**We need the suit to help us  
breathe on Mars, there isn't  
enough air to breathe!**

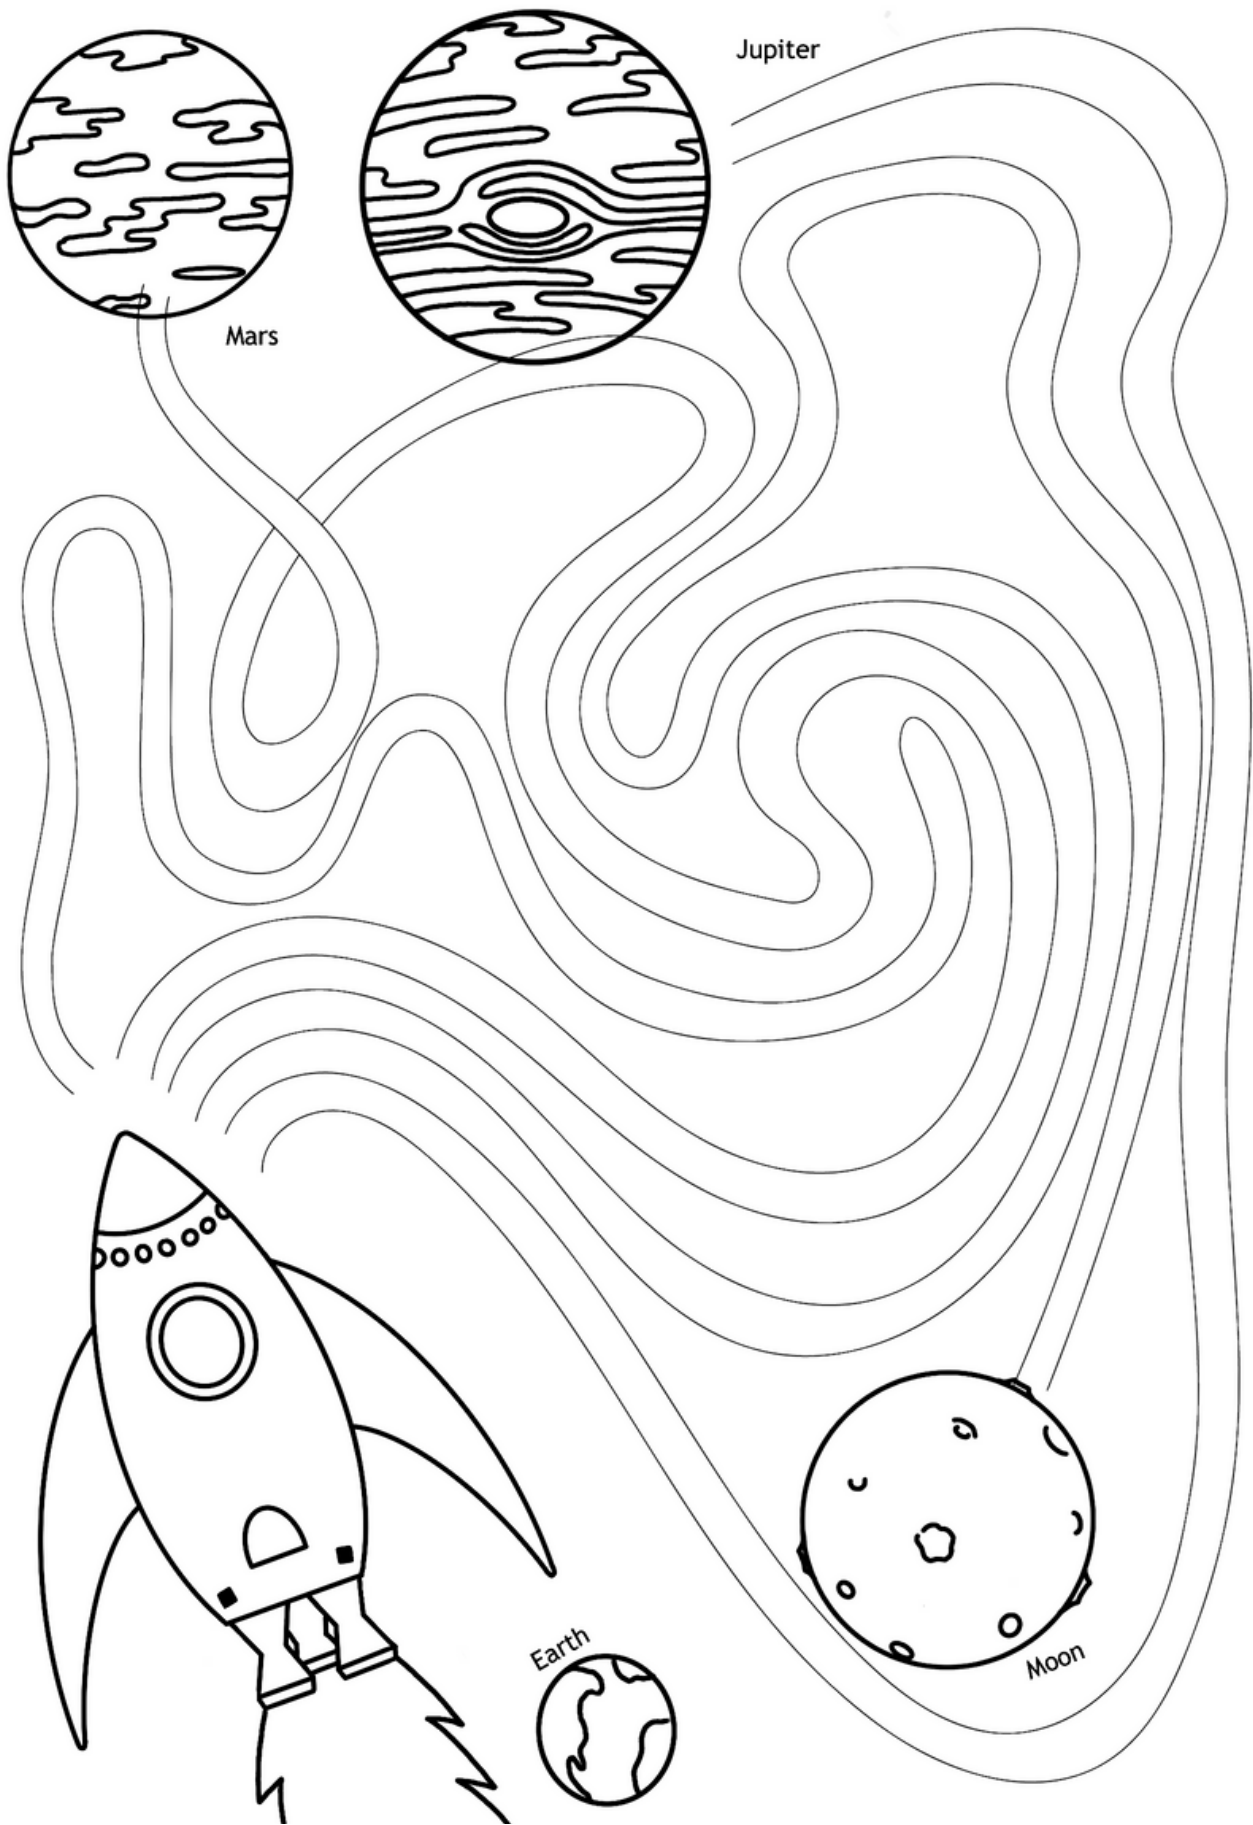

**This is the rocket that  
will take us to Mars!**

Help our rocket get to  
Mars by navigating  
through the space maze!

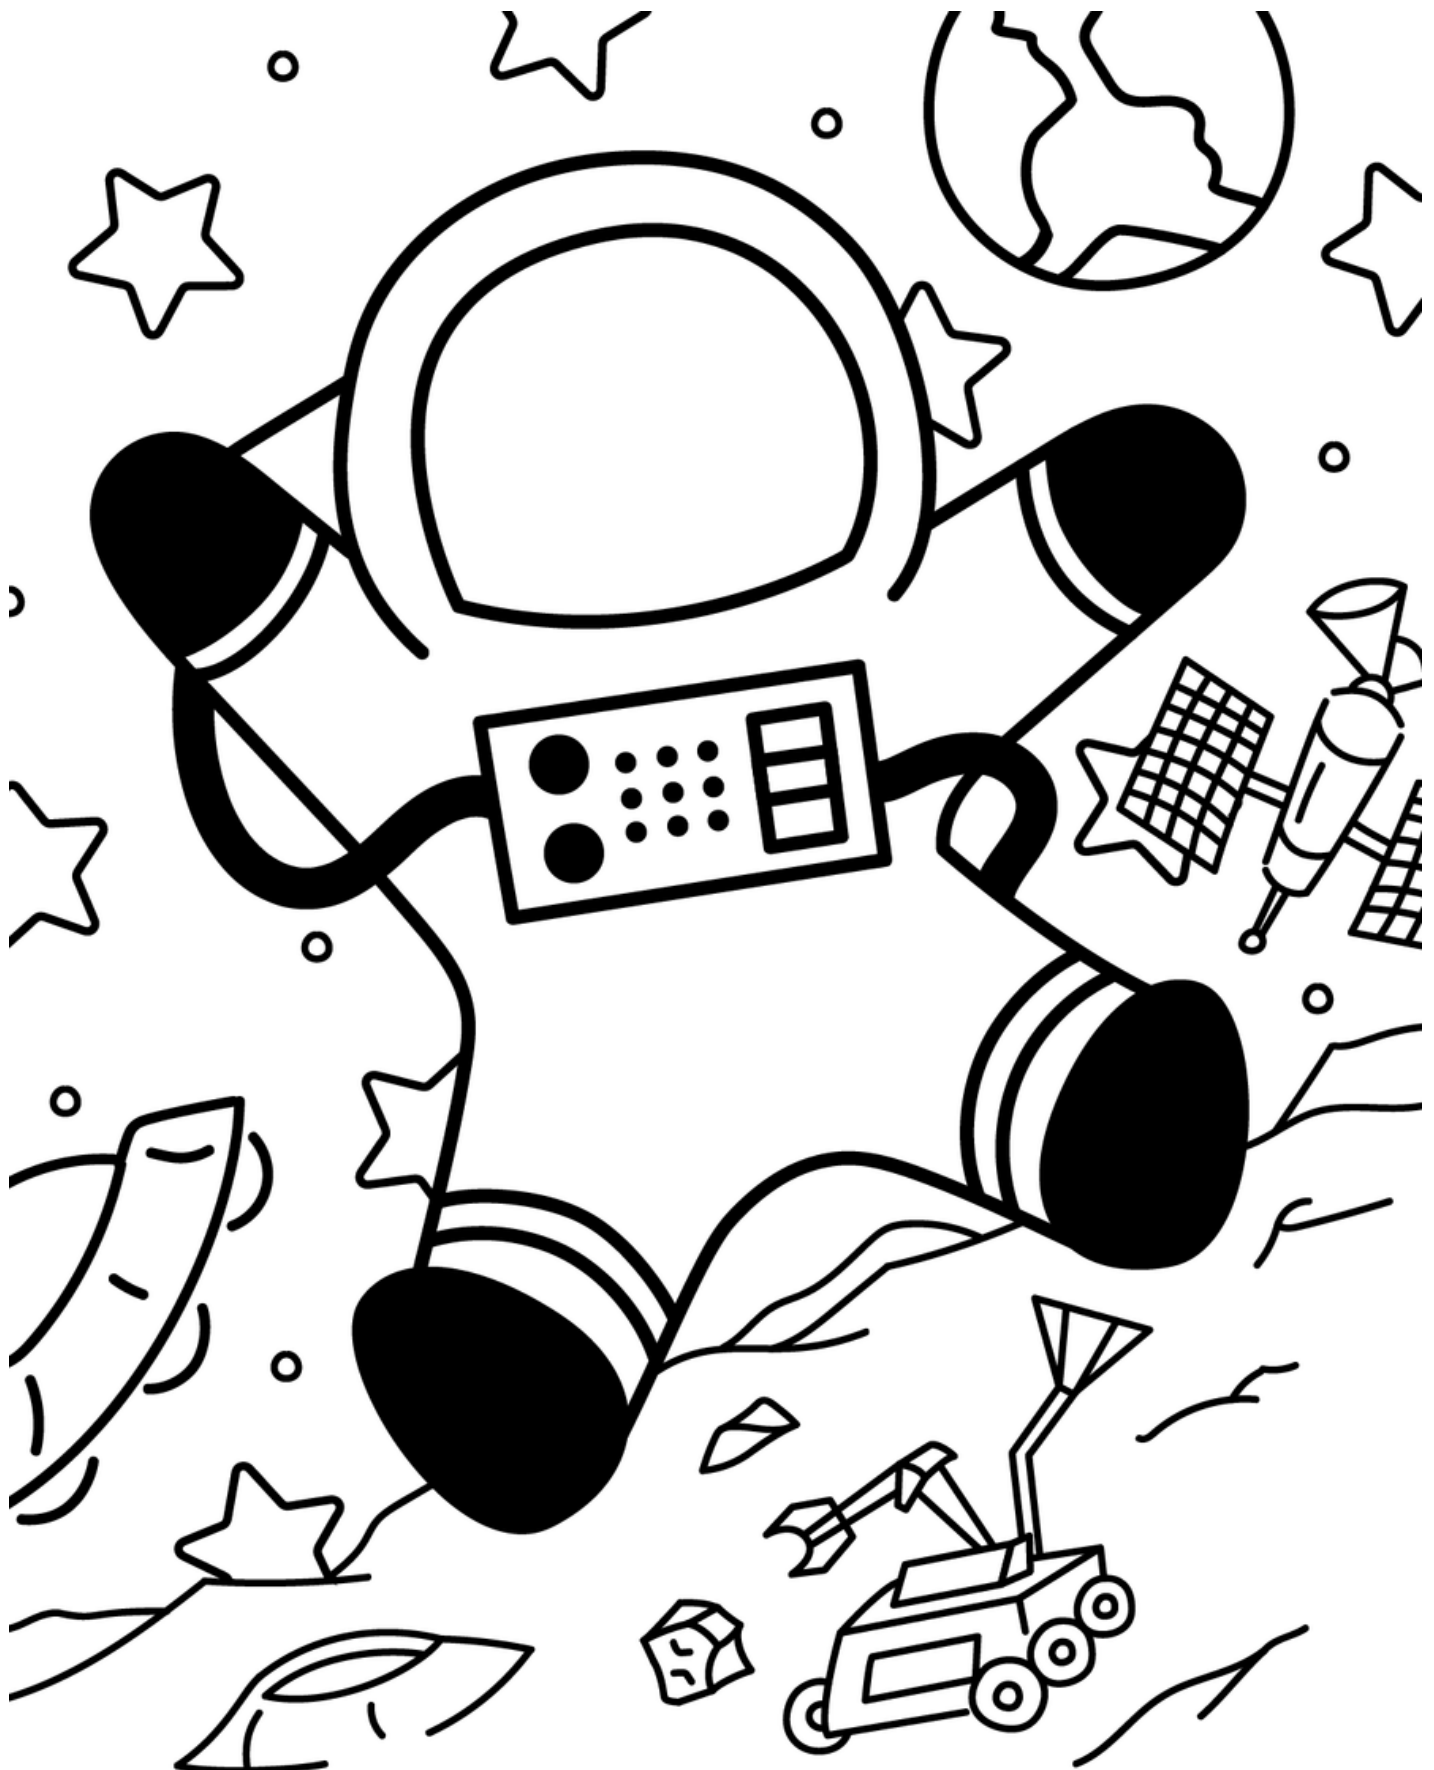

Thanks to your navigation  
skills, we made it safely to  
Mars. Look through the  
window to see the red planet!

WICHITA STATE  
UNIVERSITY

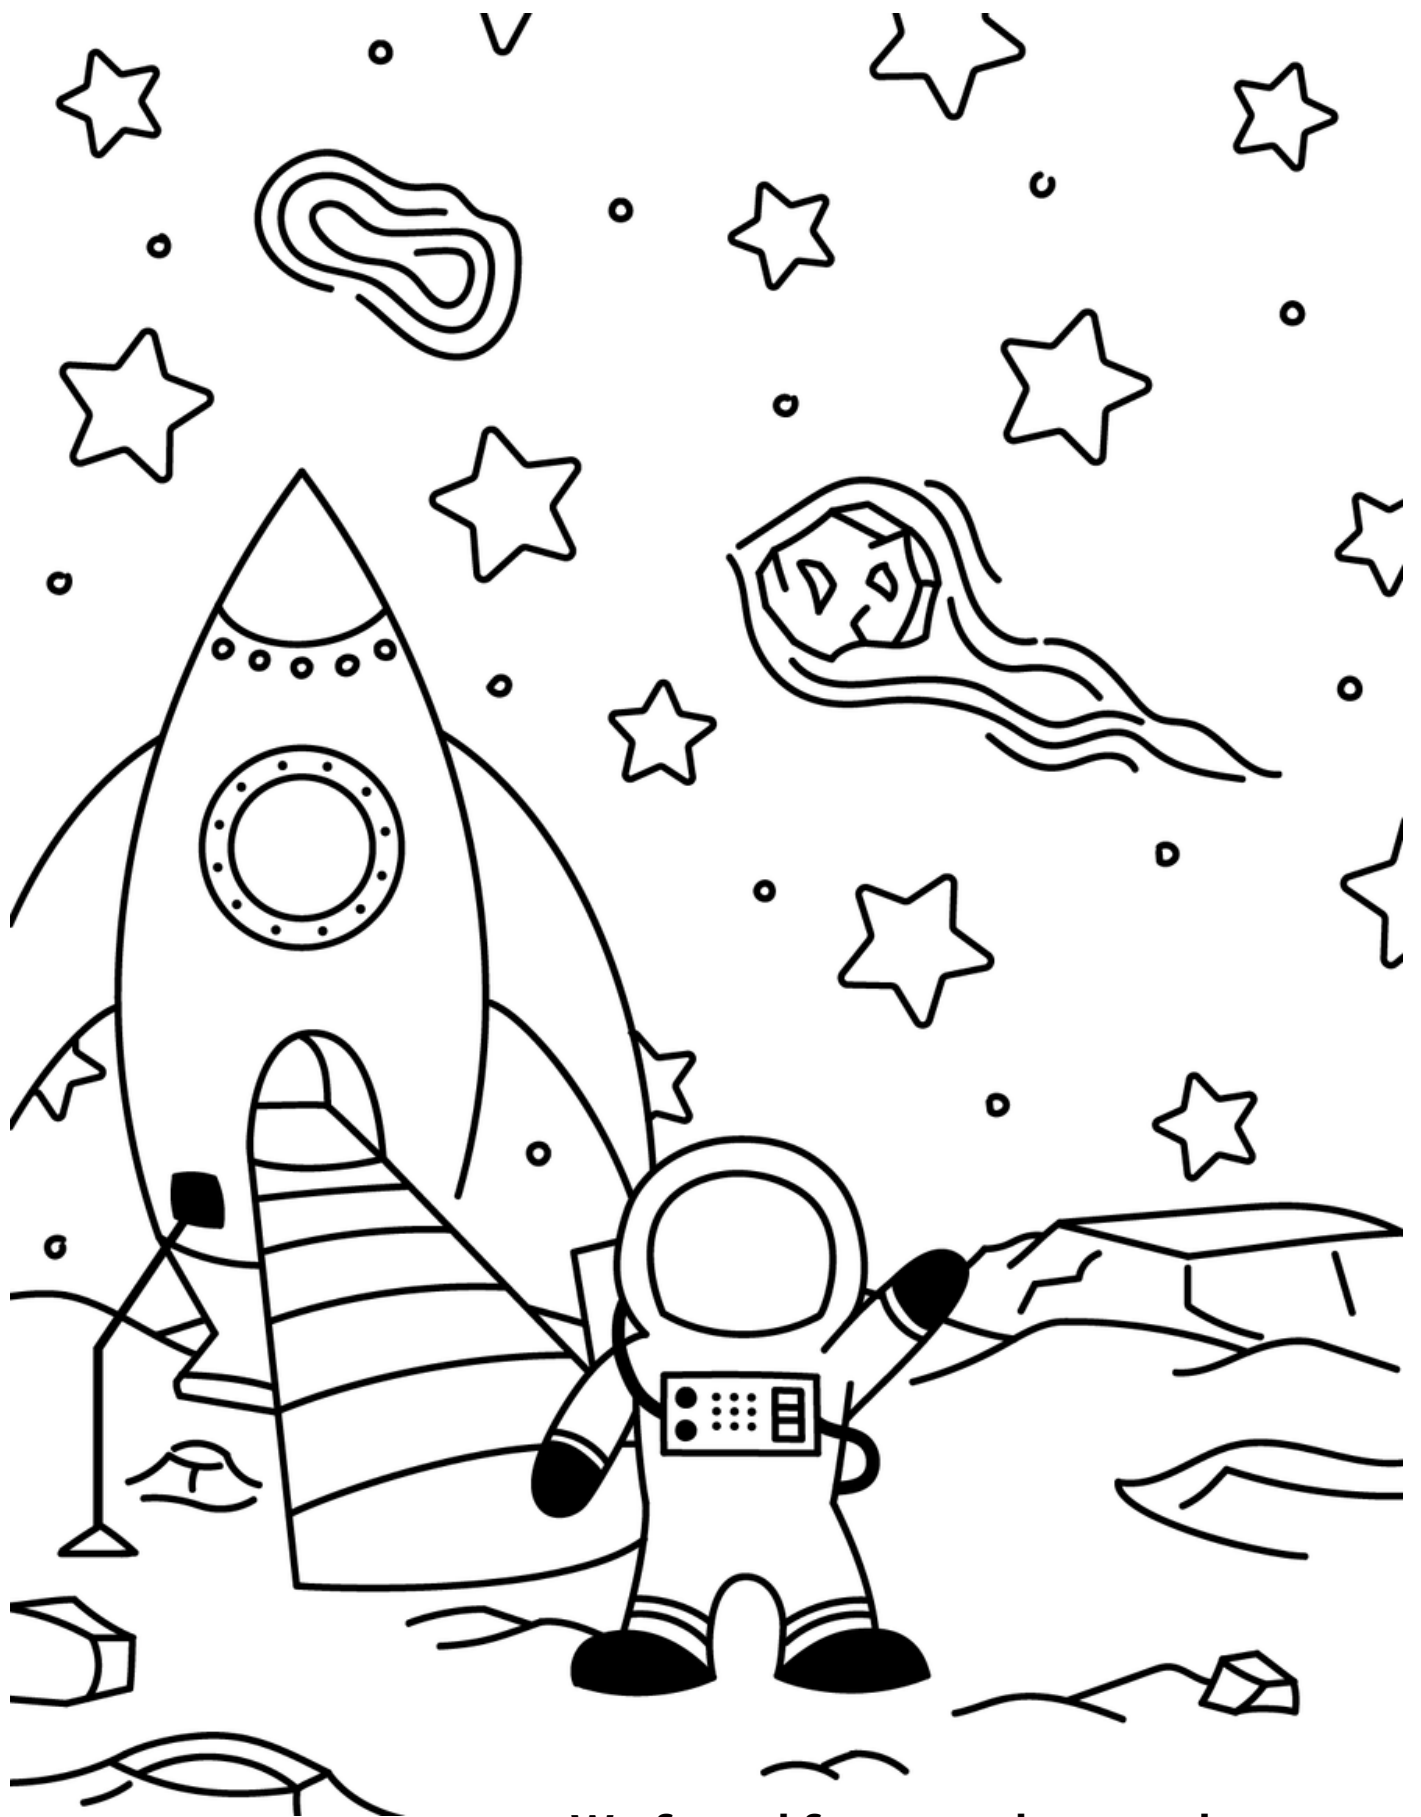

**You can see Mars now! The red planet has lots of cool secrets on it that astronauts are still discovering! Help us find some of the things we know about on Mars already!**

**WICHITA STATE  
UNIVERSITY**

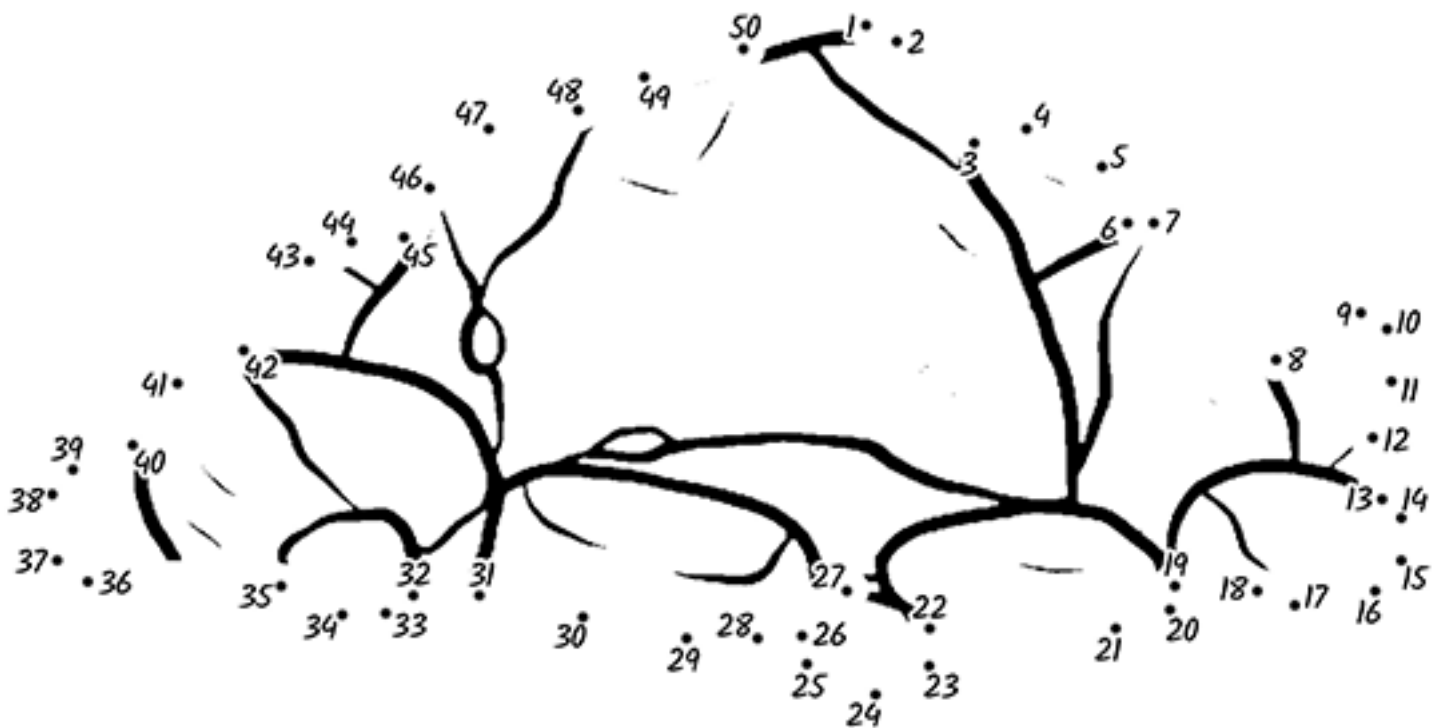

We found fun samples to take  
to Earth, and we made fun  
discoveries, but it is time to  
go back to Earth. Bye, Mars!

WICHITA STATE  
UNIVERSITY

**Aren't you excited to tell your friends  
on Earth about your discovery?**

**Connect the dots so you can  
find out what we found!**
