Pre-K - 12 Education
Art, Foreign Language, Music, and Physical Education

The field of teaching is one of our country’s most important social service professions. With a degree in PreK-12 Grade Education you will have gained the credentials to teach art, foreign language, music or physical education to children in Prekindergarten through 12th grade.

Professional Development School Model
When you choose to major in Teacher Education your academic advisor will help you plan your course of study and apply to the professional program. Students must complete their general education courses and a Teacher Education application to be admitted into the professional program. Students are strongly encouraged to meet with an advisor in Education Support Services.

Faculty
WSU College of Education has numerous faculty members who work closely with you, maintain cooperative relationships with area school districts, early childhood programs and remain active in their professional and research activities. Several have received university teaching awards and some have been recognized as leaders in their fields by professional societies.

Admission
When you choose to major in Teacher Education your academic advisor will help you plan your course of study and apply to the professional program. Students must complete their general education courses and a Teacher Education application to be admitted into the professional program.

Students are strongly encouraged to meet with an advisor in Education Support Services.

Cooperative Education
Teacher Education students may also take advantage of the Cooperative Education Program. Students who are a part of this program gain valuable experience working alongside teachers, administrators, and students within the schools. Along with gaining valuable experience inside the classroom these are paid positions.

Internship
WSU has a partnership with largest school district in in the state, Wichita Public Schools, USD 259. All students complete an internship with a school in USD 259. USD 259 is the most diverse school district in the state and prepares graduates of our program to work with diverse populations.

Professional Development School Model
WSU’s teacher preparation is well-known and award winning. Utilizing a Professional Development School Model, this program has been recognized for its high quality field experiences and its graduates, who are highly prepared to meet the needs of diverse learners.

Accreditation
The Teacher Education programs are accredited by the Kansas Board of Education and the National Council for the Accreditation of Teaching Education (NCATE).
Bachelor of Arts in Education
