

THE BRONZE PROPELLER Competition

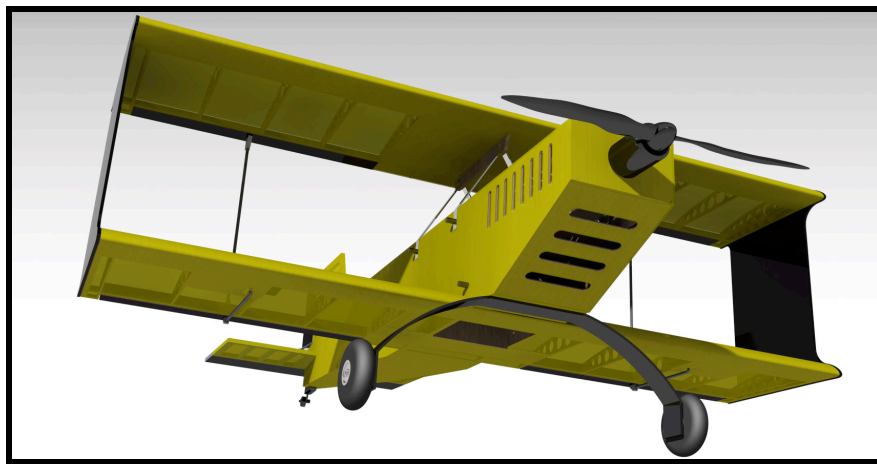

May 2019

An Aircraft Design Contest

Sponsored By WSU Aerospace Engineering & The Boeing Company

Design, Build, and Win!

Be Immortalized

The 2011 Champs: Team Aqua Shock

The Basics

Design and build an electric powered aircraft to fly a challenging mission. There are student, high school, and professional categories with **\$7,250** in prize money. Undergraduate student winners also get their name on The Bronze Propeller Trophy. Form a team, get to work, and compete in May!

Additional Information

The mission, rules, and guidelines are posted on the [Wichita State University Aerospace Engineering web page](#).
