

# WSU Faculty

## SPOTLIGHT

ON THEIR STUDY ABROAD  
EXPERIENCE

### Dr. Crystal Dozier

Assistant Professor, Anthropology

Pune, India & Arequipa, Peru

2010

#### Why would you recommend study abroad to students?

Study abroad will challenge you beyond what can be obtained in a classroom. Full immersion in another culture is incredibly enriching.

#### What is one memory or skill you took from your study abroad experience?

I have so many great memories and experiences from my study abroad experiences. One experience I'll never forget was taking a 21-hour train from Delhi to Rajasthan, then taking a camel into the desert to watch the sunset.
