Welcome to the School of Social Work at Wichita State University

Congratulations on your interest in pursuing one of the most rewarding and challenging professions in the human services. This manual is designed to help pave the way toward taking an active role in planning your Master of Social Work education through the School of Social Work at Wichita State University. Read this manual carefully. If you still have questions, please make an appointment with your social work faculty adviser. For comprehensive information regarding the School of Social Work and its programs, please consult the school website at www.wichita.edu/socialwork.

Wherever there are people with problems, individually or in groups, there are opportunities for employment as a social worker. Social workers are found in both urban and rural areas. Your work can be both physically and emotionally demanding because of its focus on human needs and problems, but it can also be rewarding. Your unique nature as a person will become one of your qualifications for professional social work. You must be open, honest and aware of your own motivations and background. You must be able to accept people of different backgrounds and values and be able to tolerate frustration and emotional stress.

Below is a list of settings in which social workers practice. This list does not include the total range of possibilities. New opportunities arise all the time. There are many public and private organizations that utilize the services of social workers.

**Practice Areas**

- Administration
- Adoption & Foster Care
- Adult Probation
- Clinical Social Work
- Community Organizations
- Community Services
- Family Services
- Gerontology and Social Work
- Group Work
- Hospitals
- Industrial Social Work
- Juvenile Court/Corrections
- Medical Social Work
- Mental Health
- Public Social Services
- Schools
- Services to the Mentally & Physically Challenged
- Social Planning
- Social Research
- Substance Abuse
- International Social Work

**Accreditation**

The MSW Program at Wichita State University was granted initial accreditation by Council on Social Work Education (CSWE) at the June 2003 meeting of the Commission on Accreditation (COA) and received reaccreditation in the spring of 2013. For more information on accreditation status, see our website at www.wichita.edu/socialwork.
Social Work at Wichita State University

Located in a metropolitan county that serves almost half a million people, Wichita State University offers a distinctive setting for social work education. The greater Wichita area offers a wide range of agency resources for student practicum, which compares very favorably to any social work program in Kansas.

The School of Social Work is part of the Fairmount College of Liberal Arts and Sciences and has interesting roots in the history of Wichita State University. Edward H. Tuttle, who graduated from the municipal University of Wichita in 1934, initiated the undergraduate social work program in 1967. His fierce devotion to social work and his legacy with our program are more than simple remembrances of his contributions to community service. A generous gift from his estate in 1994 established the Edward H. Tuttle Scholarship Fund for social work students.

The MSW curriculum is designed to develop specialized social workers in the area of advanced generalist practice within the region, state, and nation. Some graduates may even find themselves practicing in an international setting.

Our regular MSW program requires 63 credit hours, while the advanced standing MSW program requires 37 credit hours of class and field practicum. The program includes specific sequences of course work in Social Welfare Policy and Services, Human Behavior in the Social Environment, Social Work Research, Social Work Practice, and Field Practicum. Being in the state's largest city, over 70 community and state agencies provide opportunities to MSW students for field practicum experience. These settings for field instruction are selected by the Director of Field Practicum and are based upon students’ educational needs and interests.

University, College and School

The School of Social Work is located within the Fairmount College of Liberal Arts and Sciences and draws particular strengths from its University and College settings. These brief profiles highlight the advantages of Wichita State University and the Fairmount College of Liberal Arts and Sciences.

Wichita State University is distinguished from other state-supported schools in Kansas by its urban setting. Wichita State’s location in the largest city in Kansas enhances the traditional classroom experience by providing students greater opportunities in resources, contacts and research with business and government leaders, employment and internships. With an enrollment of over 15,000, Wichita State prides itself on specialized attention to each student. The University’s students come from nearly every Kansas county, from almost every state and from 100 foreign countries. WSU offers the traditional fall and spring semesters. It has the largest number of evening and summer course offerings in the Kansas Board of Regents system. The summer session features a flexible time format with weekend, weekly, eight-week, and weekend sessions.

The Fairmount College of Liberal Arts and Sciences draws its name from the University's 1895 roots and continues a tradition of scholarship and creativity with missions to preserve, expand, and transmit the cumulative learning of the past. Its curricula offer a rich variety of majors and span the newest developments in the world of learning. All MSW students must have evidence of a strong liberal arts background, as this helps us to understand the biological, psychological, social,
and spiritual determinants of human behavior. Electives of special interest to graduate students of social work are widely available through the departments of Fairmount College.

Lindquist Hall houses the offices of Fairmount College, the Social Sciences Research Lab, and the School of Social Work. Lindquist Hall’s south entrance faces the plaza of Ablah Library, and its entry is marked with one of our many campus sculptures. A bust of Martin Luther King, mounted under a tree at the south entrance, may remind social work students that professionalism requires the integration of values, skills, and knowledge.

**The Liberal Arts Perspective and Its Relationship to Social Work**

The disciplines within the liberal arts are part of a living tradition which recognize and affirm the dynamic nature of the world, the dignity and importance of all societies, and the need for citizens to be prepared for a changing future. The liberal arts provide students with communication skills, an appreciation of human diversity, and knowledge of the biological, psychological, social, political, and cultural influences of human behavior. The liberal arts cultivate knowledge of diversity, contemporary social issues, and the scientific method of inquiry that is further developed in the social work curriculum. Additionally, the liberal arts perspective lays the groundwork for students to commit to an understanding of professional education as a lifelong process.

**The Liberal Arts Requirement**

To meet the liberal arts requirement, applicants to the MSW program must demonstrate that they have completed the following undergraduate coursework:

- Two courses in the humanities (history, philosophy, literature, fine arts, or similar disciplines);
- Three courses in the social sciences (psychology, sociology, political science, anthropology, economics, or similar disciplines);
- One course in oral communication;
- Two courses that stress written communication;
- One course in human biology, anatomy, or another course examining the biological determinants of human behavior (e.g. biological anthropology);
- One course in analytical skills (e.g. mathematics, statistics, logic, or computer science);
- One course in human diversity (e.g. minority studies, ethnic studies, anthropology, or another course that addresses the diversity of human cultures and experiences).

**Admission to the MSW Program**

**Criteria for Admission to the MSW Program**

All MSW students must meet admissions criteria for both the MSW program and WSU’s Graduate School. The admissions criteria for the MSW program are as follows:
• Minimum 2.75 grade-point average over the last 60 hours of graded coursework.
• Baccalaureate degree from a regionally accredited college or university with evidence of a strong liberal arts background.
• Application to both WSU Graduate School and the School of Social Work.

The Senior Rule

Students admitted into the MSW program who take graduate courses prior to completing their undergraduate degree must apply to take courses for graduate credit using the senior rule. This rule applies primarily to advanced standing students who are completing undergraduate degree requirements and are taking SCWK 760 (and possibly graduate electives) in the summer. Failure to apply for the senior rule means that the graduate course will appear on your undergraduate transcript and will not count toward your MSW degree. See the WSU Graduate Catalog (www.wichita.edu/catalog) for a complete description of senior rule policy and procedures.

Enrollment, Class Size, 700 Level Courses and Termination of Enrollment

Students admitted to either the full or part-time Regular or Advanced Standing Program are strongly encouraged to officially enroll as soon as possible after official enrollment dates are specified by the university. In general terms, enrollment for summer and fall courses begin in April and enrollment for spring courses begin in November. Students enrolling at their earliest possible convenience have the greatest chance of being placed in the class section they desire. Due to limitations in classroom space, class size and other resource contingencies, students are not guaranteed a slot in their preferred class section. Failure to enroll in a timely manner will often require that students enroll in a class section that is not their preferred choice.

All MSW courses numbered 700 and above require WSU Graduate School and MSW Program Admission with the exception of SCWK 710, SCWK 712, SCWK 717, SCWK 751 and 700 level electives. These specific 700 level courses require WSU Graduate School admission and permission from the MSW Program Director or the Director of the School of Social Work.

Students who fail to enroll in the prescribed sequential MSW courses of their particular program of study in the semester immediately following their formal admission to the MSW program will have their enrollment terminated and will require the student to re-apply for admission.

Deferred Admissions—One Year Limitation

Students accepted for admission in either the Regular or Advanced Standing Program may request their admission to either program be deferred for a period of one year. A Request for Deferred Admission must be made in writing to the MSW Program Director no later than April 1st following the January deadline for submission of application materials for acceptance to the MSW program. Deferred admission will be determined on a case by case basis and is not granted automatically. A deferred admission is only granted for a period of one year and the student must inform the MSW Program Director of their intention to reenter the MSW Program no later than April 1st of the spring semester prior to their anticipated summer or fall admission. Failure to do so will lead to the student’s acceptance into the program being rescinded and will require the student to re-apply for admission to the MSW Program.
Nondegree Admission

Persons who already possess a graduate degree, who do not want to seek an additional graduate degree at this time, and wish to take graduate courses for professional advancement or personal satisfaction must apply for nondegree admission with the Wichita State University Graduate School. Students wishing to enroll in select graduate social work courses in a nondegree category may do so on a space available basis. Under such Nondegree B admission status, students may take up to a maximum of 12 credit hours of MSW graduate credit in only the following specified foundation level courses including: SCWK 710, SCWK 712, SCWK 717, SCWK 751 and 700 level MSW graduate electives when offered. Students wishing to seek full admission to the MSW program must follow the normal admission procedures for both the Graduate School and the School of Social Work. Enrolling and successfully completing any or all of the above specified courses as a nondegree student does not automatically guarantee full admission to the MSW program.

A maximum of only 12 credit hours taken prior to acceptance and full admission to the MSW program may be applied toward the MSW degree. Only students fully admitted into the MSW program may enroll in practice and field practicum courses.

Students who have previously earned a Master of Social Work can apply for Nondegree A and can take any 500-800 level social work electives.

Regular and Advanced Standing Programs

The School of Social Work offers an Advanced Standing program for applicants having a baccalaureate degree in social work. Applicants applying for Advanced Standing must have graduated from a BSW program that is accredited by the Council on Social Work Education. The School of Social Work also offers a Regular Program of study for applicants not having a baccalaureate degree in social work.

Full- and Part-Time, Regular and Advanced Standing, Sequencing of Courses

Students in the full-time Regular Program enroll in four full-time semesters and one summer term, consisting of 12-14 hours per semester, not counting summer semester, and complete within two years. The Regular Program has both a full-time and part-time option. Students in the part-time Regular Program must enroll in 6-10 credits a semester, not counting summer semester, and complete the degree within four years.

All courses in either the full-time or part-time Regular or Advanced Standing program must be taken in exact sequence and in the semester in which they are offered as specified in the Master of Social Work Course of Study plan. Most MSW courses also have specified prerequisites and/or corequisites that must be adhered to before enrolling in subsequent course work or before entering practicum placement. Most courses are only offered once a year. It is the student’s responsibility to follow precisely the Course of Study plan. Enrolling in courses outside of sequence or failure to enroll in corequisite courses has an impact on practicum placements and will, at the very least, delay a student’s progress toward graduation and may be grounds for termination from the program. No course may be taken outside the student’s program Plan of Study. Advanced Standing
students may not enroll in Generalist Level Courses. Regular Program students may not enroll in Specialized Practice courses until all generalist courses and generalist practicum are successfully completed.

The Advanced Standing program also has a full-time and part-time option. Applicants admitted to the full-time Advanced Standing program complete all requirements in one summer and two full semesters. Applicants admitted to the part-time Advanced Standing program complete all requirements in one summer and four full semesters, finishing in two years. Students are advised that while there is a part-time enrollment option, the School of Social Work does not offer a full evening curriculum even though select courses are offered during evening hours. The School of Social Work also does not offer a full on-line curriculum even though select courses are sometimes offered in hybrid or on-line formats.

Students must also be aware that if they are offered and accept admission to either the full-time or part-time Regular or Advanced Standing programs they must remain in that full or part-time status throughout their time in the MSW program. The MSW program is highly structured. This is due to the curriculum and core competency requirements of our accrediting body—the Council on Social Work Education—WSU Graduate School policies, resource and staffing needs, classroom availability and the unique features of the MSW program in the School of Social Work. Occasionally students apply for full-time status but are offered a part-time status opening. Students choosing to accept this offer of part-time status must be cognizant that they also will be required to remain as part-time students throughout the remainder of their course of study. The same restrictions apply to students admitted to full-time status. They must remain in full-time status throughout the remainder of their course of study.

**MSW Elective Course Requirements**

All Regular Program and Advanced Standing Program students are required to complete 9 credit hours of elective courses. Elective courses may vary from semester to semester depending on program demands and resource availability. In general, students will take three, 3-hour elective courses to meet this requirement. From time to time, the MSW program does offer select 1-hour and 2-hour elective courses which students may select in combination to meet the 9 credit hours of elective course requirement. Elective courses are generally offered in summer, fall and spring semesters.

Regular Program students must successfully complete 12 credit hours of generalist practice courses before enrolling in any elective course. No undergraduate social work course or elective previously taken at WSU or any other college or university may be substituted for the MSW program elective requirements. No core curriculum MSW course, seminar or practicum may be counted as meeting the MSW elective requirement.

**Transfer of Academic Credit at Admission**

Transfer of academic credit from another CSWE accredited MSW program will be considered on a case by case basis. Only courses taken in a CSWE accredited Master of Social Work program will be eligible for transfer of credits at the time of admission to the MSW Program. **No more than 12 total hours of graduate social work course credit will be accepted for transfer** for
either Regular or Advanced Standing applicants. Only generalist level courses including Micro and Macro Human Behavior in the Social Environment, Social Welfare Policy Analysis, Fundamentals of Social Work Research and no more than 6 graduate social work electives, if applicable to the program’s advanced generalist area of specialized practice, will be considered for transfer credit. No transfer credit will be granted for hours completed as part of a practicum or internship placement. Applicants requesting transfers of credit upon admission to the MSW program must have received a grade B or better in the course(s) being considered for transfer and the course must have been successfully completed within the last six years prior to the students enrollment in the MSW Program. Pass/fail courses will not be accepted for transfer.

Transfer of Elective Credit

a. Students may transfer no more than 6 elective hours of graduate credit from graduate level courses from within another WSU Graduate Program and only under the following conditions:

1. The course(s) must be pre-approved by the MSW Program Director prior to the student’s enrollment.

2. Students may not transfer for credit or substitute any undergraduate course to meet practicum, core course or elective requirements for the MSW program.

3. To be considered for transfer of credit the student must have received a grade B or better in the course based on a 4.0 point scale.

4. The course must be listed on the student’s original Plan of Study as initially signed by the student, approved by the student’s advisor, program director and director of the school and must be filed with the Graduate School at WSU. In the event a student makes an elective course choice at a time subsequent to the original Plan of study, the student must complete and have approved an Amended Plan of Study which must be filed with the Graduate School prior to enrollment in the course. Failure to follow these guidelines will result in the Graduate School and the MSW program not accepting the course as credit toward the completion of the MSW degree.

5. It is the student’s responsibility to provide substantial evidence that the elective course: (1) is consistent with the program goals and curriculum objectives of the School of Social Work’s Specialized Curriculum (2) has content specific to or directly applicable to MSW graduate level social work education, has an equivalent degree of academic rigor and is consistent with Competency-Based Educational requirements as specified by the Council on Social Work Education (3) carries a minimum grade value of 3.0 on a 4.0 point scale, (4) is not being taken for Pass/Fail credit, (4) is clearly designated as being offered for graduate level credit, with no other designations such as professional development, continuing education, bachelor/master credit, etc., (5) is taught by a full or associate level graduate faculty member and not by an adjunct faculty or a community professional brought in to teach the course, (6) is of at least three days in length with 15 hours of instruction per credit hour.

6. The above criteria also applies to any on-line or hybrid graduate level course.
b. Students may transfer no more than 6 elective hours of graduate credit from another Regional Accredited Institution of Higher Learning authorized to offer graduate degree programs appropriate to the level of credit to be transferred. Request of transfer of graduate credit from another Regional Accredited Institution of Higher Learning is subject to the following conditions:

1. The course(s) must be pre-approved by the MSW Program Director prior to the student’s enrollment.

2. To be considered for transfer of credit the student must have received a grade B or better in the course based on a 4.0 point scale or its equivalent. The course and the institution from which the course will be taken must be listed on the student’s original Plan of Study as initially signed by the student, approved by the students’ advisor, program director and director of the school and must be filed with the Graduate School at WSU. In the event a student makes an elective course choice at a time subsequent to the original Plan of study the student must complete and have approved an Revised Plan of Study which must be filed with the Graduate School prior to enrollment in the course. Failure to follow these guidelines will result in the Graduate School and the MSW program not accepting the course as credit toward the completion of the MSW degree.

3. It is the student’s responsibility to provide substantial evidence that the elective course: (1) is consistent with the program goals and curriculum objectives of the School of Social Work’s Specialized Curriculum (2) has content specific to or directly applicable to MSW graduate level social work education, has an equivalent degree of academic rigor and is consistent with Competency-Based Educational requirements as specified by the Council on Social Work Education (3) carries a minimum grade value of 3.0 on a 4.0 point scale, (4) is not being taken for Pass/Fail credit, (4) is clearly designated as being offered for graduate level credit, with no other designations such as professional development, continuing education, bachelor/master credit, etc., (5) is taught by a full graduate faculty member of the institution and not by an adjunct faculty or a community professional brought in to teach the course, (6) is of at least three days in length with 15 hours of instruction per credit hour.

4. In addition, an official transcript from a Regional Accredited Institution of Higher Learning containing the requesting transfer work must be on file with the WSU Graduate School immediately upon successful completion of the course. MSW graduate level elective courses taken from another university are posted on the WSU transcript only after it has been accepted for transfer through the approved Plan of Study and only after the official transcript, having been sent directly from the transfer institution, is received. Only specific courses pre-approved for transfer by the Director of the MSW program will be accepted and posted on the student’s official transcript.

5. The above criteria applies to any in person, on-line or hybrid graduate level course.
Life and Work Experience

In accordance with the Council on Social Work Education Accreditation Standards, academic credit for life experience and previous work experience is not given, in whole or part, in lieu of field practicum or of courses in the MSW program curriculum.

Academic and Professional Advising

Students have a right to an assigned academic adviser who is accessible and knowledgeable about the MSW program and Wichita State University. The academic adviser can assist students in assessing their aptitude for social work and guide students in selecting courses. Advisors, however, are not to be thought of and may not function in the capacity of personal counselor or therapist. Students requiring assistance with personal or family issues or other emotional concerns are encouraged to avail themselves to the therapeutic services provided through the Wichita State Counseling and Testing Center (https://www.wichita.edu/services/counseling/).

All MSW students are assigned a social work faculty adviser upon admission to the program. Your faculty adviser can advise you in both professional/career and social work academic advising, and you are encouraged to arrange a “get to know you” appointment with your faculty adviser sometime during your first semester. You are encouraged to visit with your faculty adviser each semester. At a minimum you should see your adviser at least two times during the course of your academic career: during your first semester and the semester you are to graduate. The first visit gives you a chance to get acquainted with your adviser and to get answers for any questions you personally may have about your MSW education. You can complete your Graduate Plan of Study (see section on Graduate Plan of Study in this manual).

The Graduate Catalog

Wichita State University publishes an on-line version of a comprehensive Graduate Catalog every year. This is your primary means for acquiring academic information and it is your guide regarding your graduation requirements. By university rule, you may graduate with the requirements of the catalog under which your Plan of Study is filed. Usually, the best procedure is to follow the information listed in the catalog published the year you file your Plan of Study with the Graduate School, know its provisions, and check frequently with your adviser to make sure that you are meeting these requirements. Students are responsible for meeting all Graduate School requirements. A complete copy of the WSU Graduate Catalog can be obtained at www.wichita.edu/catalog.

Student Responsibilities

Students at Wichita State University have the following responsibilities:

1. To consult their advisers on all matters pertaining to their academic careers, including changes in their programs.
2. To observe all regulations of their college and select courses according to the requirements of that college.
3. To attend all meetings of each class in which they are enrolled (instructors will announce at the beginning of the semester if they consider attendance in computing final grades).

4. To fulfill all requirements for graduation.

5. To be personally responsible for fulfilling all requirements and observing all regulations at Wichita State University.

6. To answer promptly all written notices from advisers, faculty, deans, and other University officials.

7. To file a Plan of Study with Graduate School before the 20th day of classes in the semester you expect to graduate; filing early in the program is preferable.

8. To file an Application for Degree/Exit Survey with the Graduate School office within 20 class days after the beginning of the spring (or fall) semester of expected graduation.

9. To enroll in only those courses at the appropriate time and in the appropriate semester in which they are offered and for which the stated prerequisite(s) and/or corequisites have been satisfactorily completed.

Student Rights

MSW students have a right to:

- Career and academic advisement;
- Access to the School’s and University’s policies relevant to students and the MSW program;
- Participation in student-led organization for student interests;
- Explicit criteria for evaluating students’ academic and field performance;
- Clearly stated retention, progression, termination criteria, and procedures;
- Clearly stated dispute resolution procedures; and
- Confidentiality of their records under the Privacy Act of 1974. (See the Graduate Catalog at www.wichita.edu/catalog for a description of rights and procedures under this act).

Please see the WSU Graduate Catalog, WSU Policies and Procedures Manual and the WSU Student Code of Conduct Handbook for further information on students’ rights and responsibilities. These can be found online through www.wichita.edu. The Student Code of Conduct Handbook contains a section on Student Services and the Student Code of Conduct. You should browse the Student Services section to see what services are available to you as a WSU student. The Code of Conduct is also in the appendix of this manual.

Governance

Decisions about the governance of the School of Social Work are made within the university, college, and school, in consultation with concerned groups. Students are encouraged to participate in the program decisions where appropriate. For example, the School’s Advisory Board has an student representative. There are always opportunities to get involved in the life of the School of
Social Work. Your participation is an important part of your rights and responsibilities as a student, and we hope you become involved in these critical processes. Not only does it help the School, it enriches your graduate educational experience.

Notice of Nondiscrimination

WSU Policy & Procedures 3.02 Notice of Nondiscrimination (Rev. 11-25-19):

Wichita State University (WSU) does not discriminate in its employment practices, or in its educational programs or activities on the basis of age (40 years or older), ancestry, color, disability, ethnicity, gender, gender expression, gender identity, genetic information, marital status, national origin, political affiliation, pregnancy, race, religion, sex, sexual orientation, or status as a veteran. WSU also prohibits retaliation against any person making a complaint of discrimination or against any person involved or participating in the investigation of any such allegation. Sexual misconduct, relationship violence, and stalking are forms of sex discrimination and are prohibited under Title IX of the Education Amendments Act of 1972, other federal law, and WSU policy. The following persons have been designated to handle inquiries regarding WSU’s non-discrimination policies: the Institutional Equity and Compliance Director (Telephone: (316) 978-3205), Title IX Coordinator (Telephone: (316) 978-5177), or Equal Opportunity Coordinator (Telephone: (316) 978-3186), each located at Wichita State University, 1845 Fairmount, Wichita, KS 67260, Human Resources Building.

Progression, Retention, Dispute Resolution/Grievances and Termination

Purpose of Progression Policies

All professions that accredit their educational programs develop admissions and retention policies for students seeking professional degrees. The policies of the WSU MSW program reflect a commitment to promote the quality of your educational experiences and to protect future clients from students and workers who do not meet the prerequisites for professional Social Work practice. This manual explains the purposes and procedures for your application, admission and retention, and progression in the program. The steps in preparing your application and the criteria for admissions are partially designed to help you decide whether Social Work is an appropriate career choice. Policies on retention help faculty assist students in monitoring their progress in development of the profession's base of knowledge, skills and values. Professional education entails a growth process on the part of students. Expectations are, therefore, outcome expectations and not entrance expectations. The Social Work curriculum is structured to help a student grow professionally and develop the expected skill, knowledge and value bases.

Progression into the Specialized Curriculum

Full and part-time Regular Program students must be in good academic standing and must have successfully completed all generalist courses and Practicum requirements (all 700 level courses and Practicums) before enrolling in the Specialized Curriculum. Under no circumstance may students enroll in any course in the Specialized Curriculum until all generalist course and Practicum requirements are successfully completed. Specifically, students must have accomplished the following:
1. Complete all required generalist courses and practicum requirements (26 hours).
2. Remove any incomplete grades acquired in generalist courses or generalist Practicum
3. Have a cumulative GPA of at least 3.0 with no single grade for a generalist course or practicum placement below C (2.0) (C- is not acceptable).
4. Receive satisfactory evaluations from field instructors in the generalist practicum courses.

**Acceptance of Field Placement**

You have reached a crucial point in your preparation for a social work career when you are ready to enter Practicum. At this point, your academic performance and experiential qualifications in social work and related courses, as well as such considerations as maturity and dependability, will be reviewed by the Field Practicum administrators.

Practicum orientation is held after admission to the MSW Program. For students already admitted, practicum placement process information will be sent out in December or January of the academic year before practicum placement. For students newly admitted in the spring, practicum application information is sent within the letter of acceptance. Students are referred to the School of Social Work website (www.wichita.edu/socialwork) to access the required Practicum forms. See the School of Social Work Practicum Manual for more information on acceptance of field placement.

Acceptance of Field Placement includes a field inventory, a resume, and an interview with one of the Practicum administrators to discuss possible placement options and assess your readiness to progress into Practicum. This assessment may suggest that you postpone your entry into Practicum or that you do supplemental preparation, or it may result in your decision not to enter social work.

Acceptance of Field Practicum is not automatic. Criminal offenses may be a reason why a student is not admitted into practicum and/or would not qualify for licensure. If admission to Practicum is denied, you may appeal the decision to the Student Concerns Committee (SCC) under the dispute resolution procedures specified in this manual.

Acceptance to social work practice and Practicum classes is absolutely restricted to social work students who have been formally admitted to Generalist or Specialized Practicum.

Students should refer to the *Field Practicum Manual* for a detailed description of practicum objectives, policies and procedures.

**Field Practicum Component**

The Field Practicum is an integral component of the curriculum in social work education. It engages the student in supervised social work practice and provides opportunities to apply classroom learning in the field setting. Placements are based on the MSW Program’s objectives and the learning needs of each student. Structured learning opportunities are built into the field practicum experience, which enable students to compare their practice experiences, integrate knowledge acquired in the classroom, and expand knowledge beyond the scope of the practicum setting.
The purpose of the Generalist practicum (SCWK 720 and SCWK 721) is for students to apply foundation knowledge, skills, values and ethics to practice. The purpose of the Specialized practicum (SCWK 822 and SCWK 823) is to apply advanced knowledge, skills, values and ethics to practice. Here, students will have an opportunity to:

- Develop an awareness of self in the process of intervention;
- Apply social work knowledge, values, ethics, and practice skills to enhance the well-being of people and to work toward social justice;
- Use oral and written professional communications that are consistent with the language of the practicum setting and the profession;
- Use professional supervision to enhance learning; and
- Critically assess, implement, and evaluate agency policy within ethical guidelines.

Students enrolled in the regular MSW Program (63 hours) will be required to complete a total of 1180 agency-based clock hours in Field Practicum placement during their course of study. For their Generalist year practicum, 240 hours per semester, or 480 total hours of field experience are required; for the Specialized year practicum, 350 hours per semester, or 700 total hours are required. Students enrolled in the Specialized practicum will complete 350 agency-based clock hours per semester, or 700 total hours.

All Field Practicum placements are made to meet the criteria of not only the Council on Social Work Education (CSWE), but the criteria of the Behavioral Sciences Regulatory Board (BSRB) in Kansas.

**Practicum and Professional Liability Insurance**

As described in the *Field Practicum Manual*, it is strongly recommended that all students carry malpractice insurance while completing their field practicum courses. Some placements (i.e. hospitals), require insurance for placement. Students may check with their insurance providers to see whether they have a rider to cover such malpractice insurance. Students can join the National Association of Social Workers and apply for student malpractice insurance for a nominal fee. The NASW website is at [www.socialworkers.org](http://www.socialworkers.org). See the *Field Practicum Manual* available on the School of Social Work website, [www.wichita.edu/socialwork](http://www.wichita.edu/socialwork) for further information.

**Graduate Plan of Study**

Students **must complete** a Plan of Study (available on the School of Social Work website at [www.wichita.edu/socialwork](http://www.wichita.edu/socialwork)) prior to completing 12 credits of graduate social work course work. The proposed plan must be on file in the Graduate School office **no later** than the 20th day of spring semester of the graduation year (or the 20th day of the fall semester or 10th day of the eight-week summer term). The Plan of Study outlines the courses you will take to complete your MSW degree. Do not list additional hours over the degree requirement per Graduate School policy. A copy is maintained in the student’s file in the School of Social Work, and the original is submitted to the Graduate School.
At the start of your last semester, check the Degree Works audit on myWSU or make an appointment with your adviser to make sure you have completed your MSW degree requirements. The process of filing an acceptable Plan of Study is not completed until it appears on the Degree Works audit. If a Plan of Study has been filed and approved by Graduate School the courses for your degree will appear in a section titled, “Major in Social Work.”

If the courses on the Plan of Study differ from the courses you have taken or will take due to changes in planned electives or other course changes, you must submit a revision to the Plan of Study. If in the Degree Works audit your social work courses are in a section titled, “Fallthrough Classes,” or you have not received confirmation from the Graduate School approximately three weeks following submission of the Plan of Study check with the School of Social Work or Graduate School office. Failure to meet the deadline for filing an acceptable Plan of Study or an Amended Plan of Study will likely result in a delay in graduation or loss of credit planned for use in the program.

**Application for Degree / Exit Survey**

Students must submit online an Application for Degree/Exit Survey (AFD), together with the filing fee, within four weeks (20 class days) after the beginning of any fall or spring semester in which you plan to finish all requirements for the degree (within 10 class days for the summer term). Failure to meet these deadlines will result in a delay in graduation and awarding of the diploma. The AFD initiates a degree audit to verify you have met the requirements for your degree and are eligible to graduate. This is also where you indicate how you want your name listed on your diploma. You will find the AFD on the Student Resources tab on myWSU under the Graduation Links.

If, after you submit an AFD, you do not complete the degree, a new AFD and filing fee must be filed within the stated deadlines for the semester you expect to complete the degree.

**Incomplete Grades**

Students are responsible for completing all assigned coursework on time and appropriate to graduate level education. However, exceptional situations may arise that interfere with a student’s ability to complete all work by the end of the course. Instructors do not automatically assign an incomplete (“I”) if a student has missing assignments or failed to perform at expected levels for graduate study. The final grade for a given class is calculated with zero points given for incomplete work and is not sufficient grounds for request of an incomplete grade.

It is the student’s responsibility to work with the instructor if they believe they should be allowed more time to complete coursework due to some exceptional circumstance, event or illness. To request an incomplete, download the Incomplete Grade Form from the School of Social Work website (see copy of Incomplete Grade Form in appendix to this manual), fill in the information including detailed rationale for the incomplete grade request and when course requirements will be completed. Take this form to the instructor for approval. The form is signed by the student and the instructor and must be taken by the student to the School of Social Work office for filing.

Students must complete deficient assignments for the incomplete course to receive a grade within two semesters (not counting summer) as specified by WSU Graduate Catalog Requirements or
earlier if specified and agreed to by the student and instructor in the Incomplete Grade Form. If deficient assignments have not been completed for the course by the end of the second semester and the student desires credit for the course, students must re-enroll in the specific School of Social Work course for which the incomplete grade was recorded as a repeat. Incompletes in MSW graduate courses that are not cleared will revert to an F or the default grade submitted by the faculty member. See the Graduate Catalog (www.wichita.edu/catalog) for more information on incompletes. Under no circumstances may students substitute any course work from the MSW curriculum, another graduate program within Wichita State University or from any other Regional Accredited Institution of Higher Learning in lieu of completing assignments in the specific MSW course for which the incomplete grade was recorded.

Students must be cognizant that failure to complete coursework for a recorded Incomplete Grade in the timeframe specified above will seriously jeopardize the student’s ability to enroll in subsequent courses or field practicum particularly with respect to those courses which are prerequisite to or corequisite with subsequent courses. For example, if a student receives an incomplete grade in Field Practicum II (SCWK 721) and has not successfully finished the conditions for removal of the incomplete grade they will not be able to enroll in Field Practicum III (SCWK 822) since successful completion of Field Practicum II is a prerequisite to enrolling in Field Practicum III. In practical terms, this means that deficient assignments related to the recording of an incomplete grade will, in most cases, need to be fully satisfied before the beginning of the next semester following the recording of an incomplete grade in order for the student to enroll in subsequent courses having prerequisite and/or corequisite requirements.

Leave of Absence and Failure to Enroll

To request a leave of absence from the program, a student must complete a Leave of Absence Request Form (see copy of Leave of Absence Request Form in appendix to this manual) which must be approved by their adviser and the MSW Program Director. Students are required to return to the program one year from the semester the leave began. Failure to request a leave of absence from the program and to register for the anticipated semester of return to the program will result in the student being terminated from the program and would require that the student reapply and be formally accepted to the MSW program through the normal application processes. Students who are formally accepted into the MSW program but who fail to fully enroll for their prescribed first summer or fall semester coursework or for prescribed coursework in any subsequent semester will be terminated from the program and would require that the student reapply and be formally accepted to the MSW program through the normal application processes.

Class Withdrawal

Withdrawing from classes is a serious change in your graduate program. Students considering withdrawing from classes must consult with their adviser and the MSW Graduate Program Director before taking any action. Students must also complete the formal MSW Course Withdrawal Request Form (see copy of Withdrawal Request Form in appendix to this manual), which must be approved by their advisor and the MSW Program Director. It is the student’s responsibility to clearly communicate with all their instructors, practicum directors, field instructors, and program directors of their intention to withdraw from a class. Should a student choose to withdraw from a class they must also follow the guidelines of the WSU Graduate Catalog.
for dropping and/or adding a course. Students are also reminded that WSU has strict guidelines respecting when and under what circumstances a student may be entitled to a refund for a courses or courses from which they have withdrawn. It is the student’s responsibility to check with the WSU Office of Financial Aid and the Graduate School with respect to questions involving refunds on courses from which the student has withdrawn or financial aid issues.

Students withdrawing from an MSW course must re-enroll in that specific course in the next available semester the course is offered. Failure to do so may be grounds for the student’s termination from the program. Given the prerequisite and corequisite framework of the social work curriculum, students must be mindful that withdrawing from certain generalist and specialized level courses will likely jeopardize the student’s placement in practicum and ability to proceed to other sequential classes, and will likely lengthened the time for completion of the MSW program. Under no circumstances may a student substitute any course work from the MSW curriculum, another graduate program within WSU or from any other Regional Accredited Institution of Higher Learning in lieu of completing the specific course from which the student has withdrawn.

**Retention Criteria/Academic Probation/Program Dismissal**

The minimum criteria for retention in the MSW program include the following programmatic dimensions.

a. Maintaining a cumulative GPA of 3.0 or above in all MSW social work courses. Students receiving a grade of C- or below in any MSW social work course must repeat that specific course within the WSU School of Social Work curriculum structure. Students may not substitute or transfer course work from another graduate program within WSU, from any other Regional Accredited Institution of Higher Learning or from any undergraduate level course taken at WSU or any other college or university in lieu of retaking the specific MSW course for which they received the substandard grade.

b. Consistent with Graduate School Catalog provisions, students will be placed on academic probation if their graduate GPA falls below 3.0.

c. Consistent with Graduate School Catalog provisions students placed on academic probation are generally not eligible for assistantship awards or federally funded financial aid during the semester or semesters they are on probation.

d. Consistent with Graduate School Catalog provision, students placed on academic probation are not allowed to enroll in more than 12 hours Graduate School courses during semesters in which they are on academic probation. However, the WSU School of Social Work has determined that because of programmatic and prerequisite requirements, students may only enroll in 6 hours of Graduate Social Work courses during the semester or semesters in which they are on academic probation and these courses are limited to non-practice and non-practicum related offerings.

e. Consistent with Graduate School Catalog provisions, students may be dismissed from the MSW program if they fail to attain a grade point average of at least 3.0 upon completion of 9 graduate credit hours after being placed on academic probation or at any time their graduate GPA drops below a 2.0.
f. Consistent with Graduate School Catalog provisions, students may be dismissed from the MSW program if, in the opinion of the School of Social Work graduate faculty, they are unable to carry on advanced graduate level course work or practicum responsibilities or make satisfactory progress toward their degree.

g. Adherence to social work values and NASW Code of Ethics. (The NASW Code of Ethics can be downloaded at [https://www.socialworkers.org/About/Ethics/Code-of-Ethics](https://www.socialworkers.org/About/Ethics/Code-of-Ethics).

h. Maintenance of social functioning that allows for effective professional practice ("social functioning" refers to the student's ability to cope with the demands generated by interactions with their environment including areas such as school, work, family and personal relationships).

i. Demonstrate proficiency in all MSW competencies (see Competencies in the Curriculum section of this manual).

j. Social Work students must also comply with the standards of the University Student Code of Conduct: [http://webs.wichita.edu/inaudit/ch8_05.htm](http://webs.wichita.edu/inaudit/ch8_05.htm) (also located in the appendix of this manual).

For further information, students should refer to WSU’s Graduate Catalog ([www.wichita.edu/catalog](http://www.wichita.edu/catalog)) for WSU policies on admission, retention, academic probation, and dismissal.

**Student Conduct Regulations**

The policies of the School of Social Work are aligned with the University policies in matters of student conduct. The Student Code of Conduct is Section 8.05 of WSU’s Policies & Procedures Manual, and in the Student Code of Conduct Handbook. It can be found online ([https://www.wichita.edu/about/policy/ch_08/ch8_05.php](https://www.wichita.edu/about/policy/ch_08/ch8_05.php)) and in the appendix of this manual.

**Dispute Resolution Guidelines**

The School of Social Work faculty recognizes that there may be situations in which problems arise that are not easily resolved. To address such situations, the following dispute resolution guidelines have been established and a Student Concerns Committee has been constituted to hear student and faculty concerns. The dispute resolution guidelines follow strict procedural steps for resolving academic and non-academic disputes to which students must give careful attention.

**Student Concerns Committee**

The Student Concerns Committee (SCC) gives students an opportunity to further voice a concern or gives faculty an opportunity to address concerns involving a student. When indicated by the Director of the School of Social Work, the SCC will also consider termination recommendations. The SCC, as a standing faculty committee, includes faculty and/or program administrators as designated by the Director of the School of Social Work.

Several outcomes may be possible in an SCC intervention. The SCC intervention is purposed with resolving disputes involving students. Its primary aim is for the retention of students in the program and to maintain clarity and transparency in the hearing of concerns.
Academic/Grade Dispute Resolution: Procedural Steps

1. The student should begin by discussing the issue or dispute with the faculty member who assigned the grade.

2. If the dispute is not resolved or if there are substantial reasons why they may not be able to discuss the issue with the faculty member assigning the grade or taking the action they’ve chosen, the student should next discuss the issue with their faculty adviser.

3. If the dispute remains unresolved, the student should next discuss the issue with the MSW Program Director.

4. If the dispute remains unresolved, the student should next discuss the issue with the Director of the School of Social Work.

5. The Director of the School of Social Work may refer the dispute to the Student Concerns Committee for further consideration if no other resolution is reasonably possible.

6. The SCC, after a verification of the facts in dispute regarding the grade, reports its findings to the Director of the School of Social Work, who makes the final determination regarding the dispute or academic/grade issue.

7. The Director of the School of Social Work notifies the student of their decision within five days.

8. If the student feels the issue remains unresolved, procedural remedies are available to the student through the Court of Student Academic Appeals found in University’s Policies & Procedures Manual, Section 8.20 and in the appendix of this manual. It may also be found online at [https://www.wichita.edu/about/policy/ch_08/ch8_20.php](https://www.wichita.edu/about/policy/ch_08/ch8_20.php).

Non-Academic Dispute Resolution: Procedural Steps

For disputes not related to academic issues or grades:

1. The student should first discuss the issue with the person they have a dispute with, whether student, faculty, or field instructor.

2. If the dispute is not resolved satisfactorily, the student should then discuss the issue with their adviser.

3. If the dispute is still unresolved, the student should then discuss the issue with the MSW Program Director. The student should take a completed SCC Student Referral Form (found on the School of Social Work website) to the meeting with the MSW Program Director.

4. If the dispute is still unresolved, the student should then discuss the issue with the Director of the School of Social Work.

5. If the dispute is still unresolved, the Director of the School of Social Work may request the issue be heard by the Student Concerns Committee (SCC).

6. The SCC schedules a meeting to be attended by SCC committee members, the student(s), and an advocate for the student(s) if he/she chooses to bring one...
7. The SCC after a verification of the facts in dispute regarding the grade, reports its findings to the Director of the School of Social Work. The final determination of the Director of the School of Social Work will be based upon existing School and University policies taking in full consideration the SCC’s recommendations.

8. If the issue is still not resolved, and only after the above procedural steps have been exhausted, the student may take their concern to Dr. Brien Bolin, Associate Dean—LAS Dean’s Office, Lindquist Hall, room 200—for further action.

9. If the issue remains unresolved, other procedural remedies may be available to the student. The Office of Student Life (www.wichita.edu/studentlife), the office of Student Conduct and Community Standards (www.wichita.edu/about/student_conduct/index.php) and the Wichita State University Student Advocate (www.wichita.edu/studentadvocate), can assist with resolution and available grievance procedures.

Termination Policy: General Features

The School of Social Work reserves the right to at any time to terminate students from the MSW program if in the judgment of the School of Social Work the student is found to be in breach of their mandated professional, academic or student responsibilities. It should be noted that termination is considered a rare occurrence and that students have the right to appeal any termination decision. Following is a partial list of circumstances that may warrant a student’s termination from the program.

- Failure to adhere to the NASW Code of Ethics (the Code of Ethics can be downloaded at https://www.socialworkers.org/About/Ethics/Code-of-Ethics). Examples of behavior that indicate a failure to adhere to the Code of Ethics include:
  - Representing your competence “beyond the boundaries of your education, training, license, certification, consultation received, supervised experience, or other relevant professional experience.” (1.04)
  - Engaging in “dual or multiple relationships with clients or former clients in which there is a risk of exploitation or potential harm to the client…” (1.06c)
  - Engaging in, under any circumstances, “sexual relations or sexual contact with current clients, whether such contact is consensual or forced.” (1.09a)
  - Sexually harassing clients, which include “sexual advances, sexual solicitation, requests for sexual favors, and other verbal or physical conduct of a sexual nature.” (1.11)
  - Allowing “personal problems, psychosocial distress, legal problems, substance abuse, or mental health difficulties to interfere with …judgment and performance…” (4.05a)
  - Failing to “immediately seek consultation and take appropriate remedial action by seeking professional help, making adjustments in workload, terminating practice, or taking any other steps necessary to protect clients and others.” (4.05b)
  - Agreeing to “participate in, condone or associate with dishonesty, fraud, or deception.” (4.04)
Taking responsibility and credit, including authorship credit, for work they have not actually performed and to which they have not contributed. (4.08)

Failing to “work toward the maintenance and promotion of high standards of practice.” (5.01a)

- Failure to demonstrate proficiency in all MSW competencies;
- Failure to make satisfactory progress or maintain standards of performance in field practicum placements;
- Failure to maintain a cumulative GPA of 3.0 or above in all MSW courses or at any time the graduate GPA falls below 2.0;
- Failure to maintain academic standing with respect to Retention Criteria/Academic Probation/Program Dismissal requirements;
- Failure to enroll in required coursework of the MSW curriculum and course plan as specified in the Graduate School Plan of Study;
- Failure to register for the expected semester after the student has been granted a temporary leave of absence from the MSW program;
- Failure to comply with faculty instructions with respect to classroom policies of academic, professional and ethical conduct;
- Failure to disclose a criminal background history;
- Failure to follow a written improvement plan recommended by SCC and approved by the Director of the School of Social Work;
- Or if, in the opinion of the School of Social Work graduate faculty, student is unable to carry on advanced graduate level course work or practicum responsibilities or make satisfactory progress toward their degree.

Termination Process

In the rare instance that the School initiates termination of a student from the MSW program, the Director of the School of Social Work will refer the matter to the Student Concerns Committee to hear the basis for the recommendation of termination. The procedure for reviewing the possible termination of a student from the program is as follows:

1. The student must be given written notice of the allegation and of the time and place for the SCC to meet to discuss the problem.
2. The student has the right to ask questions and offer supporting documentation, either written or verbally at the SCC meeting. This may include the right to have a third party in attendance who has seminal information about the issue of concern.
3. The student has the right to be accompanied by a supporter or advocate.
4. The student will receive a written copy of the termination proceedings and recommendations.
5. The termination proceedings and any record of such proceedings shall be maintained in a way that meets all privacy and confidentiality standards of the University and the profession.
6. The student has the right to appeal any decision and should consult the *WSU Policies and Procedures Manual* ([www.wichita.edu/policies](http://www.wichita.edu/policies)), the Student Life office ([www.wichita.edu/studentlife](http://www.wichita.edu/studentlife)), the Student Conduct and Community Standards office ([www.wichita.edu/studentconduct](http://www.wichita.edu/studentconduct)), the *Graduate Catalog* ([www.wichita.edu/catalog](http://www.wichita.edu/catalog)) and/or the WSU Student Advocate ([www.wichita.edu/studentadvocate](http://www.wichita.edu/studentadvocate)) for the appropriate appeals procedure.

**Student Resources**

**Financial Aid**

Federal financial aid for graduate students is in the form of loans. For inquiries regarding financial assistance, contact the Office of Financial Aid at 203 Jardine Hall, (316) 978-3430, or online at [www.wichita.edu/financialaid](http://www.wichita.edu/financialaid).

If you must earn a portion of your educational expenses through part-time employment (yet another financial option), some on-campus jobs are available. Please inquire at Career Development located in Brennan III, 1749 N. Yale, and can be reached by phone at 316-978-3688 or online at [https://www.wichita.edu/student_life/careerdevelopment/](https://www.wichita.edu/student_life/careerdevelopment/). In addition, Social Work jobs are posted on our social media site, [www.facebook.com/shockerworks](http://www.facebook.com/shockerworks).

**Scholarships**

Graduate students seeking scholarships may apply through the Fairmount College of Liberal Arts and Sciences (LAS). The application deadline is February 1 for the following fall semester. Application forms are available November 1 each year on the LAS scholarship website at [www.wichita.edu/las/scholarships](http://www.wichita.edu/las/scholarships).

Scholarship applications submitted to LAS allow students to be considered for any LAS scholarships for which they may qualify. Copies of applications from social work students are also forwarded to the School of Social Work for consideration for the six graduate fellowships that the School of Social Work awards.

**Graduate Fellowships**

**The Edward H. Tuttle Fellowship** fund was established for social work majors in 1994 in honor of Edward H. Tuttle, first Director of the Social Work Program. One graduate fellowship is awarded to an MSW student each year. Eligibility requirements include full admission into the social work program, overall GPA of 3.0 or above, demonstrated academic excellence, and demonstrated interest in social work as a scholarly pursuit. Financial need is not considered for the Tuttle Fellowship.

**The Vera Hutton Seamans Memorial Fellowship** was established in 1971 by Herbert L. Seamans. Its purpose is to assist graduate students preparing for religious work or social work who have financial need.

**The Naomi Anderson Endowed Social Work Fellowship** was established in 2005 in honor of Naomi Anderson. Eligibility requirements include admission to the Wichita State University
School of Social Work and an overall GPA of 3.0 or above. Preference is given to member(s) of the Delta Delta Delta sorority, then to members of other Greek social fraternities or sororities.

**The Karen Countryman-Roswurm Endowed Fellowship in Social Work** was established in 2007 in honor of Karen Countryman-Roswurm, a graduate of both the BSW and MSW programs at Wichita State University. Eligibility requirements include full-time enrollment in the MSW program and minimum GPA of 3.0. Financial need is a key consideration in awarding the Countryman-Roswurm fellowship.

**The Taunya Rutenbeck Fund for Social Work in Honor of Larry Rutenbeck** was established in 2014 in honor of Larry Rutenbeck, an avid researcher of Native Americans and their culture, and very engaged and supportive of Taunya’s search for the details of her Native American roots. Eligibility requirements include full-time enrollment in the social work program with a minimum GPA of 3.0. Preference given to a student who is Native American or of Native American heritage.

**The Military Veteran Scholarship/Fellowship in Social Work** was established in 2017, primarily through Don Barry, though many donated to the fund. This scholarship/fellowship is awarded to a military veteran with financial need.

### Student Organizations

**Student Organization of Social Work (SOSW)**

As a social work major, you are encouraged to join the Student Organization of Social Work (SOSW), made up of social work students and faculty. SOSW encourages and promotes communication among and between social work students, faculty and the general public and provides a means for united action on issues of social concern to the community at large. However, SOSW also provides students with opportunities to become involved in aspects of the social work profession within a range of different roles. Working with your peers, faculty, and community members to promote awareness of community issues or bring about meaningful change can be one of the most rewarding and beneficial accomplishments a student can undertake. SOSW works to help people...ALL people! As social work students, advocacy is one of the most rewarding opportunities for personal and professional growth you may experience in college career. The Student Organization of Social Work helps social workers new to the profession become more engaged in and knowledgeable about their communities, more involved with their fellow students in working toward meaningful change, and better acquainted as student social workers with the roles they may play in a professional setting. Information regarding SOSW can also be found on the School of Social Work website at [www.wichita.edu/socialwork](http://www.wichita.edu/socialwork) or on social media at [https://www.facebook.com/groups/WSUSosw/](https://www.facebook.com/groups/WSUSosw/).

**Phi Alpha National Honor Society**

Through the School of Social Work, you may be eligible for membership in the Wichita State University Beta Delta Chapter of Phi Alpha, the national honor society for social work students. Membership requirements include:
1.) Nine (9) hours of required MSW courses (not electives) completed; and
2.) A GPA of 3.50 or higher in all graduate level Social Work courses.

An induction ceremony for new members is held each fall and spring. Applications may be submitted in the fall by October 15th and in the spring by March 15th. Applications are available outside Lindquist Hall, Room 537 and on the School of Social Work website at www.wichita.edu/socialwork. Information on the organization may also be found on at https://www.facebook.com/phialphawsu/.

**Graduation and Beyond**

**The Exit Survey**

Students will have an opportunity to provide feedback about their experiences in the School of Social Work on the annual School of Social Work exit survey, which is distributed every year during the spring semester.

**Plan of Study and Application for Degree / Exit Survey**

In order to graduate when planned, make sure that a current Plan of Study and all graduation forms are turned in on or before the deadlines identified by the Graduate School. The Plan of Study and Application for Degree/Exit Survey must be filed in the Graduate School before the 20th day of classes in the semester you will graduate. Information on commencement can be found at www.wichita.edu/commencement.

**Practicing as a Social Worker**

The Wichita State MSW Program is accredited by the Council on Social Work Education. To practice as a social worker, the State of Kansas requires a professional license. As a graduate of our program, you will be eligible to take the LMSW Licensing Exam.

**Kansas Social Work Licensure Exam**

In accordance with Kansas law, graduates must sit for the licensure exam to practice social work and to be able to call themselves social workers. MSW graduates can take the LMSW exam after mid-term of their last semester or after graduation.

Licensure exams are regulated by the Kansas Behavioral Sciences Regulatory Board (BSRB) and administered by the Association of Social Work Board (ASWB) "to protect the public by setting standards of qualification, training and experience for those who seek to engage in the practice of Social Work and by promoting high standards of professional performance for those engaged in the profession of social work” (KSA 75-5346).

Applications and instructions can be found on the BSRB website (https://ksbsrb.ks.gov/). The School of Social Work sends a list of expected graduates to the BSRB each spring, so you do not need to submit the form “Verification of Completion of Academic Requirements” as indicated among application required forms.
Always refer to BSRB for the most up to date information on licensure and/or licensure requirements for the State of Kansas. You may contact the Kansas BSRB at (785) 296-3240 or https://ksbsrb.ks.gov/.

Students are responsible for sending a transcript to the BSRB. Make sure when you order the transcript that you mark “After Degree Posted” on the request, since the BSRB requires proof of degree on the transcript.

**School of Social Work Alumni Society and Social Work Alumni Facebook Page**

In Spring 2001, alumni of the School of Social Work established an alumni association for alumni, friends, and other social workers. The mission of the School of Social Work Alumni Society is to enrich the professional lives of Wichita State University social work alumni by providing a network that connects WSU alumni and friends with the university and the wider community. You can obtain a membership application through the WSU Alumni Association, (316) 978-3290 or www.wichita.edu/alumni.

The alumni Facebook page can be found at www.facebook.com/swalumni.

The School of Social Work began utilizing social media opportunities in December 2010, as a tool for communicating with students, alumni, and community members. Since its inception, many hundreds of people have permanently connected with the Facebook page, either directly through that website or through the WSU campus links. In any given week, the School’s Facebook page reaches these regular visitors and more, who are from over twenty countries, and multiple locations throughout the United States.

Content shared in this arena include School events, such as workshops, orientations, and program deadlines; campus-wide events that may be of particular interest to social workers; faculty and student accolades; social work “inspiration” to reinforce the values of our profession and the themes of our program.

The School of Social Work Facebook page can be found at www.facebook.com/wsusw.

The School of Social Work Twitter page can be found at https://twitter.com/WSUSocialWork.

**Curriculum Development: Mission, Goals and Competencies**

The MSW curriculum has been developed with the following in mind: the mission of the University, Fairmount College of Liberal Arts and Sciences, and the School of Social Work, the Educational Policy and Accreditation Standards (EPAS) of the Council on Social Work Education (CSWE), and Kansas state licensure requirements. (CSWE’s Educational Policy and Accreditation Standards are available under the “Accreditation” link on the CSWE website at www.cswe.org.) We continue to evaluate and strengthen our curriculum with input from students, field instructors and the practice community.
Mission of Wichita State University

Wichita State University’s vision is to be one of America’s most innovative research universities known for its impactful student experience and driving the prosperity of people and communities we serve. The mission of Wichita State University is to be an essential educational, cultural and economic driver for Kansas and the greater public good.

At Wichita State University, we value:

- Seizing opportunities
- Adaptive approaches
- Positive risk-taking
- Innovation and creativity
- Knowledge creation and dynamic educational opportunities

Mission of Fairmount College of Liberal Arts and Sciences

The mission of Fairmount College is to cultivate intellectual curiosity and foster contemplation of the human experience and the natural world. Faculty members are dedicated to creating, expanding, applying and preserving knowledge; and to introducing students to the scholarship, theories, methods and perspectives of their diverse disciplines. A liberal arts and sciences education develops transferable analytical skills—the capacity to gather and interpret information, think critically and communicate effectively—and stimulates a lifelong love of learning that enriches graduates and their communities.

Mission of the School of Social Work

The mission of the School of Social Work at Wichita State University is to prepare students for competent and ethical professional practice in urban and rural environments. Through teaching, research, and service, the School is dedicated to the advancement of human well-being, the alleviation of poverty and oppression, and the improvement of social systems with particular attention to the diverse needs of Wichita and the surrounding region.

Mission of the MSW Program

The mission of the Master of Social Work program at Wichita State University is to prepare graduates for autonomous, specialized practice. This mission is accomplished through the preparation of advanced generalist social workers in the area of specialized practice capable of practice in complex, diverse and ever-changing environments. Emphasis is placed on developing evidence-based knowledge and skills for ethical, culturally competent, socially just, and empowering interventions on all practice levels.

Goals of the MSW Program

To prepare Specialized social workers in the area of Advanced Generalist practice:
1. For ethical, competent, autonomous advanced generalist social work practice with multiple systems and diverse populations within urban environments.

2. Who can contribute and engage the community through evidence-based knowledge, skills and ethical practice.

3. With an understanding of and a commitment to empowerment, social justice, cultural competency and multidimensional practice

**Core Competencies of the MSW Program (as defined by CSWE)**

1. Demonstrate Ethical and Professional Behavior
2. Engage Diversity and Difference in Practice
3. Advance Human Rights and Social, Economic, and Environmental Justice
4. Engage in Practice-informed Research and Research-informed Practice
5. Engage in Policy Practice
6. Engage with Individuals, Families, Groups, Organizations, and Communities
7. Assess Individuals, Families, Groups, Organizations, and Communities
8. Intervene with Individuals, Families, Groups, Organizations and Communities
9. Evaluate Practice with Individuals, Families, Groups, Organizations, and Communities

The School of Social Work has identified 9 core competencies and 31 measurable behaviors that are the basis for professional social work practice. The Specialized curriculum prepares its graduates for practice through mastery of the core competencies. The MSW curriculum prepares its graduates for advanced practice through mastery of the core competencies augmented by knowledge and behaviors specific to advanced generalist practice. For listing of the specific behaviors required of generalist and specialized practice students, see the practicum manual on the School of Social Work website at [www.wichita.edu/socialwork](http://www.wichita.edu/socialwork).

**The Four Themes of the MSW Program**

Four themes have been developed to assist in unifying the curriculum. These themes are based on the unique setting and context for MSW practice in the Wichita area. The four themes are cultural competency, social justice, empowerment, and multidimensional practice.

**Cultural Competency**

Data concerning population trends in Wichita, Sedgwick County and surrounding counties support an advanced generalist curriculum that prepares social workers to provide culturally competent services and develop and evaluate programs that are inclusive and seek to remove cultural barriers to service delivery. A curriculum that incorporates cultural competency will not only provide students with basic knowledge on different racial and ethnic groups but will develop students’ ability to think critically about diversity in social work assessment and practice.
Cultural competency includes the acquisition of the awareness, knowledge, sensitivity and practice skills necessary to effectively understand and address the cultural/racial/ethnic worldviews, strengths, issues, and needs of minority populations. The ultimate goal in the development of cultural competency is to actively utilize the appropriate practice methods that foster the outcome of greater development of cultural/racial/ethnic identity and cultural/racial/ethnic empowerment.

**Social Justice**

Within the Wichita metropolitan area, ethnic and racial minorities, the poor, the elderly, and the young are the most vulnerable to experiencing difficulties arising out of economic and social change. To be just means to treat all people fairly. In its most basic meaning, pursuing social justice means to advocate for equal rights, opportunities, protection and treatment for all people. Additionally, social workers who pursue social justice can identify unfair laws and policies that affect their clients and work to have these laws and policies changed. In order to be meaningful, social justice must apply to a wide range of social and economic circumstances, since legal justice has little meaning if not supported by more substantive forms of equality.

The MSW program focuses on social justice as one of its four themes. Students learn that social justice is a part of every social work interaction. As part of this emphasis, the curriculum seeks to develop skills in both community development and in effecting social change through the political process.

**Empowerment**

As in many urban environments, there is an unequal distribution of goods and services within the Wichita community, and discrimination and oppression may contribute to these inequalities.

Empowerment is defined as the process and goal of increasing personal, interpersonal, and political power so that people can take action to improve their life situations. As a curriculum theme, empowerment is linked to four basic processes:

1. Analysis of the social arrangements/institutional structures that create and sustain power inequalities which lead to relative advantage and disadvantage for certain groups in our society.
2. Understanding of the dynamics of oppression and discrimination that work to disempower people by limiting choices and confining people to low status and devalued social positions.
3. Increasing personal and group power through building on individual and group strengths and facilitating efficacy-enhancing skills, knowledge, and experiences.
4. Utilizing empowerment-oriented techniques and values in practice, including a participatory/collaborative worker/client relationship with shared power, active involvement of clients in the change process, raising awareness of structural inequalities and their relation to individual problems, advocacy and mobilization of resources, and a professional commitment to efforts to create a more just and equitable society.
**Multidimensional Practice**

Social service delivery systems in the Wichita metropolitan area are a complex web of public, nonprofit and for-profit agencies. Agency structure, which includes its purpose, scope, size, and type of clients served, is constantly changing. Further, with the onset of privatization in the state, agency boundaries are not always clear. Social workers are serving on teams in which both public and private agencies are represented. Most agency funding comes from a variety of private and public sources. Over the past ten years, local agencies have experienced changes in the type and scope of services provided and in the clients they served. These agencies are undergoing changes due to external and internal factors and these changes have contributed to the increasing complexity of agency services and clients served.

The multi-dimensional framework draws upon chaos and complexity theory to develop a practice model that more accurately reflects the dynamic complexity of social work practice.

The multi-dimensional perspective suggests that change and human interactions both occur and affect several levels and dimensions simultaneously. Within an individual, the dimensions consist of the multiple levels of development, including biological, social, psychological, and spiritual development. As individuals interact with their environment, multiple dimensions include the variety of levels of social organization, such as family, groups, and organizations. Rather than being either/or and linear, a multidimensional perspective suggests a both/and, nonlinear approach to understanding human interactions.

**Theoretical Foundations for Specialized Practice**

Following is a list of theories incorporated into the MSW curriculum, organized by program theme, to provide information on some of the theoretical underpinnings of the curriculum. Though several of the identified theories are relevant for more than one theme, theories are listed under the theme in which they are most closely associated. Other theories and perspectives are incorporated into the curriculum, but only those most salient to the program’s themes are listed. Students learn many of these theories during the generalist year. During the specialized year, these theories are applied to the advanced generalist area of specialized practice. Students will look for common elements among theories and assess the extent to which theoretical perspectives are compatible with the advanced generalist area of specialized practice, including the themes of cultural competency, empowerment and social justice.

**The Advanced Generalist Area of Specialized Practice**

All advanced generalist practitioners are skilled in both direct and indirect practice, approach practice from an eclectic but disciplined stance, and can engage in both research and practice evaluation. The advanced generalist area of specialized practice at Wichita State University builds on this common understanding of advanced generalist practice and the school’s four themes of **social justice**, **cultural competency**, **multidimensional practice** and **empowerment**, to develop the school’s advanced generalist area of specialized practice. This area consists of the values and multiple roles the practitioner brings to each intervention. These core values and roles serve to integrate the practitioner’s understanding of practice within a multi-dimensional framework. This framework is used, rather than a micro or macro approach to practice, with the assumption that human events can best be understood in a multidimensional context. Regardless of their position, practice setting, or client, advance generalist practitioners must be prepared to bring direct and indirect practice skills to bear in each intervention. The complexities and ever-changing practice environment require that practitioners also be able to supervise and administer. In like manner, supervisors and administrators must be able to problem solve with individuals. In addition to assessment and intervention skills, practice with individuals requires an ability to advocate, access resources, and evaluate practice, all of which are indirect competencies. When the client is an organization, direct practice skills may include lobbying and collaborating on inter-organizational teams. Indirect practice skills include program development, policy analysis and research.

School of Social Work  
Master of Social Work Course of Study

Regular Program (63 Credits)  
(See reverse side for Advanced Standing Program)

The School of Social Work offers the Regular Program of study for applicants not having a baccalaureate degree in Social Work from a BSW program that is accredited by the Council on Social Work Education.

The Regular Program requires 63 total credit hours of course work which includes 38 credits hours of core courses, 9 credit hours of elective courses and 16 credit hours of practicum.

The Thesis option requires the normal 63 credit hours of course work, including 3 credit hours of Thesis (SCWK 800). Thesis hours may count for 3 of the required 9 elective hours. (See paragraph on Thesis Option in Graduate Catalog.)

APPENDIX III – Student Code of Conduct

From the WSU Policies and Procedures Manual:

8.05 / Student Code of Conduct

1. Purpose

The Student Code of Conduct outlines University behavior expectations for students, student groups, and student organizations. This policy aligns with Wichita State University’s institutional values and helps the University meet its legal obligations.

2. Policy Statement

By choosing to become a member of the University community, students are expected to demonstrate respect for themselves and others and to conduct themselves in a manner that is consistent with the Kansas Board of Regents’ and Wichita State University rules and policies; federal, state, and local laws; and city ordinances. When choosing to become a part of the University community, the student must consider whether they will be able to adhere to the Student Code of Conduct Handbook. Being a member of the Wichita State University community is a privilege, and the student conduct process will determine if a student’s conduct warrants that they should no longer share in that privilege.

This policy applies to behavior conducted online, via e-mail or through other electronic mediums. Wichita State University does not regularly search for this information but may take action if such information is brought to the attention of University officials.

It is a violation of the Student Code of Conduct for any student, student group, or student organization to engage in behavior that aids, attempts, assists, promotes, condones, encourages, requires, conceals, or facilitates any act prohibited by the Student of Conduct Handbook. Allowing, permitting, or providing an opportunity for a visitor to violate University policy is also prohibited. Lack of familiarity with University policy, intoxication or impairment from alcohol, drugs, or other substances, or an individual’s disability is not an excuse or a defense to a violation of the Student Code of Conduct. Unless specifically noted in the policy definition, intent is not a required element to establish a policy violation.

A full listing of all University prohibited conduct, student conduct procedures, and outcomes can be found in the Student Code of Conduct Handbook.

3. Definitions

For the purpose of this policy only*, the following definitions shall apply:

A. Member of the University Community – any student, faculty, staff member, or other person employed by the University or its affiliates or an individual who is participating in a University-sponsored program or activity.

B. Student – any individual who has been notified of admission to the University; is enrolled in, auditing, or participating in any University course or program; or has a continuing relationship with the University. An individual is considered a student until they notify the University they are no longer a student or the University informs them that they are no longer a student. An individual who has been suspended is still considered a student during the suspension period. Students who leave the University...
before a conduct complaint is resolved may be prohibited from future enrollment and/or accessing University records until the matter is resolved.

C. **Student Code of Conduct Handbook** – refers to the all policies and procedures related to student behavior and expectations.

D. **Student Group** – any number of persons who are associated with the University and each other, but who have not registered, or are not required to register, as a student organization that conducts business or participates in University-related activities. Student groups include, but are not limited to, Student Government Association, Student Activities Council, musical or theatrical ensembles, sport clubs, the University newspaper, or intercollegiate or independent varsity athletic teams.

E. **Student Organization** – any student-led organization that has been approved and is recognized by the Student Government Association.

F. **University** – Wichita State University (WSU) and its affiliates.

G. **University Policy** – any written guidelines of the University or the Kansas Board of Regents as found in, but not limited to, the Kansas Board of Regents Policy Manual, WSU Policies and Procedures Manual, Housing and Residence Life Handbook, ICAA Manual, Graduate/Undergraduate Catalogs, Student Organization & Advisor Handbook, Library Facilities Policy, Traffic Regulations, and/or Intramural Sports Handbook.

4. **Administrative Procedures**

   A full listing of the Student Code of Conduct administrative procedures can be found in the **Student Code of Conduct Handbook**.

5. **Related Policies**

   The [Policy and Procedures Manual](#) at Wichita State University, all other University policies, and any Federal and State Laws apply under the Student Code of Conduct. More details on specific Policies, Procedures, and Laws that apply to the Student Code of Conduct can be found in the **Student Code of Conduct Handbook**.

From the WSU Policies and Procedures Manual:

**Student Code of Conduct Handbook (effective 9-9-19)**

1. **Purpose**

   The Student Code of Conduct Handbook outlines how the University will proceed once it is made aware of allegations of misconduct by a student, student group, or student organization. The Handbook also serves as a companion document to 8.05/Student Code of Conduct. The student conduct process is administered by the Student Conduct & Community Standards (SCCS) office. The student conduct process is designed to investigate and resolve alleged student misconduct violations in a prompt, thorough, reliable, fair, and impartial manner.

2. **Philosophy**

   Wichita State University is a living, learning, and working community dedicated to the personal and academic growth of its students and serves as an educational, cultural, and
economic driver for Kansas and the greater public good. The University also endeavors to provide students with the necessary tools to engage in effective communication and to resolve conflicts in an appropriate manner.

Freedom of inquiry and freedom of expression are valued as critical components in the generation and transfer of knowledge to advance the University’s mission. The Handbook is designed for the promotion and protection of an environment that encourages reasoned discourse, integrity, intellectual honesty, openness to constructive change, and respect for the rights and responsibilities of all individuals.

By choosing to become a member of the University community, students are expected to demonstrate respect for themselves and others and to conduct themselves in a manner that is consistent with the Kansas Board of Regents’ and Wichita State University rules and policies; federal, state, and local laws; and city ordinances. When choosing to become a part of the University community, the student must consider whether they will be able to adhere to the Handbook. Being a member of the Wichita State University community is a privilege, and the student conduct process will determine if a student’s conduct warrants that they should no longer share in that privilege.

3. **Jurisdiction**
   
   A. **Application**
   
   This policy applies to behavior that is committed:
   
   1. by a University student, student group, or student organization;
   
   2. by an applicant who becomes a student, for alleged violation(s) committed as part of the application process; or
   
   3. by an individual who has transferred, graduated, been academically disqualified, or expelled from the University, for alleged violation(s) committed prior to separation from the University.

   B. **Location and Manner**

   Behaviors subject to review under this policy include those which occur:

   1. On University property; or

   2. Off campus, if:

   a. in connection with a University or University-recognized program or activity;

   b. in connection with any academic assignment, internship, co-op, practicum, field experience or trip, clinical experience, student teaching, research, or other academic activity;

   c. in connection with any activity sponsored, conducted, or authorized by, or affiliated with, any student group or organization;

   d. involving a crime of violence (as defined by 18 U.S. Code §16);

   i. an offense that has as an element of the use, attempted use, or threatened use of physical force against the person or property of another, or
ii. it is a felony and that, by its nature, involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense.

e. involving the manufacture, sale, or distribution of illegal drugs or controlled substances; and/or

f. in a manner that may pose an ongoing, obvious, and/or serious threat of harm to, or that may have the effect of creating a hostile living, learning, or working environment for, any member(s) of the University community or their property.

The Handbook applies to behavior conducted online, via e-mail or through other electronic mediums. Wichita State University does not regularly search for this information but may take action if such information is brought to the attention of University officials.

Alleged violations of sexual misconduct, relationship violence, or stalking that occur in connection with an alleged violation of this policy will be resolved through the procedures prescribed in Section 8.16/Sexual Misconduct, Relationship Violence, and Stalking Policy for Students.

4. Definitions

- Advisor – an individual selected by a Complainant or Respondent to assist the Complainant or Respondent throughout the University process including, but not limited to, a parent, friend, faculty member, advocate, or legal counsel. An advisor may advise and assist the Complainant or Respondent in preparation for any meetings, interviews, or hearings that may occur; accompany the Complainant or Respondent through all student conduct process meetings, interviews, or hearings; or assist the Complainant or Respondent in preparing an appeal. An advisor may not participate in the student conduct process in any other capacity in reference to the same incident, including, but not limited to, serving as a Witness, Co-Complainant, or Co-Respondent. Advisors may not directly participate, speak, comment, or make any type of representation or argument on behalf of a Complainant or Respondent in any aspect of the student conduct process including, but not limited to: meetings, interviews, or hearings. The availability of an Advisor to attend a student conduct process meeting, interview, or hearing shall not unreasonably interfere with or delay the proceedings.

- Appellate Body – a University employee or group who has the authority to review appeal requests in accordance with the prescribed University procedures as detailed in the Handbook. Typically the appellate body is made up of both students and university staff members.

- Associate Dean – refers to the Associate Dean of Students. The Associate Dean serves as the chief student conduct administrator.

- Complainant – individual, group, or organization who was subject to alleged misconduct as described in any University policy. There may be more than one complainant for an incident.

- Conduct Administrator – the Associate Dean, or their designee, authorized to address a student, student group, or student organization’s concerns and/or behavior,
investigate, conduct a hearing, and assign sanctions to Respondents if found in violation of the Handbook.

- The Family Educational Rights and Privacy Act (FERPA) – a federal law that, among other things, defines student educational records and regulates who may access those records and under what circumstances. The purpose of FERPA is to protect the privacy of student education records. FERPA applies to individuals and not to student groups or student organizations so long as an individual’s personally identifiable information is not included in such student group or student organization records.

- Hearing – refers to either an Administrative Hearing and/or a Student Conduct Hearing Board Hearing.

- Hearing Board Advisor – a staff member from Student Conduct & Community Standards designated to advise members of the Student Conduct Hearing Board during a hearing to ensure that policies and procedures are appropriately followed and that the hearing is prompt, fair, and impartial.

- Instructor - any member of the University community who has responsibility for classroom or other instructional activities, mentoring, or academic evaluation of a student. This includes, but is not limited to, faculty members, instructors, lecturers, researchers, teaching assistants, research assistants, graduate assistants, lab assistants, course directors, and undergraduate teaching assistants.

- Member of the University Community – any student, faculty, staff member, or other person employed by the University or its affiliates or an individual who is participating in a University-sponsored program or activity.

- Respondent – any student, student group, or student organization who has been reported for allegedly violating University policy. There may be more than one respondent for an incident. In incidents involving student groups or organizations, the president, director, team captain, or other member of student leadership will participate in the student conduct process on behalf of the group or organization. Student groups and organizations may not be represented by non-students, alumni, inactive members, or coaches in the student conduct process; however, such individuals may be selected by a student group or organization to serve in the role of Advisor in the student conduct process.

- Reporter – any individual or group who reports alleged policy violations, and who is not otherwise defined by this policy as a Complainant, Witness, or Respondent.

- Staff Member – any individual who is employed as an unclassified or university support staff member, student employee, or who is employed by a University-affiliate.

- Student – any individual who has been notified of admission to the University; is enrolled in, auditing, or participating in any University course or program; or has a continuing relationship with the University. An individual is considered a student until they notify the University they are no longer a student or the University informs them that they are no longer a student. An individual who has been suspended is still
considered a student during the suspension period. Students who leave the University before a conduct complaint is resolved may be prohibited from future enrollment and/or accessing University records until the matter is resolved.

- **Student Code of Conduct** – refers to section 8.05/Student Code of Conduct in the WSU Policy and Procedures Manual.

- **Student Code of Conduct Handbook** – refers to the all policies and procedures related to section 8.05/Student Code of Conduct.

- **Student Group** – any number of persons who are associated with the University and each other, but who have not registered, or are not required to register, as a student organization that conducts business or participates in University-related activities. Student groups include, but are not limited to, Student Government Association, Student Activities Council, musical or theatrical ensembles, sport clubs, the University newspaper, or intercollegiate or independent varsity athletic teams.

- **Student Organization** – any student-led organization that has been approved and is recognized by the Student Government Association.

- **University** – Wichita State University (WSU) and its affiliates.

- **University Business Day** – refers to any day the University is open for official business (usually Monday through Friday, not including University breaks or holidays).

- **University Official** – any individual employed by the University, acting within the scope of their employment including, but not limited to, faculty, staff, Resident Assistants, Peer Academic Leaders, Intramural Officials, law enforcement officers, or facility managers.

- **University Policy** – any written guidelines of the University or the Kansas Board of Regents as found in, but not limited to, the Kansas Board of Regents Policy Manual, WSU Policies and Procedures Manual, Housing and Residence Life Handbook, ICAA Manual, Graduate/Undergraduate Catalogs, Student Organization & Advisor Handbook, Library Facilities Policy, Traffic Regulations, and/or Intramural Sports Handbook.

- **University Premises** – any land, building, facilities, vehicles, and other property in the possession of, owned, used, leased, or otherwise controlled by the University and/or its affiliates.

- **Visitor** – refers to any person with an affiliation to Wichita State University who does not meet the definition of a student or employee and is involved in an incident.

- **Witness** – individual who is requested to participate in an investigation or a hearing because that individual may have information about the alleged misconduct. Witness names may be provided by the Complainant, Respondent, or others with knowledge of the matter.

5. **Complainant and Respondent Expectations**

The following outlines what complainants and respondents should expect as they engage in the student conduct process.
A. All students, student groups, and student organizations will be entitled to the same rights in all investigations and resolution processes relating to reports of alleged violations of the Student Code of Conduct.

B. All students, student groups, and student organizations will be presumed not to have violated the Student Code of Conduct unless it is proven that it is more likely than not that a violation has occurred.

C. All students, student groups, and student organizations will be advised of their rights, in writing, during their first meeting with the Associate Dean, or designee.

D. All students, student groups, and student organizations have the right to:
   1. Be notified of the alleged violation(s) of University policy;
   2. Be provided advanced notice of all meetings in which they are requested or entitled to participate and be notified of the purpose of those meetings;
   3. Be accompanied by an Advisor of the student’s, student group’s, or student organization’s choice throughout the investigation and resolution process;
   4. Request reasonable accommodations from the Office of Disability Services or the Office of Human Resources (for employees) in order to ensure full and equitable participation in the investigation and resolution process;
   5. Be informed of the available resolution options;
   6. Be informed of campus and community resources available for support and assistance;
   7. Submit information, including the names of witnesses, for consideration in the investigation;
   8. Be informed of all parties contacted to participate in the investigation and their relation to the alleged misconduct;
   9. Review, after any required redaction, all information to be considered in determining the outcome of the case upon request by scheduling an appointment with the Associate Dean or designee;
   10. May provide a statement or respond to questions during the investigation and resolution process;
   11. Submit a written impact statement to be considered before an outcome is reached;
   12. Request that the Associate Vice President for Student Affairs and Dean of Students consider removing the individual responsible for investigating or resolving an alleged violation from a case on the basis of actual or perceived bias; and
   13. Request one appeal within the University’s process.

E. Any student, student group, or student organization may elect to waive any of the aforementioned expectations so long as the waiver is communicated in writing.
6. **Prohibited Conduct**

As members of the University community all students, student groups, and student organizations are expected to display respect for the rights of themselves and others and to be accountable for their behavior choices.

It is a violation of the Student Code of Conduct for any student, student group, or student organization to engage in behavior that aids, attempts, assists, promotes, condones, encourages, requires, conceals, or facilitates any act prohibited by this Handbook. Allowing, permitting, or providing an opportunity for a visitor to violate University policy is also prohibited. Lack of familiarity with University policy, intoxication or impairment from alcohol, drugs, or other substances, or an individual’s disability is not an excuse or a defense to a violation of the Student Code of Conduct. Unless specifically noted in the policy definition, intent is not a required element to establish a policy violation. The Office of Student Conduct & Community Standards will take the legitimacy of an individual’s explanation into consideration in the determination of appropriate sanctioning.

Prohibited conduct that is committed involving a protected class (i.e. race, religion, age, sex, disability status, etc.) which includes, but is not limited to, forms of harm and endangerment, physical violence, or harassment will, depending on the circumstance, be investigated and resolved under [3.47/Discrimination Review Procedures for Students, Employees and Visitors](#) or [8.16/Sexual Misconduct, Relationship Violence, and Stalking Policy for Students](#). There may be additional allegations of misconduct claimed at the same time that will be resolved by the Student Conduct process outlined in the Handbook.

Violations of the Student Code of Conduct may also result in further review and/or investigation under other policies at Wichita State University. Some examples of these policies include, but are not limited to, [3.06/Sexual Misconduct, Sexual Harassment, Relationship Violence and Stalking Policy for Employees and Visitors](#), [3.19/Prohibition of Retaliation](#), [3.47/Discrimination Review Procedures for Students, Employees and Visitors](#), and [8.16/Sexual Misconduct, Relationship Violence, and Stalking Policy for Students](#).

The following list describes actions that detract from the effectiveness of the University community and are prohibited, but does not include constitutionally protected activity:

A. **Academic Integrity**

   Engaging in prohibited conduct as described by [Section 2.17/Student Academic Honesty](#).

B. **Alcohol, Drugs, & Other Substances**

   1. Underage Possession and/or Consumption of Alcohol – underage possession and/or consumption of alcohol.

   2. Unauthorized Possession and/or Consumption of Alcohol – possession and/or consumption of alcohol except as expressly permitted by law and University policy.

   3. Unauthorized and/or Unlawful Distribution, Sale, and/or Service of Alcohol – engaging in the distribution, sale, and/or service of alcohol, regardless of age, except as expressly permitted by law and University policy.
4. Possession of Common Source Container(s) – possessing common source alcoholic beverage container(s) including, but not limited to, kegs, mini-kegs, coolers, beer balls, trashcans, and tubs.

5. Social Host – permitting any individual or group to consume alcohol in a space owned, occupied, or controlled by the host, except as expressly permitted by law and University policy.

6. Excessive and/or Rapid Consumption – engaging in any behavior which encourages, facilitates, or constitutes excessive and/or rapid alcohol consumption including, but not limited to, keg stands, alcohol luges, beer bongs, beer/water pong, and other drinking games.

7. Manufacturing and/or Producing Alcohol – engaging in the manufacture or production of any alcoholic beverage including, but not limited to, cereal malt beverage (beer), wine, moonshine, and liquor except as expressly permitted by law and University policy.

8. Open Container – possession of an open alcohol container in or on a vehicle (e.g. automobile, motorcycle, bicycle, skateboard, scooter, Segway, hover board, tractor, etc.), in open spaces, or public except as expressly permitted by law and University policy.

9. Unauthorized Possession, Use, and/or Misuse of Drugs and/or Other Substances – unauthorized possession, use, and/or misuse of drugs and/or other substances which may alter a student’s mental state or impair a student’s behavior including, but not limited to, marijuana and marijuana byproducts, cocaine, heroin, lysergic acid (LSD), MDMA, steroids, amphetamines, prescription medication, and/or over the counter medication.

10. Unauthorized Possession and/or Use of Drug Paraphernalia – engaging in the possession and/or use of drug paraphernalia (i.e. any equipment, product, or material that is for making, using, or concealing drugs and/or other substances) including, but not limited to, pipe(s), bong(s), grinder(s), rolling paper(s), or a scale.

11. Unauthorized Manufacture, Sale, and/or Distribution of Drugs and/or Other Substances – engaging in the unauthorized manufacture, sale, and/or distribution of drugs and/or other substances which may alter a student’s mental state or impair a student’s behavior including, but not limited to, marijuana, cocaine, heroin, lysergic acid (LSD), MDMA, steroids, amphetamines, prescription medication, and/or over the counter medication.

12. Driving While Impaired – control or operation of a vehicle (e.g. automobile, motorcycle, bicycle, skateboard, scooter, Segway, hover board, tractor, etc.) while impaired by alcohol, drugs, or another substance.

13. Public Intoxication – being impaired by alcohol or another substance to the point where one’s behavior adversely affects, or could affect, the regular operations of members of the University community.
C. Damage and/or Destruction of Property

Engaging in the intentional, reckless, and/or unauthorized defacement, damage, or destruction of University property or the property of another.

D. Disruptive Behavior

1. Failure to Comply – failure to comply with the reasonable directive or request (including appearing for meetings or student conduct hearings) of a University official, law enforcement officer, emergency responder, or any protective order including, but not limited to, Protection from Abuse or Stalking Orders, No Contact Orders, No Trespass Notices, building or campus ban/restriction, or removal from campus housing facilities.

2. Interference with a University Process or Procedure – behavior that disrupts, disturbs, impairs, interferes with, or obstructs the orderly conduct, processes, and functions of the University or the rights of other members of the University community.

3. Academic Environment Disruption – behavior that disrupts, disturbs, impairs, or interferes with the orderly conduct, processes, and functions within a classroom, laboratory, or other academic environment. This includes interfering with the academic mission of the University, interfering with other students’ ability to benefit from the educational program, or interfering with a faculty member’s ability to carry out the normal educational functions of any academic environment.

4. University Event Disruption – behavior that disrupts, disturbs, impairs, or interferes with the orderly conduct and processes involved in a University event. University events include, but are not limited to, meetings, concerts, speakers, film screenings, theatre or musical performances, Convocation, and Commencement.

5. Disruptive Behavior – behavior that the person knows or should have known will disturb, alarm, anger, or provoke others or constitutes a breach of the peace, including, but not limited to, unauthorized or unlawful assembly, or engaging in public fighting.

E. Fire and General Safety

1. Breaking the Plane – throwing, dropping, or releasing any object or substance out or off of a University building or vehicle without express authorization by a University official. This includes, but is not limited to, balconies, railings, roofs, or windows.

2. Failure to Follow Emergency Procedures – failure to follow emergency procedures during an actual emergency or drill including, but not limited to, evacuating during a fire emergency or drill, failure to move to the designated shelter during a tornado emergency or drill, or failure to notify the University of a fire explosion, chemical spill, or other safety hazard.

3. Falsely Reporting an Emergency – making a false report regarding an emergency including, but not limited to, a bomb threat, a fire, or other emergency.
4. Fire, Explosion, or Other Safety Hazard – intentionally or recklessly causing a fire, explosion, blocking emergency exits, or other safety hazards.

5. Fireworks, Hazardous Chemicals, or Explosives – unauthorized possession of or use of fireworks, hazardous chemicals, or explosives.

6. Misuse of Emergency Equipment – tampering with, damaging, disabling, interfering with, or misusing emergency equipment including, but not limited to, fire alarms, fire doors, fire extinguishers, fire sprinklers, fire hoses, the Shocker Alert system, or an emergency call box.

F. Harm and Endangerment

1. Physical Violence – engaging in behavior that intentionally or recklessly causes physical harm including, but not limited to, scratching, biting, pulling, throwing objects, pushing, shoving, punching, slapping, spitting, pinching, kicking, or holding another against their will.

2. Threats – engaging in behavior, written or verbal, that causes a reasonable expectation of injury to the health, safety, or well-being of any individual, student group, or student organization; or damage to property. This behavior includes implied threats or acts that cause another individual a reasonable fear of harm. Threats may occur via written, electronic, verbal, or any other form of communication.

3. Harassment – engaging in behavior that is severe, pervasive, or persistent to a degree that it interferes with a reasonable person’s ability to work, learn, live, participate in, or benefit from the services, activities, or privileges provided by the University. Harassment may occur via written, electronic, verbal, or any other form of communication; or through physical presence; and includes, but is not limited to, bullying, cyberbullying, intimidation, or coercion.

4. Endangerment – engaging in behavior that endangers the health, safety, or well-being of any individual, student group, or student organization by posing a risk of physical or emotional harm and/or creating hazardous conditions.

5. Harm or Endangerment of Animals – engaging in behavior that threatens or endangers the health or safety of any animal except as permitted by law or University policy.

G. Hazing

Any act or action which has the potential to endanger the mental or physical health or safety of any individual as it relates to an individual’s initiation, admission into, or affiliation with any student group or organization. It is not necessary that a person’s initiation or continued membership is contingent upon participation in the activity, or that the activity was sanctioned or approved by the student group or organization, for a charge of hazing to be upheld. It shall not constitute an excuse or defense to the charge of hazing that the participants took part voluntarily, gave consent to the conduct, voluntarily assumed the risks or hardship of the activity, or that no injury was suffered or sustained. The actions of alumni, active, new, and/or prospective members of a student group or organization may be considered hazing. Hazing is not confined to the
student group or organization with which the individual subjected to the hazing is associated. Allegations of hazing are considered under the reasonable person standard. Hazing includes:

1. acts that endanger the physical health or safety of an individual including, but not limited to, whipping; beating; paddling; caning; forced calisthenics; forced consumption of alcohol, drugs, food, or any other substances; exposure to the elements; sleep deprivation; kidnapping; abandonment; forced or coerced poor hygiene; or mutilation or alteration of parts of the body;

2. acts that endanger the mental health or safety of an individual including, but not limited to, personal servitude; forced or coerced exclusion from social contact; forced or coerced wearing of apparel which is conspicuous, out of character, and/or inappropriate; line-ups and berating; morally degrading behavior; or conduct that demeans, disgraces, degrades, humiliates, or embarrasses an individual;

3. acts that interfere with an individual’s academic attendance or performance or other obligations including, but not limited to, religious or employment responsibilities; and/or

4. acts that explicitly or implicitly encourage or require participation in activities that would constitute a violation of law or University policy.

H. Keys/Unauthorized Entry

1. Unauthorized Entry – engaging in the misuse of access privileges or unauthorized access or entry to any property, building, vehicle, structure, or facility.

2. Unauthorized Keys – engaging in the unauthorized possession, duplication, or use of keys or access cards or codes for any property, building, vehicle, structure, or facility.

I. Misrepresentation

1. False or Misleading Information – providing false or misleading information to a University official or law enforcement officer, or purposefully omitting facts which are material to the purpose for which the information is provided.

2. Falsification – forging, altering, or misusing any University document, record, account, computer account, or instrument of identification.

3. Misrepresenting Self, the University, or Another – acting as an agent of the University or other individuals without authorization.

J. Misuse of Computers and/or Communication Technology

1. Misuse of Computers or other Technology – engaging in unauthorized access, use, modification, destruction, disclosure, or taking of data, programs, or supporting documentation maintained by a Wichita State University or WSU-affiliate computer, computer system, account, computer network, phone, tablet, or causing an authorized user to be denied system, computer, account, or network access.
2. Misuse of Communication Technology – using communication technology to interrupt the normal operations of any individual, group, organization, or the University, including, but not limited to persistent contact with a University employee or other entity via communication technology.

3. Unacceptable Use – violation of Section 19.01/Acceptable Use and/or Section 19.05/University Information Technology Resources and Email or any other policy referenced therein.

4. Violation of Copyright Law – engaging in unauthorized use or possession of copyrighted material including, but not limited to; downloading, distributing, or facilitating others to be able to access copyrighted music, films, software, or other materials; unauthorized use of copyrighted graphics, logos, or names; or any other violation of Copyright Law.

K. Relationship Violence

Engaging in relationship violence as described by Section 8.16/Sexual Misconduct, Relationship Violence, and Stalking Policy for Students. Any alleged violation of this policy will be directed to the Office of Institutional Equity and Compliance.

L. Retaliation

Engaging in, or causing another to engage in, an adverse action or threat of an adverse action against any individual or group involved in the complaint, investigation, and/or resolution of an allegation of a violation of University policy; including any individual who attempts to intervene or prevent behavior prohibited by this policy. Retaliation can be committed by an individual or group of individuals, not just a Complainant or Respondent. Retaliation can take many forms including threats, intimidation, pressuring, continued harassment, violence, or other forms of harm to others.

M. Sexual Misconduct

Engaging in sexual misconduct as described by Section 8.16/Sexual Misconduct, Relationship Violence, and Stalking Policy for Students. Any alleged violation of this policy will be directed to the Office of Institutional Equity and Compliance.

N. Solicitation

Engaging in unauthorized canvassing or solicitation including, but not limited to, sending advertisements or recruitment materials via Blackboard, listservs, or other forms of communication not intended for canvassing or solicitation; placing flyers under and/or on doors in University facilities or on vehicles.

O. Stalking

Engaging in stalking as described by Section 8.16/Sexual Misconduct, Relationship Violence, and Stalking Policy for Students. Any alleged violation of this policy will be directed to the Office of Institutional Equity and Compliance.

P. Theft

Engaging in the taking, misappropriation, or possession of University property or the property of another including anything of value, goods, services, funds, and/or other
valuables or possession of property that can be reasonably determined to have been stolen.

Q. Tobacco Use and Smoking

Engaging in the use of any tobacco product or device including, but not limited to, cigarettes, cigars, e-cigarettes, vaping, hookah, or chewing tobacco within University property or vehicles as defined by Section 11.11/Tobacco Free Campus.

R. Unauthorized and/or Unlawful Gambling

Conducting, organizing, or participating in any gambling activity except as expressly permitted by law and University policy.

S. Unpiloted Aerial Systems

Engaging in the unauthorized use of any unpiloted aerial system on University premises or at University-related activities except as expressly permitted by law and University policy. Authorization for use of an unpiloted aerial system must be obtained from the University Police Department.

T. Violation of Law or University Policy

1. Violation of Law – behavior that would constitute a violation of any federal, state, and/or local law; city or county ordinance; or when in another state or country, the laws of that state or country.

2. Violation of University Policy – behavior that would constitute a violation of any Wichita State University policy, rule, or regulation including, but not limited to, those found in the Housing and Residence Life Handbook, Graduate/Undergraduate Catalogs, Student Organization & Advisor Handbook, WSU Policies and Procedures Manual, ICAA Manual, Library Facilities Policy, Board of Regents policies, Traffic Regulations, and/or Intramural Sports Handbook.

U. Weapons

Engaging in the possession, use, sale, distribution, or display of any firearm, replica firearm, ammunition, weapon, replica weapon, or similar device unless expressly permitted by law and/or University policy. This includes the use of any object or material to cause or threaten physical harm. For a listing of prohibited weapons refer to Section 11.19/Prohibiting Weapons on University Property.

7. Responsible Action Protocol

The health and safety of members of the University community and their visitors is one of Wichita State University’s top priorities. The University recognizes a student’s concern for potential disciplinary action related to use or possession of alcohol, drugs, and/or other substances may hinder their actions in response to a medical emergency. In order to alleviate those concerns and ensure that students and their visitors receive prompt medical attention, the University has adopted a Responsible Action Protocol.

A. Students are urged to contact emergency officials by calling the University Police Department at (316) 978-3450 or 911 to report the incident, to remain with the
individual(s) needing emergency treatment and cooperate with emergency officials, so long as it is safe to do so, and to meet with appropriate University officials after the incident and cooperate with any University investigation.

B. Students who seek emergency medical attention for themselves or others related to the consumption of alcohol, drugs, or other substances will not face disciplinary action for their personal use provided that the student completes any educational program or activity assigned by the Associate Dean or designee; however, this protocol does not provide protection for disciplinary action for other potential policy violations (e.g. damage and/or destruction of property, failure to comply, physical violence, sexual misconduct, etc.).

C. Student groups or student organizations who seek emergency medical attention for their members or guests related to the consumption of alcohol, drugs, or other substances will not face disciplinary actions for incidents involving alcohol, drugs, or other substances provided that the group or organization followed the event and risk management procedures outlined in the Student Organization & Advisor Handbook, and provided the group or organization completes any educational program or activity assigned by the Associate Dean or designee; however, this protocol does not provide protection for disciplinary action for other potential policy violations (e.g. damage and/or destruction of property, failure to comply, hazing, physical violence, sexual misconduct, etc.).

D. This protection applies only to those students, student groups, and student organization who seek emergency medical assistance in connection with an alcohol, drug, or other substance-related medical emergency and does not apply to individuals experiencing an alcohol, drug, or other substance-related medical emergency who are found by University officials.

E. The Responsible Action Protocol is not intended to shield or protect students, student groups, or student organizations that repeatedly violate University policy. In cases, where repeated policy violations occur, the University reserves the right to take disciplinary action on a case-by-case basis regardless of how the incident was reported. Additionally, the University reserves the right to initiate the student conduct process in cases in which the violation(s) are egregious.

F. This protocol only provides amnesty from violations of WSU policy. It does not grant amnesty for criminal, civil, or other legal consequences for violations of federal, state, or local laws or ordinances.

G. The Associate Dean or designee will make a determination regarding eligibility for amnesty under the Responsible Action Protocol during the initial review or investigation.

8. Responsibilities of Students, Student Groups, and Student Organizations

All students, student groups, student organizations, and witnesses who are members of the University community have the following responsibilities relating to all investigations and resolution processes related to reports of alleged violations of the Student Code of Conduct:
A. Honesty

All participants are expected to be honest and forthright in all communication relating to the investigation and resolution of allegations of misconduct. Providing false or misleading information is a violation of University policy and may result in additional allegations of misconduct under the Handbook or other applicable University policy.

B. Communication & Responsiveness

The University uses @shockers.wichita.edu e-mail addresses as its formal means of communication with students and @wichita.edu for employees. Communication regarding an investigation and/or resolution process is deemed given when sent to an official @shockers.wichita.edu e-mail address. Students and employees are responsible for checking their University e-mail and responding to all requests for information or other responses within a timely manner. Failure to respond or appear by a given deadline may result in the process proceeding in an individual’s absence. Decisions will be made on the information that is available at the time the decision is made.

C. Preparation

All Complainants, Respondents, and Witnesses are responsible for adequately preparing themselves for investigation and resolution meetings, including reviewing applicable University policies and procedures. Students, student groups, and student organizations are also responsible for ensuring that their advisor is familiar with the appropriate policies and procedures. Failure to adequately prepare for a scheduled meeting will not be reason for delaying the meeting or other proceedings.

D. Adhere to Process

Individuals, student groups, and student organizations are to refrain from disrupting the orderly process of the investigation and resolution process for alleged violations of University policy. No individual, student group, or student organization involved in the process other than the investigator, Conduct Administrator, or hearing board chairperson may audio or video record any investigation or resolution meetings or other portions of the process. Any individual, student group, or student organization deemed to be disruptive may be removed from a meeting and/or charged with violating the Student Code of Conduct.

E. Organization Responsibility Guidelines

Student Organizations are expected to comply with all University policies, including the Student Code of Conduct and all additional policies pertaining to Student Organizations. Student Organizations should act in a manner that promotes and upholds the standards of Wichita State University. Isolated violations of individuals are generally not chargeable to the Organization. When evidence of group conduct exists, however, Organizations may be held responsible for the actions and behaviors of their members and/or guests.

On a case-by-case basis, Student Conduct and Community Standards staff, in consultation with Student Involvement staff, will determine whether any violations of policy are individual or organizational in nature. In determining whether a violation is organizational in nature, all circumstances of a situation will be examined. SCCS staff
will take into account the following non-exhaustive list of factors, including, but not limited to the following.

**Should there be evidence of at least three (3) factors present in a violation, the associated Organization(s) may be held responsible for the violations in question.**

1. **Attendance**
   a. The violation(s) was/were committed by a significant number of Organization members, prospective members, alumni, and/or guests;
   b. The violation(s) occurred at an activity or gathering conducted in furtherance of the mission or purpose of the Organization;
   c. The violation(s) occurred at an activity or gathering that was designed to circumvent the rules governing Organizational activities/events.

2. **Location**
   a. The violation(s) occurred at a venue regularly associated with the Organization(s);
   b. The violation(s) occurred at a venue under the exclusive control of the Organization(s).
   c. The violation(s) occurred at a venue under the control of Wichita State University or any of its affiliated entities.

3. **Membership Status**
   a. If the individual(s) who committed the violation(s) would not have been involved if not for their affiliation with the Organization;
   b. If members of the Organization intentionally acted as a group to commit the violation(s).

4. **Knowledge of Organizational Leadership**
   a. If an Organization’s leadership had knowledge of the potential for violation(s) to occur and failed to take significant and/or reasonable precautions to prevent the violation(s); 
   b. If the violation(s) occurred at an activity that the Organization's leadership should have known that a violation could occur and failed to take corrective action;

5. **Pattern of Behavior**
   a. If a pattern of individual violations, in relation to any Organization capacity, by Organization member(s) exists, without proper and appropriate organizational control, remedy, or sanction.

6. **Perception of a Reasonable Observer**
   a. If the violation(s) occurred at or in connection with an activity that reasonable people would associate and/or attribute to the Organization;
7. Planning

a. If the violation(s) occurred at an Organization or alumni-sponsored, financed or endorsed activity;

b. If the violation(s) occurred at any activity utilizing the Organization’s name or logo;

c. If the Organization was involved in the planning, coordination or preparation of the activity where the violation(s) occurred;

d. If the activity where the violation(s) occurred was advertised or publicized via posters or various forms of social media, by texts, tweets or emails sent out using standard Organization contact lists, or through other electronic means (examples: GroupMe, WhatsApp, etc.);

Additionally, in the event that conduct violation(s) have been deemed to fall under potential organizational responsibility, SCCS staff will consult with the Vice President for Student Affairs and the Associate Vice President for Student Affairs and Dean of Students regarding the possibility of interim measures, up to and including temporary suspension, for that Organization. Any decision regarding interim measures that includes temporary suspension of an Organization must come from the Vice President for Student Affairs or their designee.

Once organizational responsibility has been determined by SCCS staff, a summary of rationale will be submitted by the SCCS staff investigators and included in the informational packet provided to the Hearing Board and Responding Organization. The Hearing Board may consider testimony and evidence from the Organization to dispute a finding of organizational responsibility.

If the Hearing Board affirms the finding of organizational responsibility, a disagreement of that finding is not grounds for an appeal by itself.

9. Reporting

The University encourages students, employees, and community members to resolve conflicts informally and at the lowest level.

A. Reporting an Incident

Any individual may report alleged student, student group, or student organization misconduct to Student Conduct & Community Standards. An online reporting form can be found at https://www.wichita.edu/studentconduct. The report should describe the alleged misconduct and identify the student(s), student group(s), and/or student organization(s) involved. Submitted allegations of misconduct will be reviewed by the Associate Dean or their designee. If there appears to be reliable information indicating that a violation may have occurred, the student conduct process will be initiated. The University also reserves the right to initiate the conduct process without a formal complaint, including any anonymous reports. Reports may also be addressed through other non-conduct procedures.
B. Timeliness of Reports

In all cases, a decision will be made on existing facts to determine if an investigation is necessary for compliance with legal requirements and/or to protect the living, learning, and/or working environment for all members of the campus community. Individuals are encouraged to report alleged misconduct as soon as possible after the incident occurs to maximize the University’s ability to respond promptly and effectively; however, the University does not limit the time for reporting. Prompt reporting allows for the University to obtain the most reliable information, be able to contact relevant witnesses, and provide reasonable assistance and interim measures for affected parties.

C. Assumption of Good Faith Reporting

The University presumes reports of alleged policy violations are made in good faith. An outcome that finds the reported behavior does not constitute a violation of University policy, or that there is insufficient information to conclude that the incident occurred as reported, does not mean that the report was made in bad faith. The University encourages all individuals who have experienced or witnessed behavior they believe violates the Student Code of Conduct to report the matter so that it may be addressed by the University.

10. Conduct Procedures

A. Preliminary Investigation

A preliminary investigation of the information provided may be necessary in order to determine if there is credible information that warrants notifying a student, student group, or student organization of alleged policy violation(s). The preliminary investigation is a neutral fact-finding process that is used to determine whether there is sufficient information to warrant action by the University. Preliminary meetings with the Complainant and/or Witnesses may occur prior to initiating the student conduct process or contacting the Respondent. If the Respondent is contacted about the case during the preliminary investigation, the Respondent will be made aware of the initiation of a preliminary investigation and that the incident could result in a student conduct process being initiated.

The preliminary investigation may result in any of the following:

1. No Action – If there does not appear to be credible information to indicate a violation occurred, the case will not be pursued through the formal student conduct process. The information may still be retained by the University to document that the situation was reviewed.

2. Educational Conversation – If the situation is concerning but doesn’t appear to be a violation (e.g. an incident which occurs outside of the University’s jurisdiction, or repeated low-level behaviors), there may still be an institutional response without formal conduct charges.

3. Conflict Resolution – If the situation involves an identifiable harmed party or community impact, the situation may be addressed through conflict resolution. The conflict resolution process allows individuals involved in a conflict to have
significant influence over the resolution process and possible outcomes. All involved parties must willingly agree to participate. Any incident that involves sexual misconduct, relationship violence, stalking, physical violence, or any violation of the academic misconduct policy will not have the option to resolve the concern through the conflict resolution process.

4. Initiation of Conduct Process – If it appears that a student/student group/student organization may have violated the Student Code of Conduct, and the incident(s) occurred within the University’s jurisdiction, the conduct process will be initiated if another resolution option has not been made available by the Associate Dean or designee.

B. Written Notice

Once the initiation of the conduct process has occurred, the student, the responsible party for the student group, or the president on record with the University for the student organization will be provided with a written notice a minimum of three (3) University business days prior to the scheduled meeting, unless exceptional circumstances exist. The notice will include the following:

1. The alleged policy violation(s);
2. A link to the Handbook for more information;
3. The date and time of a scheduled Informational Meeting;
4. An explanation of the ability to have an advisor of choice present throughout the student conduct process; and
5. The contact information for the Student Conduct Administrator responsible for resolving the case.

6. A checklist of the students’ expectations

Notice is considered given to a student if it is sent to the student’s official @shockers.wichita.edu e-mail address or is mailed to the local address on file with the Office of the Registrar or to the permanent address on file. For student groups and organizations, notice is considered given if it is sent by any of the aforementioned means to the student who is the last known president of the student group or organization, as provided by Student Involvement office records or the responsible party for the student group/organization, such as an advisor.

C. Informational Meeting

All Respondents are afforded the opportunity to attend a scheduled informational meeting with the Conduct Administrator responsible for resolving the case. An informational meeting is an informal meeting with a Conduct Administrator who will explain the Respondent’s rights and the alleged violation(s), discuss resolution options, review the Respondent’s responsibilities, and provide an opportunity to review, after any required redaction, the information that was provided as the basis for the alleged policy violation(s). The representative will also answer questions about the process and available options. The informational meeting provides an opportunity for the Respondent to become more informed about the conduct process. The Conduct
Administrator may provide a range of possible outcomes for the alleged violation, but that individual cannot ensure that a specific outcome will occur.

During the informational meeting, the Respondent will be given the opportunity to select one of the available resolution processes (Informal Resolution or Formal Resolution) for the case. In certain circumstances, the Associate Dean or designee may exercise the authority to select the resolution process. In the absence of a resolution option selection from the Respondent, the Associate Dean or designee shall determine the appropriate resolution process for the case. Failure to attend an informational meeting shall not delay the student conduct proceedings or impact the validity of such proceedings.

D. Informal Resolution

If the assigned Conduct Administrator believes the outcome for the alleged violation would likely not rise above Disciplinary Probation or result in removal from a residential facility, the Respondent may elect to have the case resolved by Informal Resolution. An Informal Resolution takes place between the Respondent and a Conduct Administrator and does not allow for the presentation of witnesses or additional information to be submitted by the Respondent prior to the meeting, although the administrator may follow up with other parties as necessary before making a decision. Informal Resolutions are not audio recorded.

An Informal Resolution may occur directly following an Informational Meeting, or may be scheduled for a later date. Every effort will be made to schedule an Informal Resolution within ten (10) University business days of the Informational Meeting. The Conduct Administrator will determine appropriate outcomes if a respondent is found in violation of a University policy.

E. Formal Resolution

If the Respondent does not wish to proceed with an Informal Resolution, and/or the outcome of an alleged violation would rise above Disciplinary Probation, or result in removal from a residential facility, the Respondent may elect to pursue an Administrator Hearing or a Student Conduct Board Hearing.

Conduct Hearings involve the presentation of information by witnesses (as necessary), and provide an opportunity for the Respondent to present witnesses and information for review as part of the decision. A list of witnesses, their relevance to the alleged violation(s), and their contact information must be submitted, in writing, to the Conduct Administrator within five (5) University business days after the Informational Meeting.

Student groups and student organizations may submit a resolution proposal for consideration by the Student Conduct Hearing Board within five (5) University business days after the Informational Meeting. The resolution proposal is the student group or organization’s opportunity to participate collaboratively in the resolution process and demonstrate thoughtful reflection of how to prevent further violations from occurring in the future. This document should outline all steps to be taken to remedy the alleged policy violations and timelines for completion. The resolution proposal may be adopted or adapted—in whole or in part—or denied by the Student Conduct Hearing Board assigned to resolve the case.
1. Administrator Hearing

An Administrator Hearing is conducted by an individual Conduct Administrator as determined by the Associate Dean. The Conduct Administrator is responsible for determining whether it is more likely than not that a violation occurred and determine appropriate outcomes(s).

An Administrative Hearing involves the presentation of information by the Respondent(s), Complainant(s) (if applicable), and any witness(es) (if applicable). The Respondent(s) will be allowed to ask relevant questions of the Complainant(s) and/or any witness(es) at the discretion of the Conduct Administrator. In incidents involving an identified harmed party, the Complainant(s) will also be allowed to ask relevant questions of the Respondent(s) and/or any witness(es) at the discretion of the Conduct Administrator.

2. Student Conduct Board Hearing

The Associate Dean, or designee, shall determine the composition of the Student Conduct Hearing Board. Members are appointed for a one-year term with the possibility of reappointment. University governance bodies may recommend individuals for membership to the Associate Dean. All members must complete appropriate and thorough training prior to hearing cases.

A Student Conduct Board Hearing is conducted by a panel of three (3) or five (5) individuals comprised of students, faculty, and/or staff. A minimum of one (1) panelist must be a student. The Board is responsible for determining whether it is more likely than not that a violation occurred and determine appropriate outcomes(s). One (1) panelist will serve as the Board Chairperson, selected by the Associate Dean or their designee, and is responsible for communicating the determination of responsibility to the Associate Dean, who will notify the Respondent(s) and Complainant(s) of the decision. Decisions of the Student Conduct Board will be determined by a majority vote. A member of the Student Conduct & Community Standards staff or designee will serve as the Student Conduct Board Advisor and does not cast a vote.

F. Hearing Format

Hearings will be conducted in private in accordance with state privacy laws and the Family Educational Rights and Privacy Act (FERPA).

The Complainant, Respondent, and their respective advisors are permitted to attend the entire hearing, except for deliberation.

In cases involving multiple Respondents, the Associate Dean or designee may determine that the hearings be conducted jointly. Any Respondent wanting to have their hearing conducted individually, may submit a written request a minimum of three (3) University business days prior to the scheduled hearing to the Associate Dean or designee who shall decide whether to grant the request.

The Complainant, the Respondent, and the University may arrange for witnesses to attend the hearing and present relevant information. Failure to call a witness, or failure of a witness to appear shall not automatically require a delay or affect the validity of
the proceedings. A decision will be made on the information presented during the hearing.

Witnesses will provide information to, and answer questions from, the hearing body. Questions may be suggested by the Complainant or the Respondent to be answered by each other or by other Witnesses. This will be conducted by the hearing body with such questions directed to the Conduct Administrator or Conduct Board chairperson, rather than to the individual directly. This method is used to preserve the educational tone of the hearing and to avoid creation of an adversarial environment. The Conduct Administrator and/or the Hearing Board chairperson reserve the right to rephrase the question or to refrain from asking the question. Questions of whether potential information will be received shall be determined by the Conduct Administrator, or Hearing Board chairperson, with the assistance of the Student Conduct Board Advisor.

Relevant records, pictures, written statements, impact statements, and other information may be accepted for consideration for the hearing when submitted to Student Conduct & Community Standards within five (5) days following the Informational Meeting.

All procedural questions are subject to the final decision of the Conduct Administrator, Hearing Board chairperson with the assistance of the Student Conduct Board Advisor.

If the Respondent, with adequate notice, does not attend a hearing, the hearing shall proceed in the Respondent’s absence.

SCCS may accommodate concerns for the personal safety, well-being and/or fears of confrontation of the Complainant, Respondent, Reporter, and/or Witnesses during the hearing by providing separate facilities, by using a visual screen, and/or by permitting participation by telephone, videophone, closed circuit television, video conferencing, video tape, audio tape, written statement, or other means, where the SCCS staff member deems this accommodation to be appropriate.

G. Standard of Information

The Conduct Administrator or Student Conduct Board will make a finding using the preponderance of the evidence standard. This standard requires that it is more likely than not that a violation occurred. Under this standard, individuals are presumed not to have violated Section 8.05/Student Code of Conduct unless a preponderance of the evidence supports a finding that a violation occurred. Formal rules of evidence, procedure, and/or technical rules of evidence, such as those which may be applied in criminal or civil court are not used in University student conduct proceedings.

H. Pending Legal Charges and Requests for Postponement

Student conduct proceedings may be initiated for a student, student group, or student organization for behavior that allegedly violates criminal and/or civil law in addition to University policy. The University is committed to appropriate coordination with WSUPD and local law enforcement agencies and may, if requested and appropriate, share information with those agencies. In the event that law enforcement requests the University to temporarily suspend the fact-finding aspects of an investigation while the law enforcement agency gathers evidence, the University plans to comply with that
request and will promptly resume its investigation upon notification from the law enforcement agency that its evidence gathering process is complete.

The student conduct process may proceed prior to, simultaneously with, or following criminal or civil proceedings at the discretion of the Associate Dean.

Decisions made within a criminal or civil process do not bind the University to establish or not establish that a violation of University policy has occurred as there are different evidence rules, burdens of proof, purposes, and potential outcomes in each process. However, a criminal conviction based on the same facts, in local, state or federal courts, shall establish a per se student conduct policy violation.

If a Respondent is also charged with a criminal or civil violation involving the same incident, the student, student group, or student organization may request up to a 30-day postponement of the student conduct process. The student, student group, or student organization must make this request in writing within five (5) University business days following the date of the Informational Meeting and must provide a rationale for the request. The Associate Vice President for Student Affairs and Dean of Students may determine that it is appropriate to place the Respondent on Disciplinary Probation or request that the Vice President for Student Affairs or designee implement interim measures during the time period allotted for a postponement on a case-by-case basis. The Probation or interim measures will remain in effect until the hearing is completed, including any appeal requests. It will then be the responsibility of the student, student group, or student organization to notify SCCS at the conclusion of the 30-day period to reinstate the conduct process.

In cases where one or more University community member is directly impacted by the incident, such as a Complainant, they will be given the opportunity to object to a postponement. The Associate Vice President for Student Affairs and Dean of Students or designee has full authority to decide whether or not to grant the postponement. A Complainant may also request a 30-day postponement of the hearing if the Complainant has brought criminal or civil charges in a case arising out of the same incident. The Respondent may object to the postponement as described above. If the Complainant requests a postponement, and it is granted against the wishes of the Respondent, the Respondent will not be placed on Disciplinary Probation or given interim measures that would restrict continuing to pursue their education during the period of postponement.

11. Process Outcomes

Students, student groups, and student organizations will be notified in writing via e-mail to their official University e-mail address whether they have been found in violation of University policy, and if so, their assigned sanctions. Sanctions may be issued individually, or a combination of sanctions may be issued. In the case of student groups and organizations, if a sanction issued by a national or other governing body exceeds that of the University, the University may concur with that sanction.

A. Students, student groups, and student organizations who are found not responsible for violating Section 8.05/Student Code of Conduct, will not receive any outcomes and charges will be dismissed.
B. Students, student groups, and student organizations who are found to have violated Section 8.05/Student Code of Conduct will receive outcomes appropriate to the current violation(s) and in consideration of any prior conduct history and/or mitigating or aggravating circumstances. For student groups and organizations, “prior conduct history” includes incidents occurring within the preceding seven (7) years. The number of outcomes issued may vary depending on the situation in question. In the case of student groups and organizations, if an outcome is issued by a national or other governing body exceeds that of the University, the University may concur with that decision.

1. Interim Measures

When the actions of a student or member(s) of a student group or organization present an ongoing threat to the health, safety, or well-being of others; disrupt the University community; or endanger University, public, or private property; the Vice President for Student Affairs or designee may implement interim measures that restrict access for the Respondent pending the outcome of an investigation and resolution process. These interim measures may include, but are not limited to:

a. Restricted communication with one or more individual(s), group(s), or organization(s);

b. Restricted access to participation in University programs or activities;

c. Restricted access to Housing & Resident Life facilities, including dining halls;

d. Restricted ability to participate in academic activities, including classes, internships, co-ops, etc.;

e. Restricted access to campus employment;

f. Administrative leave with pay for student employees; or

g. Any other restriction that can be tailored to the involved individuals to achieve the purpose of 8.05/Student Code of Conduct.

The Vice President for Student Affairs or designee will notify the Complainant and Respondent in writing of any interim measures. The measures will take place immediately upon notification. The Respondent will have three (3) University business days to e-mail a written request for a Show Cause Hearing to the Vice President for Student Affairs or designee. Upon receipt of a request, the Vice President or designee will conduct a Show Cause Hearing within three (3) University business days to determine if the interim measures should be lifted, modified, or kept in place. This is a final decision regarding interim measures unless there are exceptional circumstances that come to light during the investigation.

In circumstances in which the Respondent requests, in writing, that the Vice President of Student Affairs remove themselves from the Show Cause Hearing on the basis of actual or perceived bias, or the Vice President for Student Affairs is otherwise unable to perform these duties, decisions regarding interim measures will be made by the Associate Vice President for Student Affairs and Dean of Students or designee.
At any point in the process, interim measures may be implemented. Once in effect the measures will remain in place until it is determined they are no longer necessary.

2. Sanctions

- **Disciplinary Warning** – This written warning is provided to acknowledge a written notice given to draw the Respondent attention to the fact that their behavior violated appropriate with University policy, and does not align with Wichita State University’s expectations for community members. Please understand that should you be a breach of University policy occur again or you are found responsible for any future violations of University and/or HRL policy, offenses, you may expect to receive more severe disciplinary action.

- **Disciplinary Probation** – The student is deemed not in good conduct standing with the University. The duration of any probationary period will be determined by the resolution body on a case-by-case basis. Any further violations of University policy while on probation may result in more serious sanctions being imposed, which may include suspension or expulsion from the University. Restrictions that may be placed on the student during the probationary period include, but are not limited to: participation in student activities, representation of the University on athletic teams or in other leadership positions, eligibility to receive any University award or honorary recognition, entrance into University residence halls or other areas of campus, participation in a study abroad program, or University computer and network usage.

- **Deferred Suspension** – The student is deemed not in good conduct standing with the university and will be officially suspended from the University. However, the suspension will be deferred, meaning the student may continue to attend classes, but the suspension will be automatically enforced for failure to complete any assigned sanctions by the deadline and/or for any subsequent violation of University policy, unless the Associate Dean determines otherwise. If the student is found responsible for any subsequent violation of Section 8.05/Student Code of Conduct, the student will be automatically suspended for the length of the original deferred suspension in addition to any other sanctions imposed for the subsequent violation. Some of the restrictions that may be placed on the student during the deferred suspension period include, but are not limited to: participation in student activities, representation of the University on athletic teams or in other leadership positions, eligibility to receive any University award or honorary recognition, entrance into University residence halls or other areas of campus, participation in a study abroad program, or University computer and network usage. The duration of any deferred suspension period will be determined by the resolution body on a case-by-case basis.

- **Suspension** – The student is required to leave the University for a designated period of time. During the suspension period, a student may not attend classes (either in person or online), or participate in student group or student organization activities, whether they occur on or off campus. A student may be withdrawn from any classes in which the student is currently enrolled and will
not be eligible for a refund. A registration and records hold will be placed on the student’s account until the conclusion of the suspension period. If the student is an on-campus resident, the student’s contract with Housing & Residence Life will also be terminated and the student will be responsible for paying any remaining fees for the duration of the original contract period. The student must successfully complete all assigned educational sanctions prior to the conclusion of the suspension period. The suspension will remain in effect until they are completed. Any further violations of University policy while on suspension could result in more serious sanctions being imposed.

- **Expulsion** – The student will be separated from the University without the possibility of graduation or future enrollment. The student may not be present on University premises unless authorized in writing in advance under conditions approved by the Associate Dean. A student may be withdrawn from any classes in which they are currently enrolled and will not be eligible for a refund. A permanent registration hold will be placed on the student’s account. If the student is an on-campus resident, the student’s contract with Housing & Residence Life will also be terminated and the student will be responsible for paying any remaining fees for the duration of the original contract period.

- **Withholding of Transcripts or Degree** – The University may withhold copies of student transcripts or awarding a degree otherwise earned until the completion of the process set forth in the Handbook, including the completion of all assigned sanctions.

- **Revocation of Admission and/or Degree** – Admission to the University or a degree awarded from the University may be revoked for fraud, misrepresentation, or other violation of University policy in obtaining the degree from or gaining admission to the University or for other serious violations committed by a student prior to graduation.

- **Restitution** – The student is required to pay for the loss of, damages to, or injury to University, personal, public, or private property, provided that such payment shall be limited to the actual cost of repair or replacement of such property.

- **Loss of University Privileges** – The student is restricted from accessing specific University privileges including, but not limited to: parking on campus, participation in student activities, holding a student leadership position, participation in a study abroad program, and University computer and network access.

- **Residence Hall Transfer or Removal** – The student will be placed in another room or residence hall or restricted from living on campus for a specified or indefinite period. If a student is restricted from living on campus, the student’s Housing and Residence Life contract will be terminated and the student will be responsible for paying any remaining fees for the duration of the original contract period.

- **No Contact Order** – The student is prohibited from intentional direct or indirect contact with another person or group or their property via any means, including,
but not limited to: personal contact, electronic communication (e.g. text messages, social media, etc.), telephone, or through third parties.

- **Campus and/or Building Ban** – The student is prohibited from being on any campus property and/or entering specific University facilities. Any student alleged to have violated a campus and/or building ban may be subject to additional disciplinary action.

- **No Trespass Order** – The student is prohibited from being on any campus property and/or entering specific University facilities. Any student alleged to have violated a campus and/or building ban may be subject to arrest.

- **Knowledge Attainment Activities** – Activities designed to increase a student’s knowledge in areas related to the violation(s) committed including, but not limited to: attending workshops, researching a specific topic, interviewing a professional in a specific field, etc.

- **Restorative Activities** – Activities designed to repair harms caused and give back to others or the larger community including, but not limited to: community restitution service, letters of apology, educational presentations, etc.

- **Wellness Activities** – Activities designed to address student’s wellness in areas including social, emotional, financial, physical, academic, and environmental wellness including, but not limited to: substance use assessments, counseling assessments, meeting with an academic advisor, meeting with a Student Involvement staff member, etc.

- **Reflective Activities** – Activities designed to allow the student to reflect on one’s own behavior choices and the impact of those choices on the student and others, including potential future impacts if the same choices continue.

3. **Sanctions for Student Groups and Organizations**

- **Disciplinary Warning** – Official notification of unacceptable behavior and violation(s) of Section 8.05/Student Code of Conduct. Any further misconduct may result in more serious disciplinary sanctions.

- **Disciplinary Probation** – The student group or organization is deemed not in good conduct standing with the University. The duration of any probationary period will be determined by the resolution body on a case-by-case basis. Any further violations of University policy while on probation may result in more serious sanctions. Some of the restrictions that may be placed on the student group or organization during the probationary period include, but are not limited to: ability to host a party or philanthropy event, eligibility to receive any University award or honorary recognition, participate in intramurals, represent the University and any travel in connection with such representation, participate in recruitment/intake or receive a new member class, maintain membership or representation of the organization on the governing council, utilize University facilities/grounds, participate in competitions, or receive future institutional funding.
Deferred Suspension – The student group or organization will be officially suspended from the University, but the suspension will be deferred, meaning that the student group or organization may continue to function at this time. The suspension will be automatically enforced for failure to complete any assigned sanctions by the deadline and/or for any subsequent violation of University policy, unless the Director determines otherwise. If the student group or organization is found responsible for any subsequent violation of Section 8.05/Student Code of Conduct, the student will be automatically suspended for the length of the original deferred suspension in addition to the other sanctions imposed for the subsequent violation. Some of the restrictions that may be placed on the student during the deferred suspension period include, but are not limited to: ability to host a party or philanthropic event, eligibility to receive any University award or honorary recognition, participate in intramurals, represent the University and any travel in connection with such representation, participate in recruitment/intake or receive a new member class, maintain membership or representation of the organization on the governing council, utilize University facilities/grounds, participate in competitions, or receive future institutional funding.

Suspension – The student group or organization is no longer recognized by the University for a designated period. During the suspension period, a student group or organization may not conduct any formal or informal business, or participate in University-related activities, whether they occur on or off campus. This includes, but is not limited to: ability to host a party or philanthropic event, eligibility to receive any University award or honorary recognition, participate in intramurals, represent the University and any travel in connection with such representation, participate in recruitment/intake or receive a new member class, maintain membership or representation of the organization on the governing council, utilize University facilities/grounds, participate in competitions, or receive future institutional funding. Re-recognition is possible but not guaranteed and will only be considered after the end of the suspension period and based on meeting all re-recognition criteria and obtaining clearance from the University. Any evidence that members of a student group or organization have attempted to sustain an unofficial student group or organization will result in individual charges and will postpone the group or organizations ability to be re-recognized or registered in the future. Any further violations of University policy while on suspension will result in more serious sanctions being imposed. In most cases, the minimum suspension for an organization will be no shorter than two years. During the last three months or an organization’s suspension, a group will be allowed to work with the Vice President for Student Affairs, or designee, to create a transition plan for their reactivation.

Expulsion – The student group or organization will permanently lose its University recognition and/or registration and is ineligible to utilize University resources including facilities and financial support.

No Contact Order – The student group or organization is prohibited from intentional direct or indirect contact with another person or group or their
property via any means, including, but not limited to: personal contact, electronic communication (e.g. text messages, social media, etc.), telephone, or through third parties.

- Campus and/or Building Ban – the student group or organization is prohibited from being and/or operating on any campus property and/or entering specific University facilities. Any student group or organization alleged to have violated a campus and/or building ban may be subject to additional disciplinary action.

- Recommendation for Charter Revocation – The University will submit an official request to the national or other governing organization to revoke the charter for a student group or organization.

- Restitution – The student group or organization is required to pay for the loss of, damages to, or injury to University, personal, public, or private property, provided that such payment shall be limited to the actual cost of repair or replacement of such property. University and/or student fee funds may not be used to pay restitution.

- Loss of University Privileges – The student group or organization is restricted from accessing specific University privileges including, but not limited to: ability to host a party or philanthropic event, eligibility to receive any University award or honorary recognition, participate in intramurals, represent the University and any travel in connection with such representation, participate in recruitment/intake or receive a new member class, maintain membership or representation of the organization on the governing council, utilize University facilities/grounds, participate in competitions, or receive future institutional funding.

- Knowledge Attainment Activities – activities designed to increase members’ knowledge in areas related to the violation(s) committed including, but not limited to: attending workshops, researching a specific topic, interviewing a professional in a specific field, etc.

- Restorative Activities – activities designed to repair harms caused and give back to others or the larger community including, but not limited to: community restitution service, letters of apology, educational presentations, etc.

- Wellness Activities – activities designed to address members’ wellness in areas including social, emotional, financial, physical, academic, and environmental wellness including, but not limited to: risk management workshops, assessment and revision of risk management practices, financial management training, communication or teambuilding workshops, leadership or values congruence workshops, etc.

- Reflective Activities – activities designed to allow the student group or organization to reflect on its members’ behavior choices and the impact of those choices on the group/organization and others, including potential future impacts if the same choices continue.
12. Appeals

Following written notification of the outcome of their cases, Respondents may submit one appeal request within the University’s process. The burden is on the individual requesting the appeal to prove that the appeal has merit. Appellate reviews are reviews of the record only.

A. Appeal Request Grounds

Any Respondent or Complainant who participated in the entire conduct process and wish to file an Appeal must do so, in writing within five (5) University business days of the date of the outcome letter. Appeal requests may be filed on one or more of the following grounds:

1. A procedural or substantive error occurred that significantly affected the outcome of the case.

2. There is new, relevant information that could not have been reasonably discovered or was not available at the time of the original decision that, if available, could have significantly affected the outcome of the case. This does not include statements from a Complainant or Respondent who chose not to participate in the investigation, review, and/or hearing.

B. Appeal Request Procedures

Appeal requests must be submitted in writing via the online Appeal Request Form. Once completed, the Appeal Request Form will be processed by SCCS. SCCS will convene an Appellate Body to review the appeal. The Appellate Body for individual conduct cases will be made up of 3 or 5 individuals. Generally this is two staff and one student or three staff and two students. For organizational conduct issues, the Vice President of Student Affairs, or designee, will convene an Appellate Body consisting of organizational presidents or their designee, organizational governing body members, alumni, advisors, and/or current staff/faculty.

The original Conduct Administrator or Student Conduct Board Advisor will provide a written response to the appeal request within three (3) University business days of receiving notice of the appeal request, unless a request to extend this time period has been made and granted prior to the expiration of the three (3) University business day requirement.

Upon receipt of the appeal request, written response, and case file, the Appellate Body will conduct a review of the file limited to the grounds identified by the filing party. The Appellate Body will issue a written response to the appealing party within five (5) University business days, unless a request to extend this time period has been made and granted prior to the expiration of the five (5) University business day requirement.

Great deference is given to the original decision. The presumption is that the investigation and decision processes were appropriately conducted and the burden is on the party requesting the appeal to prove the appeal has merit. Appellate reviews are reviews of the record only. There are no additional meetings with the Complainant or Respondent unless there are exceptional circumstances as determined by the Appellate
Body, in which case the Appellate Body must offer both the Complainant and the Respondent the same opportunity to discuss the case.

C. Appeal Request Outcomes

Upon review of the record, the Appellate Body may respond as follows:

1. Determine the appeal lacks standing and is dismissed, in which case the original decision stands;

2. Determine that the appeal has standing and remand the case back to the original Conduct Administrator or Student Conduct Board to consider new information or reevaluate previous information; or

3. Determine that the appeal has standing and remand the case to a new Conduct Administrator or Student Conduct Board with specific corrective instructions.

4. Determine the appeal has standing but the appellant has not provided information to substantiate that the outcome of the case was significantly affected; in which case the original decision stands.

The Appellate Body’s decision is considered the final University decision and will be communicated in writing. The Appellate Body will review and respond to the appeal within five (5) University business days of receipt of all documentation but may extend this period of time for specific reasons that will be communicated in writing to the appealing party.

In circumstances in which the appealing party requests, in writing, that the Appellate Body remove themselves from the Appeal on the basis of actual or perceived bias, or in cases in which the Appellate Body is otherwise unable to perform these duties, appeal decisions may be made by another Appellate Body as determined by the Vice President for Student Affairs.

13. Records

A. Holds and Removal of Active Status

Student Conduct & Community Standards staff, the Associate Vice President for Student Affairs and Dean of Students, Housing & Residence Life staff, and/or the Vice President for Student Affairs may place a hold on a student’s transcript, registration, and/or diploma; or remove a student group and/or student organization’s active status and ability to conduct operations in any of the following situations:

1. A student, student group, or student organization has committed a violation of Section 8.05/Student Code of Conduct culminating in suspension or expulsion;

2. A student, student group, or student organization has been given interim restrictions pending an investigation and resolution of allegations of misconduct;

3. A student, student group, or student organization has failed to schedule or attend a required University meeting or hearing;

4. A student, student group, or student organization has failed to complete one or more sanctions by the assigned deadline; or
5. An individual who is no longer attending the University exhibits disruptive behavior which is impacting the University community, and it is the determination of the Vice President for Student Affairs or designee that a review of the student’s file and meeting with the student occur prior to the student’s re-enrollment.

B. Record Retention

Student conduct records, including investigation records, are maintained electronically by Student Conduct & Community Standards for seven (7) years from the date the case is closed. A record is considered closed when the following criteria have been met:

1. It is determined that the student, student group, or student organization was not in violation of University policy; or

2. The student, student group, or student organization was in violation of University policy; and all periods of probation, deferred suspension, or suspension and all associated outcomes have been completed; or

3. a student, student group, or student organization has been expelled from the University.

If a student remains enrolled after the record is closed, the record will be maintained until the student graduates or is no longer enrolled at the University. When a student proceeds directly from one academic program into another academic program (e.g. undergraduate study to graduate study), the records will be maintained until the completion of the final academic program. Student group and organization records will be maintained for a minimum of seven (7) years after the record is closed. Records of incidents culminating in deferred suspension, suspension, or expulsion will be permanently maintained by the University.

C. Access to Records

Student Conduct & Community Standards does not make copies of conduct files or audio recordings. If a student, student group, or student organization wishes to review its own conduct file, they may do so by scheduling an appointment with Student Conduct & Community Standards office. The file may be redacted to protect privacy concerns and to comply with federal and local law.

In instances when the student lives more than 150 miles from campus, a redacted copy of the conduct file may be provided upon request and at the expense of the requestor to be paid in advance of preparing it for transfer. Payment must be received prior to the release of the records. Reasonable costs for making copies, transcribing audio recordings, and/or staff time spent redacting personally identifiable information of other students may be included in calculated costs. This provision only applies to the student’s location, not that of an advisor and/or family member.

D. Records of Other Entities

Police reports may be obtained by contacting the records department at the law enforcement agency which issued the report. In the State of Kansas, police reports are not considered public records; therefore, limited information will be accessible upon request.
14. Emergency Contact Notification

The University reserves the right to notify the parent(s)/guardian(s) of dependent students and/or a student’s emergency contact regarding any conduct situation which poses a health or safety risk to the student or others, particularly alcohol and/or other drug violations. The University may also notify parent(s)/guardian(s) of non-dependent students who are under the age of 21 of alcohol and/or other drug violations. Parental notification may also be utilized discretionarily by Conduct Administrators when permitted by FERPA or consent of the student.

Effective: October 03, 2017
Revised: September 10, 2019
APPENDIX IV – Student Academic Honesty

From the WSU Policies and Procedures Manual:

2.17 / Student Academic Honesty

1. Purpose

To set forth the expectations for the responsible acquisition, discovery, and application of knowledge by students at Wichita State University, including the ethical use of information resources, and to ensure the integrity of academic credit and degrees conferred by the University.

2. Philosophy

Wichita State University is committed to the ethical pursuit of knowledge. In order to ensure the integrity of faculty evaluation of students, all members of the University community share responsibility for ensuring that students have demonstrated successful mastery of the learning objectives for each academic activity. By conferring a degree, Wichita State University is assuring the general public that the student has successfully met all requirements for graduation, including meeting the learning objectives for each academic activity. Indifference to academic misconduct is not a neutral act—failure to confront and or deter such behaviors will reinforce, perpetuate, and increase the prevalence of academic misconduct in the University community.

Students are expected to complete independent, original work for each academic activity unless otherwise specified by the faculty member. Students should seek clarification when in doubt. Faculty members are required to communicate their expectations regarding academic integrity; including, but not limited to, collaboration, information sharing, and conducting ethical research. All syllabi must contain a section that includes information on the Student Academic Misconduct policy. Additionally, faculty members are expected to adhere to the policy pertaining to the reporting and resolution of alleged violations of the Student Academic Misconduct policy.

Discretion is expected by those involved in the academic integrity process, especially as related to investigations of academic misconduct allegations. Details should only be shared with those that are on a need to know basis.

3. Prohibited Conduct

As members of the University community, all students, student groups, and student organizations are expected to display respect for the rights of themselves and others and to be accountable for their behavior. Lack of familiarity with University policy is not a defense to a violation of this policy. Unless specifically noted in the policy definition, intent is not a required element to establish a policy violation.

Academic misconduct includes a broad range of infractions. The following list, while not comprehensive, provides examples of actions that violate the expectations for the responsible acquisition, discovery, and application of knowledge by students at Wichita State University:

A. Plagiarism – Representing the words, ideas, graphics, or any portion of another's work, whether published or unpublished, as one's own and/or without appropriate and/or
accurate citation/attribution

B. Unauthorized Use or Possession of Materials or Resources – Using or possessing any materials or resources during an academic activity without the express permission of, or in a manner that is inconsistent with the express permission of, the faculty member. Unauthorized use of materials or resources includes, but is not limited to, any electronic device; course textbooks, articles, cheat sheets, other print sources; and/or looking at another individual's current or previous academic work. This includes submission of materials that were purchased or otherwise obtained by an outside or commercial source (e.g. ghostwriting or pay-for-paper services).

C. Unauthorized Collaboration or Consultation – Collaborating or consulting with another individual or group during an academic activity without the express permission of the faculty member.

D. Fabrication, Falsification, or Misrepresentation of Information – Providing fabricated or falsified information or misrepresenting information in an academic activity or related to academic attendance or other academic requirements.

E. Academic Interference – Engaging in any behavior or taking any material(s) for the purpose of interfering with an academic activity. Academic Interference includes, but is not limited to:
   1. removing, concealing, damaging, destroying, or stealing materials or resources that are necessary to complete or perform an academic activity;
   2. tampering with another person or group's work; and/or
   3. interfering with another student's academic performance.

F. Unauthorized Resubmission – Submitting an academic activity which has been previously submitted for credit, publication, or presentation without authorization from the faculty member to which the submission is made. This provision also applies when repeating a course, regardless of whether or not a grade was awarded for the previous enrollment period.

G. Facilitation of Academic Misconduct – Engaging in behavior that facilitates another person or group's ability to engage in or causes another person or group to engage in academic misconduct, including but not limited to providing another student with a copy of the student's work and/or access to unauthorized materials or resources, or forcing or coercing another student to complete academic work on behalf of another.

H. Bribery – Offering, giving, receiving, or soliciting any funds, goods, services, or anything else of value in exchange for an academic advantage for any student.

I. Unauthorized Sale, Distribution, or Receipt of Academic Materials – Buying, selling, receiving, or distributing academic materials without the express permission of the faculty member including, but not limited to previous assessments, study guides, solutions manuals, lecture slides, or any other form of intellectual property. This includes, but is not limited to, providing academic materials to crowdsourced digital databases and web platforms.

J. Research misconduct as identified in Policy 9.13/Misconduct in Research. Alleged
violations of research misconduct will be resolved through policy 9.13. Academic sanctions can be made when said research misconduct overlaps academics.

4. **Reporting, Procedures and Appeals**
   
   A. Any individual with a good faith basis for believing a student has violated this policy is encouraged to report the alleged violation to the faculty member responsible for the course and the Office of Student Conduct and Community Standards. When a faculty member has reasonable, good faith belief that a student has committed academic misconduct, that faculty member has the discretion to assign a sanction, including academic sanctions (e.g., failing grade on the assignment or failing grade for the course) or educational sanctions (e.g., plagiarism training or reflection activities). Any faculty member imposing a sanction against a student for a violation of this policy must report the violation to the Office of Student Conduct and Community Standards to ensure due process. In order to identify habitual offenders, faculty members are encouraged to report all alleged Academic Integrity violations to the Office of Student Conduct and Community Standards, even when the faculty member chooses not to sanction a student for violations of this policy, or if the violation was resolved without an academic sanction.

   B. [View the Student Academic Integrity Process Flowchart](#)

   C. Students who disagree with the sanction imposed by the faculty member may request a hearing by the Academic Integrity Committee. The Academic Integrity Committee will hold a hearing to review the evidence to determine if a violation occurred, and if so, if the sanction is appropriate.

   D. The Office of Student Conduct and Community Standards will maintain a record of all reported incidents of Academic Misconduct. In some cases (e.g., repeat offenders or egregious offenses), the Office of Student Conduct and Community Standards may determine that additional sanctions, including disciplinary sanctions, are appropriate. In these instances, the Academic Integrity Committee will hold an additional hearing to review the evidence and determine if additional sanctions are appropriate. The Academic Integrity Committee may consider previously documented violations, regardless of outcome, along with the current incident and the possibility of additional sanctions. The Academic Integrity Committee will be the same as the prior case unless extenuating circumstances occur as determined by the Associate Vice President of Student Affairs.

   E. Following notification of the outcome of their case, a Respondent may submit one appeal request within the University's process as outlined in Section V. of the Student Academic Integrity Process Procedures. The presumption is that the investigation and decision processes were appropriately conducted and the burden is on the individual requesting the appeal to prove that the appeal has merit. Appellate reviews will be limited in scope and must focus on procedural issues or presenting new information not previously available at the time of the Academic Integrity Committee hearing.
5. **Sanctions**

Potential sanctions include educational, academic, and disciplinary. Educational sanctions could include required training related to the misconduct. Academic sanctions could include additional academic requirements and/or assignment/course grade reduction. In cases where egregious and/or repeat offenses are found to have occurred, disciplinary actions such as probation, suspension, or expulsion are possible. See Section VII. of the Student Academic Integrity Process Procedures for more details.

6. **Jurisdiction**

A. This policy applies to behavior that is committed by:

1. a University student, student group, or student organization;
2. an applicant who becomes a student, for alleged violation(s) committed as part of the application process; or
3. an individual who has transferred, graduated, been academically disqualified, or expelled from the University for alleged violation(s) committed prior to separation from the University.

B. This policy may be applied to any academic activity conducted on campus or elsewhere. Scholarly research is considered an academic activity, which may or may not be related to a specific course. This additionally includes behavior conducted online, via e-mail or through other electronic media. Wichita State University may take action if an alleged violation of this policy is brought to the attention of University officials.

7. **Definitions**

For purposes of this policy, the following terms have the definitions provided below. Please note that some of these terms may have different meanings in other contexts.

- **Academic Activity**

  Any draft, assignment, assessment, examination, project, applied learning (e.g. internships, co-ops, practicums, field experiences or trips, clinical experiences, or student teaching), research, publication, presentation, or other activity that is completed, submitted, and/or required to fulfill course or degree requirements or obtain a specific distinction, or is conducted in conjunction with an academic program or course.

- **Academic Integrity Committee**

  A panel of five (5) individuals comprised of three (3) faculty appointed by the Faculty Senate and two (2) students from the Student Conduct Board. The Committee is responsible for determining whether or not the Respondent(s) violated this policy and appropriate sanction(s) (if applicable). One (1) panelist will serve as the Committee Chairperson, selected by the Associate Vice President of Student Affairs (or designee).

- **Advisor**

  An individual selected by a Respondent to assist the Respondent throughout the student academic integrity process including, but not limited to, a parent, friend, faculty
member, advocate, or legal counsel. An advisor may advise and assist the Respondent in preparation for any meetings, interviews, or hearings that may occur; accompany the Respondent through all process meetings, interviews, or hearings; or assist the Respondent in preparing an appeal. An advisor may not participate in the student academic integrity process in any other capacity in reference to the same incident, including, but not limited to, serving as a Witness or Co-Respondent. Advisors may not directly participate, speak, comment, or make any type of representation or argument on behalf of a Respondent in any aspect of the student academic integrity process including, but not limited to: meetings, interviews, or hearings. The availability of an Advisor to attend a student academic integrity process meeting, interview, or hearing shall not unreasonably interfere with or delay the proceedings.

- **Appeals Committee (graduate)**
  The Associate Vice President for Student Affairs (or designee) and the Dean of the Graduate School (or designee)

- **Appeals Committee (undergraduate)**
  The Associate Vice President for Student Affairs (or designee) and either the dean of the academic college in which the violation occurred or the dean of the academic college for the student's academic major depending upon the nature of the appeal

- **Faculty Member**
  Any member of the University community who has responsibility for classroom or other teaching activities, mentoring, or academic evaluation of a student. This includes, but is not limited to, instructors, researchers, applied learning supervisors, teaching assistants, research assistants, graduate assistants, lab assistants, and course directors.

- **Respondent**
  Any student, student group, or student organization who has been accused of or reported for allegedly violating University policy. There may be more than one respondent for an incident. In incidents involving student groups or organizations, the president, director, team captain, or other member of student leadership will participate in the student academic integrity process on behalf of the group or organization. Student groups and organizations may not be represented by non-students, alumni, inactive members, or coaches in the student academic integrity process; however, such individuals may be selected by a student group or organization to serve in the role of Advisor in the student academic integrity process.

- **Student**
  Any individual who has been notified of admission to the University; is enrolled in, auditing, or participating in any University course or program; is assigned a space in a University owned or managed housing facility; or has a continuing relationship with the University. This includes, but is not limited to, Orientation, Intensive English, National Student Exchange, and Study Abroad. An individual is considered a student until they notify the University they are no longer a student, or the University informs them that they are no longer a student for reasons including, but not limited to, withdrawal, transfer, graduation, academic disqualification, or expulsion. An
individual who has been suspended is still considered a student during the suspension period. Students who leave the University before an academic integrity complaint is resolved may be prohibited from future enrollment and/or accessing University records until the matter is resolved.

- **Student Group**
  Any number of persons who are associated with the University and each other, but who have not registered, or are not required to register, as a student organization that conducts business or participates in University-related activities. Student groups include, but are not limited to, Student Government Association, Student Activities Council, musical or theatrical ensembles, sport clubs, or intercollegiate or independent varsity athletic teams.

- **Student Organization**
  Any student-led organization that has been approved and is recognized by the Student Government Association.

- **University**
  Wichita State University (WSU) and its affiliates.

- **University Business Day**
  Refers to any day the University is open for official business (usually Monday through Friday, not including University breaks or holidays).

- **University Official**
  Any individual employed by the University, acting within the scope of their employment including, but not limited to, faculty, staff, Resident Assistants, Intramural Officials, law enforcement officers, or facility managers.

- **University Policy**
  Any written guidelines of the University or the Kansas Board of Regents as found in, but not limited to, the Housing and Residence Life Handbook, Graduate/Undergraduate Catalogs, Student Organization & Advisor Handbook, WSU Policies and Procedures Manual, Library Facilities Policy, Board of Regents Board Policy Manual, Traffic Regulations, and/or Intramural Sports Handbook.

- **University Premises**
  Any land, building, facilities, vehicles, and other property in the possession of, owned, used, leased, or otherwise controlled by the University and/or its affiliates.

- **Witness**
  Individual who is requested to participate in an investigation or a hearing because that individual may have information about the alleged misconduct. Witness names may be provided by the Respondent or others with knowledge of the matter.

8. **Interpretation and Revision**
   A. Any question of implementation/application of this policy should be referred to the
Provost or their designee for final determination.

B. This policy shall be reviewed a minimum of every three (3) years under the direction of the Provost.

C. The Provost is responsible for notifying the University community of substantial changes to this policy.

Effective: July 14, 2010
Revised: July 16, 2018
APPENDIX V – Sexual Misconduct, Sexual Harassment, Relationship Violence and Stalking Policy for Employees and Visitors

From the WSU Policies and Procedures Manual:

3.06 / Sexual Misconduct, Sexual Harassment, Relationship Violence and Stalking Policy for Employees and Visitors

1. Purpose

This policy provides information regarding the University's prevention and education efforts related to sexual misconduct, relationship violence, and stalking. The policy also explains how the University will proceed once it is made aware of a possible sexual misconduct, relationship violence, and/or stalking incident. In order to remain consistent with our institutional values, and to meet the University's legal obligations under Title VII, Title IX and other applicable laws, this policy shall supersede all other University policies and procedures. The process outlined will be used to resolve alleged sexual misconduct, relationship violence, and stalking violations in a prompt, fair, and impartial manner.

2. Responsibility

It is the obligation of all designated responsible employees who become aware of discrimination on the basis of sex including incidents of sexual misconduct, relationship violence, or stalking to report the incident to the Title IX Coordinator and to take steps to prevent its continuation. Failure to do so is a violation of this policy.

3. Consensual Relationship policy

This policy addresses sexual, intimate, and/or romantic relations between members of the University whose professional relationship involves professional power differential or supervisory responsibilities. Professional power differential or supervisory responsibilities include, but are not limited to: evaluation of academic or research performance, compensation, work assignments or annual employee performance evaluations. Administrators, employees, faculty members, and students shall not have any direct or indirect supervisory or evaluative role over those with whom they have a sexual, intimate, or romantic relationship.

In the event employees are married, in an intimate partnership, have a domestic relationship, or have sexual contact with another employee or student with whom they have direct professional power differential or supervisory responsibilities, they are required to disclose the relationship to the appropriate supervisor. Supervisors should contact their Human Resource Business Partner for guidance as necessary if this applies to their employee(s).

4. Education and Awareness

A. Information on Risk Reduction, Prevention and Awareness Programs

Numerous University offices deliver harm-reduction and educational programming to promote the awareness of sexual misconduct, relationship violence, and stalking. Primary prevention and awareness programs for all new employees include mandatory training programs. Prevention training is offered to identify risky or unacceptable conduct before it occurs. This training promotes positive behaviors that foster healthy,
mutually respectful relationships; encourages safe bystander intervention; and seeks to change behavior and social norms in healthy and safe directions. Awareness programs include community-wide or audience-specific programming which describes initiatives and strategies to prevent sexual misconduct, relationship violence, and stalking, and promote safety, and reduce perpetration of sexual misconduct.

WSU Policy and Procedures Manual Section 3.33/Eschewing Campus/Workplace Violence and Section 8.18 Eschewing Campus/Workplace Violence describe annual training that is available to all University community members, including identifying and diffusing potentially violent or threatening situations.

Additionally, the University acts in partnership with the Wichita Area Sexual Assault Center and YWCA Women's Crisis Center to provide sexual misconduct and relationship violence educational materials, services, and programming to the campus community. These programs and resources can be found at https://www.wichita.edu/services/police/crime_prevention/

B. Crime Prevention Programs

The University Police Department offers crime prevention programs, including sexual misconduct prevention programs. Additional information and resource referrals concerning personal safety and crime prevention information, including alcohol and drug abuse, sexual misconduct, relationship violence, and stalking and other safety information is available from the University Police Department.

C. Safe and Positive Options for Bystander Intervention

Recognizing when an incident of sexual misconduct or relationship violence is occurring or is likely to occur is the first step to intervening. If you make the decision to intervene, do so safely – violence does not stop violence. If you cannot stop the act with your words, call law enforcement. Do not be afraid to ask other people for help with intervention.

If an individual confides in you, listen respectfully and help identify others in whom they can confide. Ask what the individual needs to feel safe, encourage seeking medical attention and counseling, and encourage reporting the incident to law enforcement, or a responsible employee if the individual is comfortable doing so. Be a supportive, kind, understanding, and nonjudgmental person and you can be a positive force for the individual to seek the help that is needed to move forward.

5. Jurisdiction

This policy applies to sexual misconduct, relationship violence, and/or stalking that is committed by a University employee or visitor at the time the behavior occurs:

A. On University property;
B. Off campus, if:
   1. In connection with a University or University-recognized program or activity; or
   2. In a manner that may pose an obvious and serious threat of harm to, or that may have the effect of creating a hostile learning or working environment for, any member(s) of the University community.
Additional alleged violations of any other University policy that occur in connection with an alleged incident of sexual misconduct, relationship violence and/or stalking will be resolved through this policy.

6. Definitions

For purposes of this policy, the following terms have the definitions provided below. Please note that some of these terms may have different meanings in other contexts.

A. Sexual Misconduct

Unwelcome conduct of a sexual nature that is committed without consent between people regardless of sex or gender. Sexual misconduct can include both intentional conduct and conduct that results in negative effects, even if those negative effects were unintended.

1. Sexual Harassment

Unwelcome conduct of a sexual nature. Sexual harassment includes unwelcome sexual advances, requests for sexual favors, and/or other verbal or physical conduct of a sexual nature. Sexual harassment can take several forms:

   a. **Quid Pro Quo Sexual Harassment** occurs when submission to unwelcome conduct of a sexual nature is made explicitly or implicitly a term or condition of employment or participation in an academic program; or submission to or rejection of unwelcome conduct of a sexual nature by an individual is used as the basis for employment decisions or academic decisions affecting that individual, including but not limited to grades, pay, promotion, and transfers.

   b. **Hostile Environment Sexual Harassment** occurs when unwelcome conduct of a sexual nature has the purpose or effect of unreasonably interfering with a person's work or academic performance and/or creates an intimidating, hostile, or offensive environment for working, learning, or living on campus, or in connection to an institutional program. The determination for whether an environment is “hostile” is often contextual and must be based on the circumstances.

   c. **Third Party Sexual Harassment** occurs when unwelcome conduct of a sexual nature is perpetrated by individuals who are not employees or students at the University.

2. Non-consensual Sexual Intercourse

   vaginal or anal penetration by any body part or foreign object or oral copulation (mouth to genital contact or genital to mouth contact), however slight, by a person upon another person without consent.

3. Non-consensual Sexual Contact

   Any intentional contact with the breasts, buttocks, groin, or genitals of another person without consent, including, but not limited to, touching another person or making another person touch you or themselves with any of these body parts.
4. Sexual Exploitation

Taking non-consensual or abusive sexual advantage of another person for one's own advantage or benefit, or to benefit or provide advantage to anyone other than the person being exploited, when that behavior does not otherwise constitute one of the other aforementioned sexual misconduct violations. Examples of sexual exploitation include, but are not limited to, invasion of sexual privacy; prostituting another individual; non-consensual video or audio recording of sexual activity; distributing video or audio recordings or photographs of sexual activity without consent of the subject of the media; possession of child pornography; engaging in voyeurism; knowingly transmitting a sexually transmitted infection (STI) to another individual; exposing one's breasts, buttocks, or genitals in non-consensual circumstances; inducing another to expose one's breasts, buttocks, or genitals; or soliciting sexual acts with a minor whether in person or electronically.

B. Relationship Violence

1. Dating Violence

Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the Complainant. The existence of such a relationship shall be determined based on the Complainant's statement, and with consideration of the length of the relationship, the type of the relationship, and the frequency of interaction between the persons involved in the relationship. Dating Violence does not include behaviors covered under the definition of Domestic Violence.

2. Domestic Violence

Violence committed by a current or former spouse or intimate partner of the Complainant; by a person with whom the Complainant shares a child; by a person cohabitating with the Complainant; or by a family or household member (i.e., parent, child, or other persons related by blood, marriage, or prior marriage; or roommates or former roommates).

C. Stalking

Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for one's own safety or the safety of others; or suffer substantial emotional distress. “Reasonable person” refers to a person under similar circumstances and with similar identities to the Complainant. “Substantial emotional distress” is defined as significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling. Except in situations where the Respondent has been served with or notified of a protective or no contact order prohibiting contact with the Complainant, “course of conduct” is defined as two or more incidents over a period of time. Stalking includes, but is not limited to:

1. acts in which the Respondent directly, indirectly, or through third parties;
2. by any action, method, device, or means;
3. follows, monitors, observes, surveils, threatens, or communicates to or about a person; or
4. interferes with a person's property.

D. Consent

Informed, knowing, and voluntary agreement to engage in a specific behavior. Consent must be clear and unambiguous for each person for the duration of any sexual contact. Consent to one sexual act does not imply consent to any other sexual act, nor does past consent to a sexual act imply ongoing or future consent. Silence or an absence of resistance does not in and of itself constitute consent. Consent can be revoked at any time. For all of these reasons, sexual partners must evaluate consent in an ongoing fashion and should communicate clearly with each other throughout any sexual contact.

Consent cannot be obtained from someone who is unconscious, physically powerless or otherwise physically or mentally incapacitated, whether due to alcohol, drugs, or other condition. Consent cannot be obtained by threat, coercion, or force. Agreement given under such conditions does not constitute consent. In order to give effective consent, one must be of legal age in the location of the sexual contact.

E. Incapacitation

Lacking the physical and/or mental ability to make informed rational judgments. An incapacitated person cannot understand the “who, what, when, where, why, and/or how” of their sexual contact with another person or persons. This may have a variety of causes, including, but not limited to, being asleep or unconscious, having consumed alcohol or drugs, experiencing blackouts or flashbacks, or an intellectual or other disability.

F. Retaliation

An adverse action or threat of an adverse action taken against a Complainant, Respondent, or any individual or group of individuals involved in the complaint, investigation, and/or resolution of an allegation of sexual misconduct, relationship violence, or stalking; including any individual who attempts to intervene or prevent behavior prohibited by this policy. Retaliation can be committed by an individual or group of individuals, not just a Complainant or Respondent. Retaliation can take many forms including, but not limited to, threats, intimidation, pressuring, continued harassment, violence, or other forms of harm to others. Any complaint regarding retaliation should be reported to the Title IX Coordinator. Retaliation is strictly prohibited and can result in disciplinary action up to an including termination of student status and/or employment.

G. Respondent

Any individual or group that allegedly violated University policy. There may be more than one complainant and more than one respondent for an incident.

Complaints regarding employees or visitors as Respondents should be referred to the Deputy Title IX Coordinator for Employees and Visitors for resolution under the appropriate University policy. The behavior of Respondents who are both students and employees may subject to both student and employment policies.
H. Complainant

Individual or group who was subject to alleged misconduct as described in any University policy. There may be more than one complainant for an incident.

I. Witness

Individual who is requested to participate in an investigation or a hearing because that individual may have information about the alleged misconduct. Witness names may be provided by the Complainant, Respondent, or others with knowledge of the matter.

J. Reporter

Individual or group who reports sexual misconduct, relationship violence, or stalking who is not otherwise defined by this policy as a Complainant, Witness, or Respondent.

K. Advisor

An individual selected by a Complainant or Respondent to assist the Complainant or Respondent throughout the University process including, but not limited to, a parent, friend, employee, advocate, or legal counsel. An advisor may advise and assist the Complainant or Respondent in preparation for any meetings, interviews, or hearings that may occur; accompany the Complainant or Respondent through all meetings, interviews, or hearings; or assist the Complainant or Respondent in preparing an appeal. An advisor may not participate in the process in any other capacity in reference to the same incident, including, but not limited to, serving as a Witness, Co-Complainant, or Co-Respondent. Advisors are observers and may not make any type of representation or argument on behalf of a Complainant or Respondent in any aspect of the process including, but not limited to: meetings, interviews, or hearings. The availability of an Advisor to attend a meeting, interview, or hearing shall not unreasonably interfere with or delay the proceedings.

L. Deputy Title IX Coordinator

Refers to the University’s Deputy Title IX Coordinators who are responsible for providing resources and information about this process regarding complaints of sex discrimination, sexual misconduct, sexual harassment, relationship violence and stalking.

M. Title IX Coordinator

Refers to the University's Title IX Coordinator, or designee, who is responsible for coordinating the University's efforts in reference to its Title IX responsibilities, overseeing the University's response to Title IX violations, and identifying and addressing any patterns or systemic problems.

7. Rights of the Complainant and Respondent

A. All Complainants and Respondents shall be entitled to the same rights in all investigations and resolution processes relating to reports of sexual misconduct, relationship violence, and/or stalking.

B. Complainants and Respondents will be advised of their rights, in writing, during their first meeting with the Deputy Title IX Coordinator or designee.
C. Complainants and Respondents have the right to:

1. Be notified of the allegations;
2. Be provided advanced notice of all meetings in which they are requested or entitled to participate and notified of the purpose of those meetings;
3. Be accompanied by an Advisor of the Complainant or Respondent's choice throughout the investigation and resolution process;
4. Request reasonable accommodations from the Office of Human Resources order to ensure full and equitable participation in the investigation and resolution process;
5. Be informed of campus and community resources available for support and assistance;
6. Submit information, including the names of witnesses, for consideration in the investigation;
7. Choose not to provide a statement or respond to questions during the investigation and resolution process;
8. Submit a written impact statement to be considered before a decision on consequences (if applicable) is rendered;
9. Request that an individual responsible for investigating or resolving an alleged violation be removed from the case on the basis of actual or perceived bias; and
10. Request one appeal within the University's process.

8. Responsibilities of the Complainant, Respondent, and Witnesses

All Complainants, Respondents, and Witnesses have the following responsibilities relating to investigating and resolving alleged misconduct:

A. Honesty

All participants are expected to be honest and forthright in all communication relating to the investigation and resolution of allegations of misconduct. Any individual who knowingly provides false information, makes a misleading or false claim, or engages in coercion of others may be subject to discipline or, under certain circumstances, legal action.

B. Communication & Responsiveness

The University uses @wichita.edu e-mail addresses as its formal means of communication unless the individual's @wichita.edu e-mail address is unavailable or inaccessible, in which case alternative means of communication will be utilized including certified mail via the U. S. Postal Service or other expedient methods. Reasons @wichita.edu e-mail addresses may not be utilized include, but are not limited to: any party being in jail or having legal restrictions on internet use. Communication regarding an investigation and/or resolution process is deemed given when sent to an official @wichita.edu e-mail address. Students and employees are responsible for checking their University e-mail and responding to all requests for information or other responses within a timely manner. Failure to respond or appear by a given deadline
may result in the process proceeding in an individual's absence. Decisions will be made on the information that is available at the time the decision is made.

C. Preparation

All parties are responsible for adequately preparing themselves for investigation and resolution meetings including reviewing applicable University policies and procedures. All parties are also responsible for ensuring that their advisors are familiar with the appropriate policies and procedures. Failure to adequately prepare for a scheduled meeting will not be reason for delaying the meeting or other proceedings.

D. Adhere to Process

Individuals are to refrain from disrupting the orderly process of the investigation and resolution process for alleged violations of University policy. No individual involved in the process other than the investigator or appeal officer may record any investigation or resolution meetings or other portions of the process without prior authorization from the Title IX Coordinator or Deputy Title IX Coordinator. Any individual deemed to be disruptive may be removed from a meeting and/or charged with violating University policy.

9. Reporting an Incident

The privacy of individuals involved in a report of sexual misconduct, relationship violence, or stalking will be protected to the extent permitted by law. All University employees who are involved in the University's response, including the Title IX Coordinator, investigators, and all other parties, receive specific instruction about respecting and safeguarding private information. Throughout the process, every effort will be made to protect the privacy interests of individuals involved in a manner consistent with the need for a thorough review of the report.

Privacy and confidentiality have distinct meanings under this policy. Privacy generally means that information related to a report of misconduct will only be shared with a limited number of individuals. The use of this information is limited to those University employees who “need to know” in order to assist in the review, investigation, or resolution of the report. While not bound by confidentiality, these individuals will be discreet and respect the privacy of individuals involved in the process.

Information shared by an individual with designated campus or community professionals who are acting within the scope of their professional credentialing is considered confidential. These campus and community professionals include licensed health care professionals, ordained clergy, and attorneys who are required to follow professional rules of conduct and laws that control the disclosure of confidential information. These individuals are prohibited from breaking confidentiality unless there is an imminent threat of harm to self or others, are directed to do so by court order, are given consent or disclosure is provided for by the professional rule of conduct or the law. Additionally, when a report involves suspected abuse of a minor under the age of 18, or the elderly, these confidential resources are required by state law to notify the Department of Children and Families and/or local law enforcement.
A. Confidential University Reporting Options

An individual who seeks completely confidential assistance may do so by speaking with professionals who have legally protected confidentiality. On campus, confidential reports may be made to licensed health care professionals in the Counseling and Testing Center ((316) 978-3440) and Student Health Services ((316) 978-3620). Information shared with these resources will remain confidential and will not be shared with the University or anyone else without express, written permission of the individual seeking services or to comply with a court order.

B. Non-Confidential University Reporting Options

1. In general, most University employees do not have legally protected confidentiality. Under Title IX, the University is required to take immediate and corrective action if a “responsible employee” knew or, in the exercise of reasonable care, should have known about sexual or gender-based violence or harassment that creates a hostile environment. A “responsible employee” includes any employee who:
   a. Has the authority to take action to redress the harassment;
   b. Has the duty to report to appropriate school officials sexual harassment or any other misconduct by students or employees; or
   c. A student, employee or visitor could reasonably believe has the authority or responsibility to take action.

2. The University has designated the following individuals as Responsible Employees:
   a. Title IX Coordinator, Deputy Coordinators, Associate Coordinators, and designees;
   b. Resident Assistants, Peer Academic Leaders, and Residence Hall administrators, including Assistant Residence Life Coordinators;
   c. Deans, Associate Deans, Assistant Deans, and Chairs;
   d. Directors of University offices, centers, institutes, and laboratories;
   e. President, Provost, all Vice Presidents, all Associate Vice Presidents, and all members of the President's Executive Team, or their designees;
   f. Head Coaches, Assistant Coaches, Strength Coaches, and Volunteer Coaches;
   g. Faculty and Staff who supervise employees;
   h. Office of Human Resources personnel;
   i. Sworn law enforcement officers of the University Police Department and other University security personnel;
   j. Faculty/Instructors;
   k. Student Organization Advisors;
   l. All individuals who are designated as Campus Security Authorities.
3. Non-confidential reports regarding incidents in which an employee or visitor is the Respondent should be made to the Deputy Title IX Coordinator for Employees and Visitors ((316) 978-6123). Reports or disclosures regarding incidents in which an employee or visitor is the Respondent made to any responsible employee will be directed to the Deputy Title IX Coordinator for Employees and Visitors for further review. Visit Wichita.edu/Title IX to access reporting form.

4. Non-confidential reports regarding incidents in which a student is the Respondent should be made to the Deputy Title IX Coordinator for Students ((316) 978-6681). An online reporting form can be found at: https://publicdocs.maxient.com/incidentreport.php?WichitaStateUniv.

C. Law Enforcement Reporting Options

The University encourages any individual who has experienced sexual misconduct, relationship violence, stalking, or any other crime to make a report to the Wichita State University Police Department (WSUPD) ((316) 978-3450) if the incident occurred on campus, or to local law enforcement, for incidents occurring off campus. **Collection and preservation of evidence relating to the reported sexual misconduct or other crime is essential for law enforcement investigations.** Specifically, clothing worn before, after, or during an incident should be retained and the person involved should avoid showering or bathing until medical attention has been sought. Prompt reporting to law enforcement is especially critical for the collection of evidence. A member of the Counseling and Testing Center advocate team is available to assist individuals with making a report to law enforcement.

In cases where a Complainant filed a report with law enforcement, the University is committed to appropriate coordination with WSUPD and local law enforcement agencies and may, if requested and appropriate, share information with those agencies. The University will fulfill its legal and ethical obligation to take immediate and appropriate action to investigate sexual misconduct, relationship violence, or stalking; even if there are other external processes or procedures pending in connection with the same reported behavior. In the event that law enforcement requests the University to temporarily suspend the fact-finding aspects of an investigation while the law enforcement agency gathers evidence, the University may comply with that request and will promptly resume its investigation upon notification from the law enforcement agency that its evidence gathering process is complete.

D. Timeliness of Reports

Individuals are encouraged to report sexual misconduct, relationship violence, or stalking as soon as possible after the incident occurs to maximize the University's ability to respond promptly and effectively; however, the University does not limit the time for reporting. **Prompt reporting allows for the University to obtain the most reliable information, be able to contact relevant witnesses (if any), and provide reasonable assistance and interim measures for affected parties.** In all cases, a decision will be made on existing facts to determine if an investigation is necessary for compliance with legal requirements.
E. The University will maintain as confidential any protective or interim measures provided to the Complainant, to the extent that maintaining such confidentiality would not impair the ability of the University to provide such measures or interventions. In cases involving sexual misconduct, complete confidentiality cannot be assured due to the University's legal obligation to investigate such incidents under Title IX.

10. University Response Procedures

A. Services and Support

1. Upon receipt of notice of alleged sexual misconduct, relationship violence, or stalking, the Deputy Title IX Coordinator or designee will attempt to contact the Complainant to arrange a meeting to discuss available resources and resolution processes. During the meeting, the following will be covered with the Complainant:
   a. Medical, mental health, advocacy, law enforcement, and other resources available to Complainants both on campus and in the surrounding community;
   b. Possible interim measures that are available (see section below);
   c. The obligation of the University to investigate every report of alleged sexual misconduct, relationship violence, and stalking both under federal law and out of concern for the safety of members of our campus community;
   d. The process for investigating and resolving alleged violations of sexual misconduct, relationship violence, and/or stalking;
   e. The rights that the Complainant and the Respondent have in the process (see section VII of this policy); and

2. The right for the Complainant to request confidentiality and the process by which the request will be evaluated (see Section IX of this policy).

3. After meeting with the Complainant, the Deputy Title IX Coordinator or designee will inform the Respondent of the allegations if an investigation will commence and/or a need for contact with the Respondent by the University is deemed necessary. During the meeting, the following will be covered with the Respondent:
   a. Medical, mental health, advocacy, law enforcement, and other resources available to Respondents both on campus and in the surrounding community;
   b. Possible interim measures that are available (see section below);
   c. The obligation of the University to investigate every report of alleged sexual misconduct, relationship violence, and stalking both under federal law and out of concern for the safety of members of our campus community;
   d. The process for investigating and resolving alleged violations of sexual misconduct, relationship violence, and/or stalking;
   e. The rights that the Complainant and the Respondent have in the process (see section VII. of this policy); and

f. The right for the Complainant to request confidentiality and the process by which the request will be evaluated (see Section IX. of this policy).
B. Interim Measures

1. The Title IX Coordinator, or designee, will evaluate all reports to promptly determine the necessity of interim measures. The University may implement appropriate interim measures for the individuals involved and for the larger University community based on the information provided in the report and at no cost to the Complainant. Interim measures may be put in place or modified at any point after a report is received and can be implemented even if a formal investigation is not able to proceed. Such interim measures include, but are not limited to assistance in the following categories:
   a. Administrative directives for no contact;
   b. Academic;
   c. Housing;
   d. Transportation;
   e. Employment;
   f. Facility Access;
   g. Activities;
   h. Campus Escort;

11. Interim measures may be implemented at any time, even if originally declined, and any measures put into effect will remain in place until the institution determines that they are no longer necessary.

12. When the actions of a person present an ongoing threat to the health, safety, or well-being of others; disrupt the University community; or endanger University, public, or private property; the Title IX Coordinator, or designee, may implement interim measures that restrict access for the Respondent pending the outcome of an investigation and resolution process. These interim measures may include, but are not limited to:
   a. Restricted access to campus property and/or facilities;
   b. Administrative leave with or without pay for employees;
   c. Job reassignment;
   d. Restricted access to participation in University resources, programs or activities;
   e. Restricted access to Housing & Residence Life facilities, including dining halls;
   f. Restricted ability to participate in academic activities, including classes, internships, co-ops, etc.; or
   g. Any other restriction that can be tailored to the involved individuals to achieve the goals of this policy.
4. The Title IX Coordinator, or designee, will notify the Complainant and Respondent in writing of any interim measures. The measures will take place immediately upon notification to both parties.

C. Decision to Investigate and Requests for Confidentiality and/or No Formal Action

1. If the Complainant is willing to participate in the investigation, the University will proceed as described in the Investigation section below.

2. A Complainant may request that the University maintain confidentiality and/or take no formal action regarding a report of sexual misconduct, relationship violence, or stalking; however, such a request may greatly impact the institution's ability to investigate. Additionally, some interim measures—such as an administrative directive for no contact—cannot be implemented if the Complainant's identity cannot be known.

3. Requests for confidentiality and/or no formal action will be referred to the Title IX Coordinator for review. The University will make every effort to honor confidentiality and/or no formal action requests; however, there are instances when such a request will not be able to be granted. Circumstances in which a confidentiality and/or no formal action request may be denied include, but are not limited to:
   a. existence of past or concurrent complaints against the Respondent;
   b. the institution is aware of past arrests or disciplinary action involving the Respondent;
   c. significant physical injury resulting from an alleged violation of sexual misconduct, relationship violence, or stalking;
   d. the reported use of a weapon during the commission of an alleged violation of sexual misconduct, relationship violence, or stalking; or
   e. the reported use of force during the commission of an alleged violation of sexual misconduct, relationship violence, or stalking.

4. In all cases, the decision on whether, how, and to what extent the University will conduct an investigation, and where other measures will be taken in connection with any allegation of sexual misconduct, relationship violence, or stalking, rests with the Deputy Title IX Coordinators. Any request for a review of such decision will be resolved by the Title IX Coordinator.

D. Investigation

When a decision to investigate has been made, the Deputy Title IX Coordinator or designee will conduct a prompt, thorough, and impartial investigation of the reported behavior. All investigators have received specific annual training on the issues related to sexual misconduct, relationship violence, and stalking, and how to conduct an investigation that protects the involved parties' safety and promotes accountability. The University strives to avoid any conflict of interest or bias on the part of any individual responsible for investigating and/or resolving alleged misconduct. Any party who wishes to express concerns about a conflict of interest or bias should notify the Title
IX Coordinator in writing. In instances where a conflict of interest or perceived bias on the part of the Title IX Coordinator occurs, the notification should be made to the Deputy Title IX Coordinator for Employees and Visitors or the University President.

In most cases, the review will involve conducting a fact-finding investigation, which includes meeting separately with the Complainant (if participating), Respondent, Reporter (if applicable), and relevant Witnesses; and reviewing other pertinent information. At any time during the course of an investigation, the Complainant, Respondent, or any Witness may provide a written statement; other supporting materials including, but not limited to, electronic communication, photographs, or video or audio recording; or the names of other potential witnesses. Additionally, the investigator may determine through other means that it is necessary to speak with another individual and seek out that person independently. The investigator may need to conduct multiple interviews in order to follow up or clarify information provided by others. In general, the Complainant's prior sexual history, with any individual including the Respondent, is not relevant and will not be considered as evidence during the investigation.

Prior sexual history between the parties may be relevant to assess the manner and nature of communication between the Complainant and Respondent.

The University will inform the Complainant and the Respondent at regular intervals of the status of the investigation. Occasionally, a different or less formal response to the report may be warranted and will be determined by the Title IX Coordinator; however, mediation will not be used to resolve any complaints of sexual misconduct. Either party may elect to end an informal process to pursue the formal process at any time during the resolution of the complaint.

E. Standard of Proof

The investigator will make a finding using the preponderance of the evidence standard. This standard requires that the information supporting a finding of responsibility be more convincing than the information in opposition to it. Under this standard, individuals are presumed not to have violated University policy unless a preponderance of the evidence supports a finding that a violation occurred.

F. Time Frames

The University seeks to resolve all reports within 60 days of the initial report. Extenuating circumstances may arise that require the extension of time frames, including extension beyond 60 days. Extenuating circumstances may include the complexity and scope of the allegations, the number of witnesses involved, the availability of the parties or witnesses, the effect of a concurrent criminal investigation, any intervening academic break or vacation, or other unforeseen circumstances.

In general, a Complainant and Respondent can expect that the process will proceed according to the time frames provided in this policy. In the event that the investigation and resolution exceed this time frame the University will notify all parties of the reason(s) for the delay and the expected adjustment in time frames. Best efforts will be made to complete the process in a timely manner by balancing principles of
thoroughness and fundamental fairness with promptness. Either party may inquire about the status of the investigation at any point in the process.

G. Investigation Finding and Outcome Notification

At the conclusion of the investigation, the investigator will compile a written investigative report which will include the alleged violations of University policy. The final investigative report will include the following:

- A summary of the investigation;
- The investigator's findings;
- The investigator's rationale in support of the findings;
- The investigator's recommendation for interventions and/or consequences (if applicable); and
- The investigator's rationale in support of the recommended interventions and/or consequences (if applicable).

The investigator will submit the final investigative report to the Deputy Title IX Coordinator. The Deputy Title IX Coordinator, in consultation with the Title IX Coordinator, will make a determination regarding appropriate interventions and/or consequences (if applicable) and notify the Complainant and Respondent in writing of the case outcome. Interventions and/or consequences (if applicable) become effective upon the written notification of the Deputy Title IX Coordinator's decision. If a Complainant has chosen not to participate in the University's review of the reported behavior but desires to be notified of the outcome, the University will notify the Complainant. If a Complainant has expressed, in writing, that the Complainant does not wish to be notified of the outcome, the University will honor that request. In such instances, the University will not send the notification itself to the Complainant, but may proceed with any necessary follow-up regarding consequences for the Respondent (if applicable) or other process matters.

11. Process Outcomes & Consequences

Individuals who are found to have violated University policy will receive disciplinary consequences appropriate to the current violation(s) and in consideration of any prior disciplinary, performance and/or behavioral issues while employed at the University. Consequences may be combined. Consequences may include, but are not limited to, the actions listed below.

- Written Reprimand
  Official written notification of unacceptable behavior and violation(s) of University policy. The written documentation becomes part of the employee's personnel file.

- Suspension
  An employee may be suspended without pay. The length of a suspension will be dependent upon the severity of the violation and will range in length from three to thirty University business days.
• Demotion
An employee may be demoted to a position previously held or a position in a lower grade. Demotions may be within the same division of the University or to a position in another division.

• Disciplinary Probation
An employee may be placed on disciplinary probation. This action is taken when a supervisor deems that the misconduct or violation of policy is of such a serious nature that if another violation occurs during the probationary period, steps for immediate dismissal will be initiated.

• Dismissal
Final disciplinary action that permanently removes the employee from the work environment.

• Job Reassignment
An employee may be moved temporarily or permanently to a different position or to a different work location.

• Restitution
The individual is required to pay for the loss of, damages to, or injury to University, personal, public, or private property, provided that such payment shall be limited to the actual cost of repair or replacement of such property.

• Loss of University Privileges
An employee or visitor may be restricted from accessing specific University privileges including, but not limited to: University computer and network access, sabbatical or eligibility for awards, participation in groups or associations, and utilization of recreation or fitness facilities.

• No Contact Order
The individual is prohibited from intentional direct or indirect contact with another person or group or their property via any means, including, but not limited to: personal contact, electronic communication (e.g. text messages, social media, etc.), telephone, or through third parties.

• No Trespass Order
The individual is prohibited from being on any campus property and/or entering specific University facilities.

• Knowledge Attainment Activities
Activities designed to increase knowledge in areas related to the violation(s) committed including, but not limited to: attending workshops, researching a specific topic, writing reflective papers or other relevant activities.
• Wellness Activities
Activities designed to address the individual's wellness in areas including social, emotional, financial, physical, academic, and environmental wellness including, but not limited to: substance use assessments, counseling assessments, and/or a referral to an employee assistance program.

• Reflective Activities
Activities designed to allow the individual to reflect on one's own behavior choices and the impact of those choices on the student and others, including potential future impacts if the same choices continue.

12. Appeals
A. Either party may submit an appeal request of the Deputy Title IX Coordinator's decision to the Director of Human Resources within five (5) University business days. The first day shall be counted as the day following the date on the decision letter. The appeal request must be received no later than the close of business on the fifth day. Filing an appeal will not delay the sanctions if applicable. Once an appeal request is received, the other party will be notified and provided with an opportunity to review the submitted appeal and submit a written response within three University business days, or by the original appeal submission deadline, whichever is greater. All supporting information from the Complainant and/or Respondent for the appeal request must be submitted by the specified submission deadline in order to be considered by the Director of Human Resources. Upon receipt of the appeal documents from the Complainant and/or Respondent, the Director of Human Resources will conduct an efficient and narrow review of the file limited to the grounds identified by the initiator of the review. Appeals may be filed on one or more of the following grounds:

1. A procedural or substantive error occurred that significantly affected the outcome of the case.

2. There is new, relevant information that was not available at the time of the investigation that, if available, could have significantly affected the outcome of the case. This does not include statements from a Complainant or Respondent who chose not to participate in the investigation.

B. A great degree of deference is given to the original decision. The presumption is that the investigation and decision processes were appropriately conducted and the burden is on the individual requesting the appeal to prove that the appeal has merit.

C. Appellate reviews are reviews of the record only. There are no additional meetings with the Complainant and/or Respondent unless there are exceptional circumstances as determined by the Title IX Coordinator, in which case the Director of Human Resources must offer both the Complainant and the Respondent the same opportunity to discuss the case. Upon review of the record, the Director of Human Resources may respond as follows:

1. Determine the appeal lacks standing and is dismissed, in which case the original decision stands;
2. Determine that the appeal has standing and remand the case back to the original investigator to consider new information or reevaluate previous information; or
3. Determine that the appeal has standing and remand the case to a new investigator with specific corrective instructions.
4. When the appeal officer determines an appeal has standing under item ii. or iii. above, both parties will be granted appeal rights as stated in XII. Appeals at the conclusion of the remand of the case.

D. The decision issued by the Director of Human Resources is considered the final University decision and will be communicated simultaneously in writing to both the Complainant and Respondent. The Director of Human Resources will strive to review and respond to the appeal request within ten (10) University business days of receipt of all documentation.

E. In circumstances in which there is a conflict of interest or perception of bias on behalf of the Director of Human Resources, or in cases in which the Director of Human Resources is otherwise unable to perform these duties, appeal decisions will be made by the Dean of Student Life.

13. Records
   A. Records Retention
      Investigation records are maintained electronically for a minimum of seven (7) years from the date that the matter is closed. A record is considered closed when the following criteria have been met:
      1. It is determined that the employee or visitor was not in violation of a University policy.
      2. The employee or visitor was in violation of University policy; and
      3. All periods of disciplinary actions and all associated consequences have been completed; or
      4. The employee has been dismissed from University employment.
   B. Records of Other Entities
      Police reports may be obtained by contacting the records department at the law enforcement agency which issued the report. In the State of Kansas, police reports are not considered public records; therefore, limited information will be accessible upon request.

14. Offices and Roles
   A. Institutional Equity and Compliance Director
      Human Resources Center, Room 110a
      Phone: (316) 978-3205
      OIEC@wichita.edu
B. Title IX Coordinator

The Title IX Coordinator is responsible for overseeing the University's response to Title IX reports and complaints and identifying and addressing any patterns or systemic problems revealed by such reports and complaints.

Sara Zafar, J.D., Title IX Coordinator
Human Resources Center, Room 116
Phone: (316) 978-5177
OIEC@wichita.edu

C. Deputy Title IX Coordinators

The Deputy Title IX Coordinators are responsible for providing information about resources and the process regarding complaints of sex discrimination, sexual misconduct, sexual harassment, relationship violence and stalking. The Deputy Title IX Coordinators will refer complainants to the Title IX Coordinator.

- For athletics, contact:
  Senior Associate Athletic Director and Senior Women's Administrator Intercolligate Athletics
  Charles Koch Arena, Room 201

APPENDIX VI – Sexual Misconduct, Relationship Violence, and Stalking Policy for Students

From the WSU Policies and Procedures Manual:
8.16 / Sexual Misconduct, Relationship Violence, and Stalking Policy for Students

1. Purpose
Wichita State University is committed to the elimination of sexual misconduct, relationship violence, and stalking within the University community. These incidents may interfere with or limit an individual's ability to benefit from or fully participate in the University's educational programs. Additionally, these incidents may cause serious physical and/or psychological harm. Wichita State University maintains a comprehensive program to prevent these behaviors, provides resources to assist and support those who are involved in such incidents, and will respond promptly and equitably to reports of sexual misconduct, relationship violence, and stalking. The University has a responsibility to eliminate the behavior, prevent its recurrence, and address its effects on any individual and/or the community. Retaliatory actions against any individual involved in reporting or participating in the investigation of a complaint will not be tolerated.

2. Policy
Sexual misconduct, relationship violence and stalking are prohibited behaviors. This policy provides information regarding the University's prevention and education efforts related to sexual misconduct, relationship violence, and stalking by students. The policy also explains how the University will proceed in instances of a Complainant reporting allegations of sexual misconduct, relationship violence, and stalking by a student Respondent. This process is in keeping with our institutional values and our commitment to meet the University's legal obligations under Title IX and other applicable laws. This process will be used to resolve alleged sexual misconduct, relationship violence, and stalking violations in a prompt, fair, and impartial manner. All policies will be interpreted and applied consistent with the First Amendment to the United States Constitution.

1. Education and Awareness
A. Awareness Programs
The Office of International Education; Office of Student Success; WSU Intercollegiate Athletic Association, Inc.; Human Resources; Academic Affairs; and other offices may conduct orientation sessions for students. During orientation sessions, each office is expected to provide safety information. Additionally, for students residing on campus, Housing and Residence Life staff members provide personal safety and residence hall safety programs and information.

The Counseling and Testing Center, Student Health Services, and Student Conduct & Community Standards office provide numerous harm-reduction presentations and educational materials throughout the University community. Presentation topics include alcohol and drug abuse, hazing, sexual misconduct, relationship violence, and stalking. WSU Policy and Procedure 8.18 Eschewing Campus/Workplace Violence describes annual training that is available to all University community members, including identifying and diffusing potentially violent or threatening situations.
B. Crime Prevention Programs

The University Police Department offers crime prevention programs, including sexual misconduct prevention programs. Additional information and resource referrals concerning personal safety and crime prevention information, including alcohol and drug abuse, sexual misconduct, relationship violence, and stalking, and other safety information is available from the University Police and on their website at www.wichita.edu/police.

C. Safe and Positive Options for Bystander Intervention

Recognizing when an incident of sexual misconduct or relationship violence is occurring or is likely to occur serves as an initial intervention. If you make the decision to intervene, do so safely – violence does not stop violence. If you cannot stop the act with your words, call law enforcement. Do not be afraid to ask other people for help with intervention. If the incident is occurring in the residence halls, ask Housing staff or a Resident Assistant for help. It might also be helpful to participate in training to learn more safe and positive options for bystander intervention.

If an individual confides in you, listen respectfully and help identify others they can reach out to in confidence. Ask what the individual needs to feel safe, encourage seeking medical attention and counseling, and encourage reporting the incident to law enforcement or a University official if the individual is comfortable doing so. Be a supportive, kind, understanding, and nonjudgmental person and you can be a positive force for the individual to seek the help that is needed to move forward.

If you have been designated as a Responsible Employee by the University you are required to make a prompt report to the Title IX Coordinator. A Responsible Employee is an individual who:

1. has the authority to redress sexual misconduct, relationship violence or stalking
2. has been given the duty to report such conduct to appropriate school officials.
3. a student, employee or visitor could reasonably believe has the authority or duty to take action. For a list of WSU designated Responsible Employees see section VII.

D. Information on Risk Reduction

Offices under the auspices of the Vice President for Student Affairs and the Prevention Services Advisory Board offer programs to describe options to decrease perpetration and bystander inaction, and to increase empowerment for Complainants in order to promote safety and to help prevent conditions that facilitate violence. Such programs include alcohol and drug awareness programs, which explain that substance use and substance abuse increases the risk of sexual misconduct, and programs about safe and healthy choices. This programming is presented to recognized student organizations, including members of Fraternity & Sorority Life.

The Counseling and Testing Center delivers harm-reduction and educational programming to promote the awareness of sexual misconduct, relationship violence, and stalking. Additionally, the Counseling and Testing Center and University Police Department act in partnerships with the Wichita Area Sexual Assault Center and
YWCA Women's Crisis Center to provide sexual misconduct and relationship violence educational materials, services, and programming to the campus community.

E. Prevention and Awareness Programs and Campaigns

A variety of educational programs for University students and employees are offered to promote the awareness of sexual misconduct, relationship violence, and stalking. These programs are offered by:

1. The Counseling and Testing Center;
2. Housing and Residence Life;
3. WSU Police Department;
4. Student Health Services;
5. Selected academic courses;
6. Student Involvement;
7. Human Resources;
8. Student Conduct & Community Standards.

Primary prevention and awareness programs for all incoming students and new employees include mandatory online training programs. Prevention training is offered to identify risky or unacceptable conduct before it occurs. This training promotes positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality; encourages safe bystander intervention; and seeks to change behavior and social norms in healthy and safe directions.

Awareness programs include community-wide or audience-specific programming which describes initiatives and strategies to prevent sexual misconduct, relationship violence, and stalking, and promote safety, and reduce perpetration of sexual misconduct.

A comprehensive listing of contact information for on- and off-campus assistance and support resources for Complainants and Respondents can be found at https://www.wichita.edu/services/police/crime_prevention/

4. Jurisdiction

A. Application

This policy applies to sexual misconduct, relationship violence, and/or stalking that is committed:

1. by a University student, student group, student organization, or participant in a University program;
2. by an applicant who becomes a student, for alleged violation(s) committed as part of the application process; or
3. by an individual who has transferred, graduated, been academically disqualified, or expelled from the University, for alleged violation(s) committed prior to separation from the University.
B. Location and Manner

Behaviors subject to review under this policy include those which occur:

1. On University property;

2. Off campus, if:
   a. in connection with a University or University-recognized program or activity;
   b. in connection with any academic assignment, internship, co-op, practicum, field experience or trip, clinical experience, student teaching, research, or other academic activity;
   c. in connection with any activity sponsored, conducted, authorized by, or affiliated with, any student group or organization;
   d. involving a crime of violence or felony;
   e. in a manner that may pose an obvious and serious threat of harm to, or that may have the effect of creating a hostile living, learning, or working environment for, any member(s) of the University community.

3. This policy may also be applied to behavior conducted online, via e-mail or through other electronic mediums. Wichita State University does not regularly search for this information, but may take action if such information is brought to the attention of University officials. Additional alleged violations of Section 8.05/Student Code of Conduct that occur in connection with an alleged incident of sexual misconduct, relationship violence, and/or stalking will be resolved through this policy. The University will investigate or otherwise respond to all reports of sexual misconduct, relationship violence or stalking.

5. Definitions

For purposes of this policy, the following terms have the definitions provided below. Please note that some of these terms may have different meanings in other contexts.

A. Sexual Misconduct

Unwelcome conduct of a sexual nature that is committed without consent between people regardless of sex or gender. Sexual misconduct can include both intentional conduct and conduct that results in negative effects, even if those negative effects were unintended.

1. Sexual Harassment

Unwelcome conduct of a sexual nature. Sexual harassment includes unwelcome sexual advances, requests for sexual favors, and/or other verbal or physical conduct of a sexual nature.

Examples of sexual harassment include but are not limited to:

a. **Quid Pro Quo Sexual Harassment** occurs when submission to unwelcome conduct of a sexual nature is made explicitly or implicitly a term or condition of employment or participation in an academic program; or submission to or rejection of unwelcome conduct of a sexual nature by an individual is used as
the basis for employment decisions or academic decisions affecting that individual, including but not limited to grades, pay, promotion, and transfers.

b. **Hostile Environment Sexual Harassment** occurs when unwelcome conduct of a sexual nature becomes sufficiently severe, persistent or pervasive to interfere with a person's work or academic performance or creates an intimidating, hostile, or offensive environment for working, learning, or living on campus, or in connection to an institutional program. The determination for whether an environment is “hostile” is often contextual and must be based on the circumstances.

B. **Non-consensual Sexual Intercourse**

Vaginal or anal penetration by any body part or foreign object or oral copulation (mouth to genital contact or genital to mouth contact), however slight, by a person upon another person without consent. Examples include, but are not limited to, rape and non-consensual sodomy.

C. **Non-consensual Sexual Contact**

Any intentional contact with the breasts, buttocks, groin, or genitals of another person without consent, including, but not limited to, touching another person or making another person touch you or themselves with any of these body parts, or any other intentional bodily contact in a sexual manner. Examples include, but are not limited to, sexual assault; sexual battery; and/or non-consensual kissing, fondling, groping, or massaging.

D. **Sexual Exploitation**

Taking non-consensual or abusive sexual advantage of another person for one's own advantage or benefit, or to benefit or provide advantage to anyone other than the person being exploited, when that behavior does not otherwise constitute one of the other aforementioned sexual misconduct violations. Examples of sexual exploitation include, but are not limited to, invasion of sexual privacy; prostituting another individual; non-consensual video or audio recording of sexual activity; distributing video or audio recordings or photographs of sexual activity without consent of the subject of the media; possession of child pornography; engaging in voyeurism; knowingly transmitting a sexually transmitted infection (STI) to another individual; exposing one's breasts, buttocks, or genitals in non-consensual circumstances; inducing another to expose one's breasts, buttocks, or genitals; or soliciting sexual acts with a minor whether in person or electronically.

E. **Relationship Violence**

Violence committed by an individual who:

1. is or has been in a social relationship of a sexual, romantic or intimate nature with the Complainant;

2. is a current or former spouse or intimate partner of the Complainant; with whom the Complainant shares a child; is or has been cohabitating with the Complainant; or who is a family or household member (i.e., parent, child, or other persons related by blood, marriage, or prior marriage; or
3. is a roommate or former roommate of the Complainant.

The existence of such a relationship shall be, initially, determined based on the Complainant's statement, and with consideration of the length of the relationship, the type of the relationship, and the frequency of interaction between the persons involved in the relationship. Examples include dating and domestic violence as defined by local, state and/or federal law.

F. Stalking

Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for one's own safety or the safety of others; or suffer substantial emotional distress. “Substantial emotional distress” is defined as significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling. Except in situations where the Respondent has been served with or notified of a protective or no contact order prohibiting contact with the Complainant, “course of conduct” is defined as two or more incidents over a period of time. Stalking includes, but is not limited to:

1. acts in which the Respondent directly, indirectly, or through third parties;
2. by any action, method, device, or means;
3. follows, monitors, observes, surveils, threatens, or communicates to or about a person; or
4. Interferes with a person's property.

G. Consent

Informed, knowing, and voluntary agreement to engage in a specific behavior. Consent must be clear for each person for the duration of any sexual contact. Consent can be obtained by words or actions. Consent to one sexual act does not imply consent to any other sexual act, nor does past consent to a sexual act imply ongoing or future consent. Consent must be active; silence or an absence of resistance cannot be interpreted as consent. Consent can be revoked at any time. For all of these reasons sexual partners must evaluate consent in an ongoing fashion and should communicate clearly with each other throughout any sexual contact. Consent cannot be obtained from someone who the person or persons engaging in sexual activity knew, or should have known, is asleep or otherwise physically or mentally incapacitated, whether due to alcohol, drugs, or other condition. Consent cannot be obtained by threat, coercion, or force. Agreement given under such conditions does not constitute consent. In order to give effective consent, one must be of legal age in the state where the sexual contact takes place.

H. Incapacitation

Lacking the physical and/or mental ability to make informed rational judgments. An incapacitated person cannot understand the “who, what, when, where, why, and/or how” of their sexual contact with another person or persons. This may have a variety of causes, including, but not limited to, being asleep or unconscious, having consumed alcohol or drugs, experiencing blackouts or flashbacks, or an intellectual or other disability.
I. Retaliation

An adverse action or threat of an adverse action taken against a Complainant, Respondent, or any individual or group of individuals involved in the complaint, investigation, and/or resolution of an allegation of sexual misconduct, relationship violence, or stalking; including any individual who attempts to intervene or prevent behavior prohibited by this policy. Retaliation can be committed by an individual or group of individuals, not just a Complainant or Respondent. Retaliation can take many forms including threats, intimidation, pressuring, continued harassment, violence, or other forms of harm to others. Any complaint regarding retaliation should be reported to the Title IX Coordinator or designee. Retaliation is strictly prohibited and can result in disciplinary action up to and including termination of student status and/or employment.

J. Respondent

The student, student group, or student organization whom allegedly violated University policy. There may be more than one respondent for an incident. In incidents involving student groups or organizations, the president, director, team captain or other member of student leadership will participate in the student conduct process on behalf of the group or organization. Student groups and organizations may not be represented by non-students, alumni, or inactive members in the student conduct process; however, such individuals may be selected by a student group or organization to serve in the role of advisor in the student conduct process.

Complaints regarding employees or visitors as Respondents should be referred to the Title IX Coordinator for resolution under the appropriate University policy. The behavior of Respondents who are both students and employees may subject them to this policy, Section 8.05/Student Code of Conduct, and employment policies found in Chapter 3 of the WSU Policies and Procedures Manual.

K. Complainant

An individual or group who was subject to alleged misconduct as described in any University policy. There may be more than one complainant for an incident.

L. Witness

An individual who is requested to participate in an investigation or a hearing because that individual may have information about the alleged misconduct. Witness names may be provided by the Complainant, Respondent, or others with knowledge of the matter.

M. Reporter

An individual or group who reports alleged sexual misconduct, relationship violence, or stalking who is not otherwise defined by this policy as a Complainant, Witness, or Respondent.

N. Advisor

An individual selected by a Complainant or Respondent to assist the Complainant or Respondent throughout the University process including, but not limited to, a parent,
friend, faculty, member, advocate, or legal counsel. An advisor may advise and assist the Complainant or Respondent in preparation for any meetings, interviews, or hearings that may occur; accompany the Complainant or Respondent through all student conduct process meetings, interviews, or hearings; or assist the Complainant or Respondent in preparing an appeal. An advisor may not participate in the student conduct process in any other capacity in reference to the same incident, including, but not limited to, serving as a Witness, Co-Complainant, or Co-Respondent. Advisors may not directly participate, speak, comment or make any type of representation or argument on behalf of a Complainant or Respondent in any aspect of the student conduct process including, but not limited to: meetings, interviews, or hearings. The availability of an Advisor to attend a student conduct process meeting, interview, or hearing shall not unreasonably interfere with or delay the proceedings.

O. Deputy Title IX Coordinator

Refers to individuals who are designated as Deputy Title IX Coordinators. They serve as department liaisons and provide information about resources regarding complaints of sex discrimination, sexual misconduct, sexual harassment, relationship violence and stalking. The Deputy Title IX Coordinator will refer complainants to the Title IX Coordinator.

P. Title IX Coordinator

Refers to the Title IX Coordinator, or designee, who is responsible for coordinating the University's efforts in reference to its Title IX responsibilities, overseeing the University's response to Title IX violations, and identifying and addressing any patterns or systemic problems.

Q. Student

Any individual who has been notified of admission to the University; is enrolled in, auditing, or participating in any University course or program; is assigned a space in University housing facilities; or has a continuing relationship with the University. This includes, but is not limited to, Orientation, Intensive English, National Student Exchange, and Study Abroad. An individual is considered a student until they notify the University they are no longer a student or the University informs them that they are no longer a student for reasons including, but not limited to, withdrawal, transfer, graduation, academic disqualification, or expulsion. An individual who has been suspended is still considered a student during the suspension period. Students who leave the University before a conduct complaint is resolved may be prohibited from future enrollment and/or accessing University records until the matter is resolved.

R. Student Group

Any number of persons who are associated with the University and each other, but who have not registered, or are not required to register, as a student organization that conducts business or participates in University-related activities. Student groups include, but are not limited to, Student Government Association, Student Activities Council, musical or theatrical ensembles, sport clubs, the University newspaper or intercollegiate or independent athletic teams.
S. Student Organization

Any student-led organization that has been approved and is recognized by the Student Government Association.

6. Expectations of the Complainant and Respondent

A. All Complainants and Respondents shall be entitled to have the same expectations for equal participation and access to information and resources in all investigations and resolution processes relating to reports of sexual misconduct, relationship violence, and/or stalking.

B. Complainants and Respondents will be advised of expectations, in writing, during their first meeting with the Title IX Coordinator or designee.

C. Complainants and Respondents may expect to:

1. Be notified of the alleged violations of University policy;
2. Be provided advanced notice of all meetings in which they are requested or entitled to participate and notified of the purpose of those meetings;
3. Be accompanied by an Advisor of their choice throughout the investigation and resolution process;
4. Request reasonable accommodations from the Office of Disability Services or Human Resources (for employees) in order to ensure full and equitable participation in the investigation and resolution process;
5. Be informed of the available resolution options;
6. Be informed of campus and community resources available for support and assistance;
7. Submit information, including the names of witnesses, for consideration in the investigation;
8. Be informed of all parties contacted to participate in the investigation and their relation to the alleged misconduct;
9. Review the complete case file upon request by scheduling an appointment with the Title IX Coordinator or designee;
10. Choose not to provide a statement or respond to questions during the investigation and resolution process;
11. Submit a written impact statement to be considered before a decision on consequences (if applicable) is rendered;
12. Request that an individual responsible for investigating or resolving an alleged violation be removed from the case on the basis of actual or perceived bias; and
13. Request one appeal within the University's process.
7. University Expectations of the Reporter, Complainant, Respondent, and Witnesses

All Reporters, Complainants, Respondents, and Witnesses who are members of the University community shall be subject to the following expectations relating to investigating and resolving alleged misconduct:

A. Honesty

All participants are expected to be honest and forthright in all communication relating to the investigation and resolution of allegations of misconduct. A good faith report that is not later substantiated does not constitute making a false claim. Providing false or misleading information is a violation of University policy.

B. Communication & Responsiveness

The University uses official University email address (ie: @wichita.edu or @shockers.wichita.edu) as its formal means of communication unless the individual's official University e-mail address is unavailable or inaccessible, in which case alternative means of communication will be utilized including certified mail via the U. S. Postal Service or other expedient methods. Reasons official University e-mail addresses may not be utilized include, but are not limited to: any party being in jail or having legal restrictions on internet use. Communication regarding an investigation and/or resolution process is deemed given when sent to an official University e-mail address. Students and employees are responsible for checking their University e-mail and responding to all requests for information or other responses within a timely manner. Failure to respond or appear by a given deadline may result in the process proceeding in an individual's absence. Decisions will be made on the information that is available at the time the decision is made.

C. Preparation

All parties are responsible for adequately preparing themselves for investigation and resolution meetings including reviewing applicable University policies and procedures. Students are also responsible for ensuring that their advisors are familiar with the appropriate policies and procedures. Failure to adequately prepare for a scheduled meeting will not be reason for delaying the meeting or other proceedings.

D. Adhere to Process

Individuals are to refrain from disrupting the orderly process of the investigation and resolution process for alleged violations of University policy. No individual involved in the process other than the investigator or appeal officer may audio or video record any investigation or resolution meetings or other portions of the process without prior authorization from the Title IX Coordinator or designee. Any individual deemed to be disruptive may be removed from a meeting and/or charged with violating University policy.

8. Reporting an Incident

The privacy of individuals involved in a report of sexual misconduct, relationship violence, or stalking will be protected to the extent permitted by law. All University employees who are involved in the University's response, including the Title IX Coordinator, investigators,
and all other parties, including the Reporter if not the Complainant, receive specific instruction about respecting and safeguarding private information.

Throughout the process, every effort will be made to protect the privacy interests of individuals involved in a manner consistent with the need for a thorough, reliable, prompt, fair and impartial review of the report.

Privacy and confidentiality have distinct meanings under this policy. Privacy generally means that information related to a report of misconduct will only be shared with a limited number of individuals. The use of this information is limited to those University employees who “need to know” in order to assist in the review, investigation, or resolution of the report. While not bound by confidentiality, these individuals will be discreet and respect the privacy of individuals involved in the process.

Information shared by an individual with designated campus or community professionals who are acting within the scope of their professional credentialing is considered confidential. These campus and community professionals include licensed health care professionals, ordained clergy, and attorneys who are required to follow professional rules of conduct and laws that control the disclosure of confidential information. These individuals are prohibited from breaking confidentiality except for reasons that include, but are not limited to the following: if there is an imminent threat of harm to self or others, are directed to do so by court order, are given consent, or disclosure is provided for by the professional rule of conduct or the law. Additionally, when a report involves suspected abuse of a minor under the age of 18, or the elderly, these confidential resources may be required by state law to notify the Department of Children and Families and/or local law enforcement.

The University will maintain as confidential any protective or interim measures provided to the Complainant, to the extent that maintaining such confidentiality would not impair the ability of the University to provide such measures or interventions. The University will not share protective or interim measures provided to one party with the other party. In cases involving sexual misconduct, complete confidentiality cannot be assured due to the University's legal obligation to investigate or respond to such incidents under Title IX. Every reasonable effort will be made to notify Complainants before personally identifiable information that the University believes is necessary to provide an accommodation or protective measure is shared. This notification will include what information will be shared, to whom it will be shared, and the rationale for sharing that information. Decisions regarding the sharing of information will be determined on a case-by-case basis by the Title IX Coordinator or designee.

Records of complaints against individual students received under this policy are protected by the Family Educational Rights and Privacy Act (FERPA) and may only be released to non-University entities with authorization of the student, in compliance with a court order, or when otherwise permitted by law.

A. Non-Confidential University Reporting Options

In general, most University employees do not have legally protected confidentiality. Under Title IX, the University is required to take reasonable, needed immediate and corrective action of a reported hostile environment. If a “responsible employee” knew
or, in the exercise of reasonable care, should have known about sexual or gender-based violence or harassment that creates a hostile environment the information will be reported to the Title IX Coordinator.

The University has designated the following individuals as Responsible Employees:

1. Title IX Coordinator, Deputy Coordinators, and designees;
2. Resident Assistants, Peer Academic Leaders, and Residence Hall administrators, including Assistant Residence Life Coordinators;
3. Deans, Associate Deans, Assistant Deans, and Chairs;
4. Directors of University offices, centers, institutes, and laboratories;
5. President, Provost, all Vice Presidents, all Associate Vice Presidents, and all members of the President's Executive Team or their designees;
6. Head Coaches, Assistant Coaches, Strength Coaches, and Volunteer Coaches;
7. Faculty and staff who supervise employees;
8. Office of Human Resources personnel;
9. Sworn law enforcement officers of the University Police Department and other University security personnel;
10. Faculty/Instructors;
11. Student Organization Advisors;
12. All individuals who are designated as Campus Security Authorities.

Responsible Employees are required to provide all information they are aware of regarding an incident, to the Title IX Coordinator within two (2) university business days. Failure to do so will be reviewed to determine whether the failure is a violation of University policy subject to disciplinary action up to and including separation from employment.

Non-confidential reports regarding incidents in which a student is the Respondent should be made to the Title IX Coordinator. An online reporting form can be found here. Reports or disclosures made to any responsible employee regarding incidents in which a student is the Respondent will be directed to the Title IX Coordinator for further review.

Non-confidential reports regarding incidents in which an employee or visitor is the Respondent should be made to the Title IX Coordinator. Reports or disclosures regarding incidents in which an employee or visitor is the Respondent made to any responsible employee will be directed to the Title IX Coordinator for further review.

B. Law Enforcement Reporting Options

The University encourages any individual who has experienced sexual misconduct, dating violence, domestic violence, stalking, or any other crime to make a report to the Wichita State University Police Department (WSUPD) if the incident occurred on campus, or to local law enforcement, for incidents occurring off campus. Collection and preservation of evidence relating to the reported sexual misconduct or other crime
is important for law enforcement investigations. Specifically, clothing worn before, after, or during an incident, bedding, towels or other items, if related, should be retained and the person involved should avoid showering or bathing until medical attention has been sought. Prompt reporting to law enforcement is especially critical for the collection of evidence. A member of the Counseling and Testing Center advocate team is available to assist students in making a report to law enforcement.

In cases where a Complainant filed a report with law enforcement, the University is committed to appropriate coordination with WSUPD and local law enforcement agencies and may, if requested and appropriate, share information with those agencies. The University will fulfill its legal and ethical obligation to take immediate and appropriate action to investigate or respond to sexual misconduct, dating violence, domestic violence, or stalking; even if there are other external processes or procedures pending in connection with the same reported behavior. In the event that law enforcement requests the University to temporarily suspend the fact-finding aspects of an investigation while the law enforcement agency gathers evidence, the University will comply with that request and promptly resume its investigation upon notification from the law enforcement agency that its evidence gathering process is complete and that the University can resume its fact finding and, if necessary, investigation.

C. Confidential University Resources

An individual who seeks completely confidential assistance may do so by speaking with professionals who have legally protected confidentiality. On campus, confidential reports may be made to licensed health care professionals in the Counseling and Testing Center (316-978-3440); Student Health Services (316-978-3620) and the Wichita Area Sexual Assault Campus Outreach Advocate in Lindquist Hall, room 301, (316-978-5257). Information shared with these resources will remain confidential and will not be shared with the University or anyone else without express, written permission of the individual seeking services except when there is an imminent threat of harm to self or others, are directed to do so by court order or disclosure is provided for by the professional rule of conduct or the law.

D. Timeliness of Reports

Individuals are encouraged to report sexual misconduct, relationship violence, or stalking as soon as possible after the incident occurs to maximize the University's ability to respond promptly and effectively; however, the University does not limit the time for reporting. Prompt reporting allows for the University to obtain the most reliable information, be able to contact relevant witnesses (if any), and provide reasonable assistance and interim measures for affected parties. In all cases, a decision will be made on existing facts to determine if an investigation is necessary for compliance with legal requirements.

E. Protection Orders

Wichita State University does not issue orders of protection. Orders of protection, restraining orders, or similar lawful orders may be obtained through the court system and can be enforced by the University Police Department. Individuals who have obtained a protection order are encouraged to provide a copy to the University Police
Department as soon as possible following the issuance to ensure full enforcement.

Although the University does not issue orders of protection, individuals may request that the University issue an administrative directive for No Contact and/or a No Trespass Notice. Upon request, a determination will be made by the University whether to issue an administrative No Contact Order and/or No Trespass Notice. (See section XI. Process Outcomes and Consequences for definitions)

For information regarding how to obtain a protection order, contact the Wichita State University Police Department (316) 978-3450.

9. **Amnesty for Alcohol and/or Other Drugs**

To encourage reporting of alleged sexual misconduct, relationship violence, and stalking violations, neither Complainants nor Witnesses will face referrals for actions under Section 8.05/Student Code of Conduct if they personally engaged in the unlawful or prohibited use of alcohol or drugs during the incident when the alleged violation occurred. Additionally, Respondents will not face additional referrals for actions under Section 8.05/Student Code of Conduct if they personally engaged in the unlawful or prohibited use of alcohol or drugs during the incident when the alleged violation occurred. Amnesty applies only to the personal use of alcohol or drugs and does not extend to other potential violations of Section 8.05/Student Code of Conduct or other University policy. For example, if the Respondent provided alcohol or drugs to the Complainant as a means of facilitating the alleged violation, the Respondent may face additional action.

10. **University Response Procedures**

A. Services and Support

Upon receipt of notice of alleged sexual misconduct, relationship violence, or stalking, the Title IX Coordinator or designee will attempt to contact the Complainant to arrange a meeting to discuss available resources and resolution processes. During the meeting, the following will be covered with the Complainant:

1. Medical, mental health, advocacy, law enforcement, and other resources available to Complainants both on campus and in the surrounding community;

2. Possible interim measures that are available (see section below);

3. The obligation of the University to investigate or respond to every report of alleged sexual misconduct, relationship violence, and stalking both under federal law and out of concern for the safety of members of our campus community;

4. The obligation of the University to comply with a student's reasonable request for a living and/or academic situation change following an alleged sexual misconduct, relationship violence, and stalking;

5. The process for investigating and resolving alleged violations of sexual misconduct, relationship violence, and/or stalking;

6. The rights that the Complainant and the Respondent have in the process (see section III of this policy); and
7. The right for the Complainant to request confidentiality and the process by which the request will be evaluated (see Section IX.C. of this policy).

After meeting with the Complainant, the Title IX Coordinator or designee will determine if a formal investigation will commence and/or need for contact with the Respondent by the University is deemed necessary. If so, theRespondent will be informed of the allegations. During the meeting, the following will be covered with the Respondent:

a. Medical, mental health, advocacy, law enforcement, and other resources available to Respondents both on campus and in the surrounding community;

b. Possible interim measures that are available (see section below);

c. The obligation of the University to investigate or respond to every report of alleged sexual misconduct, relationship violence, and stalking both under federal law and out of concern for the safety of members of our campus community;

d. The process for investigating and resolving alleged violations of sexual misconduct, relationship violence, and/or stalking;

e. The rights that the Complainant and the Respondent have in the process (see section V. of this policy); and

f. The right for the Complainant to request confidentiality and the process by which the request will be evaluated (see Section IX.C. of this policy).

B. Interim Measures

The Title IX Coordinator or designee, will evaluate all reports to promptly determine the necessity of interim measures. The University may implement appropriate interim measures for the individuals involved and for the larger University community based on the information provided in the report and at no cost to the Complainant. Factors that may be considered in determining reasonable interim measures include, but are not limited to the following: the specific need expressed by the Complainant; the ages of the individuals involved; the severity or pervasiveness of the allegations; any continuing effects on the Complainant; whether the Complainant and Respondent share the same residence hall, dining facility, class, transportation, or employer; and whether other student conduct measures have been taken to protect the Complainant. Interim measures may be put in place or modified at any point after a report is received and can be implemented even if an investigation is not able to proceed. Such interim measures include, but are not limited to assistance in the following categories:

- Administrative directives for no contact;
- Academic;
- Housing;
- Transportation;
- Employment;
- Facility Access;
• Activities;
• Campus Escort.

Interim measures may be implemented at a later time, even if originally not initiated, and any put into effect will remain in place until the institution determines that they are no longer necessary.

When the actions of a student or member(s) of a student group or organization present an ongoing threat to the health, safety, or well-being of others; disrupt the University community; or endanger University, public, or private property; the Vice President for Student Affairs may implement interim measures that restrict access for the Respondent pending the outcome of an investigation and resolution process. These interim measures may include, but are not limited to:

• Restricted access to campus property and/or facilities;
• Restricted access to participation in University programs or activities;
• Restricted access to Housing & Residence Life facilities, including dining halls;
• Restricted ability to participate in academic activities, including classes, internships, co-ops, etc.;
• Restricted access to campus employment;
• Administrative leave with pay for student employees; or
• Any other restriction that can be tailored to the involved individuals to achieve the goals of this policy.

The Vice President for Student Affairs or designee will notify the Complainant and Respondent in writing of any interim measures. The measures will take place immediately upon notification to both parties. The Respondent will have three (3) University business days to submit a written request for a review of the interim measures to the Vice President for Student Affairs. Upon receipt of a request, the Vice President or designee will conduct the review within three (3) University business days if the interim measures should be lifted, modified, or kept in place. This is a final decision regarding interim measures unless there are exceptional circumstances that come to light during the investigation.

In circumstances in which there is a conflict of interest or perception of bias on behalf of the Vice President for Student Affairs, or in cases in which the Vice President for Student Affairs is otherwise unable to perform these duties, decisions regarding interim measures will be made by the Associate Vice President for Academic Administration and Outreach.

C. Decision to Investigate and Requests for Confidentiality and/or No Formal Action

If the Complainant is willing to participate in the investigation, the University will proceed as described in the Investigation section below.

A Complainant may request that the University maintain confidentiality and/or take no formal action regarding a report of sexual misconduct, relationship violence, or
stalking; however, such a request may greatly impact the institution's ability to investigate, and in most cases, the University will be unable to resolve the matter through the student conduct process.

Additionally, some interim interventions — such as an administrative directive for no contact — cannot be implemented if the Complainant's identity cannot be known.

Requests for confidentiality and/or no formal action will be referred to the Title IX Coordinator for review. The University will make every effort to honor confidentiality and/or no formal action requests; however, there are instances when such a request will not be able to be granted.

Circumstances in which a confidentiality and/or no formal action request may be denied include, but are not limited to:

1. existence of past or concurrent complaints against the Respondent;
2. the institution is aware of past arrests or disciplinary action involving the Respondent;
3. significant physical injury resulting from an alleged violation of sexual misconduct, relationship violence, or stalking;
4. the reported use of a weapon during the commission of an alleged violation of sexual misconduct, relationship violence, or stalking; or
5. the reported use of force during the commission of an alleged violation of sexual misconduct, relationship violence, or stalking.

In all cases, the final decision on whether, how, and to what extent the University will respond, and where other measures will be taken in connection with any allegation of sexual misconduct, relationship violence, or stalking, rests solely with the Title IX Coordinator.

D. Investigation

When a decision to investigate has been made, the Title IX Coordinator or designee will conduct a thorough, reliable, prompt, fair, and impartial investigation of the reported behavior. All investigators have received specific annual training on the issues related to sexual misconduct, relationship violence, and stalking, and how to conduct an investigation that protects the involved parties' rights, safety and promotes accountability. The University strives to avoid any conflict of interest or bias on the part of any individual responsible for investigating and/or resolving alleged misconduct. Any party who wishes to express concerns about a conflict of interest or bias should notify the Title IX Coordinator in writing. In instances where a conflict of interest or perceived bias on the part of the Title IX Coordinator occurs, the notification should be made to the University President or designee.

In most cases, the investigation will involve conducting fact-finding, which includes meeting separately with the Complainant (if participating), Respondent, Reporter (if applicable), and relevant Witnesses; and reviewing other pertinent information. At any time during the course of an investigation, the Complainant, Respondent, or any Witness may provide a written statement; other supporting materials including, but not
limited to, electronic communication, photographs, or video or audio recording; or the names of other potential witnesses. Additionally, the investigator may determine through other means that it is necessary to speak with another individual and seek out that person independently. The investigator may need to conduct multiple interviews in order to follow up or clarify information provided by others. In general, the Complainant's prior sexual history, with any individual including the Respondent, is not relevant and will not be considered as evidence during the investigation. Prior sexual history between the parties may be relevant to assess the manner and nature of communication between the Complainant and Respondent.

The University will inform the Complainant and the Respondent at regular intervals of the status of its investigation. The Title IX Coordinator has the option to decide that an informal process, such as mediation, may be warranted and used when considering a complaint however, mediation will not be used to resolve any complaints of non-consensual sexual intercourse or non-consensual sexual contact. Either party may elect to end an informal process to pursue the formal process at any time during the resolution of the complaint.

E. Standard of Proof

The investigator will make a finding using the preponderance of the evidence standard. This standard requires that the facts supporting a finding of responsibility be more convincing than the information in opposition to it. Under this standard, individuals are presumed not to have violated Section 8.16/Sexual Misconduct, Relationship Violence, and Stalking Policy for Students unless a preponderance of the evidence supports a finding that a violation occurred.

F. Time Frames

The University seeks to resolve all reports within 60 days of the initial report. Extenuating circumstances may arise that require the extension of time frames, including extension beyond 60 days. Extenuating circumstances may include, but are not limited to, the complexity and scope of the allegations, the number of witnesses involved, the availability of the parties or witnesses, the effect of a concurrent criminal investigation, any intervening academic break or vacation, or other unforeseen circumstances.

In general, a Complainant and Respondent can expect that the process will proceed according to the time frames provided in this policy. In the event that the investigation and resolution exceed this time frame, the University will notify all parties of the reason(s) for the delay and the expected adjustment in time frames. Best efforts will be made to complete the process in a timely manner by balancing principles of thoroughness, impartiality and fundamental fairness with promptness.

G. Investigation Finding and Outcome Notification

At the conclusion of the investigation, the investigator will compile a written investigative report. Before the report is finalized, the Complainant and Respondent will both be given an opportunity to review a summary of all relevant information that will be used in the determination of responsibility. Every effort will be made to appropriately honor both due process and privacy considerations. The alleged
violations of University policy will be included in the investigative report. A Complainant or Respondent must submit any comments about their own statement, or on any investigation summary that might be provided; and/or an impact statement to be considered when determining interventions and/or consequences (if applicable) to the investigator within five (5) University business day comment period after the statement or summary was provided for review. This deadline may be extended at the discretion of the Title IX Coordinator or designee under exceptional circumstances. A deadline extension request must be submitted in writing and before the expiration of the five day comment period.

Following the receipt of any comments or statements submitted, or after the five (5) University day comment period has lapsed without any submissions, the investigator will address any identified factual inaccuracies or misunderstandings, as appropriate, and then make a determination regarding the alleged policy violation(s).

The final investigative report will include the following:

- A summary of the investigation;
- The investigator's findings;
- The investigator's rationale in support of the findings;
- The investigator's recommendation for interventions and/or consequences (if applicable); and
- The investigator's rationale in support of the recommended interventions and/or consequences (if applicable).

The investigator will submit the final investigative report to the Title IX Coordinator. The Title IX Coordinator will make a determination regarding appropriate interventions and/or consequences (if applicable) and notify the Complainant and Respondent simultaneously in writing of the case outcome. Interventions and/or consequences (if applicable) become effective upon the written notification of the Title IX Coordinator decision and are not stayed until the conclusion of the appeals process. If a Complainant has chosen not to participate in the University's review of the reported behavior but desires to be notified of the outcome, the University will notify the Complainant. If a Complainant has expressed, in writing, that the Complainant does not wish to be notified of the outcome, the University will honor that request. In such instances, the University will not send the notification itself to the Complainant, but may proceed with any necessary follow-up regarding consequences for the Respondent (if applicable) or other process matters. In circumstances in which the Complainant is deceased, the University will notify the individual's emergency contact and/or next of kin of the outcome.

11. Process Outcomes & Consequences

Students, student organizations, and student groups who are found to have violated University policy will receive disciplinary consequences appropriate to the current violation(s) and in consideration of any prior conduct history and/or mitigating or aggravating circumstances.
Consequences may be issued individually, or a combination of consequences may be issued. In the case of student groups and organizations, if a consequence issued by a national or other governing body exceeds that of the University, the University may concur with that consequence.

The following consequences are specific to violations of Section 8.16/Sexual Misconduct, Relationship Violence, and Stalking Policy for Students.

A. Consequences for Individual Students

1. Written Warning
   Official notification of unacceptable behavior and violation(s) of University policy. Any further misconduct may result in more serious disciplinary consequences.

2. Disciplinary Probation
   The student is deemed not in good conduct standing with the University. The duration of any probationary period will be determined by the Title IX Coordinator on a case-by-case basis. Any further violations of University policy while on probation may result in more serious consequences being imposed.

   Some of the restrictions that may be placed on the student during the probationary period include, but are not limited to: participation in student activities, representation of the University on athletic teams or in other leadership positions, eligibility to receive any University award or honorary recognition, entrance into University residence halls or other areas of campus, participation in a study abroad program, or University computer and network usage.

3. Deferred Suspension
   The student will be officially suspended from the University, but the suspension will be deferred, meaning that the student may continue to attend classes at this time. The suspension will be automatically enforced for failure to complete any assigned consequences by the deadline and/or for any subsequent violation of University policy, unless the Title IX Coordinator determines otherwise in exceptional circumstances. If the student is found responsible for any subsequent violation of Section 8.16/Sexual Misconduct, Relationship Violence, and Stalking Policy for Students, the student will be automatically suspended for the length of the original deferred suspension in addition to the other consequences imposed for the subsequent violation. Some of the restrictions that may be placed on the student during the deferred suspension period include, but are not limited to: participation in student activities, representation of the University on athletic teams or in other leadership positions, eligibility to receive any University award or honorary recognition, entrance into University residence halls or other areas of campus, participation in a study abroad program, or University computer and network usage. The duration of any deferred suspension period will be determined by the resolution body on a case-by-case basis.

4. Suspension
   The student is required to leave the University for a designated period of time. During the suspension period, a student may not attend classes (either in person or
online), or participate in University-related activities, whether they occur on or off campus. The student may not be present on University premises unless authorized in writing in advance under conditions approved by the Title IX Coordinator. A student may be withdrawn from any classes in which the student is currently enrolled and will not be eligible for a refund. A registration and records hold will be placed on the student's account until the conclusion of the suspension period. If the student is an on-campus resident, the student's contract with Housing & Residence Life will also be terminated and the student will be responsible for paying any remaining fees for the duration of the original contract period. The student must successfully complete all assigned educational consequences prior to the conclusion of the suspension period, or the suspension will remain in effect until they are completed. The student must meet with a member of the Student Conduct & Community Standards staff during the last month of the suspension period in order to initiate the removal of the registration and records hold.

5. Expulsion
The student will be separated from the University without the possibility of graduation or future enrollment. The student may not be present on University premises unless authorized in writing in advance under conditions approved by the Title IX Coordinator. A student may be withdrawn from any classes in which they are currently enrolled and will not be eligible for a refund. A permanent registration hold will be placed on the student's account. If the student is an on-campus resident, the student's contract with Housing & Residence Life will also be terminated and the student will be responsible for paying any remaining fees for the duration of the original contract period.

6. Withholding of Transcripts or Degree
The University may withhold copies of student transcripts or awarding a degree otherwise earned until the completion of the process set forth University policy, including the completion of all consequences imposed, if any.

7. Revocation of Admission and/or Degree
Admission to the University or a degree awarded from the University may be revoked for fraud, misrepresentation, or other violation of University policy in obtaining the degree from or gaining admission to the University or for other serious violations committed by a student prior to graduation.

8. Restitution
The student is required to pay for the loss of, damages to, or injury to University, personal, public, or private property, provided that such payment shall be limited to the actual cost of repair or replacement of such property.

9. Loss of University Privileges
The student is restricted from accessing specific University privileges including, but not limited to: parking on campus, participation in student activities, holding a student leadership position, participation in a study abroad program, and University computer and network access.
10. Residence Hall Transfer or Removal

The student will be placed in another room or residence hall or restricted from living on campus for a specified or indefinite period of time. If a student is restricted from living on campus, the student's Housing and Residence Life contract will be terminated and the student will be responsible for paying any remaining fees for the duration of the original contract period.

11. No Contact Order

The student is prohibited from intentional direct or indirect contact with another person or group or their property via any means, including, but not limited to: personal contact, electronic communication (e.g. text messages, social media, etc.), telephone, or through third parties.

12. No Trespass Order

The student is prohibited from being on any campus property and/or entering specific University facilities.

13. Knowledge Attainment Activities

Activities designed to increase a student's knowledge in areas related to the violation(s) committed including, but not limited to: attending workshops, researching a specific topic, interviewing a professional in a specific field, etc.

14. Restorative Activities

Activities designed to repair harms caused and give back to others or the larger community including, but not limited to: community restitution service, letters of apology, educational presentations, etc.

15. Wellness Activities

Activities designed to address student's wellness in areas including social, emotional, financial, physical, academic, and environmental wellness including, but not limited to: substance use assessments, counseling assessments, meeting with an academic advisor, meeting with a Student Involvement staff member, etc.

16. Reflective Activities

Activities designed to allow the student to reflect on one's own behavior choices and the impact of those choices on the student and others, including potential future impacts if the same choices continue.

B. Consequences for Student Groups and Organizations

1. Written Warning

Official notification of unacceptable behavior and violation(s) of University policy. Any further misconduct may result in more serious disciplinary consequences.

2. Disciplinary Probation

The student group or organization is deemed not in good conduct standing with the University. The duration of any probationary period will be determined by the Title...
IX Coordinator on a case-by-case basis. Any further violations of University policy while on probation may result in more serious consequences being imposed. Some of the restrictions that may be placed on the student group or organization during the probationary period include, but are not limited to: ability to host a party or philanthropy event, eligibility to receive any University award or honorary recognition, participate in intramurals, represent the University and any travel in connection with such representation, participate in recruitment/intake or receive a new member class, maintain membership or representation of the organization on the governing council, utilize University facilities/grounds, participate in competitions, or receive future institutional funding.

3. Deferred Suspension

The student group or organization will be officially suspended from the University, but the suspension will be deferred, meaning that the student group or organization may continue to function at this time. The suspension will be automatically enforced for failure to complete any assigned consequences by the deadline and/or for any subsequent violation of University policy, unless the Title IX Coordinator determines otherwise in exceptional circumstances. If the student group or organization is found responsible for any subsequent violation of Section 8.16/Sexual Misconduct, Relationship Violence, and Stalking Policy for Students, the student will be automatically suspended for the length of the original deferred suspension in addition to the other consequences imposed for the subsequent violation. Some of the restrictions that may be placed on the student during the deferred suspension period include, but are not limited to: ability to host a party or philanthropy event, eligibility to receive any University award or honorary recognition, participate in intramurals, represent the University and any travel in connection with such representation, participate in recruitment/intake or receive a new member class, maintain membership or representation of the organization on the governing council, utilize University facilities/grounds, participate in competitions, or receive future institutional funding.

4. Suspension

The student group or organization is no longer recognized by the University for a designated period of time. During the suspension period, a student group or organization may not conduct any formal or informal business, or participate in University-related activities, whether they occur on or off campus. This includes, but is not limited to: ability to host a party or philanthropy event, eligibility to receive any University award or honorary recognition, participate in intramurals, represent the University and any travel in connection with such representation, participate in recruitment/intake or receive a new member class, maintain membership or representation of the organization on the governing council, utilize University facilities/grounds, participate in competitions, or receive future institutional funding. Re-recognition is possible but not guaranteed and will only be considered after the end of the suspension period and based on meeting all re-recognition criteria and obtaining clearance from the University. Any evidence that members of a student group or organization have attempted to sustain an unofficial student group or organization will result in individual charges and will postpone
5. Expulsion
The student group or organization will permanently lose its University recognition and/or registration and is ineligible to utilize University resources including facilities and financial support.

6. No Contact Order
The student group or organization is prohibited from intentional direct or indirect contact with another person or group or their property via any means, including, but not limited to: personal contact, electronic communication (e.g. text messages, social media, etc.), telephone, or through third parties.

7. Recommendation for Charter Revocation
The University will submit an official request to the national or other governing organization to revoke the charter for a student group or organization.

8. Restitution
The student group or organization is required to pay for the loss of, damages to, or injury to University, personal, public, or private property, provided that such payment shall be limited to the actual cost of repair or replacement of such property. University funds may not be used to pay restitution.

9. Loss of University Privileges
The student group or organization is restricted from accessing specific University privileges including, but not limited to: ability to host a party or philanthropy event, eligibility to receive any University award or honorary recognition, participate in intramurals, represent the University and any travel in connection with such representation, participate in recruitment/intake or receive a new member class, maintain membership or representation of the organization on the governing council, utilize University facilities/grounds, participate in competitions, or receive future institutional funding.

10. Knowledge Attainment Activities
activities designed to increase members' knowledge in areas related to the violation(s) committed including, but not limited to: attending workshops, researching a specific topic, interviewing a professional in a specific field, etc.

11. Restorative Activities
activities designed to repair harms caused and give back to others or the larger community including, but not limited to: community restitution service, letters of apology, educational presentations, etc.

12. Wellness Activities
activities designed to address members' wellness in areas including social, emotional, financial, physical, academic, and environmental wellness including,
but not limited to: risk management workshops, assessment and revision of risk management practices, financial management training, communication or teambuilding workshops, leadership or values congruence workshops, etc.

13. Reflective Activities

activities designed to allow the student group or organization to reflect on its members' behavior choices and the impact of those choices on the group/organization and others, including potential future impacts if the same choices continue.

12. Appeals

Either party may submit an appeal request of the Title IX Coordinator or designee's decision to the Associate Vice President for Student Affairs/Student Life within five (5) University business days. The five (5) day period begins on the first University business day following the date on the decision letter. Once an appeal request is received, the other party will be notified and provided with an opportunity to review the submitted appeal request and submit a written response within three (3) University business days, or by the original appeal submission deadline, whichever is greater. Deadlines may be extended at the discretion of the Associate Vice President for Student Affairs/Student Life under exceptional circumstances. A deadline extension request must be submitted in writing. The Title IX Coordinator or designee will also provide a written response for review by the Associate Vice President for Student Affairs/Student Life after reviewing all submissions from the Complainant and/or Respondent. All supporting information from the Complainant and/or Respondent for the appeal request must be submitted by the specified submission deadline in order to be considered by the Associate Vice President for Student Affairs/Student Life. Upon receipt of all documents, the Associate Vice President for Student Affairs/Student Life will conduct an efficient and narrow review of the file limited to the grounds identified by the initiator of the review. Appeal requests may be filed on one or more of the following grounds:

- A procedural or substantive error occurred that significantly affected the outcome of the case.
- There is new, relevant information that was not available at the time of the investigation that, if available, could have significantly affected the outcome of the case. This does not include statements from a Complainant or Respondent who chose not to participate in the investigation.

If the Associate Vice President for Student Affairs/Student Life or designee determines that the appeal request sufficiently meets one or more of the appeal grounds, the appeal request will be forwarded to the Vice President for Student Affairs for review. A great degree of deference is given to the original decision. The presumption is that the investigation and decision processes were appropriately conducted and the burden is on the individual requesting the appeal to prove that the appeal has merit. Appellate reviews are reviews of the record only.

There are no additional meetings with the Complainant and/or Respondent unless there are exceptional circumstances as determined by the Title IX Coordinator, in which case the Vice President for Student Affairs must offer both the Complainant and the Respondent
the same opportunity to discuss the case. Upon review of the record, the Vice President for
Student Affairs may respond as follows:

- Determine the appeal does not substantiate that a procedural or substantive error
  occurred, or that there is new relevant information that could significantly affect the
  outcome of the case. In which case, the original decision stands;

- Determine that the appeal may substantiate that a procedural or substantive error
  occurred, or that there is new relevant information that could significantly affect the
  outcome of the case. In which case the case is remanded back to the original
  investigator to consider new information or reevaluate previous information; or to a
  new investigator with specific corrective instructions.

The Vice President for Student Affairs' decision is considered the final University decision
and will be communicated simultaneously in writing to both the Complainant and
Respondent. The Vice President for Student Affairs will strive to review and respond to
the appeal request within ten (10) University business days of receipt of all documentation.

In circumstances in which a Complainant or Respondent raises a concern about a conflict
of interest or perception of bias on behalf of the Vice President for Student Affairs, or in
cases in which the Vice President for Student Affairs is otherwise unable to perform these
duties, appeal decisions will be made by the Associate Vice President for Academic
Administration and Outreach.

13. Student Records

A. Holds and Removal of Active Status

Student Conduct & Community Standards, the Associate Vice President for Student
Affairs/Student Life, and/or the Vice President for Student Affairs may place a hold on
a student's transcript, registration, and/or diploma; or remove a student group and/or
student organization's active status and ability to conduct operations in any of the
following situations:

1. A student, student group, or student organization has committed a violation of
   Section 8.16/Sexual Misconduct, Relationship Violence, or Stalking and/or Section
   8.05/Student Code of Conduct culminating in suspension or expulsion;

2. A student, student group, or student organization has been given interim restrictions
   pending an investigation and resolution of allegations of misconduct;

3. A student, student group, or student organization has failed to schedule or attend a
   required University meeting or hearing;

4. A student, student group, or student organization has failed to complete one or more
   consequences by the assigned deadline; or

5. A student with severe behavioral problems is no longer attending the University,
   and it is the determination of the Vice President for Student Affairs or designee that
   a review of the student's file and meeting with the student occur prior to the student's
   re-enrollment.
B. Record Retention

Student conduct records, including investigation records, are maintained electronically by Student Conduct & Community Standards for a minimum of seven (7) years from the date that the matter is closed. A record is considered closed when the following criteria have been met:

1. It is determined that the student, student group, or student organization was not in violation of University policy; or
2. The student, student group, or student organization was in violation of University policy; and
3. All periods of probation, deferred suspension, or suspension and all associated consequences have been completed; or
4. A student, student group, or student organization has been expelled from the University.

If a student remains enrolled after the seven-year retention period has lapsed, the record will be maintained until the student graduates or is no longer enrolled at the University. When a student proceeds directly from one academic program into another academic program (e.g. undergraduate study to graduate study), the records will be maintained until the completion of the final academic program. Records of incidents culminated in deferred suspension, suspension, or expulsion will be permanently maintained by the University.

C. Access to Records

Student Conduct & Community Standards does not make copies of conduct files or audio recordings. If a student wishes to review the student's own conduct file or recorded investigation interview, the student may do so by scheduling an appointment with Student Conduct & Community Standards.

A request for a redacted copy of the investigation summary may be provided upon written request to the Title IX Coordinator

D. Records of Other Entities

Police reports may be obtained by contacting the records department at the law enforcement agency which issued the report. In the State of Kansas, police reports are not considered public records; therefore, limited information will be accessible upon request.

14. Offices and Roles

A. Title IX Coordinator

The Title IX Coordinator is responsible for overseeing the University's response to Title IX reports and complaints and identifying and addressing any patterns or systemic problems revealed by such reports and complaints.

Sara Zafar, JD
Title IX Coordinator
Human Resources Center, 116 Phone: (316) 978-5177
B. Deputy Title IX Coordinators

Deputy Title IX Coordinators provide information and resources regarding complaints of sex discrimination, sexual misconduct, sexual harassment, relationship violence and stalking. The Deputy Title IX Coordinator will refer complainants to the Title IX Coordinator.

Revised: July 24, 2019
APPENDIX VI – Academic Appeals

From the WSU Policies and Procedures Manual:

8.20 / Court of Student Academic Appeals

1. Purpose

The faculty at Wichita State has established a procedure to resolve disputes arising out of the classroom through the Court of Student Academic Appeals. The court hears appeals for students who feel they have been treated unfairly in grading. The court is designed to help resolve differences that cannot be settled within the framework of the student-faculty relationship and offers an important safeguard for students. Any student may use the appeal procedure.

2. Procedures

A. Students should make every effort to resolve problems with the instructor before filing an appeal. A student must file an appeal within one semester after the grade is assigned (excluding summer). (The court reserves the right, in exceptional circumstances, to suspend this rule.)

B. The student should pick up an appeal form in the Office of Academic Affairs, 109 Morrison Hall. The complainant should meet with the Associate Vice President for Academic Affairs to determine:

1. whether opportunities for resolving the problem with the instructor have been exhausted, and
2. whether the problem is resolvable through existing University procedures other than the court

The Associate Vice President for Academic Affairs may indicate that a case is inappropriate, but students maintain their right to appeal if they wish to do so.

C. The student should make an appointment with the Student Advocate, officed in the Rhatigan Student Center, for assistance in:

1. resolving the case and/or
2. preparing the appeal

D. The completed appeal is returned by the student to the Office of Academic Affairs for distribution along with a copy of the procedures of the court to the faculty member named in the appeal and to the department chair and dean. This will be the instructor's dean, not the student's, though they may in some cases be the same.

E. The faculty member named in the appeal will submit a written statement on the case to the department chair. After reviewing the case, the department chair should form a judgment and/or attempt to resolve the issue without exerting pressure on either the instructor or the student. The department chair should indicate on the form:

1. a recommendation to sustain the instructor's decision,
2. a recommendation that the appeal be sustained, and
3. a statement that the issue cannot be resolved at this level
Space is available on the appeal form for these comments.

F. After the department chair has made a recommendation, the case is referred to the appropriate academic dean. After reading the appeal and the recommendation of the department chair, the dean may clarify issues by discussing the matter with the student and instructor. The dean should indicate a recommended action and return the appeal form to the Associate Vice President for Academic Affairs, who will submit it to the chair of the court.

G. The chair of the court will, after receiving the case, inform the student and the instructor in writing of its receipt and request from each a written statement and any additional information the court might need. This information must be received by the court within two weeks. The instructor and the student may visit with the court chair or write to the court about questions of procedure.

H. The instructor and student will be notified in writing no less than seven days in advance of the projected date of the hearing along with information pertaining to the exact time and place of the hearing. The court should establish the time for a hearing only after both the student and faculty member have been contacted and have indicated they can attend the hearing at that time. If the faculty member is not on campus during the semester of the hearing, only the student need be called prior to the establishment of the time of the hearing.

I. These procedures will be followed in an actual hearing:

   1. All hearings are closed.
   2. Members of the court will be faculty and students who have no connection with either party involved in the appeal.
   3. Hearings will be kept as informal as possible. A taped transcript of the hearing but not the deliberations will be made. These tapes will be maintained for one year. The tapes and all written material will be treated as confidential information.
   4. The instructor and student are expected to appear at the hearing. If the student does not appear for the hearing, the case will not be heard. If the faculty member does not wish to appear, the case will be heard.
   5. The student and faculty member may be represented by counsel from the University community but not by an attorney.
   6. Either party may ask members of the university community (students, faculty, staff) to present testimony relevant to the case.
   7. The instructor and the student will have access to the written statements of each other at least seven days prior to the hearing. These statements will be treated as confidential material.
   8. Relevant class records are to be made available to the court upon request.
   9. After opening statements by both parties, each will have the opportunity to question the other during the hearing, subject to academic decorum.
   10. Members of the court may question both parties to the dispute as well as those
persons presenting testimony in the case.

11. When questioning is finished, both parties, counsel and witnesses, if any, will be excused.

12. Decisions of the court are based on a majority vote.

13. For conducting business, a quorum consists of four members of the court.

J. The decision and the rationale for the decision are reported in writing to each party and to the officials who reviewed the appeal by the chair of the hearing. Majority and minority opinions may be included. If the court has suggestions for improving or eliminating the conditions which led to the case, these should be detailed in a separate letter to the faculty member with copies to his/her department chair and dean.

K. If the decision calls for a change of grade, the Office of the Registrar will be so advised; the chair of the court will authorize the registrar to make the official change. Decisions affecting other offices will result in similar correspondence with those offices.

L. The court does not rehear cases.

Effective: July 1, 1997
Revised: August 1, 2010
APPENDIX VIII – Incomplete Grade Form

Incomplete Grade Form
(To be completed by Student)

Student Name: __________________________________________ myWSU ID# _____________
Course: SCWK _______ CRN #: _____________ Semester _____________ Year: 20 _______
Instructor: ____________________________ Last Date of Attendance: ________________
1. Briefly provide a rationale for your request for the incomplete.

2. What needs to be completed for the course requirements?

I understand that instructors do not automatically grant nor are they obligated to give an incomplete in a course. There must be extenuating circumstances that lead to the decision to request an incomplete and the opportunity to complete this course. It is my responsibility as the student to complete all course work in agreement with the instructor.

I understand that I will not be able to progress into the practicum until the incomplete grade is resolved.

BSW ONLY: I understand that, according to university policy, the incomplete will automatically be changed to an “F” if I have not completed the course requirements by the end of the next semester in which I enroll (excluding the summer term).

MSW ONLY: I understand that, according to the Graduate School policy, if I have not completed the course requirements by the end of the second semester following the assignment of the incomplete (excluding the summer term), I will have to retake the course to receive credit.

APPENDIX IX – MSW Course Withdrawal Request Form

MSW Course Withdrawal Request Form
(To be completed by Student)

Student Name ________________________________________  myWSU ID# ______________
Course: SCWK _____________  CRN # _______________ Semester ____________  Year: 20 __
Instructor ___________________________ Last Date of Attendance/Participation _______

3. Briefly provide a rationale for your request for the withdrawal.

4. Explain when you plan to retake course and finish the MSW program.

5. Be aware that withdrawal from certain practice classes impacts your ability to be placed or to
   maintain placement in practicum since practice classes and practicum must be taken
   concurrently. If your decision to withdraw from the above specified class affects your
   completion of practicum placement, please specify in which semester and year you plan to
   take the following practicum courses:
   a. ScWk 720 (Field Practicum I) ____   c. ScWk 822 (Field Practicum III) ____
   b. ScWk 721 (Field Practicum II) ____   d. ScWk 823 (Field Practicum IV) __

APPENDIX X – MSW Leave of Absence Request Form

Leave of Absence Request Form
(To be completed by Student)

Student Name _________________________________________ myWSU ID# __________________

_____ Regular Program  _____ Advanced Standing Program

_____ Full Time  _____ Part Time

6. Briefly provide a rationale for your request for the leave of absence.

7. Explain when you plan to return and finish the MSW program.

8. Be aware that students are expected to return to the program one year from the semester the leave began. Failure to request a leave of absence from the program and to register for the anticipated semester of return to the program will result in the student being placed into nondegree admission status and would require that the student reapply to the MSW program through the normal application processes if they wish to continue their graduate studies. Students who are formally admitted into the MSW program but fail to register for their first summer or fall semester coursework will be terminated from the program.

APPENDIX XI – MSW Electives

MSW Electives Requests
(For electives taken outside the WSU School of Social Work)

Student Name: ________________________________

Have all 700 level MSW level courses been satisfactorily completed: ☐ Yes ☐ No

Full Course Title of Elective Course: ________________________________

Course Number (i.e. SCWK 730X): ________________________________

Number of Credit Hours: ________________________________

Dates and Times of course offering: ________________________________

Type of Course (regular, on-line, hybrid, continuing education, pass/fail): ______________

WSU Graduate Program offering course: ________________________________

Name of Other University offering course (if applicable): ________________________________

Name of Graduate Program at Other University offering course (if applicable): ______________

Semester and Year in which you will be taking this course: ______________

When will amended Plan of Study be filed with WSU Graduate School? ______________

Instructor’s Name ________________________________

Have you attached the course syllabus (required)? ☐ Yes ☐ No

Describe how this course supports the Advanced Generalist Curriculum of the School of Social Work, the Council on Social Work Education educational competencies and how it fits within your own professional social work aspirations.
