➔ WORK IN WATER TRAINING

Dec. 4, 2019 | Auburn City Hall Council Chambers | 1101 J Street | Auburn, NE

Welcome & Introductions

Work in Water Overview

Discover the Work in Water program and how it can be effective and valuable to your utility and community.

Engaging Schools

With all the competing opportunities schools have, how do you get water career exploration to rise to the top? Find out who to contact, what messages resonate, how to work around a school schedule, and how to transport students.

Work in Water Experience

Find out how to set-up a great student field-trip day with awesome hands-on lessons and facility tours that inspire students to consider water careers.

Student Internship

Develop an internship experience that is educational, stimulating, well-rounded, fulfilling, and fun for the student and the utility.

DEMONSTRATION: Work in Water Student Workshop

Learn the hands-on Work in Water curriculum through step-by-step practice of the activities and presentation.

Mini-Grants Opportunity

Learn how your utility can apply for funding for the internship and/or transportation for your first Work in Water Experience.

Questions?

EFC staff will hang out afterwards to answer questions or assist with mini-grant applications.
