

WICHITA STATE  
UNIVERSITY

ADMINISTRATION AND FINANCE

Office of the Vice President

## EXECUTIVE SUMMARY

The fiscal year (FY) 2017 Annual Operating Budget contains plans for the allocation of funds in accordance with the University's Strategic Plan for the fiscal year which began July 1, 2016. As part of the resource planning process, this document outlines planned operating expenditures by fund for each college and department. Each year the budget is designed around our vision for Wichita State to be "the model" not merely "a model" for enabling students to apply their skill sets in practical or real world contexts. Through applied learning and translational research, the university strives to create the crucial connection between higher education and industry to further regional economic opportunities.

### Vision

*Wichita State University is internationally recognized as the model for applied learning and translational research.*

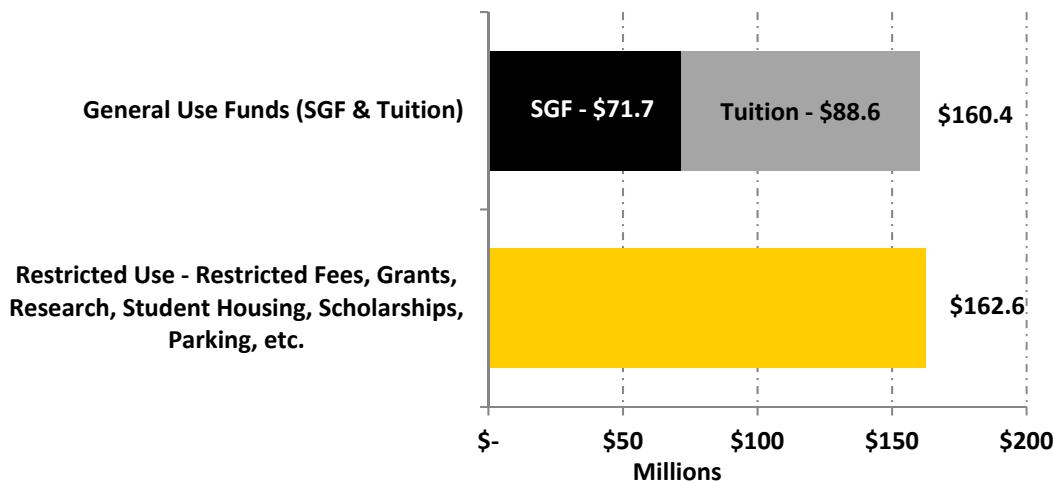

### Mission

*The mission of Wichita State University is to be an essential educational, cultural, and economic driver for Kansas and the greater public good.*

Resources for the operating budget of \$322,983,639 are generated from General and Restricted Use funding. Of the \$160.4 million in General Use Funds comprising the budget, \$71.7 million is appropriated from the State General Fund (SGF) and \$88.6 million is generated from tuition revenues (General Fees Fund). For FY 2017, the operating budget will leverage \$1.3 million in existing General Use cash reserves.

## FY 2017 Adopted Operating Budget

**\$322,983,639**

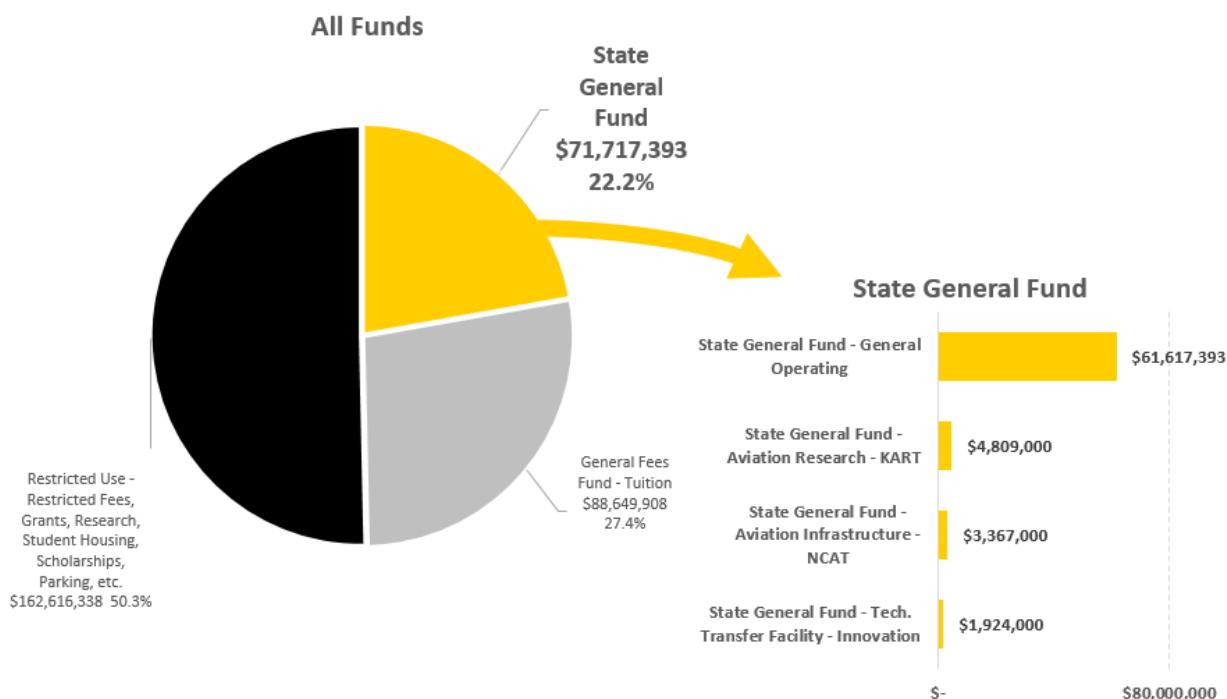

## FY 2017 General Use Budget

### **State General Fund**

The University receives SGF appropriations through two distinct funding streams, these include the General Operating allocation, which supports the academic and administrative portion of the university, while research related allocations support Aviation Research – KART, Aviation Infrastructure – NCAT, and Technology Transfer Facility – Innovation. Combined, the research related allocations total \$10.1 million and General Operating totals \$71.7 million.

### **State General Fund Allocation**

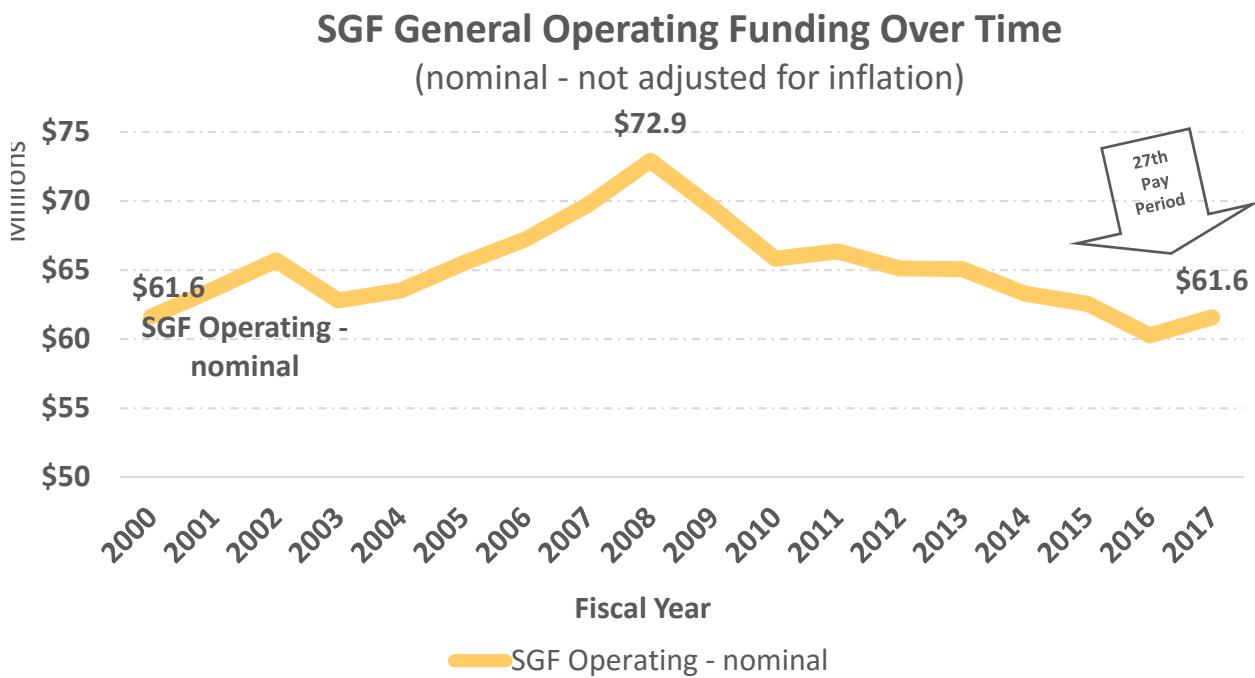

For FY 2017, the Governor and Legislature appropriated total State General Fund (SGF) budget for operations of \$61,617,393 and a total SGF budget of \$71,717,393. This represents a decrease of 4.2% compared to the original State General Fund appropriations of \$74,879,391. A summary of the changes to the SGF appropriations are as follows:

- The Governor, through his allotment authority, elected to reduce total SGF funding by \$2,846,788 or 3.8%.
- The Legislature suspended employer contributions to the KPERS Death and Disability Fund for all of FY 2017. As a result, SGF funding was reduced by \$315,210 or 0.4% to offset this reduction in expenditures.

Over the past ten years, reductions to the SGF General Operating allocation have continuously occurred, with the total allocation declining from \$72.9 million in FY 2008 to \$61.6 million in FY 2017. The slight increase in FY 2017 is the result of an extra payroll period that occurs in this fiscal

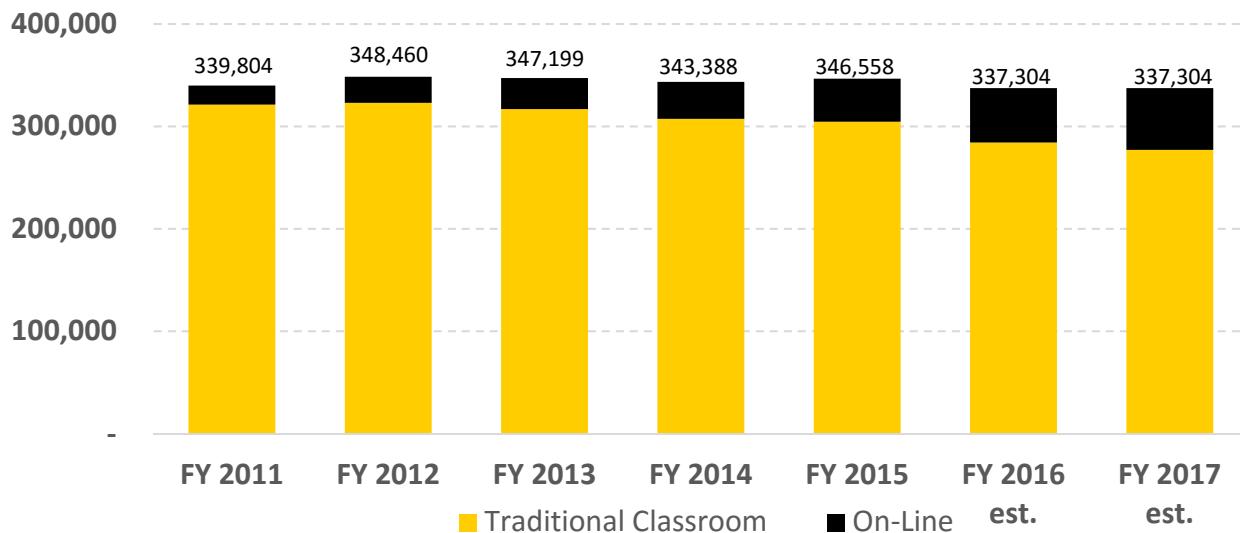

year as a result of the two-week payroll cycle. When using a two-week payroll cycle, it is traditional for an extra payroll period to occur every eleven years.

### Tuition (General Fees)

Tuition revenue collections are dependent on enrollment (credit hours generated) and tuition rates. Tuition rates were increased by 5.0% for all students for FY 2017. This includes undergraduate and graduate students, both resident and non-resident. The FY 2017 budget is also built on the expectation that credit hour production will remain flat in comparison to estimated FY 2016 generated credit hours of 337,304. If enrollment targets for FY 2017 are met, the new rates will generate total General Fees Fund resources of \$87,388,126, which is \$1.3 million less than budgeted expenditures of \$88,649,908.

## Wichita State University Credit Hour Production

### Key Allocation Changes

To continue to deliver unlimited educational, career and life value to students who choose Wichita State, the university remains dedicated to advancing its academic programs and pursuing the Strategic Planning Initiative developed through campus-wide stakeholder engagements in 2013. The following key allocation changes were made in the 2017 budget in accordance with that Strategic Plan:

#### **Goals 1 and 4**

- Shift funding of some Research and Technology Transfer staff to General Use funds.

#### **Goal 3**

- Enhance scholarship and recruitment funding.

#### **Goal 5**

- Enhance campus security through additional police officers.
- Permanently fund shuttle bus services to the main campus.

#### **Strategic Plan Goals**

- *Goal 1: Guarantee an applied learning or research experience for every student by each academic program.*
- *Goal 2: Pioneer an educational experience for all that integrates interdisciplinary curricula across the university.*
- *Goal 3: Capitalize systematically on relevant existing and emerging societal and economic trends that increase quality educational opportunities.*
- *Goal 4: Accelerate the discovery, creation, and transfer of new knowledge.*
- *Goal 5: Empower students to create a campus culture and experience that meets their changing needs.*
- *Goal 6: Be a campus that reflects – in staff, faculty, and students – the evolving diversity of society.*
- *Goal 7: Create a new model of assessment, incentive, and reward processes to accomplish our vision and goals d*

**Goal 6**

- Establishment of Office of Diversity, while also enhancing Title IX services and Financial Aid compliance.

**Goal 7**

- Funding of faculty salary increases related to promotions in academic rank and post professor incentive review.
- Bring staff currently below minimum to the minimum pay grade.

**Basic Operations**

- Funding for the additional 27<sup>th</sup> pay period.
- Implemented an approximate 3.0% reduction to existing General Use budgets. Some budgets were reallocated from the State General Fund to the General Fees Fund.
- Due to recent funding reductions, the President's Executive Team reviews all non-faculty vacant positions prior to hiring and all new contract procurements over \$5,000.

**University Resource Planning Processes**

Wichita State embraces an inclusive and collaborative budget development process that draws on both employee and student involvement. The University Budget Advisory Committee is composed of representatives from the Faculty Senate, Unclassified Professional Senate, University Support Staff Senate, Student Government Association, Provost and Sr. Vice President for Academic Affairs, Vice President for Administration and Finance, and the University Budget Director. The committee's primary role is to provide guidance and advice regarding operating budget planning, enhancements, tuition proposals, and student fees to ensure transparency and engagement with different interests across the campus. The Committee's discussions are then reviewed and discussed by the President's Budget Advisory Team, which is composed of the President, Provost and Sr. Vice President for Academic Affairs, Executive Director of NIAR and Vice President for Research and Technology Transfer, Vice President for Administration and Finance, Vice President for Strategic Communications, Executive Director of Operations, Associate Vice President for Financial Operations & Business Technology, Associate Vice President for Financial Reporting/Analysis & Debt Management, and the University Budget Director.

Throughout the budget process, the President and Vice Presidents hold discussions and presentations with Deans, employee senates, and the student body. Within these settings students, faculty and staff have the opportunity to ask questions and seek additional information at different stages of the budgeting process. In addition to these efforts, the university also shares information regarding the budget process and legislative session, as well as other important campus issues through the daily "WSU Today" electronic newsletter.
