**D) Communicable Disease Screening:**

*The Wichita State University Master of Science in Athletic Training (MSAT) has adopted the following policies and procedures for athletic training students to complete if symptoms of a communicable disease are present or suspected. Students may not participate in clinical rotations and field experiences during the time they are affected by the communicable disease and shall not return to clinical participation until allowed by the attending physician.*

*Wichita State University Student Health Service is required to report to the Kansas Department of Health the names of students who have certain communicable diseases. Students that contact a communicable disease are required to obey prescribed guidelines by his/her attending physician and the recommendations of the University affiliated physicians at Student Health Service. While a complete list of communicable diseases is not provided, Student Health Service advises all students to seek medical attention for any illness or disorder that could potentially be communicable in nature. The athletic training student must report to Student Health Service if one of the following diseases is suspected:*

<i>Chickenpox</i>	<i>Conjunctivitis</i>	<i>Diarrhea - Infectious Disease</i>	<i>Diphtheria</i>	<i>Group A Streptococcal</i>	<i>Hepatitis A, B, or C</i>
