The Canta in Italia (“Sing in Italy”) study abroad program was started in 2004. Many generous individuals have made it possible for over 60 WSU students to study in Italy. Numerous graduate and undergraduate students have also been recruited to WSU because of their positive experience.

Your scholarship provides daily Italian classes, opera tickets, daily voice lessons, and tours of Florence and Lucca museums. Our Italian colleagues ensure that students practice their language skills, and perform their selections with authentic Italian style.
