Course Description
The purpose of this class is to increase students’ understanding of cultural differences and diversity among counseling clientele, and to show how the potential sources of cultural misunderstanding, biases, and prejudice may affect their counseling effectiveness.

Course Definition and Assignment of Credit Hours.
Success in this 3-credit hour course is based on the expectation that students will spend, for each unit of credit, three hours per week with 1 of the hours for lecture and 2 hours for studying/preparations outside of class time for a total of 135 hours. Time spent outside of class might include work assigned on-line through Blackboard, reading, written assignments and other course related activities.

Text Book

Course Purpose: The basic purpose of this course is to examine the social construction of cultural issues (i.e. age, class, ethnicity, gender, race, mental and physical abilities, religion, sexual orientation) in the United States. The course will cultivate insight into how the social construction of these cultural issues influences the counseling process and the delivery of counseling/psychological services in schools and agency settings. Students should not only increase their awareness of the complexity of the diverse cultural groups within American society, but develop new intervention skills to render their services more culturally relevant & sensitive.

Measureable Student Learning Outcomes
The vision for the College of Education Unit is to prepare Highly Competent, Collaborative, and Reflective Professionals.

Technology Expectations:
Students are expected to create PowerPoint documents for a research project. Students may also be required to use blackboard to participate in topic discussions, reading reflections, survey/assessment, reviewing course materials, and communication with each other, etc.

The COEd Technology Center is available to College of Education students, faculty, and staff. A wide variety of technology equipment is available for student projects and assignments (e.g., wireless laptops, classroom performance systems, and digital cameras). Tech Staff are available during open lab hours to reserve equipment and answer questions. For detailed information about equipment and services, and a current Tech Center calendar, visit the Tech Center website at http://www.wichita.edu/education/techcenter

Performance Assessment:
College policy requires that all College of Education programs be performance-based. In particular, this requires that program candidates meet criteria established at each of at least four Transition Points in academic programs. Transition Point requirements may include passing various specific courses and obtaining certain GPAs as well as receiving passing ratings (acceptable or target level) on certain required assessments, some of which are embedded within program coursework.

Course Assignments:

Assignment #1: Self-tests
There are four self-tests, each worth 10% of total grade. The purpose of these self-test is to assess your understanding of knowledge learned from the assigned readings. Do well on these tests will help you prepare for the comprehensive examination (CPCE) and the licensure exams.

Assignment #2: PowerPoint presentation
Make a PowerPoint presentation. Turn in one hard copy and one electronic copy. You may write this paper with a partner who shares the similar interests and settings. Research and review literature on counseling approaches of a cultural group (e.g., physically challenged individuals, African, Native, Hispanic, Asian Americans, immigrants, gays, and religious minority, etc.) in a specific setting (i.e., elementary, middle school, high school, college, adult, or industrial settings). Make a PowerPoint presentation describing (a) Cultural values/personality traits/counseling attitudes/expectancy of this cultural group (b) Common concerns/issues confronting this cultural group, (c) Counseling theories/techniques relevant for this group (d) References and web resources. Reference all the work cited and annotate 3 websites that contains useful resources needed to work effectively with this cultural group. 16-20 slides excluding cover page and reference page. References listed in the last slides should also be cited in the appropriate place of the slide pages. Sound/video/graphic enhancement is ok to include, however, too much would distract the main focus. Turn in black/white handouts, 2 slides per page printouts from the PowerPoint. Prepare enough copies to be distributed to the class (can be in 2-6 slides per page handout). See the Evaluation Rubric for specific grading criteria.

Assignment #3: Cross-Cultural Experience
Take part or engage yourself in a cross-cultural activity and document the cross-cultural experiences you have during this semester. It must be a new experience that involves some risk taking in learning (e.g., participate in a cultural event/festival, diversity workshop/training, participate in a community project serving unprivileged individuals, etc.). Try to participate in activities that provide opportunities to interact with individuals you least familiar with and/or populations you likely to serve in your counseling practice. The major purpose of this assignment is to increase multicultural sensitivity and knowledge for effective counseling. Report and process your experience that includes (1) when, who, what, why, and how of the experience (2) examining your thought and feelings before, during, and after the experience; I am particularly interested in your examination of potential hidden biases, prejudices, or stereotypes occurred during this process, (3) describing what you have learned and how this experience may have a potential impact on your counseling practice. Be sure to discuss the knowledge or skills you have obtained and/or plan you intend to carryout to further develop your cross-cultural counseling competencies (refer to Box 2.1, chapter 2, p.59-60). Limit your report to 3-5 double-space pages. The grade for this assignment will be based on (a) significance of the experience, (b) the thought and reflection you put into the process, and (c) implications draw form the experience.

Evaluation
Course grades will be determined by the overall quality of work according to the following formula:
Assignment 1: Tests 40%
Assignment 2: Literature Review and PowerPoint presentation 30%
Assignment 3: Cross-cultural experience 20%
Class participation, attendance, and blackboard activities 10%

A = 94-100    A- = 90-93.9    B+ = 87-89.9    B = 84-86.9    B- =80-83.9    C+ = 77-79.9
C = 74-76.9    C- = 70-73.9    D+ = 67-69.9    D = 64-66 .9    D- =60-63.9    F = less than 60
Classroom Rules
1. Attendance and being punctual is important in your learning as well as practicing professionalism. Grade (up to 10%) will be adjusted for students who miss 1-3 classes. Students who miss more than 3 classes will be given a F grade or an “Incomplete” depending on the justification and circumstance.

2. Assignments not submitted by the due date will result in a prorated grade based on days of missing.

3. You are expected to actively participate in classroom discussions. Everyone will be treated with dignity and respect. All opinions will be valued. Confidentiality will be maintained.

College of Education Academic Honesty Policy:
A standard of honesty, fairly applied to all students, is essential to a learning environment. Students abridging a standard of honesty must accept the consequences; penalties are assessed by appropriate classroom instructors or other designated people. Serious cases may result in discipline at the college or University level and may result in suspension or dismissal. Dismissal from a college for academic dishonesty, constitutes dismissal from the University. (WSU Student Code of Conduct)
Section 4.012 of the College of Education Policies and Procedures Manual http://webs.wichita.edu/?u=coedhome&p=/policies_procedures specifies the college’s policy and processes relating to academic honesty. UNIVERSITY POLICIES

About This Syllabus
This syllabus is not a contract. The instructor reserves and retains the right to alter the course requirements and/or assignments based on new materials, class discussions, current events or other legitimate pedagogical objectives.

Student Early Alert System (SEAS)
SEAS is an electronic tool for WSU faculty to give timely feedback to students who may be in danger of failing a class. Early Alert systems have been shown to increase student success in several dimensions, including GPA, retention, and graduation rates. Instructors are able to give feedback on attendance, participation, assignments and exams to students in each of their current classes. At the end of that business
day, an email will be sent to each student on whom an instructor has raised an alert. Instructors are encouraged to make an effort to give early alert feedback no later than the end of the fifth week of the semester.
