

# Study Abroad Spotlight

## Current Student

### **Carrington Bruce**

Study Abroad Program:

*University of Applied Sciences,  
Wiener Neustadt, Austria*

Major: Finance

Semester Abroad: *Fall 2016*

**Q:** What made you decide to study abroad?

**A:** I knew I wanted to do something that would look really good on my resume. I had the internships but didn't have studying abroad so I took the opportunity.

**Q:** Why should other students study abroad?

**A:** It gives you a new perspective of life. You meet so many new and different people. It enriches your life in my opinion.

**Q:** What would you say to students who are unsure about going to a non-English speaking country?

**A:** Have fun with it, laugh at yourself... If you let it intimidate you, you'll never leave your room. Also, take a language class. I'm taking a German class and I try to bring as much life to it as I can. You just have to accept that it's going to be hard to understand but have fun with it.
