EXPAND YOUR BUSINESS SKILLS

WICHITA STATE UNIVERSITY'S Online Graduate Certificate Program-
Supply Chain Management

W. Frank Barton School of Business

The graduate certificate programs at the Barton School of Business offer the opportunity to advance your career and upgrade your skills without the long term commitment, and cost, of a degree program.

The online Supply Chain Management certificate is aimed at equipping students with a knowledge of contemporary supply chain practices used by companies around the world. The courses are structured to provide information on specific topics related to supply chain management. See the course listings.

All content is organized into one or half credit hour classes. Upon completion of the certificate, all credits can be transferred to the Master’s in Management Science and Supply Chain Management program.

- Classes start in August and finish in May
- Pre-determined course schedule
- Cohort model that focuses on peer-to-peer learning
- Total Cost is $8,400 (includes materials)

Admission Criteria

Admission to Category A status provides students the opportunity to take any level of graduate coursework for which they have the prerequisites (where required). Students applying for admission in this category must meet the following requirements:

1. A bachelor’s degree from a regionally accredited institution; and
2. A grade point average of at least 2.750 based upon the last 60 hours of coursework (or nearest semester or term break to this), including any post-bachelor’s graduate work.
