6.) Transcripts

If ordering an e-transcript from National Student Clearinghouse, please follow these instructions:
1. Begin order by selecting Wichita State University as the recipient
2. Select “Other” from the drop-down menu
3. Input nursing.undergraduate@wichita.edu as the email recipient

Following are the most common questions regarding transcripts.
1. If all my official transcripts are already here (on file with WSU), do I need to send my transcripts to Nursing?
1. No. Please double check to make sure ALL your transfer coursework is on file before submitting an application. This prevents further delays in processing your application.

2. Do I need to send my WSU transcript?
   a. No – we are able to access WSU records.

3. I sent my official transcripts to admissions just recently. Do I also need to send them to Nursing?
   a. No, although the office will notify you if anything is missing.

4. I’m currently taking classes at another school. Should I send an official transcript?
   a. No – generally, official transcripts don’t show courses in progress. **However**, you will need to send an unofficial printout showing proof of enrollment.

5. I sent official transcripts a semester ago or more. I didn’t take any more courses since. Do I need to send an official transcript?
   a. No.

6. I sent official transcripts over a semester ago. I kept taking courses at that school – do I need to send another official transcript?
   a. Yes, new coursework must be on file.

7. Do I need to send proof of enrollment if I’m taking courses at WSU?
   a. No, we only need documentation of enrollment at other schools. We can access WSU records.

7.) Additional Information

Graduation credits:
In order to graduate with a bachelor’s degree from Wichita State University, the following requirements must be met:
- 120 credit hours total
- 60 hours from a 4-year institution
- General Education curriculum
- All official transcripts must be on file with the WSU Registrar’s Office

Nursing has 54 credit hours, so students should be aware they may have to take up to an additional 6 credit hours at WSU to meet the 60 hours requirement.

Background Check:
Once admitted, a criminal background check is required prior to enrollment in the nursing curriculum as a condition for participation in practicum courses classes. A **Social Security Number is required** to conduct a valid background check. Information on this background check will be made available online in the Nursing Preparation Modules.
For a variety of reasons, students enrolled in Wichita State University’s School of Nursing are required to submit to a criminal background check following acceptance to the program, but prior to beginning practicum rotations. Students will not obtain a background check on their own, the School of Nursing will provide information on how to obtain a background check. Students are responsible for the cost of the background check and any subsequent required background checks while enrolled in the nursing program. The School of Nursing reserves the right to request another background check at any point in a student’s program, at the student’s expense.

Technical Standards:
The WSU SON has technical standards that each student must meet with or without reasonable accommodations. A reasonable accommodation is a modification or adjustment to an instructional activity, equipment, facility, program or service that enables a qualified student with a disability to have an equal opportunity to fulfill the requirements necessary for graduation from the nursing program. To be eligible for accommodations, a student must have a documented disability of (a) a physical or mental impairment that substantially limits one or more major life activities of such individual; (b) a record of such impairment; or, (c) be regarded as having such a condition. Students who believe they are eligible for an accommodation must contact the Office of Disability Services. Applicants may refer to the Technical Standards PDF on the WSU Nursing website http://webs.wichita.edu/?u=nursing&p=/undergraduate/bsn/

Licensure:
Upon successful completion of the nursing program, graduates apply to the Kansas State Board of Nursing to take the national licensing examination (NCLEX) to be licensed as a registered nurse. Individuals with a misdemeanor or felony history should be aware that Kansas, or other states, may deny them permission to take the NCLEX-RN exam. Those with felonies against persons will be denied permission to take the NCLEX-RN examination. Individuals wanting more information are encouraged to review the legal issues reference packet located at https://ksbn.kansas.gov/administrator-resources/

Notice of Nondiscrimination:
Wichita State University does not discriminate in its employment practices, educational programs or activities on the basis of age (40 years or older), ancestry, color, disability, gender, gender expression, gender identity, genetic information, marital status, national origin, political affiliation, pregnancy, race, religion, sex, sexual orientation, or status as a veteran. Retaliation against an individual filing or cooperating in a complaint process is also prohibited. Sexual misconduct, relationship violence and stalking are forms of sex discrimination and are prohibited under Title IX of the Education Amendments Act of 1972. Complaints or concerns related to alleged discrimination may be directed to the Director of Equal Opportunity or the Title IX Coordinator, Wichita State University, 1845 Fairmount, Wichita, KS 67260, telephone 316-978-3187.
