

## Emory Lindquist Honors Scholar Track

**EXPLORE COURSEWORK THROUGH AN HONORS LENS ENHANCED WITH RESEARCH.**

The Emory Lindquist Honors Scholar Track is designed for incoming first-year students. However, it is open to all Honors students. Those who complete the program requirements earn a transcript designation.

### Learn How To:

- Understand how scholars and professionals think about problems
- Become a more independent and critical Thinker
- Consider the consequences of ideas for others and for society
- Work collaboratively in diverse groups

### Benefits:

- Small class sizes
- Interactive, discussion-based classes
- Specialized advising
- Honors community

## Minimum 12 credit hours required (typically 4 courses)

| Honors Seminar   | Course Number | Title | Credits | Complete | Type of Course      |
|------------------|---------------|-------|---------|----------|---------------------|
| HNRS ___ or WSUN |               |       | 3       |          | HNRS seminar course |

**The track requires an Honors (HNRS or WSUN) Seminar course. These courses are offered through the Cohen Honors College and are small, discussion-based experiences.**

|                      |  |  |           |  |           |
|----------------------|--|--|-----------|--|-----------|
| Directed Elective #1 |  |  | 3, 4 or 5 |  | HNRS or H |
|----------------------|--|--|-----------|--|-----------|

**For the required directed electives students may select an additional HNRS course, a departmental honors course (offered through another college, or complete an Honors Option Agreement to turn a non-Honors course into one.**

|                      |  |  |           |  |           |
|----------------------|--|--|-----------|--|-----------|
| Directed Elective #2 |  |  | 3, 4 or 5 |  | HNRS or H |
|----------------------|--|--|-----------|--|-----------|

**See Above**

|          |  |                         |   |  |               |
|----------|--|-------------------------|---|--|---------------|
| HNRS 485 |  | Honors Research Seminar | 3 |  | HNRS Research |
|----------|--|-------------------------|---|--|---------------|

**The track culminates in a research experience. Students must take HNRS 485 or 486. The HNRS 485 course is appropriate for those participating in research under the supervision of a faculty mentor.**

**Note: HNRS 486 is the more common choice.**

|          |  |                               |   |  |               |
|----------|--|-------------------------------|---|--|---------------|
| HNRS 486 |  | Honors Collaborative Research | 3 |  | HNRS Research |
|----------|--|-------------------------------|---|--|---------------|

**HNRS 486 is an interdisciplinary exploration of research. Students are invited to collaborate and cultivate an interdisciplinary research experience.**
