Wichita State University is located in the largest economic and cultural center in the state of Kansas. Because of the location, the W. Frank Barton School of Business utilizes relationships with local, national and international companies to provide real-world experiences. Some companies who have partnered with the Barton School of Business include: Allen, Gibbs & Houlik LC; Grant Thornton; Dean and DeLuca; Koch Industries Inc.; Spirit AeroSystems Inc.; The Coleman Company; Cargill; and CID Group in China.

All business students are encouraged to take advantage of the following opportunities available: Cooperative Education, Internships, Career Network Experience, Community Organizations, Student Groups, National Student Exchange, and Study Abroad. The Barton School of Business currently has study abroad exchange programs in Austria, Germany, Sweden, France, Mexico, China, Taiwan, and Japan with many classes taught in English.

The W. Frank Barton School of Business is committed to excellence in teaching, research and publication. The faculty represents diverse interests, certifications, and backgrounds. The faculty members publish regularly in a variety of top business journals, and have also written several business textbooks. Faculty members have received or been nominated for numerous awards for teaching, such as the WSU Regents Teaching Award, the WSU Board of Trustees in Excellence in Teaching Award, and the Academy for Effective Teaching Award.

The Barton School is accredited by The Association to Advance Collegiate Schools of Business (AACSB International). AACSB Accreditation is the longest standing and most recognized professional accreditation in the world. The Barton School of Business maintains the highest level of accreditation by having all business and accounting programs at all levels (undergraduate and graduate) being accredited.

Less than 5 percent of the world’s business schools have earned AACSB Accreditation. Fewer than 190 institutions worldwide have earned the specialized AACSB Accreditation for Accounting.

The scholarship program annually commits over a quarter million dollars to students in all areas of business. Scholarships range from $250 to the $48,000 Clay Barton Scholarship.

Management Information Systems at WSU
In a technology-bound society, companies rely on management information systems (MIS) to provide data to make business decisions. Management information systems are designed to support the complete computing system in a company. This includes software systems, databases, hardware resources, project applications and any computerized process used to help a company function efficiently. Managers use management information systems to gather and process large amounts of data to analyze where the company has been and forecast where the company is going. Management information systems are vital for production/operations management and supply chain management decisions. Management information systems professionals may specialize in systems analysis, database design, application or maintenance programming, networking, project management, telecommunications, electronic commerce and web development.

Admission
When you choose to major in Management Information Systems, you are admitted to the W. Frank Barton School of Business. An academic advisor from the Business Advising Center will help you enroll in an orientation course where you will learn to develop a study plan and specific requirements for degree completion.

Masters Programs
The Barton School of Business also offers four master’s degree programs. The Masters of Accountancy (MACC), Masters of Arts in Economics (MA-Econ), Masters of Business Administration(MBA) with four different focus areas, and the Executive Masters of Business Administration (EMBA).

Contact Information
