Q: How did you decide to study abroad?

A: I've always wanted to travel the world. when I got the opportunity to travel abroad while also furthering my education, it was a dream come true.

Q: What have you enjoyed most about Bilbao, Spain so far?

A: So far I have enjoyed the architecture and beautiful scenery of Spain the most. The amazing people of Bilbao are of course a plus as well.

Q: Why should other students study abroad?

A: I believe other students should travel abroad because it gives them a chance to broaden their horizons if they so choose. Studying abroad is often a once in a lifetime opportunity and believe it or not, its not as hard to prepare for as one might think.
