned to your university account. Desk hours are 24/7 but may vary during advertised dates.

Internet Service

Wireless internet service is available throughout WSU residence halls for residents and their guests, using the university's standard "WSU Secure" and "WSU Guest" networks. Gaming and streaming devices may connect to the WSU Guest network, but please note that not all devices are guaranteed to connect. The wireless networks are serviced by WSU's Information Technology & Telecom departments.

Wire internet service is only available in resident spaces in Shocker Hall. The Media Room in the Suites at WSU offers wired connections for specialized eSports events.

Laundry Facilities

The laundry rooms in Shocker Hall are within the five LKLs. All laundry machines are new and can be used free of charge. An app is available to download for timing convenience. If you notice that a laundry machine is broken, or not working properly, report it to the information desk or call the washing machine company. The number for the washing machine company is located in the LKL.

A washer and dryer are provided in each apartment in The Flats and each suite in The Suites, the costs of which are included in the room rates. Any malfunctions with either machine should be reported immediately to the Suites information desk.

Lock Outs

If you lock your phone/card in your room, obtain entry from the information desk or RA on duty. You will be asked to show a form of ID and then will be charged a \$10 lockout fee. If you are issued a temporary key for either residential or exterior access, failure to return the key within the time specified at issuance will result in a minimum of a \$25 charge. It is important that you don't give your key/access card to another resident or guest, it is against policy. This allows us to track who is entering your room in case something happens and ensures the safety of everyone in the building.

Lost Keys – Replacement

Shocker ID cards control exterior access to the building you are living in; therefore, residents must visit the card office in the Rhatigan Student Center to obtain a new Shocker ID if a resident loses theirs. The Shocker Card Office sets fees for replacement ID card.

If you lose your alternative key, be sure to notify the information desk or RAOD for assistance. The cost for an alternative key replacement is \$25.

Issues with phone access will be addressed in a case-by-case scenario.

Lounges and Study Rooms

In Shocker Hall, we have a variety of lounge spaces available throughout the building. The first type of lounge space is the LKL. This is a place where many people can hang out and watch tv, cook food, or just be together. There are open spaces on most floors that are considered floor lounges. These spaces are for you to use to hang out with your friends or to simply be out of your room for a bit. The final type of lounge space in Shocker Hall is a study room. These are rooms located throughout the building with doors on them and whiteboards inside that allow students a quiet place to study or have a study group. As long as someone isn't studying in the study room, it can also be used as a place for students to hang out.

The Flats and Suites have open lounge areas located throughout their building. These are spaces for students to gather or to use to study.

As these rooms/spaces are used by the entire building, it is important that all of the lounge furniture remains in the lounge to which it is assigned. Make sure to clean up after yourself and put the furniture back the way you found it, so that someone else can use the room after you are done. The lounges are not a place for you to sleep as that prevents other residents from being able to use the space.

Mail Service

Shocker Hall residents will receive their mail at Shocker Hall while residents of both The Flats & The Suites will receive their mail at The Suites. Mail is delivered Monday through Saturday. An email to your @shockers.wichita.edu email will serve as notification that you have received a package or registered mail ready for pick up at the relevant information desk. Please note that the deliver time/notification from any shipping carrier does not reflect the actual availability of your mail/package, as HRL staff must sort and log all mail/packages upon delivery. Residents will be required to present their physical WSU ID card when picking up packages or registered mail. Mail/packages can be picked up during I information desk hours.

Mail cannot be delivered to non-residents. Mail must be addressed to the resident receiving the mail. Mail will not be given to any other individual. Packages will be held for 14 days before they are returned to sender. HRL cannot forward packages, meaning all unclaimed packages will be returned to sender.

After the end of the spring semester, or whenever a resident permanently leaves on-campus housing, first class mail will be forwarded for up to 30 days (or in accordance with postal regulations) if the resident leaves a forwarding address when they check out of the building. Non-profit mail, pre-sorted standard mail, magazines, and newspapers cannot be forwarded. Please note that you cannot leave the address of a friend living in HRL as a forwarding address. If you do not leave a forwarding address, your mail will be returned to sender. Remember to contact all creditors and companies with your change of address before you move, as many package distributors will not allow us to forward packages, and they will therefore be returned to sender.

Maintenance Service

The maintenance staff makes repairs to the facilities as needed and performs preventive maintenance operations. Please report problems that you observe public areas at your Information Desk. Room maintenance requests may be made by residents through their housing portal. If residents cannot access this feature, please see the information desk. Routine maintenance and repairs will be completed during regular business hours. Facilities staff members will leave a notice in the room indicating work has been performed if done while no residents are present. If, after a

reasonable period of time, you do not see improvement in a maintenance problem you reported, notify your Residence Life Coordinator.

In the case of emergency repairs, contact the RA on Duty or the Information Desk. Emergency repairs, as determined by the HRL staff person or Facilities personnel, will be completed as soon as possible. Residents may submit a Maintenance Request Form to have their beds bunked/lofted by the Maintenance Staff if materials are available but may be subject to a fee to do so. Residents are NOT to bunk/loft the beds without assistance from WSU maintenance staff. Please note, during openings, the maintenance staff will respond to bed bunking/lofting requests as soon as possible. Their immediate concern will be other maintenance issues as they arise.

[Pest Control](#)

Unless otherwise noted, Pest Control services are provided free to the resident. Routine inspections as well as spraying assist in creating a pest-free environment. To assist HRL in keeping your space and the facilities pest-free, please follow the procedures provided to you. If pests of any kind are suspected in your room, it is your responsibility to report the suspected infestation immediately to the Information Desk, an RA, or directly to the Office of HRL at 316-978-3693

[Table for Advertising/Events](#)

If an organization wants to table in a residence hall lobby, they must reserve the table through the building's RLC. They must be a recognized student group or affiliated with WSU in order to use the table and they have received approval from the appropriate Residence Life Coordinator. If an individual wants to table in Shocker Dining, they must contact Jamie Kraisinger with Chartwells at Jamie.kraisinger@compass-usa.com to begin the reservation process.

HEALTH, SAFETY, SECURITY, & EMERGENCY INFORMATION

In case of any emergency situation on HRL property, notify your RA, RLC, or Information Desk. If the situation warrants, call the University Police Department at 316-978-3450 or 911. Students are encouraged to register for the WSU Rave Alert System to receive e-mails and text messages notifying them of severe weather and on-campus emergencies. This service is available for sign up through the *myWSU* online portal. The scrolling marquees located in each building will also notify students of severe weather and on-campus emergencies.

Bomb Threat

If notified to evacuate, exit quickly and quietly, and move at least 400 feet from the building. Follow the instructions of staff members and emergency personnel.

Chemical Safety

Used motor oil, antifreeze, turpentine, or oil-based paint may not be disposed of on the ground or in the University dumpsters. They should be disposed of at the Household Hazardous Waste Facility at 801 Stillwell, Wichita, KS. Hazardous materials may be taken to the location Tuesday through Friday between 9 a.m. and 5:00 p.m. or on Saturday between 9 a.m. and 3 p.m. You may contact the facility by calling (316) 660-7464.

Concealed Weapons

Concealed weapon holders should be aware that they will need to follow State of Kansas law regarding the possession of a concealed handgun. Residents will be responsible for properly securing their handgun when not on their person. Students interested in renting a safe from HRL should request this optional rental through their application on the housing portal.

If you do not want to live with a concealed weapon holder, please alert the Housing & Residence Life office and we will work to accommodate a room change.

Emergencies On or Near Campus

The signal for weather emergencies is a loud, steady pulsating sound that continues for several minutes. All classes will be dismissed. Persons on campus should tune to any local radio station for information and instructions. Persons may also refer to the Emergency Management website: www.wichita.edu/emergency Persons not on campus should not come to campus.

Missing Person Contact Information

You may register one or more individual to be contacted in case you are identified as a missing person. This contact can be anyone and does not have to be a parent or guardian. A missing person contact is different from a general emergency contact. You can use the same person in both cases, but we will not assume that your emergency contact is also your missing person contact. If you would like to add a missing person contact, or change your missing person contact, you may do so by contacting the housing office at 316-978-3693 or via email at housing.wsu@wichita.edu.

Fire

If you become aware of a fire in the building, follow these directions:

- Activate the fire alarm and call the University Police Department (316-978-3450 or 911 from any campus landline). Contact a staff member as you leave the building.
- Please use the stairwell closest to your room and exit the building immediately as required by state law.

- Any time you hear an alarm, exit immediately and quickly move at least 400 feet from the building. Follow all instructions from staff members (RA, G/RLC, and others) and rescue personnel.
- Remain outside until staff members give the signal or rescue personnel to return to your room.
- If you encounter heavy smoke in an area, exit another way if possible. Staying low or putting a towel over your nose and mouth will help you minimize smoke inhalation.
- Never use elevators during a fire. The shafts act as chimneys. A malfunction could trap you.
- If you become trapped in a room, report or signal your location by calling the University Police Department (911) or by waving or calling to fire fighters. Jamming wet towels or clothing under doors, keeping a wet towel or clothing over your head, and staying low may help you avoid smoke as you await rescue.

It is important that you abide by all fire regulations. If your room is deemed to be the source of the fire alarm, residence life staff and the University Police reserve the right to enter your room to assess the problem. We also reserve the right to enter a student's room to ensure that everyone has evacuated the building.

Each semester, two planned fire drills will be scheduled. HRL will schedule all planned fire drills during business hours, except when required by law to be outside these hours. This will provide an opportunity for residents to practice evacuating the building. All alarms that sound should be treated as a potentially life-threatening situation.

Fire Alarms

If the fire alarm sounds in your building, follow these directions:

- Exit immediately and quickly move at least 200 feet from the building. Follow all instructions from staff members (RA, G/RLC, and others) and rescue personnel
- All residents should exit the building within a 5-minute period
- Remain outside until staff members give the signal or rescue personnel to return to your room
- Never use elevators during a fire. The shafts act as chimneys. A malfunction could trap you.

Personal Property/Renters Insurance

As Wichita State University does not carry insurance on a student's personal property, we advise that you arrange insurance coverage on your own. This can be done under your parents or guardian's insurance policy, or you can obtain your own insurance through a company such as National Student Service.

Right of Entry Policy

In order for us to make sure that your room is kept in good condition our staff may need to enter your room when you are not home. Whenever possible we will provide 24 hour notice before we enter your room.

Residents shall permit University Personnel access to their room for inspection within a reasonable time after written notice has been given to one of the room residents. Whenever possible, university personnel will attempt to give the resident 24 hours prior notice before room entries.

- Personal Emergency – when the personal welfare, health, or safety of any individual is suspected or known to be in danger
- Maintenance Emergency – when a suspected or known emergency exists (i.e. fire or broken water pipe)

- Service – to complete needed or requested repairs, maintenance, inventory checks, pesticide spraying, etc.
- Safety – to conduct safety inspections
- Violation – when a violation of the contract or university policies is suspected. This may include a search of the housing unity

Service, Assistance, and Support Animals

Any resident needing the assistance of a service, assistance, or support animal must contact the WSU Office of Disability Services and the Office of Housing & Residence Life so that proper accommodations can be provided. An assistance animal which provides emotional support or comfort to a person with a disability) is permissible only if approved as a reasonable accommodation by the Office of Disability Services and the Office of Housing and Residence Life. *See the HRL website for “Guidelines for Service Animals/Assistance Animals” for additional information.*

Sharps Disposal Policy

All students living on HRL property are required to dispose of all medical needles and/or syringes in proper Sharps Disposal Containers. This requirement is intended and designed to help prevent an accidental injury that could occur to other persons from improper disposal. Proper sharps Disposal Containers are labeled biohazard containers are OSHA-approved. Sharps Disposal Containers are available at Student Health services for a nominal fee. When the Sharps Disposal Container is three-fourths full, the student should close the container as instructed and return to Student Health Serves, located in the YMCA, for proper disposal. Sharps Disposal Containers must not be placed in a regular trash receptacle. For more information or assistance, please contact HRL at 316-978-3693 or Student Health Services at 316-978-3620.

Smoke Detectors

Smoke detectors, provided for your safety in each room, should not be tampered with, covered, or disconnected. Smoke detectors become activated when too many combustible particles accumulate in the air. A loud, high-pitched noise will alert you and allow you time to reach safety. If your smoke detector goes off repeatedly when there is no fire or makes other unusual noises, please contact the Information Desk or RA on Duty. It will be checked to determine if the unit needs to be adjusted or replaced. The WSU Fire Marshall is responsible for checking the general operation of the smoke detectors on a regular basis.

Safeguarding Possessions

Living in a building with a large amount of people means that you should be vigilant about keeping your items safe. Always make sure to close your door behind you when you leave. Wichita State University does not assume responsibility for the loss or damage to personal property due to theft, fire, water, or any other reason. Residents should report any theft that occurs on HRL property to their RA, G/RLC, and to the University Police Department. If you would like to rent a safe, you can do so through HRL for a nominal fee.

Security

Several measures have been developed for your protection. Residence hall entrances other than the main lobby entrances are locked 24 hours a day. Main lobby doors are unlocked during regular business hours and monitored by the desk staff. RAs and UPD officers walk the residence halls and parking lot areas on a regular basis.

Shocker Hall and The Suites have 24-hour desk services and all guests that arrive between the hours of 10pm and 6am must be registered at the front desk. After 10pm and before 6am all residents may only enter through specified doors within their building. Door alarms have been added and will sound if doors are propped or held open for too long.

Security cameras have been added to all three resident halls to ensure resident safety and security.

All visitors must be escorted by a resident or staff member at all times. If you see an unescorted non-resident (guest or stranger), note their behavior and appearance and contact HRL staff immediately. Unescorted visitors will be asked to leave HRL property.

Please be aware that security depends on you. Do not allow people to walk through doors behind you unless you are sure they are residents. In addition, the accessible button should not be used to open doors unless absolutely necessary. Unwanted visitors may enter when this door is opened. Report any strangers to a staff member or the University Police Department immediately.

Individuals who misuse personal protection devices will be referred for disciplinary action. Residents who tamper with alarms or locks, prop doors open, assist others in gaining unauthorized entry into the residence halls, or endanger the safety of residents will be referred for disciplinary action.

Severe Weather

When you see a funnel cloud, hear the tornado siren, or receive directions from HRL staff, move to the bottom floor or lowest floor of the building and/or designated shelter areas. Stay away from glass windows or doors and protect your face from flying debris. Stay in designated areas until HRL Staff give the "all clear".

Traffic Regulations

Motor Vehicles: Each motor vehicle operated or parked on University property by any student, faculty member, staff member, or visitor must be registered with a valid WSU parking permit. Special permits are distributed by HRL during move-in to all residents.

Bicycles: The University encourages and supports the use of bicycles as a means of transportation on campus. Bikes on HRL property must be registered with HRL and stored on the bike racks provided outside your building. HRL will provide the registration information to the Wichita State University Police Department and provide residents with registered bikes a registration sticker. Bicycle racks are available at all residence halls and must be used to secure bicycles outside.

Vaccinations

The Department of Housing and Residence Life requires each resident living within university housing facilities to submit documentation of receipt of a Meningitis Vaccination on or after the applicant's 16th birthday. Receipt of documentation is due within fifteen (15) days of occupancy of university housing facilities. A waiver for students with medical, religious, or other exemptions pertaining to immunizations may be available. Please contact Student Health Services at 316-978-3620 for information on how to request a waiver form. Residents who do not submit documentation of a receipt of the Meningitis Vaccination or obtain a waiver from Student Health Services by the deadline shall be referred to the Director for Student Health Services.

At this time, the COVID-19 vaccination is not required by the university to live on campus. However, if you have chosen to get a vaccination, you can make it a part of your medical records with the university by uploading your vaccination card to your Student Health Portal. If you need assistance on how to work that portal, please call Student Health Services at 316-978-3620.

STUDENT CONDUCT PROCEEDINGS

Philosophy

Housing & Residence Life at Wichita State University strives to maintain a community which values academic excellence; institutional integrity; and justice, equity, and diversity. Each member of the community shares responsibility in maintaining conditions that support the University's purpose. The WSU Student Code of Conduct and the Housing & Residence Life Handbook outline the standards of behavior expected of every student living in campus housing. The policies and procedures outlined have been designed to assist students in their pursuit of knowledge and personal development. A student voluntarily joins the Wichita State University community and thereby assumes the obligation of abiding by the standards prescribed in the Student Code of Conduct and the Housing & Residence Life Handbook. Housing & Residence Life, through the Director of Housing & Residence Life, maintains exclusive authority to impose sanctions for behaviors that violate the policies and procedures outlined. All proceedings will follow the conduct process as laid out in the WSU Student Code of Conduct.

General Provisions

All students, regardless of their status in the Housing & Residence Life community, shall be afforded the rights and privileges of due process when accused of violations of the Housing & Residence Life Handbook and/or the Student Code of Conduct.

RESIDENCE HALL POLICIES AND PROCEDURES

Housing and Residence Life's primary concern is the health and safety of our students. To accomplish that goal, some regulations are necessary to promote safety and security in the residence halls. The Housing and Residence Life Handbook outlines HRL behavior expectations for students. By choosing to become a member of the On-Campus housing community, students are expected to demonstrate respect for themselves and others and to conduct themselves in a manner that is consistent with Wichita State University rules and policies; federal, state, and local laws; and city ordinances. When choosing to become a part of the On-Campus housing community, students must understand it is a privilege. A student's failure to follow the outlined policies and procedures may determine if they should no longer share in that privilege.

These policies and procedures also apply to behavior conducted online, via e-mail or through other electronic mediums. Behavior in Shocker Dining is expected to mirror behavior in the residence halls. Allowing, permitting, or providing an opportunity for a guest to violate these policies and procedures may be subject to disciplinary action as outlined in the Student Code of Conduct. Lack of familiarity with these policies and procedures, intoxication or impairment from alcohol, drugs, or other substances, or an individual's disability is not an excuse or a defense to a violation of these policies and procedures. Unless specifically noted in the policy definition, intent is not a required element to establish a policy violation.

These policies are a supplement to a resident's responsibilities outlined in the [Wichita State University Student Code of Conduct and the Housing Contract Terms and Conditions](#). All students in a room or area where a policy is being violated may be held responsible for the behaviors, even if they are not engaging in the behaviors or violation of policy directly. Additionally, residents are responsible for all actions of their guests.

- Open containers of alcohol are not permitted outside student Suite/Apartment.
- Only one open container of alcohol is allowed per person who is 21 years of age or older.
- Those of age to legally consume alcohol must do so with the Suite/Apartment door closed.
- If a Suite/Apartment is shared by those over and under 21 years old, it must be clear that the alcohol is being consumed only by those 21 years old or older.
- If all occupants of a Suite/Apartment are under 21 years old, no alcohol may be consumed or possessed in that Suite/Apartment, regardless of the age of the guest or visitor. This includes guests who are of age and live elsewhere in the hall.
- Residents and their guests violating the policy will be asked to dispose of the alcohol in the presence of a staff member.

- Intoxication is never an acceptable excuse for misconduct or for infringing upon the rights of others. Residents should avoid engaging in dangerous drinking behaviors (excessive/rapid consumption).

Residents who create conditions requiring more than the routine cleaning provided by the custodial staff must clean the affected area themselves. Residents using public areas should refrain from any behavior which might prove offensive to others, conduct themselves in an orderly manner, and respect the rights of others. Indecent exposure, sexual acts, and sleeping are prohibited in common areas of all residence hall facilities.

Abandoned Property Policy

The following procedure will be used when the owner of specific abandoned property is unknown:

- A staff member will complete an abandoned property storage tag with an identification number, which will then be attached to the item
- A description of the item is recorded and listed under the identification number
- A deadline of 14 calendar days from the date the item was tagged will be established before the item is donated or disposed of by HRL. When a safety hazard is apparent, the item may be disposed of immediately
- Abandoned property may be claimed by contacting the hall's Residence Life Coordinator and verifying ownership. Any property left on university property after termination of the contract agreement will be disposed of and/or donated to a local charitable organization

The following procedure will be used when the ownership of specific abandoned property is known:

- HRL will make a reasonable attempt to contact the resident. 48 hours after the attempt to contact has been made, the personal property of the resident will be inventoried with descriptions and given ID tags
- A deadline of up to 14 calendar days from the date the owner was notified of the abandoned item(s) before the item(s) is donated or disposed of by HRL. In almost all cases residents will be notified of items via their official WSU email address. When a safety hazard is apparent, the item may be disposed of immediately

The RLC will make a reasonable attempt of contacting the person the abandoned item(s) belong to, but it is up to the owner to take responsibility for any property left unattended or confiscated. HRL will not be responsible for any property left unattended, nor is HRL responsible for any damage to abandoned property while being inventoried, moved, or stored by HRL. Any property left on university property after termination of the contract agreement will be disposed of and/or donated to a local charitable organization

Appeals – Damage

A student has a right to appeal any damage, cleaning, key, or check-out charges that were assessed upon check-out. After check-outs have been completed and damage charges are assessed, students will receive an invoice from housing.wsu@wichita.edu to their WSU email account outlining the charge(s) and the appeal process. A deadline for appeals of no less than 10 days later will be included in the email, and appeals will not be considered after that deadline. The Assistant Director for Residence Life will research the appeal, consult with appropriate staff, and make a decision that remains final.

Appeals – Contract

Students who cancel their contract, or have their contract terminated per the Housing & Residence Life Application/Contract, will have the appropriate cancellation charges applied to their student account. Students have the right to appeal these charges through the HRL Contract Appeals Committee. Requests to appeal cancellation charges must be submitted within 90 days of the contract termination date. Appeals can be sent to Jenny Beyer at jenny.beyer@wichita.edu. The HRL Contract Appeals committee only meets once a month, and they review all appeals submitted prior to the meeting. All decisions made by the HRL Contract Appeals committee are final and are not subject to additional review. Students who leave the university for reasons of graduation, exchange program,

military duty, or other qualifying factors will not be assessed a cancellation fee but will be responsible for room and meal plan fees while actively residing on campus, and any incidental charges incurred.

Contract Extensions

The only students who may remain in the residence halls after the spring semester is over are students that have an approved extension request on file with HRL. All other students must be moved out by noon on the Friday after finals. Students should keep this in mind as they make plans for departing Wichita, including those students who need to secure flights out of Wichita.

Check-Out Procedure – Mid-Semester

The procedure for checking out of your room is as follows:

- Prior to checking out, a contract cancellation form must be filled out through the Campus Housing portal on the myWSU website. Checking out without completing that form AND receiving approval from HRL may lead to additional fees/charges
- Once your cancellation request has been approved you can complete the following steps
- Remove all your belongings from your room, bathroom, and common space
- Clean your room by: throwing away trash; wiping off desks, dressers, shelves, and doors; vacuuming; and removing stickers and adhesive from all university property. The room must be empty and clean (to the point where a new resident could immediately move in)
- After you have emptied and cleaned your room, proceed to the front desk of your building to complete an express checkout. Fill out the paper/envelope and place the appropriate keys in the envelope. Place the envelope in the box labeled “express checkout”
- Go to the WSU Housing website or roomcompact.com and complete the mail forwarding form. This will make sure all WSUPS-delivered mail gets routed to your new address. UPD, FedEx, and other private carriers must be notified by you directly to change your delivery address. After you have left, packages delivered by those carriers will be returned to sender
- If you fail to check out properly, you will be billed accordingly. Some of the common charges are listed below:
 - Improper check-out: \$50
 - Keys improperly returned or damaged: \$25 each
 - Temporary access cards improperly returned or damaged: \$25
 - Room not properly cleaned: \$60 minimum
 - Re-painting walls: \$90 minimum

Check-Out Procedure – End of year

In the last two weeks of the spring semester, the procedure for checking out of your room is as follows:

Consolidation

Consolidation requires single occupants who have contracted for a double or triple to move together during the period of the contract. Therefore, if a vacancy occurs in an assigned room/suite, the remaining resident agrees to accept another roommate as assigned, move into another room/suite if requested or pay the additional charges for single occupancy if sufficient space is available. Options depend upon availability at the time of consolidation. These moves must be completed in accordance with the dates and procedures established by HRL. Residents without roommates in these rooms are expected to stay within their contractually assigned space and must always keep one half (or third for triples) of their room clean and ready to receive a roommate. Failure to do so will result in a single room charge from the time the vacancy occurred.

Intersession Housing

Intersession housing is available to all residents. Shocker Dining is generally closed during intersession periods.

Keys and Access Cards

When you move into the Housing & Residence Life facilities, you will be issued phone access or an alternative key to your room. You are responsible for always keeping this with you. There is a charge for losing or damaging alternative keys. Each resident will be issued a room access card or key according to the following guidelines:

- Residents of Shocker Hall, The Flats at WSU & The Suites at WSU will access exterior doors with their Shocker ID. Temporary cards may be issued at the beginning of the semester and/or upon issuance of a new Shocker ID until Shocker ID Cards are properly registered. All residents agree that they will promptly report all lost or stolen Shocker IDs to the Shocker Card Center in the Rhatigan Student Center. In instances of lost or stolen cards, the resident will be responsible for obtaining a new Shocker ID.
- All residents will be issued room and suite/apartment access on their cell phone or will be given an alternative access card if necessary.

Room Condition Inventory

Room Condition Inventories (RCIs) will be used to evaluate the condition of a room/apartment/suite in all residence halls. Whenever possible, HRL staff will conduct an initial evaluation of a space and record it on the RCI prior to a resident's move-in. Residents will then have the ability to review and add or make changes to the RCI based off their own evaluation once they have moved in. Residents will have the opportunity to report any changes to their RCI to their RA or G/RLC once they have taken occupancy of a space. Any damages or issues not listed on the RCI after this time are considered the responsibility of the resident and will likely result in charges being billed to the resident accordingly. For damages in shared spaces (bedrooms, common rooms, bathrooms, etc.), the cost of a charge will be billed to all residents in the relevant space unless a specific resident takes responsibility for the damages.

Room Changes

Adjusting to living with another person is never easy. Your experience with your roommate will be beneficial as you learn important skills that will help you later in life. Make an effort to work out potential problems with your roommate. Your RA will be glad to help you with some of the rough spots.

If you would like to make a room change, you must first fill out your roommate agreement. If the issue arises from breaking the roommate agreement, or is an issue not covered in the roommate agreement, meet with your RA to discuss your situation. If a solution cannot be reached, at that time you may request a room change through your housing portal (with the exception of room change freeze periods). Residents who move without prior written approval from the Assignments Coordinator will be required to move back and will be charged \$25 per day, with a cap of 14 days, beginning from the time the move was possible and/or discovered until the resident moves back to their official assignment.

Students may request a room change after the room change freeze ends. This includes requests for single rooms. The number of rooms available for single occupancy is limited but the housing staff will accommodate you if possible. Changes to room types may alter room and/or meal plan costs, resulting either a balance or a credit to your student account suite. Changes in room assignments should be discussed with the RA and G/RLC before submitting a room change request form online

Note: due to expected high occupancy, residents seeking a room change should be prepared to not be able to move to their desired room type, especially single rooms. Residents with a high amount of flexibility will experience a more efficient room change process.

Gender Inclusive Housing

WSU Housing & Residence Life is committed to making each resident feel welcomed and included in our campus communities; including an environment welcoming to all gender identities and forms of gender expression. Students who need special accommodation due to gender identity/expression should contact Housing & Residence Life either through the application process or by directly contacting our office.

Please note that:

- The request will be handled through a confidential process and staff will not ask for more information than is required to meet students' housing needs.
- Placement priority will be given to students who notify our office before April 1 each year and who require accommodations based on their gender identity/expression.
- Later requests will be handled as appropriate spaces become available.

Possible housing accommodations could include:

- Living with a preferred roommate.
- Living in a single room with a private bathroom.
- Having HRL staff seek out possible roommates who would be supportive

We recognize that some students may have a chosen name/nickname different from their birth certificate name and we know that using one name or the other may pose different safety concerns in certain circumstances. Students will be asked to provide a chosen name/nickname. However, please note the following circumstances in which housing staff will use each name:

Birth Certificate Name: all external communications, such as mailings sent to your home

Chosen Name: all internal communications, such as when you speak directly to Housing staff or when RA's make nametags to put on your door (as long as the RA is aware), we will use your preferred name.

Providing your chosen name or nickname is also important if you intend to have mail/packages delivered to your hall as we can only deliver mail to you if the name on the mail matches what we have in our system. Providing this information to HRL will help ensure that our records are accurate and that we get mail to you in a timely manner.

If a student has a conflict with a roommate because of their gender identity and/or expression they can utilize their RA as a resource. If the student should need further help, they can see their Residence Life Coordinator. RLCs are full time professional staff members. All residence life staff have taken part in training specifically on gender identity/expression issues provided through Wichita State's Office of Diversity and Inclusion. Another resource available is the staff at the Office of Diversity and Inclusion, located in the Rhatigan Student Center. Should a student ever experience bias on campus, they are encouraged to submit a Bias Reporting Form found at https://cm.maxient.com/reportingform.php?WichitaStateUniv&layout_id=7 in addition to reporting the incident to a staff member.

Summer Living

During the summer months, Housing & Residence Life plays host to numerous camps and conferences, in addition to housing residents who lived in HRL facilities spring semester of the same year and/or are taking a summer class. Shocker Dining, the RSC, Information Desks, Groundhouse Coffee Shop, and the Game Room/Clubhouse may operate under different hours during the summer months.
