

Some verbs and their conjugations

Some Regular Medical Verbs - Infinitives

abrir	consultar	examinar	operar
aliviar	diagnosticar	inyectar	sufrir
analizar	escuchar	mejorar	tomar
cerrar	evaluar	mirar	toser

Conjugations

To talk about yourself (I), remove the verb ending (-ar, -er, -ir) and add an “o” to the end of the stem.

Examples:

abro	I open
alivio	I alleviate
consulto	I consult
diagnostico	I diagnose
etc.	

To talk about the other person (you, usted), remove the verb ending (-ar, -er, -ir) and add an “a” or an “e” to the end of the stem, depending on the type of verb. –AR verbs end in “a”, –ER and –IR verbs end in “e”.

Examples:

sufre	you suffer
toma	you take
monitorea	you monitor
inyecta	you inject
etc.	

Some Very Common Irregular Verbs and Two of their Conjugations

estar (to be)	yo estoy	usted está
