

Inventors Association of South Central Kansas now meeting at Wichita State

IASCK has moved its monthly meeting site to Wichita State University in recognition of the university's leadership position in technological innovation.

IASCK wants to support that innovative initiative through real world educational support activities and invites WSU's students, faculty and staff to attend the next meeting to learn more about IASCK.

Meetings are held the fourth Monday of the month in the Rhatigan Student Center, Room 262 (Herrman Meeting Room). The next meeting is at 6:30 p.m. Monday, Feb. 23, and will feature a presentation by Kenneth Jack, patent attorney.

He will overview the patent process and how individuals can best protect their intellectual property.

Additionally, Ted Kriwiel from Network Kansas will inform the organization about an upcoming educational seminar pertaining to the Ice House Entrepreneurial Program that will begin March 11.

RSVP at <http://www.inventkansas.com/index.php/rsvp-form> for the Feb. 23 meeting.
