WICHITA STATE UNIVERSITY

Academic unit: <u>Art, Design and Creative Industries</u>   College: <u>College of Fine Arts.</u>

Date of last university/KBOR review <u>2020</u>

Date of last accreditation report (if relevant) _____

List all degrees described in this report (add lines as necessary)

Degree: Bachelor of Art   CIP* code: 50.0701

Degree: Bachelor of Fine Arts (Art)   CIP* code: 50.0701

Degree: Bachelor of Fine Arts (Graphic Design)   CIP* code: 50.0409

Degree: Master of Fine Arts   CIP* code: 50.0701

*To look up, go to: Classification of Instructional Programs Website, http://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55

Certificate (s): _____

<u>Summary Statement (optional):</u>

Signature Page

Faculty of the academic unit review (add lines as necessary)

(If interdisciplinary, please list the core teaching faculty and department name if external to the academic unit)

Please note that the signatures indicate that each faculty has read the self-study template and agreed (by consensus) to its contents.

Name of Faculty Member (List department –if external to unit)	Signature of Faculty Member	Tenure or Non-Tenure Track	Faculty Contribution to Review I had the opportunity to contribute to this PR document.
Jeff Pulaski		Tenure Track	☐ Yes ☐ No
Ted Adler		Tenure Track	☐ Yes ☐ No
Barry Badgett		Tenure Track	☐ Yes ☐ No
Robert Bubp		Tenure Track	☐ Yes ☐ No
Marco Hernandez		Non-Tenure track	☐ Yes ☐ No
Dr. Brittany Lockard		Tenure Track	☐ Yes ☐ No
Tina Murano		Non-Tenure Track	☐ Yes ☐ No
Dr. Claudia Pederson		Tenure Track	☐ Yes ☐ No
Dr. Irma Puškarević		Tenure Track	☐ Yes ☐ No
Jennifer Ray		Tenure Track	☐ Yes ☐ No
Dr. Lori Santos		Tenure Track	☐ Yes ☐ No
Joshua Smith		Tenure Track	☐ Yes ☐ No
Levente Sulyok		Tenure Track	☐ Yes ☐ No

KBOR Review: Based on KBOR approval in September 2022, the 8-year review cycle has been suspended for Spring 2023 and Spring 2024 until new criteria are established. Kansas Board of Regents Systemwide Program Review will resume with new criteria with the 2023-2024 Review Cycle Year and the Program Review Report will be reported to BAASC and the Board in Spring 2025. In the meantime, Wichita State will continue with the University Program review for the 2023 and 2024 academic years.   Revised Nov. 2022

3

Part 1: Departmental Purpose, Relationship to the University Mission and Strategic Plan (HLC Criterion 1)

*The mission of Wichita State University is to be an essential **educational, cultural and economic driver** for Kansas and the greater public good.*

A. **Overall Program Description:** Provide an overall description of the program(s) offered. Include any significant changes made since the last review.

The School of Art, Design and Creative Industries (ADCI) offers its majors a variety of visual arts training primarily in graphic design and studio art. There are three undergraduate degrees, the Bachelor of Arts in Art degree with concentrations in Art and Art History, the Bachelor of Fine Arts in Art degree with concentrations in Art Education and Studio Art, and the Bachelor of Fine Arts in Graphic Design degree. The school also offers the Master of Fine Arts in Art degree in the area of studio arts.

Within the area of Studio Arts, there are eight distinct concentrations, Applied Drawing, Ceramics, Community & Social Practice, Electronic Media, Painting, Photography, Printmaking and Sculpture. Students in the BFA in Art degree take a full range of studio art courses within all the areas alongside a deeper dive into one of these specific concentrations.

Based on 20th day reports for the Spring 2023 semester, enrollment is around 250 undergraduate art and design majors and 11 graduate students. The faculty is made up of nine full-time tenured faculty members, two full-time untenured faculty members and two non-tenure track faculty members, one full-time and one three-quarter time. The total FTE for regular faculty is 12.0 FTE*. Eight of our 11 graduate students had GTA Direct instruct positions at some point during the year resulting in 14 classes being taught for 3.5 FTE. The number of adjunct faculty varies from semester to semester and year to year, but during the 2023 academic year, 14 adjuncts were employed in the fall to teach 27 classes and 14 adjuncts were employed in the spring to teach 27 classes for 13.5 FTE** for the year. With a total instructional FTE of 29, the current faculty-to-student ratio is approximately 1:11.

*Figures based on: 9 tenured faculty = 8.25 FTE (.25 for director), 2 untenured faculty = 2.0 FTE, 2 non-tenure track faculty = 1.75 FTE (1 at 1.0, 1 at .75)

** Figures based on: 27 classes in fall + 27 classes in spring = 54 classes * .25 FTE = 13.5 FTE

B. **Program Purpose Statement:** Provide the program purpose statement (formerly Mission statement)
   (If more than one program, list each purpose statement):

The School of Art, Design and Creative Industries (ADCI) is focused on applied learning opportunities, community engagement, and interdisciplinary modes of creative inquiry. We emphasize strong foundations in basic skills and technique acquisition, then move on to conceptual development. We encourage all students to become investigators of and contributors to art and design discourse at local, national and international levels.

C. **Relationship to University Mission:** What is the role of the Program(s) and its relationship to the University mission – specifically looking at how the program is an educational driver, cultural driver, **_and/or_** economic driver:

ADCI provides a high-quality education in art and design to all students in our undergraduate and graduate programs. Graduates of our programs are skilled artists and designers. They enter the workforce as K-12 art teachers, graphic designers, entrepreneurs, curators, and community artists. They work in the fields of education, advertising, design,

KBOR Review: Based on KBOR approval in September 2022, the 8-year review cycle has been suspended for Spring 2023 and Spring 2024 until new criteria are established. Kansas Board of Regents Systemwide Program Review will resume with new criteria with the 2023-2024 Review Cycle Year and the Program Review Report will be reported to BAASC and the Board in Spring 2025. In the meantime, Wichita State will continue with the University Program review for the 2023 and 2024 academic years.   Revised Nov. 2022

4

museums and cultural institutions, and many small businesses. Our students, faculty and alumni are also an active and vital part of the cultural scene in Wichita and the surrounding communities. Our cultural outreach to students, the campus and the greater community takes many forms. Three galleries in McKnight (the Clayton Staples, ProjectSpace and PrintSpace) exhibit the work of artists and designers from around the country, bringing new voices to our community. Shiftspace Gallery, our student-run gallery in downtown Wichita, shows off the work of Wichita State students to our community year-round. ADCI faculty and staff are also an active community of artists and designers with work appearing in shows and exhibitions around the country nearly every month of the year.

We continue to focus on the professional side of art and design for our students. Professional Practices classes teach students essential professional skills needed when joining the workforce; Our many internships give students real-world applied learning opportunities both on and off campus. Studio Practice and Community and Social Practice classes engage students in projects that are directly connected to the community. All of these efforts are to help students see how they can use their education in professional settings after graduation to help drive the economy.

D. **University Strategic Plan:** How does the Program support the university strategic plan?
(https://www.wichita.edu/about/strategic_plan/index.php)

ADCI is aligned with the university's mission and we are committed to the university's strategic plan in pultiple ways. We have always been student centered. In our classes and culture, we encourage students to find their voice as artists, designers, and educators. Faculty work to help them develop their skills in a way that can be impactful to the community around them. Applied learning has been seen throughout our curriculum for many years, rather through Co-op and internship courses, community-based projects, or exhibitions that engage the public and professional community with new ideas, in fact, most of our capstone courses have required elements of applied learning before it was a requirement. Our faculty lead by example through exhibitions and public shows of their work in many venues around our region and beyond.

As mentioned above, our students and faculty excel at creative activity output with much of this work being displayed in the community. This research and scholarship is a little different than the rest of the university's output because of our discipline, but it is no less important or impactful. When there are opportunities to perform traditional research, our students and faculty find ways to collaborate.

Through shows in our campus and off-campus galleries, we strive to add to the campus culture in a way that brings new voices into the discussion about issues of concern to students.

KBOR Review: Based on KBOR approval in September 2022, the 8-year review cycle has been suspended for Spring 2023 and Spring 2024 until new criteria are established. Kansas Board of Regents Systemwide Program Review will resume with new criteria with the 2023-2024 Review Cycle Year and the Program Review Report will be reported to BAASC and the Board in Spring 2025. In the meantime, Wichita State will continue with the University Program review for the 2023 and 2024 academic years.   Revised Nov. 2022

5

Part 2: Faculty Quality and Productivity as a Factor of Program Quality

The quality of the program/certificate as assessed by the strengths, productivity, and qualifications of the faculty in terms of teaching, scholarly/creative activity, and service. (Refer to instructions in the WSU Program Review Instructions for more information on completing this section. <mark>Tables 4 (Instructional FTE), 6 (Program Majors) and 7 (Degree Production) from OPA can be used to help with this section.)</mark> **(HLC Assurance B.2.c; HLC Criterion 3.B item 4 and HLC Criterion 3.C)**

A. **Workload policy:** What is the workload policy for this program? Provide the policy as a PDF in the appendices of this program review with a direct hyperlink to the document. Departments can provide a workload distribution table (in the appendices) or additional narrative, as appropriate.

The Office of Planning and Analysis document can be found in Appendix A of this document.

ADCI follows the College of Fine Arts workload policy located in the Appendix B of this document. Basically, teaching faculty have the expectation of a 4:4 load. Research faculty receive a one course release each semester for research and creative activity, resulting in a 3:3 load. Additionally, a course release is given for additional duties within the school such as administrative and leadership positions. In compliance with the National Association of Schools of Art and Design (NASAD), faculty teaching studio classes (lecture and lab combined, six contact hours per week for a 3-credit hour course) have a maximum teaching load of 18 contact hours per week translating to three 3-credit hour classes per semester.

# of Faculty	Teaching	Service	Scholarship	Administration
2 faculty members	40%	20%	40%	0%
7 faculty members	65%	15%	20%	0%
1 faculty member	40%	15%	20%	25%
1 faculty member	0%	0%	0%	100%
1 faculty member	65%	35%	0%	0%
1 faculty member	65%	35%	0%	0%

B. **Teaching and Service:** Briefly explain the standards in place in the college/department for the evaluation of the faculty for teaching and service activity. *Provide narrative to represent the teaching and service for the faculty within the program. Please add a table/visual as appropriate in the appendices.*

Evaluation of teaching is based on classroom visitation and SPTE results. Two classroom visits per year are to be conducted by tenured faculty for all tenure and tenure-track faculty in the school. SPTEs are to be taken for all classes offered within the school. The Associate Director of the school arranges classroom visitation schedules.

Faculty are expected to be involved in service activities appropriate to their rank at the school, college, and university level. Assistant professors are expected to primarily be involved with school and some college committees. Associate and full professors are expected to be involved at all levels in service activities. All faculty are expected to advise and recruit students.

C. **Research and Creative Activity:** Briefly explain the standards in place in the college/department for the evaluation of the faculty research/scholarship/creative activity. *If an interdisciplinary program, please report on the program where faculty research has been recorded and provide narrative related to productivity.*

ADCI faculty participate in a wide range of research/scholarship and creative activity. Traditional research and publication makes up a small portion of the school's output, the majority of the creative activity takes the form of creation and exhibition of work in the various disciplines. These activities may include conference presentations, solo or group exhibitions, artist residencies, curatorial projects, recognition of work created, commissioned or freelance work, collection of work by public or private collections, etc.

Studio faculty within the school (studio art and graphic design) operate on a 65% Teaching, 20% Research and 15% Service load. Faculty in these areas are required to deliver courses as a combined lecture and lab leading to six contact hours per week for three-credit hour courses. This is a pedagogical norm as well as a requirement by our accrediting body, NASAD. Thus, almost half of their week is spent in the classroom in direct contact with students. Additionally, faculty need time to prep for class, meeting with students, advise students, grade work, etc. This limits the amount of time faculty are able to create and exhibit art, their primary mode of creative activity.

It should also be noted that there is a general lack of grant funding available to the visual arts. There are very few opportunities for a visual arts faculty to apply for and receive grant funding for their creative activities.

While there are no specific standards in place for the numbers of publications, exhibitions, presentations, etc. or specific grant funding levels that a faculty member is expected to produce, it is generally expected that the faculty will be engaged in their field by making work appropriate to their discipline and receiving peer validation of said work. This can come through conference presentations, refereed or juried exhibitions or shows, residencies, commissioned work or work being accepted into collections. Because of the nature of the creative work produced by artists and designers, it is very difficult to quantify expected numbers that are consistent across the various disciplines within art and design fields.

Complete the table below for the faculty who support the program (all faculty who signed or should have signed the coversheet). Edit the table as needed to meet the departmental needs to represent Research & Creative Activity.

Table 1 Departmental Research & Creative Activity		2018-19	2019-20	2020-21	2021-22
Number of Journal Articles	Refereed/Juried/Invited				
	Non-Refereed/Not Juried				
	Submitted				1
Number of Other Scholarly Writing	Refereed/Juried/Invited			1	
	Non-Refereed/Not Juried				1
	Submitted				
Number of Conference Presentations	Refereed/Juried/Invited	5	5	4	4
	Non-Refereed/Not Juried	2		3	2
	Submitted				1
Number of Conference Proceedings	Refereed/Juried/Invited				1
	Non-Refereed/Not Juried			2	
	Submitted	1			
Number of Other Professional Presentations	Refereed/Juried/Invited	3	8	10	6
	Non-Refereed/Not Juried	1		4	3
Number of Solo Exhibitions	Refereed/Juried/Invited	2	6	5	4
	Non-Refereed/Not Juried			1	3
Number of Group Exhibitions	Refereed/Juried/Invited	26	32	21	22
	Non-Refereed/Not Juried	1		5	2
Residencies		3	1		
Curatorial Projects		8	4	3	3
Personal Recognition		2		3	5
Commissioned Work		2		9	18
Work in Collections		2		7	2
Works Created		38	21	183	159
Number of Books					1
Number of Book Chapters					
Number of Grants Awarded or Submitted		4	1	4	4
$ Grant Value		20,000	4,500	10,000	804,500

Journal Articles – Articles written for printed or online Journals.
Other Scholarly Writing - Book or exhibition reviews, labels, didactics, etc.
Conference Presentations – Presentations, round tables, or session chair at an academic or professional conference.
Conference Proceedings – Published as part of the official Conference publication.
Presentations – Lectures, workshops or presentations to organizations or groups, but not at professional conferences.
Solo Exhibitions – Solo or two person shows of your work. The show is built around your work.
Group Exhibitions - Shows where there are lots of contributors and you have a few pieces in the show.
Residencies – Artist residencies.
Curatorial projects – Exhibits, shows or publications you curated.
Personal Recognition - Prizes, fellowships, awards, or written recognition of you or your work.
Commissioned Work - Commissioned or freelance work can be listed here.
Work Accepted into Collections – Could be public or private collections.
Works Created – Work or projects in progress or created that have not been exhibited, submitted for publication, etc.
Number of Books – Books written where you are the primary author.
Number of Book Chapters – Chapters written for others.
Grants – Number of grants received or applied for.
Grant Value – Total value of all grants received.

D. **Assessment of Faculty/Staff Productivity**: Provide a brief assessment of the quality of the faculty/staff using the data from the **narrative and table(s)** above. Include details related to productivity of the faculty including teaching, scholarship/research and creative activity, and services. (i.e., some departments may have a few faculty producing the majority of the scholarship, service, efforts to recruit/retain faculty, departmental succession plans, etc.)

In regard to teaching, it should be recognized that all units within the university had an unprecedented level of upheaval during the past few years with the disruption during COVID 19. The School of Art, Design and Creative Industries was no exception and there are still lingering effects even today. The majority of our classes are delivered as lecture and lab combination and there is a need for students to have access to equipment, space, and facilities to create their work that are not available to them at home. The faculty went above and beyond the call of duty to deliver their course content to students with as little disruption as possible. Even through the pandemic, students stayed active in their coursework and found successes. Faculty worked hard to maintain a positive environment for students. Two of the faculty garnered three separate Excellence in Teaching awards from the College of Fine Arts during this time-frame.

ADCI faculty have also been active in service obligations to the university and their respective fields. In addition to school and college committees, several of the faculty have been active in faculty senate, both as college and at-large senators. A number of the faculty also serve on faculty senate committees, including Faculty Affairs, Faculty Support, General Education, Library, Planning and Budget, and Rules. ADCI operates in a dual-advising mode with all students receiving required advising from the advising staff and faculty every semester. Faculty have also served on academic boards outside the university such as the Mid-America College Art Association and the International Conference on Typography and Visual Communication.

ADCI research and creative activity is usually very heavy on the creative activity side, with faculty primarily creating pieces of artwork, then engaging in solo and group exhibitions of their work, artist residencies, and other kinds of curatorial projects. Commissioned and freelance work can also make up a large part of some faculty's creative activity. Given these circumstances, reported scholarly output on the part of the faculty is very good. A few examples of the kinds of creative activity include one faculty member who exhibited their artwork in over 66 group and solo exhibitions nationally over the past four years. During the same four-year time frame, another faculty member won a Tilford Fellowship for special projects increasing diversity and inclusivity at the Wichita State, for their project "Our Own and Others' Otherness" that included an on-campus exhibition with Richard Reddaway of Massey University in Wellington, New Zealand; participated in exhibitions at Harvester Arts in Wichita, the Salina Art Center in Salina, KS, the CICA Museum in Gimpo-si, South Korea, the Bargehouse in London, the Engine Room in Wellington, New Zealand, and the Taoyuan Art Center in Taoyuan, Taiwan; participated in an artists' residency at Wayfarers Studios in Brooklyn, NY; was a visiting artist at Massey University in Wellington, New Zealand, and at Oklahoma State University, Stillwater, OK.

KBOR Review: Based on KBOR approval in September 2022, the 8-year review cycle has been suspended for Spring 2023 and Spring 2024 until new criteria are established. Kansas Board of Regents Systemwide Program Review will resume with new criteria with the 2023-2024 Review Cycle Year and the Program Review Report will be reported to BAASC and the Board in Spring 2025. In the meantime, Wichita State will continue with the University Program review for the 2023 and 2024 academic years. Revised Nov. 2022

8

As mentioned earlier, grant funding in the arts is difficult to come by. The information in the first three years of the chart are somewhat typical of grant funding within ADCI. However, the final year shows a marked increase in funding. This is due in large part to two grants. One faculty member in Art History received a $50,000 Andy Warhol Foundation Arts Writers grant for their book project. Another was part of a successful $750,000 NASA grant in collaboration with an engineering faculty member working with 3D printing of ceramic materials.

Part 3: Academic Program(s) and Emphasis

Analyze the quality of the program as assessed by its curriculum and impact on students for each program (if more than one). ==Attach updated program assessment plan(s) as an appendix== *(refer to instructions in the WSU Program Review document for more information).*

A. <u>Undergraduate programs:</u>
   1. ==Please review Table 8 provided by the Office of Planning and Analysis.== Is the program ACT ==at admission== below 20 (triggered by KBOR defined Minima)? ☐ Yes ☒ No

Upon review of the data in Table 8, ADCI majors score above the KBOR minimum of 20. The reported five-year rolling averages for the past three periods show our mean ACT scores for studio art to be 22.3, 22.5 and 22.7, a little below the university rates of 23.1, 23.2 and 23.3, but above the KBOR minimum. The reported five-year rolling averages for the past three periods for graphic design are 22.1, 22.2 and 22.4, again, a little below the university rates of 23.1, 23.2 and 23.3, but above the KBOR minimum.

B. <u>Graduate programs:</u>
   1. ==Please review Table 9 provided by the Office of Planning and Analysis.== Is the program GPA below the university average ==at admission==? ☐ Yes ☒ No

Upon review of the data in Table 9, ADCI graduate students GPAs track in line with university averages at admission for the last three periods of five-year rolling averages with GPAs of 3.5, 3.5 and 3.6.

C. <u>Accreditation status:</u> *(HLC Assurance A.7 item a-c; HLC Criterion 4.A. item 5)*
        If accreditation is previously noted, please add:
   1. Name of accrediting body: National Association of Schools of Art and Design (NASAD)
   2. Add in appendix, latest review from accrediting body (letter of confirmation) and hyperlink to this letter
   3. Current accreditation status: Member with reviews every five years.
   4. Next Review Date: 2023-24, although with planned renovation of printmaking, we would like to delay 1 year.
   5. Commendations and concerns from the last review that program is addressing for continuous improvement:

The latest communication with our accrediting body (FA22 NASAD Response) can be found in Appendix C.

The main concern that NASAD has with Wichita State University accreditation is a health and safety concern in our facilities. This has been a concern from the beginning of the process back in 2011 and remains today. Wichita State has made required improvements to the facilities in ceramics and sculpture. The last element to be addressed is the ventilation for the Printmaking area in McKnight North. A plan has been made by Facilities Planning, funding for the project has been secured, we are just waiting on selection of an architectural firm to move the project forward. This should begin during the 2023-24 academic year.

KBOR Review: Based on KBOR approval in September 2022, the 8-year review cycle has been suspended for Spring 2023 and Spring 2024 until new criteria are established. Kansas Board of Regents Systemwide Program Review will resume with new criteria with the 2023-2024 Review Cycle Year and the Program Review Report will be reported to BAASC and the Board in Spring 2025. In the meantime, Wichita State will continue with the University Program review for the 2023 and 2024 academic years.   Revised Nov. 2022

9

D. **Assessment of Learning Outcomes** (HLC Criterion 4.B. items 1-3)

1. Complete the table below with program-level data. Identify the principal learning outcomes (i.e., with what skills does the Program expect students to graduate) and provide aggregate data on how students are meeting those outcomes

BA in Art

The B.A. in Art, Art Concentration is designed to be a liberal arts option for students who do not want to focus exclusively in one area of art. This gives students freedom, encouraging a breadth of experience. The approach for planning the degree is to develop a link between the liberal arts or a related discipline to the studio or design focus, encouraging the relationship of nonart interest into their art careers. Students formulate a plan of study with specific educational goals, which will complement their art course work. The first year of study for the B.A. is completion of the Foundation Program. The second year includes a variety of Introductory Art courses. In the third year of study, the exploration of upper level studio art courses begins. At this point the students should be investigating their studio art emphasis area and developing a plan of focused electives to reach their educational goals.

Table 2 Learning Outcome Assessment					
Learning Outcomes (most programs will have multiple outcomes)	Assessment Type (e.g., portfolios, exams)	Assessment Tool (e.g. rubrics, grading scale)	Target/Criteria (desired program level achievement)	Results	Analysis
Demonstrate proficiency in applying visual art principles emphasized in the Foundation Program.	Portfolio review of work submitted at the end of both the junior and the senior year.	Rubric will be developed.	*Junior year:* 80% meet or exceed expectations *Senior year:* 85% meet or exceed expectations		Currently, students in the BA in Art do not turn in a portfolio of work at the end of their junior or senior year. This process will need to be developed or tied to a class.
Demonstrate proficiency in the expression of ideas through a range of media, with a specialization within one or more media.	Portfolio review of work submitted at the end of both the junior and the senior year.	Rubric will be developed.	*Junior year:* 80% meet or exceed expectations *Senior year:* 85% meet or exceed expectations		
Demonstrate familiarity with issues in art history and contemporary methods in art practice.	Written assignments and exams through 300+ level Art History curriculum.	Rubric will be developed.	*Junior year:* 80% meet or exceed expectations *Senior year:* 85% meet or exceed expectations		
Demonstrate proficiency in producing work with attention to detail and resolution of both the content and formal concerns.	Portfolio review of work submitted at the end of both the junior and the senior year.	Rubric will be developed.	*Junior year:* 80% meet or exceed expectations *Senior year:* 85% meet or exceed expectations		
Demonstrate familiarity and basic understanding of the considerations in communicating creative ideas	Demonstrated critique and presentation in 300+ level studio coursework. Area	Rubric will be developed.	*Junior year:* 80% meet or exceed expectations *Senior year:*		

and presenting work to others both verbally and visually.	faculty will establish a rubric to assess this outcome.		85% meet or exceed expectations		

2. Provide an analysis and evaluation of the data by learner outcome with proposed actions based on the results listed in the section D tables above. Data should relate to the goals and objectives of the program as listed above.

Nearly all assessments of learning outcomes in visual art need to come through the review of a portfolio of work. In the BA in Art degree, there is not currently a portfolio review requirement. This is one of the things that separate this degree from the BFA in Art, the professional version of the degree. A mechanism to require a portfolio of work to be turned in will need to be developed by the faculty. It would be best if this were tied to a specific class to ensure that it is completed by all students in the degree program. Processes for a wide range of faculty to review this work will also need to be developed. Since some of the skills/competencies will not be fully developed until the student is near the end of the program, junior- and senior-level targets should be established to ensure students are moving in the right direction. The faculty began developing this plan at the end of the last program review, but things were derailed when COVID hit. The faculty will work to get assessments established in the coming year.

BA in Art History

The B.A. in Art, Art History Concentrations has a liberal arts perspective and is the initial professional degree that prepares students for graduate study in Art History. The first year of study for the Art History Concentration is completion of a modified Foundation Program with less studio intensive practices. Students are required to gain a non-english language proficiency. With the remaining elective hours students should develop a plan of focused electives to reach their educational goals.

Table 2 Learning Outcome Assessment					
Learning Outcomes (most programs will have multiple outcomes)	Assessment Type (e.g., portfolios, exams)	Assessment Tool (e.g. rubrics, grading scale)	Target/Criteria (desired program level achievement)	Results	Analysis
Students will write about art using appropriate art historical terminology	Exam essays, writing assignments	Rubric	70% of students will score 80% or better	Have not been tracking across courses	Need to implement tracking metrics
Students will demonstrate knowledge of social and historical context which impacted known artworks from course	Exams, thinking exercises	Rubric	70% of students will score 80% or better	Have not been tracking across courses	Need to implement tracking metrics
Students can analyze formal elements of artworks verbally and in writing	In class discussion, exam essays, writing assignments	Rubric	70% of students will score 80% or better	In class discussions are excellent; have not been tracking grades across courses	Need to implement tracking metrics

New assessments were developed after the last program review, but were derailed when COVID hit. The faculty will work to get these assessments in place in the coming year.

BFA in Graphic Design

The Graphic Design Program provides instruction in the arts for those interested in visual communication. This program graduates trained professional designers, most of whom work in the Greater Wichita area. The program provides a base for an active cooperative educational relationship with business and industry. Wichita has a large concentration of national corporations and graphic design firms that hire designers. The Graphic Design Program provides a continuing resource for the professional community that contributes to the economic base of the area. The program's urban location and relationship with firms in this geographic area provides a unique opportunity for both the industry and the university to work together in meeting the needs of the profession.

Table 2 Learning Outcome Assessment					
Learning Outcomes (most programs will have multiple outcomes)	Assessment Type (e.g., portfolios, exams)	Assessment Tool (e.g. rubrics, grading scale)	Target/Criteria (desired program level achievement)	Results	Analysis
Demonstrate proficiency in applying principles emphasized in the Art Foundation, Introductory Graphic Design and Introductory Art History courses	Portfolio review of work submitted at the end of both the junior and the senior year through *ARTG 354 Professional Practices in Graphic Design*.	Rubric will be developed.	*Junior year:* 45% meet or exceed expectations *Senior year:* 85% meet or exceed expectations		Need to implement tracking metrics
Demonstrate proficiency in visual forms and their aesthetic functions, particularly as related to visual communications	Portfolio review of work submitted at the end of both the junior and the senior year through *ARTG 354 Professional Practices in Graphic Design*.	Rubric will be developed.	*Junior year:* 45% meet or exceed expectations *Senior year:* 85% meet or exceed expectations		
Demonstrate proficiency in the use of basic tools, techniques and processes to produce work from sketch to finished object	Portfolio review of work submitted at the end of both the junior and the senior year through *ARTG 354 Professional Practices in Graphic Design*.	Rubric will be developed.	*Junior year:* 45% meet or exceed expectations *Senior year:* 85% meet or exceed expectations		
Demonstrate proficiency in solving communications and design problems and develop a working knowledge of such areas as semantics, information theory, and symbol theory	Portfolio review of work submitted at the end of both the junior and the senior year through *ARTG 354 Professional Practices in Graphic Design*. requirements; coordinate project elements; and communicate with other personnel at all stages of the design process	*354 Professional Practices in Graphic Design.*		85% meet or exceed expectations		
Demonstrate familiarity in basic business practices and the history of graphic design	Written assignments and exams through *ARTG 354 Professional Practices in Graphic Design.*	Written Assignment and Exams	*Junior year:* 45% meet or exceed expectations *Senior year:* 85% meet or exceed expectations		

New assessments were developed after the last program review, but were derailed when COVID hit. The faculty will work to get these assessments in place in the coming year.

BFA in Studio Art - Art Education

Although Art Education is a concentration of the BFA in Studio Art, it has a different set of Learning outcomes and assessments. The Art Education Program has seven state standards for the preparation of art teachers with the assessments embedded in the coursework. The standards are represented in the national PRAXIS Exam, the Teacher Work Sample, and the art teacher candidate student teacher Supervisor Evaluation Form.

Table 2 Learning Outcome Assessment					
Learning Outcomes (most programs will have multiple outcomes)	Assessment Type (e.g., portfolios, exams)	Assessment Tool (e.g. rubrics, grading scale)	Target/Criteria (desired program level achievement)	Results	Analysis
Demonstrate proficiency in applying principles emphasized in the Foundation curriculum, Art Foundation studies, Art Distribution studios, and Introductory Survey Art History courses.	ARTF 202: Mid-Program Portfolio	Evaluated by Faculty Committee	Minimum of 80% pass rate is the target	100% of students scored 80% or better.	Students completed portfolio requirements
The teacher of art demonstrates a strong scholarly foundation in art education (KSDE 1) and has a clear conception of how art links students to the broad experiences of life.	ARTE 517: Praxis Art Content Exam	ETS Testing - Scores collected through PASS Archive	Minimum of 80% pass rate is the target	Praxis - 2018-19 100% 2019-20 67% 2020-21 100% 2021-22 100%	Need to implement tracking metrics Praxis-Year 2019-2020, two students did not pass the praxis when scores were reported, when retaken both students passed the praxis. We have integrated study tips and practice exams into art methods courses.
	ARTE 414: Curriculum Palette Unit Plan (Rubric #6)	Rubric #6 Unit Plan - Scores collected through PASS Archive		Rubric #6 Unit Plan - 2020-21 100%	Unit Plan - This assessment explores real-world themes and life centered ideas; goals and objectives connect to

KBOR Review: Based on KBOR approval in September 2022, the 8-year review cycle has been suspended for Spring 2023 and Spring 2024 until new criteria are established. Kansas Board of Regents Systemwide Program Review will resume with new criteria with the 2023-2024 Review Cycle Year and the Program Review Report will be reported to BAASC and the Board in Spring 2025. In the meantime, Wichita State will continue with the University Program review for the 2023 and 2024 academic years.   Revised Nov. 2022

The teacher of art demonstrates knowledge of professional art organizations, continues professional development, and shows responsibility to the field of art. (KSDE 7)	ARTE 517: Rubric #7 Art Education Advocacy Resource and Professional Goals Statement; includes professional development participation and reflection	Rubric #7 Art Advoc.	Minimum of 80% pass rate is the target	Rubric #7 Art Advoc. 2018-19 100% 2019-20 100% 2020-21 100% 2021-22 100%	The Art Advocacy and Professional goals assessment allows students to create a 5 year plan of professional goals and to acknowledge real world examples to grow as responsible professionals. Students also participate in parent teacher conferences and other applicable school events during student teaching where they consistently and effectively collaborate with multiple stakeholders in school and professional activities.

Table 3 Student Learning Outcomes Comparison

Aggregate data supporting student success, by year, for the last four years (e.g., capstone, licensing/certification exam pass-rates)				
Year	N	Name of Exam	Program Result	National Comparison±
2018-19	2	Praxis	100 % proficient	NA
2019-2020	4	Praxis	67% proficient*	66%
2020-2021	2	Praxis	100 % proficient	NA
2021-2022	6	Praxis	100 % proficient	NA

The PreK-12 Art Education Program at Wichita State University educates and trains preservice candidates to be eligible for Prek-12 licensure in the state of Kansas. Program and course content aligns with the Kansas State Department of Education preservice standards. The unique set of assessments to address the KSDE program standards is described in the Art Education program Table 2 (https://docs.google.com/document/d/1zwX66v2V3NHNRvYUgF0r-HhIP5oOUwznZGSVcv1RdEo/edit), which is attached in the program submission. Table 2 lists each of the program standards and which assessments are used to determine whether candidates have met the appropriate standard. Each initial and advanced program has their own Table 2 which outlines what, when, how and by whom assessment information is collected and examined. It also demonstrates how a program ensures its completers meet program standards/outcomes, and how candidates' progress toward program completion is reviewed.

To gauge program effectiveness, the Art Education has determined that a minimum of 80% of candidates must pass each assessment. An 80% pass rate on each assessment is seen as evidence that the program is adequately preparing candidates to meet program standards. Should fewer than 80% of candidates pass the assessment, program faculty would take measures to change the program to better prepare candidates to meet the specific standard. Individual candidates are expected to pass all assessments based on the criterion noted in the third column of the program Table 2. If they do not, they are provided remediation.

KBOR Review: Based on KBOR approval in September 2022, the 8-year review cycle has been suspended for Spring 2023 and Spring 2024 until new criteria are established. Kansas Board of Regents Systemwide Program Review will resume with new criteria with the 2023-2024 Review Cycle Year and the Program Review Report will be reported to BAASC and the Board in Spring 2025. In the meantime, Wichita State will continue with the University Program review for the 2023 and 2024 academic years.   Revised Nov. 2022

16

BFA in Studio Art – Studio Art

The BFA in Studio Art seeks to engage students through a broad-based program incorporating sustained scholarship and creativity. The various concentrations in the BFA encourage professional intellectual development, critical awareness, and expressive excellence. The BFA in Studio Art degree is the initial professional degree in preparation for graduate study in studio arts. In this intense program, the student becomes familiar with every aspect, technique and direction of the chosen concentration. These include Applied Drawing, Ceramics, Community & Social Practices, Electronic Media, Painting, Photo Media, Print Media and Sculpture.

Table 2 Learning Outcome Assessment					
Learning Outcomes (most programs will have multiple outcomes)	Assessment Type (e.g., portfolios, exams)	Assessment Tool (e.g. rubrics, grading scale)	Target/Criteria (desired program level achievement)	Results	Analysis
Demonstrate competence in creating artworks and applying principles of visual and spatial organization to various media and/or creative processes.	Portfolio and exhibition	portfolio presentation in **ARTS 305**; exhibition of artworks in **ARTS 599.**			Currently, students in the BFA in Studio Art are not being assessed.
Exhibit the capacity to generate work that reflects professional sensibilities and creative content.	Portfolio and exhibition	portfolio presentation in **ARTS 305**; exhibition of artworks in **ARTS 599.**			
Demonstrate ability to express ideas through a range of media and exhibit skilled specialization within one or more media.	Portfolio and exhibition	portfolio presentation in **ARTS 305**; exhibition of artworks in **ARTS 599.**			
Maintain a knowledge and historical awareness of at least two methods of creative practices within the studio art emphasis.	Oral exam (artist's talk)	artist's talk in **ARTS 599.**			
Exhibit knowledge of issues in contemporary art history, criticism, and/or theory related to the studio art emphasis.	Research paper and oral exam (discussion)	Response papers and discussion in **ARTS 398.**			
Ability to exhibit, compete, and participate in creative venues.	Portfolio and exhibition	"Professional-level portfolio" assignment in **ARTS 599** (resume, artist's statement, digital portfolio) and			

KBOR Review: Based on KBOR approval in September 2022, the 8-year review cycle has been suspended for Spring 2023 and Spring 2024 until new criteria are established. Kansas Board of Regents Systemwide Program Review will resume with new criteria with the 2023-2024 Review Cycle Year and the Program Review Report will be reported to BAASC and the Board in Spring 2025. 		exhibition of artworks in **ARTS 599.**			
Demonstrate ability to present creative research in visual, written, and oral contexts (such as artist talks, workshop presentations, arts delivery/support capacities, etc.).	Portfolio and oral exam (artist's talk)	"Professional-level portfolio" assignment in **ARTS 599** (resume, artist's statement, digital portfolio) artist's talk in **ARTS 599.**			
Demonstrate competence in documenting and presenting artworks.	Portfolio and exhibition	portfolio presentation in **ARTS 305;** exhibition of artworks and "Professional-level portfolio" assignment in **ARTS 599** (resume, artist's statement, digital portfolio).			

New assessments were developed after the last program review, but were derailed when COVID hit. The faculty will work to get these assessments in place in the coming year.

MFA in Studio Art

The Master of Fine Arts in Art (MFA) degree is the terminal degree for studio art. It is offered for qualified students planning careers as professional artists, either working independently or as artist-teachers on the college or art school level. The MFA program competency expectations, degree structure, and procedures reflect the professional intensity and high standards expected of all terminal degree programs. Degree requirements, course distribution, content and evaluation are designed to meet or exceed program expectations, Graduate School requirements, NASAD guidelines and College Art Association standards.

Table 2 Learning Outcome Assessment					
Learning Outcomes (most programs will have multiple outcomes)	Assessment Type (e.g., portfolios, exams)	Assessment Tool (e.g. rubrics, grading scale)	Target/Criteria (desired program level achievement)	Results	Analysis
Advanced competence in the studio emphasis demonstrated through an original and inventive vision in approach to studio practice, form and content as	Terminal Project exhibition, oral defense, and written thesis	Assessed through Terminal Project Review Exhibition at the end of the program.	100%		

KBOR Review: Based on KBOR approval in September 2022, the 8-year review cycle has been suspended for Spring 2023 and Spring 2024 until new criteria are established. Kansas Board of Regents Systemwide Program Review will resume with new criteria with the 2023-2024 Review Cycle Year and the Program Review Report will be reported to BAASC and the Board in Spring 2025. In the meantime, Wichita State will continue with the University Program review for the 2023 and 2024 academic years. Revised Nov. 2022

18

preparation for a professional artist career.					
Additional competence in the studio minor or minors that enhance the studio emphasis and encourage inter-disciplinary studio practice, dialogue and critical thinking.	Terminal Project Exhibition	Assessed through Terminal Project Review Exhibition at the end of the program.	100%		
Awareness of major historical and contemporary developments and issues in art practice, theory and criticism, with particular awareness of information that is most relevant to the student's own work.	Oral defense, written terminal project paper	Assessed through Oral Defense with Terminal Project Committee during Terminal Project Review as well as written statement.	100%		
Developed facility in informed and meaningful written and oral presentation of ideas, issues and critical assessment.	Oral defense	Assessed through Oral Defense with Terminal Project Committee during Terminal Project Review as well as written statement.	100%		
Ability to apply professional standards in presentation, documentation, and promotion of creative inquiry and artworks.	Professional practices course	Assessed through requirements in ARTS 895 Professional Practices.	100%		
Evidence of ability to successfully engage in the profession through the exhibition of artwork, professional conference participation, presentation of research, grant or fellowship activity, etc.	Terminal Project exhibition, oral defense, and written thesis	Assessed through Terminal Project Exhibition, oral defense, and terminal project written thesis.			

New assessments were developed after the last program review, but were derailed when COVID hit. The faculty will work to get these assessments in place in the coming year.

E. **Assessment of Student Satisfaction** (HLC Criterion 4.B item 1-3)

1. Use OPA Table 10 to provide analysis and evaluation using student majors' satisfaction (e.g., exit surveys from the Office of Planning and Analysis), capstone results, licensing or certification examination results (if applicable), employer surveys or other such data that indicate student satisfaction with the program and whether students are learning the curriculum (for learner outcomes, data should relate to the outcomes of the program as listed in section D tables above) to illustrate student satisfaction with the program and perceptions of program value.

Exit data for the Studio Art undergraduate program reflects some dissatisfaction with the degree based on exit surveys provided by OPA. While the last three rolling five-year averages for the college and university reflect percentages in the low 80s, responses from graduates in this program swing pretty widely from a low of 57.7% in 2019 to a high of 79.3% in 2016. The current trend when looking at the rolling five-year averages is trending down slightly. This was a concern in our last program review and is still a concern today. COVID 19 surely has had an impact on the numbers, but the low point was the year before COVID was an issue and numbers have been trending up in a year-to-year review.

Exit data for the Studio Art graduate program also reflects dissatisfaction with the degree based on exit surveys. It should be noted that these percentages are based on very low numbers of responses, with only two to six responses given in any reported year. At the time of our last program review, satisfacition was high with 100% of the students responding being satisfied or very satisfied in the years up to 2017. These numbers were based on four or five student responses. Satisfaction drops to 66.7% in 2018 (based on six responses), 50% in 2019 and 2020 (based on two responses each year), and the 33.3% for 2021 (based on three responses). The rolling five-year averages do even things our a bit with percentages of 83.3%, 73.3% and 60.0% for the last three periods, however, they are still trending down. While percentages based on such low response counts are easily tilted one way or the other, the numbers are of concern and the faculty should collect additional data through surveys and discussions with students to understand problems and possible solutions.

Exit data for the Graphic Design undergraduate program has remained high (mostly low 80 percentages) in the reporting periods from 2015 through 2020 with a slight dip in the last reporting period of 2021 to 74.1%. The rolling five-year averages are all in the mid 80%s at 85.6%, 85.6% and 84.2%. These numbers are all 3-4% above the university averages.

F. **General Education** (HLC Criterion 3.B items 1-3)

General Education Course Requirements: https://www.wichita.edu/academics/generaleducation/

Assessing General Education: https://www.wichita.edu/academics/generaleducation/genedassessment.php

2. Does the program support the university's General Education program? ☒ Yes ☐ No
3. Does the program support one of the foundation courses as outlined within the General Education Course Requirements (link above)? ☐ Yes ☒ No
4. Does the program support one of the general education courses outside of the 12 hours of foundation courses as outlined within the General Education Course Requirements (link above)? ☒ Yes ☐ No

ADCI offers the following classes in the General Education Program:
Introductory Courses
ARTH 103. Art Appreciation
ARTH 125. Introduction to Visual and Material Culture
ARTS 211. Introduction to Community & Social Practice
ARTS 270. Introduction to Ceramics
Advanced Further Studies courses
ARTH 346. Modernisms I
ARTH 347. Themes in Contemporary Art and Design I
ARTH 387. Theories of Art History and Culture
Advanced Issues and Perspectives courses

ARTE 303. Stimulating Creative Behavior
ARTS 312. Community Arts Engagement

All of these courses seek to educate the general WSU student about the arts. In the lower-level introductory courses, we try to address the stated learning outcomes of the General Education program, understanding the fundamental concepts used in the discipline, raising awareness of the kinds of problems addressed in the arts, bring familiarity with the methods artists and designers use in their work. Additionally, in the 300-level and above classes, we ask students to apply the basic concepts of art towards various issues and projects and write using standards of our disciplines.

Course	2017-18		2018-19		2019-20		2020-21		2021-22	
	Credits	Comp	Credits	Comp	Credits	Comp	Credits	Comp	Credits	Comp
ARTH 103	1,110	85.4%	1,116	80.9%	1,068	82.6%	1,173	87.5	1,104	83.4%
ARTH 125	588	93.9%	531	89.8%	639	94.8%	657	92.7%	687	90.8%
ARTS 211	57	94.7%	63	95.2%	66	100%	69	100%	27	100%
ARTS 270	291	96.9%	243	97.5%	315	95.2%	312	94.2	297	97.0%
ARTH 346	33	45.5%	15	100%	63	76.2%	42	100%	42	92.9%
ARTH 347	63	90.5%	75	100%	78	100%	114	97.4%	99	97.0%
ARTH 387	48	81.3%	42	100%	66	100%	72	100%	87	96.6%
ARTE 303	153	98.0%	180	100%	309	90.3%	252	92.9%	300	95.0%
ARTS 312	36	100%	21	100%	36	91.7%	30	100%	39	100%
TOTALS	2,379	89.7%	2,286	87.9%	2,640	89.3%	2,721	91.4%	2,682	89.6%

As can be seen from the above chart, ADCI has offered nearly 11,000 credit hours to WSU students over the past five years to help explain and educate the students on the visual arts.

G. **Concurrent Enrollment** (HLC Criterion 3.A item 3; and 4.A item 4)

7. Does the program offer concurrent enrollment courses? ☒ **Yes** ☐**No**

If yes, provide the assessment of such courses over the last four years (disaggregated by each year) that assures grading standards (e.g., papers, portfolios, quizzes, labs, etc.) course management, instructional delivery, and content meet or exceed those in regular on-campus sections.

If no, skip to the next question.

ADCI has one course, ARTS 270 Intro to Ceramics, that is taught as a concurrent enrollment course with East High. This course was first taught as a concurrent enrollment course in 2019-20 with seven students enrolled; in 2020-21, there were 14 students enrolled; and in 2021-22 there were five students enrolled. The same instructor, Brenda Lichman, has taught the course each year that it has been offered. Ms. Lichman holds a terminal degree in ceramics from an accredited university and follows the same syllabus used in our courses. The grading standards, course management, instructional delivery, and content meet those of our regular on-campus sections.

H. **Credit Hours Definition** (HLC Assumed Practice B)

8. Does the Program assign credit hours to courses according to Wichita State University Policy 2.18? ☒ Yes ☐No

If no, provide an explanation.

ADCI follows the university policy on credit hours.

KBOR Review: Based on KBOR approval in September 2022, the 8-year review cycle has been suspended for Spring 2023 and Spring 2024 until new criteria are established. Kansas Board of Regents Systemwide Program Review will resume with new criteria with the 2023-2024 Review Cycle Year and the Program Review Report will be reported to BAASC and the Board in Spring 2025. In the meantime, Wichita State will continue with the University Program review for the 2023 and 2024 academic years. Revised Nov. 2022

21

I. **Overall Assessment of Program** (HLC Criterion 3.A, 3.B, 4.A, 4.B)

9. Define the overall quality of the academic program based on the above information and other information collected by the program, including outstanding student work (e.g., outstanding scholarship, inductions into honor organizations, publications, special awards, academic scholarships, student recruitment and retention).

ADCI has a strong curriculum in Art Education, Art History, Graphic Design and Studio Art, and a dedication to bringing the visual arts to our community and state. For the past fourteen years, the students have staffed a student-run gallery in the downtown area to showcase the work our students create to the community. This gallery has showcased work from all the studio-based programs in the school. ADCI also has two galleries within McKnight Art Center that regularly showcase work from regional and national artists, bringing outside voices into the conversation about visual arts.

ADCI curriculum is designed to help students understand their place in the creative economy around them and how they can contribute to it. We take an active stance on applied learning in our courses where students constantly make work in response to the information they are provided in class.

ADCI students have displayed their work regularly in local venues including MarkArts, Harvester Arts, CityArts, ShiftSpace, and various other galleries within the city. Regionally, students have been in shows in the Hutchinson Art Center, the Salina Art Center,

Part 4: Enrollment Management (HLC Criterion 4.C. items 1-4)

Refer to student need and demand using the data from OPA Tables 11-15 from the Office of Planning and Analysis to complete this section.

List any triggered programs with reason (majors/faculty/graduates).

a) MFA Studio Art, majors and graduates.

b)

c)

A. Student Need and Employer Demand (HLC Criterion 4.A)

Analyze the student need and employer demand for the program/certificate. Complete the table for each program if appropriate (refer to instructions in the WSU Program Review document for more information on completing this section).

Complete the table below.

Program Name	Avg. Salary	Employment In state (%)	Employment in the field (%)	Employment related to the field (%)	Employment outside the field (%)	Pursuing graduate or professional education (N)	Projected growth from BLS**
				Table 4 Employment of Majors			
BFA Graphic Design	$42,818	77%					
BFA Studio Art	$41,798	78%					
BA Art	$41,798	78%					

* https://ksdegreestats.org/program_search.jsp and U.S. Bureau of Labor Statistics Website: http://www.bls.gov/oco/ are good resources to view job outlook data and salary information (if the Program has information available from professional associations or alumni surveys, enter that data).

Occupation	2021 Median Salary	Typical Degree	Job outlook
Art Directors	$100,890	Bachelor's Degree	4% (as fast as average)
Craft and Fine Artists	$49,960	Bachelor's Degree	6% (as fast as average)
Graphic Designers	$50,710	Bachelor's Degree	3% (slower than average)
Web Developers and Digital Designers	$78,300	Bachelor's Degree	23% (much faster than average)
Archivists, Curators and Museum Workers	$50,120	Bachelor's Degree	12% (much faster than average)
Photographers	$38,950		9% (faster than average)

KBOR Review: Based on KBOR approval in September 2022, the 8-year review cycle has been suspended for Spring 2023 and Spring 2024 until new criteria are established. Kansas Board of Regents Systemwide Program Review will resume with new criteria with the 2023-2024 Review Cycle Year and the Program Review Report will be reported to BAASC and the Board in Spring 2025. In the meantime, Wichita State will continue with the University Program review for the 2023 and 2024 academic years.   Revised Nov. 2022

22

Special Effects Artists and Animators	$78,790	Bachelor's Degree	5% (as fast as average)
High School Teacher	$61,820	Bachelor'S Degree	5% (as fast as average)
Middle School Teacher	$61,320	Bachelor's Degree	4% (as fast as average)
Elementary School Teacher	$61,350	Bachelor's Degree	4% (as fast as average)

Data from https://www.bls.gov/ooh/

1. Provide an explanation of the most common types of positions, in terms of employment graduates can expect to find. Programs that are triggered for graduates or majors should get particular attention.

Art Education graduates find jobs as art teachers, primarily in the public schools. Over the past few years, nearly 100% of our art ed students have been hired by USD 259. Art History students find placements with museums or cultural institutions. Some attend graduate school. Our graphic design students find jobs primarily in the field of graphic design. This can be as print designers, web designers, motion artists, etc. Recent graduates are working in various design firms/advertising agencies in and around Wichita including Pioneer Balloon Company, Gardner Design, Visual Fusion, Wichita State Strategic Communications, etc. Our studio art students typically find positions with museums, cultural institutions, craft and community centers, work in art studios or go on to graduate school.
In our MFA program, students go on to be independent artists, work in art community centers or teach at the university level. Some of our recent graduates include, Grant Downing ceramics instructor Chicago Ceramics Center; Chuck Purviance ceramics studio arts manager in Des Moines; Lily Guillen Photographer in Tampa Florida; Lydia Humphries interim education curator at the Ulrich Museum of Art; Tim Stone independent artist and adjunct at Wichita State; Alexis Rivierre independent artist and adjunct at York College of the City University of New York; Sarah Alsaied artist in residence at the New Harmony Clay Project Center.

2. Summarize the available data within the table. Race/ethnicity data will be provided for the majors in each level program. Use the narrative to reflect on the data and address:
> i. The student need for the CIP degree using the data from the table as appropriate.
> ii. Employment demand for students. For each program cite placement data including positions secured, starting salaries, proportion of graduates placed at graduation.
> iii. Provide information on alumni or employer surveys about placement, salary, needs, etc. for the different program levels.
> iv. Number or percentage of graduates who go on to enroll in graduate degree programs.

We do not regularly collect employment data on our graduates. All of our information is anecdotal.

B. Recruitment and Retention (HLC Criterion 4.C)

3. Briefly describe how the department and faculty have engaged in undergraduate strategic enrollment management to support the Strategic Enrollment goals of the university including recruitment and retention activities and provide an assessment of successes, challenges, and deficiencies with those activities.

Recruitment: ADCI has focused our recruiting efforts on students in the Shocker Cities. We have developed recruiting materials targeted at students interested in art including borchures, posters, stickers, t-shirts, sketch books, etc. Over the past five years, we have developed a database of fine arts teachers and we regularly send them these materials. In order to get the names of interested students, we hold a portfolio review each year inviting high school students to show us their work for feedback. Once we have names, we send materials directly to the student, including a series of postcards outlining the benefits of attending Wichita State. Future plans include holding an event for high school art teachers to introduce them to Wichita State and potentially an art camp on campus focused on high school students.
Successes, challenges and deficiencies: Man hours to find names of interested students. Time to connect with students.

Retention: Retention efforts have been hampered a bit with COVID, but we are planning a series of activities focused on building communities within the school. We have a number of clubs or guilds where student meet with like-minded students developing a community. We regularly host welcome back lunches at the beginning of the semester to help students build bonds within the school. A few years ago the Art History faculty started the Art History Awards as a way to recognize outstanding students in Art History. This has expanded to include students from across the school. We have

KBOR Review: Based on KBOR approval in September 2022, the 8-year review cycle has been suspended for Spring 2023 and Spring 2024 until new criteria are established. Kansas Board of Regents Systemwide Program Review will resume with new criteria with the 2023-2024 Review Cycle Year and the Program Review Report will be reported to BAASC and the Board in Spring 2025. In the meantime, Wichita State will continue with the University Program review for the 2023 and 2024 academic years.   Revised Nov. 2022

23

worked to make McKnight and Henrion a more welcoming space. We provide studio spaces for students to work on their projects here on campus instead of going home. We would like to initiate forums for students to bring concerns and make their voices heard. The Art & Design Advocates (a pooled donor group) started hosting an emerging artist show every spring. While not an overt retention measure, it helps us to build community within the school. *Successes, challenges and deficiencies:* Time to connect with students. Overcoming issues with facilities.

4. Briefly describe how the department and faculty have engaged in graduate strategic enrollment management (G-PIPER Graduate Program Investment Plan for Enrollment and Research) including recruitment and retention activities and provide an assessment of successes, challenges, and deficiencies with those activities.

Recruitment: we regularly send mailings to a range of schools with students who might be interested in pursuing an MFA with us. This is an area that we could expand and do a better job. The students and faculty have put together shows of work that have been exhibited at other schools in the region. Along with these exhibitions, grad students have made presentations about their work. We have worked to include more information about facilities and departmental capabilities on our website.

Retention: for the past few years, we have covered the cost of a mixer for new and returning grad students. This is organized and attended by grads. The aim is to help them form a cohesive group and work towards supporting each other more. This year we began giving out fellowship funds for research to our grad students to help support their work.

Sucesses, challenges and deficiencies: we seem to have a problem with the MFA program. It is underfunded, the faculty by and large handle it as an overload within their teaching, studio spaces for grads are in bad shape, there is disagreement amongst the faculty on how to solve the problems. We are looking for answers to many of these issues, but finding viable solutions is slow going.

5. a.) What is the current number of majors within the program for each of the academic years since the last review? b.) What is the number of graduates for each of the academic years since the last review? c.) Also address student enrollment, degree production, and employment outcomes for URM students*.*

> Discussion items to consider:
> - Average time from admission to graduation. (NISS Recommendation)
> - Retention and completion rates. (NISS Recommendation)
> - Enrollment, retention, and completion rates by race/ethnicity. (NISS Recommendation)
> - Addressing DFW courses in program/department as identified in WSU Reporting (OPA-0008 At Risk Report)

Area	2017	2018	2019	2020
Studio Art Majors* All / URM	217 / 41	212 / 41	220 / 44	178 / 37
Studio Art Degrees* All / URM	24 / 8	21 / 6	27 / 7	20 / 8
MFA Majors All/URM	12 / 3	8 / 2	13 / 4	14 / 5
MFA Degrees All/URM	5 / 1	6 / 3	4 / 2	2 / 2
Graphic Design Majors All/URM	40 / 7	40 / 10	39 / 10	49 / 8
Graphic Design Degrees All/URM	15 / 3	13 / 2	20 / 5	2 / 61

* This includes all BA – Art, BA – Art History, BFA – Studio Art students

It is difficult to tell based on the data provided, but it looks like many students in ADCI graduate in four years, but perhaps up to 50% taking five years. This assumption is based on the large number of seniors in graphic design and studio art. This may also be attributable to students declaring art as a major later in their college career.

We have not been provided Retention and completion rates, although they would be interesting to see.

Enrollment of URM students seems to generally be in line with the university.

We typically have one course on the DFW course listing, ARTH 103 Art Appreciation. Steps are being taken to try and understand the problem and begin addressing it. There are several factors that need to be looked at, the course is

KBOR Review: Based on KBOR approval in September 2022, the 8-year review cycle has been suspended for Spring 2023 and Spring 2024 until new criteria are established. Kansas Board of Regents Systemwide Program Review will resume with new criteria with the 2023-2024 Review Cycle Year and the Program Review Report will be reported to BAASC and the Board in Spring 2025. In the meantime, Wichita State will continue with the University Program review for the 2023 and 2024 academic years. Revised Nov. 2022

24

completely online, it has an extremely high enrollment, and half the options offered are 8-week classes. All of these could be contributing factors.

C. Program and Faculty Service (HLC Criterion 3.C)

*Analyze the service the Program/certificate provides to the **discipline, other programs at the University, and beyond**. Complete for each program if appropriate.* ==*Data tables 1, 2, 3 and 5a, b and c provided by the Office of Planning Analysis (covering SCH by FY and fall census day, instructional faculty; instructional FTE employed; program majors; and degree production) can be used to partially address this section.*== *(Refer to instructions in the WSU Program Review document for more information on completing this section).* Brief assessment can be provided quantitative and/or qualitative.

6. Provide a brief assessment of the service the Program provides using SCH by majors and non-majors.

The amount of student credit hours has remained fairly consistent over the past four years, when looking at the rolling 5-year averages, at around 7,100 credit hours per year (OPA table 1 in the appendix). The numbers remain fairly constant across all course levels with in the department. When considering just the fall census data, the rolling 5-year averages are around 3,500 credit hours per semester. Of these credit hours, an average of 40.1% are taken by non-majors at the university, presumably, the vast majority of these are through the General Education program.

7. Provide a brief assessment of the service the Program/certificate provides to other university programs.

Besides general education offerings, ADCI provides support to other university programs connected to the visual arts. The newly created Bachelor of Applied Arts degree in the School of Digital Arts requires a number of our classes for their students in the Foundation Program, Painting and Drawing area, and the Graphic Design area. Many students in Marketing and Integrated Marketing and Communications programs complete a minor in graphic design. We also offer a minor in Art & Design for students across the university.

8. Provide a brief assessment of the service the Program/Certificate provides to the institution and beyond.

ADCI faculty are involved in service and committee work across the university through various faculty sentate committees. A number of the faculty regularly assist with GRASP and serve on graduate committees outside the school. A number of faculty have been involved with the Tilford commission over the years.

9. Provide a brief assessment of SCH workload of the service the Program/Certificate provides through interdisciplinary opportunities (cross list, team teach, etc.)

ADCI faculty do not regularly cross list or team teach courses with other faculty outside of our discipline. This is not so much from a lack of desire, but more likely a lack of time and resources.

10. Provide a brief assessment of SCH workload of the service the Program/Certificate (e.g. badges, microcredentials, industry credentials) provides to the institution and beyond.

ADCI does not currently offer courses for badges, microcredentials or industry credentials.

While not explicitly asked in this section, one concern for ADCI faculty is the heavy reliance on adjunct and GTA support to deliver our programs. In looking at data from OPA Table 3, over one third of our credit hour production is generated by adjuncts and GTAs. The majority of these classes are our freshman-level Foundation courses. Because of the low rate of pay for adjuncts within our college, there is concern that the students who need the most support, our freshmen, are not receiving it. The quality of our adjuncts is not an issue, we feel thay are highly trained and qualified, but they are paid at such a low rate, they have to take on too many teaching assignments at WSU and other area schools, spreading themselves too thin to keep up with the students in their classes.

Part 5 Summary and Recommendations: (HLC Criterion 4.A.1)

Program Goals from Last Review: During the program review, four years ago, the program developed a set of goals. Please list the goals and the progress made towards achievement, including the data used to analyze progress and the outcomes. *List the goal(s), data that may have been collected to support the goal, and the outcome. Complete for each program if appropriate (refer to instructions in the WSU Program Review document for more information on completing this section)*

KBOR Review: Based on KBOR approval in September 2022, the 8-year review cycle has been suspended for Spring 2023 and Spring 2024 until new criteria are established. Kansas Board of Regents Systemwide Program Review will resume with new criteria with the 2023-2024 Review Cycle Year and the Program Review Report will be reported to BAASC and the Board in Spring 2025. In the meantime, Wichita State will continue with the University Program review for the 2023 and 2024 academic years. Revised Nov. 2022

Complete the table. (add lines as needed)

Table 5 Results of Goals from Last Review

(For Last 4 FYs)	Goal(s)	Assessment Data Analyzed	Outcome	Status (Continue, Replace, Complete)
	During the summer and fall of 2019, the faculty will develop assessments and rubrics for all learning outcomes in our programs. This includes the BA in Art, Art Concentration; the BA in Art, Art History Concentration; the BFA in Graphic Design; the BFA in Studio Art; and the MFA in Art. The faculty will be ready to begin assessing these outcomes at the end of the spring 2020 semester.		Faculty made progress on developing assessments and rubrics. COVID interrupted our plans to implement assessments. We will continue with the new assessments and implement them (collect and review data) beginning in the Spring of 2024.	Continue
	More recruiting materials will be developed during the summer of 2019 specifically targeted at students who are admitted to WSU. This will include a series of post cards and emails that will provide more information about the benefits of studying at WSU. The goal will be to try and increase the conversion rate of admitted students to the 20th day census by 20% by the next Program Review cycle. In 2017, the conversion was 45.3%, down from 63.5% in 2011.	OPA Table 11.	Recruiting materials have been developed and we are reaching out to students. COVID potentially caused a dip in our applicants, we had 169 in 2017 and 141 in 2021. However, our conversion rate of admitted students to those who were here on the 20th day census seems to have risen. 2017 – 45.3% **2018 – 49.0%** **2019 – 51.2%** **2020 – 50.3%** 2021 – 44.5%	Continue
	A GEM plan for the MFA in Art will be developed and implemented by the end of the fall 2019 semester.		Again, issues with COVID and our MFA kept this from happening. We are still working with the graduate school on our PIPER plan, but continue to work to recruit students in the mean time.	Continue

1. Describe where the Program (s) have been and where they are going. What are the plans to advance the program (s), how will future progress be evaluated?

Looking back at the assessment of strengths and concerns, I would say they remain largely the same from four years ago although progress has been made. We continue to reach out to students in the Shocker Cities as a source for recruiting new students. As shown in the table above, we have made gains in this area. One of the strategies we are employing is to hold summer Visual Arts Demo Days. These will be targeted at high school art teachers in the Shocker Cities and across Kansas. We will invite teachers to campus to participate in skills building workshops. While here, we will show off our faculty, facilities and the entire campus. The hope is that we

KBOR Review: Based on KBOR approval in September 2022, the 8-year review cycle has been suspended for Spring 2023 and Spring 2024 until new criteria are established. Kansas Board of Regents Systemwide Program Review will resume with new criteria with the 2023-2024 Review Cycle Year and the Program Review Report will be reported to BAASC and the Board in Spring 2025. In the meantime, Wichita State will continue with the University Program review for the 2023 and 2024 academic years.   Revised Nov. 2022

26

will bring awareness of Wichita State to high school teachers outside the region who are not familiar with us and they will then inform their students about the opportunities at Wichita State. Progress will be evaluated based on enrollment.

We continue to work on facilities, especially Henrion. With the help of the university, we have updated the ceramics area, the sculpture area and are set to improve the printmaking area.

Impact of Previous Self-Study Recommendations: At the conclusion of the last program self-study performed, the committee provided recommendations for improvement for the department. Please list those recommendations and note the progress to date on implementation.

Complete the table. (add lines as needed)

Table 6 Changes made based on Previous Recommendations by University Program Review Committee

Recommendation	Activity	Outcome
The assessment of Learning Outcomes for each of the programs is weak. While there are numerous lists of clear, measurable learning outcomes for each program, the assessment tools and target criteria do not appear to align fully with the learning outcomes.	Learning outcomes for our degrees have been re-evaluated and updated. COVID side tracked us from implementing the assessment of the learning outcomes. Rubrics will continue to be developed and learning outcomes will be assessed going forward.	Made progress, but did not finish work.
Multiple programs include a target/criteria of "a grade of C or better" as the goal. This is not a rigorous assessment mechanism. It reflects performance overall in a course, but does not indicate whether a particular skill or competency was acquired.	More rigorous assessments have been put in place.	
Consider incorporating the newly approved UNISCOPE model into the department's assessment of scholarship.	UNISCOPE activities are being reported and evaluated based on the university FAR.	
For the next review, align recruitment and retention efforts with the university's strategic enrollment plan.	Our main recruitment activities have focused around reaching out to students in the Shocker Cities. This will be a long-term strategy and we will likely not see results until a few years in the future.	We will have to wait and see if our efforts pay off.

Additional narrative, as appropriate:

Forward-Facing Goals: Identify goal(s) (aspirational and measurable) for the program to accomplish in time for the next review. Consider use of SMART goals (**Specific, Measurable, Attainable, Realistic, and Time-bound)** when appropriate and should be tied to the university and college strategic plans.

Complete the table. (add lines as needed)

Table 7 Forward Facing Goals for Program Review Period

Program/Certificate Goal	Specific	Measurable	Attainable	Realistic	Time-bound
Ex. To improve student learning outcomes (exam scores) by supporting Supplemental Instruction from four sections to seven by fall 2020.	*Yes – Exam Scores*	*Yes – How many sections?*	*Yes – budget approved. Discussed with OSS.*	*Yes – Within the scope of responsibility.*	*Yes – Fall 2020*

KBOR Review: Based on KBOR approval in September 2022, the 8-year review cycle has been suspended for Spring 2023 and Spring 2024 until new criteria are established. Kansas Board of Regents Systemwide Program Review will resume with new criteria with the 2023-2024 Review Cycle Year and the Program Review Report will be reported to BAASC and the Board in Spring 2025. In the meantime, Wichita State will continue with the University Program review for the 2023 and 2024 academic years.   Revised Nov. 2022

27

Complete renovation of Printmaking facilities to include required ventilation.	Yes–plans are underway	Yes–the renovation will be completed or not	Yes–we have the support of the president and the project has been approved by KBOR	Yes–budget has been approved, we just need facilities planning to follow through	Yes–by Fall of 2025
Continue to develop recruiting plans to students in Shocker Cities. First attempt was Summer Demo Days, attended by 20 art ed teachers. At least 3 from out of state.	Yes–we will continue communication plan that has been established and reach out to teachers to try and get to students	Yes–would like to see out of state attendance increase.	Yes–even though turnout this year was lower than we had hoped, we had a great response and interest shown from a number of others who weren't able to attend this year.	Yes–we have the budget staff, and facilities, just need to follow through	Yes–by summer of 2024
Complete Assessent of all degree programs in the Spring of 2024.	Yes–Learning Outcomes are established	Yes–Rubrics will be used	Yes–faculty will need to work it into their schedules and collect work.	Yes–	Yes–spring 2024

Provide any additional narrative covering areas not yet addressed.

KBOR Review: Based on KBOR approval in September 2022, the 8-year review cycle has been suspended for Spring 2023 and Spring 2024 until new criteria are established. Kansas Board of Regents Systemwide Program Review will resume with new criteria with the 2023-2024 Review Cycle Year and the Program Review Report will be reported to BAASC and the Board in Spring 2025. In the meantime, Wichita State will continue with the University Program review for the 2023 and 2024 academic years.   Revised Nov. 2022

WICHITA STATE UNIVERSITY

APPENDIX A: WSU Program Review Self Study Table Methodology

Table 1: Fiscal Year Summation of Student Credit Hour (SCH) Production

Source: SC_StuCrs20_ban (BIPMS)
Population: Department in which program resides

Summation of billable student credit hours (senior citizen discounted hours excluded) for the fiscal year (summer-fall-spring) as reported on the census day of each semester. In cases where multiple programs occur within a single department, department hours rather than program hours are reported. For example, four units (counseling, educational leadership, educational psychology & school of psychology) all exist within the department of CLES so the student credit hours for all the units will reflect the department level values.

Table 2: Student Credit Hour (SCH) Production at Fall Census Day

Source: SC_StuCrs20_ban (BIPMS)
Population: Department in which program resides

Billable student credit hours (senior citizen discounted hours excluded) as reported on the Fall census day. In cases where multiple programs occur within a single department, department hours rather than program hours are reported.

Table 3: Student Credit Hour (SCH) Production Among Department Instructional Faculty on November Employee Census Day (entire term SCH)

Source: SS_Faculty_Staff_Nov_Employ & SS_Faculty_Teaching_History (BIPMS)
Population: Teaching faculty within program who had active teaching assignments and employed during the 1st week of November.

Billable student credit hours of teaching faculty who had active class assignments (enrolled classes) during the Fall term and were members of the program as identified by the department level organization code(s) as captured during the November employee census (employed during the 1st week of November). Credit hours are summations for the entire Fall term period. Unclassified and classified staff may be included if they have active teaching assignments. Employee type is defined by the Cost-Allocation-Modeling (CAM) matrix of employee class by employee group codes within Banner (see Appendix B). In cases where multiple programs occur within a single department, department hours rather than program hours are reported.

Table 4: Instructional FTE Employed on November 1st Census Day

Source: SS_Faculty_Staff_Nov_Employ & SS_Faculty_Teaching_History (BIPMS)
Population: Teaching faculty within program who had active teaching assignments and employed during the 1st week of November.

Summated full-time-equivalent (fte) count of teaching faculty who were employed by the department during the 1st week of November and whom had active class assignments (enrolled classes) during the term. Unclassified and classified staff may be included if they have active teaching assignments. FTE is defined as 40 hours during the November week freeze except for lecturers whose fte is based on the number of credit hours taught. Employee type is defined by the Cost-Allocation-Modeling (CAM) matrix of
employee class by employee group codes within Banner (see Appendix B). In cases where multiple programs occur within a single department, department hours rather than program hours are reported.

Table 5a: Student Credit Hour (SCH) by FTE for University Instructional Faculty on November 1st Census Day

Source: SS_Faculty_Staff_Nov_Employ & SS_Faculty_Teaching_History (BIPMS)

Population: Teaching faculty (university level) who had active teaching assignments and employed during the 1st week of November.

Billable student credit hours (senior citizen discounted hours excluded) divided by the full-time-equivalent totals for teaching faculty (includes all university hours) employed during the first week of November and whom had active class assignments (enrolled classes) during the term. Unclassified and classified staff may be included if they have active teaching assignments. FTE is defined as 40 hours during the November week freeze except for lecturers whose fte is based on the number of credit hours taught. Employee type is defined by the Cost-Allocation-Modeling (CAM) matrix of employee class by employee group codes within Banner (see Appendix B).

Table 5b: Student Credit Hour (SCH) by FTE for College Division Instructional Faculty on November 1st Census Day

Source: SS_Faculty_Staff_Nov_Employ & SS_Faculty_Teaching_History (BIPMS)

Population: Teaching faculty (program's college division) who had active teaching assignments and employed during the 1st week of November.

Billable student credit hours (senior citizen discounted hours excluded) divided by the full-time-equivalent totals for teaching faculty (includes all hours within program's college division) employed during the first week of November and whom had active class assignments (enrolled classes) during the term. Unclassified and classified staff may be included if they have active teaching assignments. FTE is defined as 40 hours during the November week freeze except for lecturers whose fte is based on the number of credit hours taught. Employee type is defined by the Cost-Allocation-Modeling (CAM) matrix of employee class by employee group codes within Banner (see Appendix B).

Table 5c: Student Credit Hour (SCH) by FTE for Program Instructional Faculty on November 1st Census Day

Source: SS_Faculty_Staff_Nov_Employ & SS_Faculty_Teaching_History (BIPMS)

Population: Teaching faculty (university level) who had active teaching assignments and employed during the 1st week of November.

Billable student credit hours (senior citizen discounted hours excluded) divided by the full-time-equivalent totals for teaching faculty (within the program under review) employed during the first week of November and whom had active class assignments (enrolled classes) during the term. Unclassified and classified staff may be included if they have active teaching assignments. FTE is defined as 40 hours during the November week freeze except for lecturers whose fte is based on the number of credit hours taught. Employee type is defined by the Cost-Allocation-Modeling (CAM) matrix of employee class by employee group codes within Banner (see Appendix B). In cases where multiple programs occur within a single department, departmental fte counts rather than program counts are reported.

Table 6: Program Majors (including double majors) on Fall Census Day

Source: SC_Stu20_ban (BIPMS)
Population: Students who have active major codes within the program on the Fall census day.

Fall census day counts of program majors including primary major, double major, secondary program major and secondary double majors.

Table 7: Degree Production by Fiscal Year

Source: SC_Degrees (BIPMS)
Population: Students who have conferred degrees within the program.

Fiscal year (summer-fall-spring) summation of conferred degrees within program including degrees awarded to primary majors, double majors, secondary program majors and secondary double majors.

Table 8: Mean ACT score of Juniors and Seniors Enrolled on Fall Census Day

Source: SC_Stu20_ban (BIPMS)
Populations: Junior and senior program enrolled majors on Fall census day who have valid ACT or SAT scores in Banner.

Mean ACT scores for enrolled junior and senior program majors including primary majors, double majors, secondary program majors and secondary double majors on Fall census day. If student has only a valid SAT score, the score is converted to an ACT equivalent. In the case of multiple score values for a student, highest score is reported.

Table 9: Mean Application GPA of Admitted Graduate Student Majors

Source: SC_Adm_AppProcessed_ban (BIPMS)
Population: Program degree seeking admitted graduate students with a valid 60 hour GPA on application.

Mean 60 hour graduate school GPA of program admitted degree seeking students during the fiscal year (summer-fall-spring). In cases where the student has multiple admit records for the program, the last student application record is reported. Reported values and counts are at time of admission and may not reflect the current program the student is enrolled under.

Table 10: Satisfaction with Program among Undergraduates and Graduate Students at End of Program Exit

Source: SS_AFD_ExitSurvey_UG & SS_AFD_ExitSurvey_GR
Population: Program majors who have submitted an application for degree and exit survey and in programs with more than 5 exit survey submission for the reporting period.

Along with scores related to student satisfaction with their program major, scores are also reported for satisfaction with the University overall, and the program's college division. The Exit Survey ask students to rate on a scale of 1 to 5 (5=high) their level of satisfaction with their degree program. Along with numeric scores, the percent of students responding satisfied or very satisfied is reported. Data are reported by the fiscal year (summer-fall-spring).

Table 11: Applications, Admits and Enrollment for Undergraduate and Graduate Applicants

Source: SC_Adm_AppProcessed_ban (BIPMS)
Population: Program majors who have submitted applications.

Student counts of program majors who have submitted an application, who were granted admission into the program, and who enrolled by or on the census day are reported for the fiscal year. In cases where the student has multiple applications only the last application record is counted. Incomplete and in-process applications are excluded. Data reflects major at time of application and may not match program major at census day.

Table 12: Percent Under-represented Minorities (URM) on Fall Census Day

Source: SC_Stu20_ban (BIPMS)
Population: Program majors enrolled on Fall census day

Under-represented minority (URM) status of program majors including primary majors, double majors, secondary program majors and secondary double majors enrolled on Fall census day. URM include Black non-Hispanic, Hispanic, American Indian/Alaskan native and Native Hawaiian/Other Pacific

Table 13: Race/Ethnicity on Fall Census Day

Source: SC_Stu20_ban (BIPMS)
Population: Program majors enrolled on Fall census day.

Race and ethnicity of program majors including primary majors, double majors, secondary program majors and secondary double majors enrolled on Fall census day by student class groups.

Table 14: Percent Under-represented Minorities (URM) of Degreed Conferred Students by Fiscal Year

Source: SC_Degrees (BIPMS)

Population: Program majors who were awarded degrees during the fiscal year

Under-represented minority (URM) status of program majors including primary majors, double majors, secondary program majors and secondary double majors enrolled on Fall census day. URM include Black non-Hispanic, Hispanic, American Indian/Alaskan native and Native Hawaiian/Other Pacific

Table 15: Race/Ethnicity of Degree Conferred Students by Fiscal Year

Source: SC_Degrees (BIPMS)

Population: Program majors who were awarded degrees during the fiscal year

Race and ethnicity of program majors including primary majors, double majors, secondary program majors and secondary double majors who completed a degree during the fiscal year (summer-fall-spring).

Table 16: Department Student Credit Hour (SCH) by Student Department Affiliation on Fall Census Day

Source: SC_Stu20_ban & SC_StuCrs20_ban (BIPMS)

Population: Program majors at census day.

Number of student credit hours (senior citizen discounted hours excluded) on Fall census day for program majors including primary majors, double majors, secondary program majors and secondary double majors. In cases where multiple programs occur within a single department, department level credit hours rather than program hours are reported.

Appendix B

College of Fine Arts Faculty Load Policy

Preface

The College of Fine Arts is home to arguably the most diverse group of scholars/practitioners in the academy. The way scholarship/creative activity is pursued, the variety of pedagogies employed in teaching, and the unique forms of service that come with the educational preparation of the arts – all of these run the full spectrum from traditional to non-traditional to emerging practices. This makes the evaluation of teaching loads a difficult, thought-provoking and time-consuming process, certainly one that transcends quantitative compilation and employs intense, though objective, qualitative reflection as well. It is also recognized that each school assessing individuals for an optimal teaching load is itself unique, comprised, even at the school level, of faculty whose disciplinary backgrounds, pedagogical challenges, and scholarly/creative scholarship are quite diverse from each other.

It is with this understanding that the college has attempted to make the following policy (policies) regarding fair, equable, and effective teaching loads.

CFA Faculty Load Expectations

In keeping with Kansas Board of Regents expectations, the accepted pedagogical expectations of the four National Arts Accrediting Associations[1] headquartered in Reston, Virginia, and best practices espoused by AAUP[2], the College of Fine Arts has placed teaching load expectations at the following level:

The equivalent of what is traditionally recognized as a "twelve-hour teaching load." Specifically, the equivalent of four three-credit hour lecture courses[3].

Faculty who have a teaching load at this level will be considered at full load; faculty not at this level will be considered below level; and faculty (as is often the case in CFA) who teach a load above this level will be considered at overload, subject to additional compensation at the discretion of the school director. Teaching assignments are made by the director in consultation with the faculty. Directors are encouraged to consider class sizes, subject difficulty, number of course preparations, etc. when making course assignments. Only tenured or tenure-track faculty have research/creative activity expectations.

---

[1] National Association of Schools of Art and Design, National Association of Schools of Dance, National Association of Schools of Music, and National Association of Schools of Theatre
[2] American Association of University Professors
[3] A course that would typically have three contact hours weekly in the classroom.

Faculty Categories and Workload Expectations

	Teaching	Research-Release
Description	Primary responsibility is teaching with expectations of ongoing scholarship	Primary responsibility for teaching; peer validation of research/creative activity beyond the local campus is expected
Teaching Load	4:4	3:3
Scholarly/Creative Activity Expectations	Ongoing scholarship/creative activity, which could include traditional research, performing, research of teaching, significant program development, or similar activities that support the mission of CFA	National stature in the faculty member's discipline A track-record of supporting graduate students, publications, or external performance/presentations as validated through peer review

Caveats and Exceptions

Because of the diversity of contact hours, maximum enrollment, pedagogical anomalies, as well as a diversity of out-of-classroom preparation (by both faculty and students), each school within the College has its own unique policies for (1) what constitutes a full teaching load, and (2) how release time for scholarly/creative activity is to be determined.

Formalized policies unique to a specific school are as follows:

School of Art, Design and Creative Industries:

In addition to the CFA research-release policy, load reduction/course release is considered for additional duties such as administrative and leadership positions including program area direction, and the associate director of the school.

In compliance with NASAD, faculty teaching studio classes (lecture and lab combined, six contact hours per week for a 3-credit hour course) have a maximum teaching load of 18 contact hours per week which translates to three 3-credit hour classes per semester.

School of Digital Arts:

The School of Digital Arts is comprised exclusively of faculty who are Non-Tenure Track. As such, no research/creative activity is expected nor required.

School of Music:

In addition to the CFA research-release policy, load reduction/course release is considered for additional duties such as administrative and leadership positions including program area direction, and the associate director of the school. In the cases where releases are for performing/directing responsibilities, they are considered part of a faculty member's load and not part of a creative activity agenda.

In compliance with NASM, faculty teaching applied music are given a 3:2 teaching load ratio, which translates to 18 contact hours for a full applied load rather than 12.

School of Performing Arts:

In addition to the CFA research-release policy, load reduction/course release is considered for additional duties such as administrative and leadership positions including technical direction, program area direction, and the associate director of the school. In the cases where releases are for design/directing responsibilities, they are considered part of a faculty member's load and not part of a creative activity agenda.

In compliance with NASD, the dance program classroom instruction in lecture/seminar format is weighted with studio teaching on a 1:2 ratio, that is, 1 hour of classroom instruction is equated with 2 hours of studio instruction. Normally, the teaching loads of those having administrative and/or consultative duties are appropriately reduced.

Association of
Schools of
Art and
Design

November 11, 2022

Jeff Pulaski
Director, School of Art, Design, and Creative Industries, College of Fine Arts
Wichita State University
1845 Fairmount Street, Box 67
Wichita, KS 67260-0151

Dear Director Pulaski:

Thank you for submitting your application for review by the NASAD Commission on Accreditation.
The Commission, at its October 2022 meetings, took action on the institution's application.

Please find enclosed a Commission Action Report describing this action in detail. This report
contains information of note and, if applicable, any requests for further information from the
Commission. Please note the Association's policy regarding *Disclosure and Confidentiality*, a copy
of which has been enclosed.

This action is taken based upon a review of Wichita State University according to the NASAD
accreditation standards in effect in October 2022.

As an accredited institutional member of NASAD, the institution is reminded of its responsibility to
participate in reviews and revisions to the NASAD *Handbook*, and to maintain its operations and
programs current with NASAD standards as these are developed and approved.

The Commission on Accreditation and the Association appreciate the institution's efforts with regard
to its application, and its careful consideration of and attention to NASAD accreditation standards
and guidelines. Further, the Commission and Association appreciate the work accomplished by the
institution on behalf of the visual arts and design and higher education.

Please contact the NASAD National Office staff if you have questions or need assistance with regard
to this action or any other aspect of the work of the Association.

We offer congratulations on your achievements and best wishes for the continuing success of the
institution. Thank you.

Sincerely yours,

Karen P. Moynahan
Executive Director

COMMISSION ACTION REPORT

This document provides the official action of the Commission as indicated in the cover letter of the same date.

November 11, 2022

WICHITA STATE UNIVERSITY
School of Art, Design, and Creative Industries

Actions:

Action 1 of 2: Progress Report after Membership

The Commission voted to accept the Progress Report and request an additional Progress Report addressing the issue cited below.

Item for Progress Report:

The Commission notes that a thorough study has been conducted to address the ventilation in the McKnight Building. The Commission requests an update on the progress of the renovations outlined in the "Wichita State University McKnight Art Center North Building 2nd Floor Art Studio Ventilation Study." The Commission requests information regarding 1) when the proposed 2nd floor art studio ventilation work will be completed, and 2) what provisions will be made in the short-term to ensure appropriate ventilation or minimal exposure to harmful materials in the meantime.

Action 2 of 2: Application for Plan Approval and Final Approval for Listing – Response

The Commission voted to accept the Response and grant Plan Approval and Final Approval for Listing for the following degree, Bachelor of Applied Arts-4 years: Media Arts (Collaborative Design) with a request for a Progress Report addressing the issue cited below.

Item for Progress Report:

The Commission requests documentation of the course selection process in place between students in the program and faculty advisors for their program confirming that student course selections are appropriate and ensure the competencies required for all professional baccalaureate degrees in art and design (see NASAD *Handbook 2021-22*, Standards for Accreditation VIII.A.3.b.).

Due Date:

September 1 for consideration at the Commission meetings of October 2023.
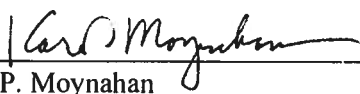

The procedures for submitting Responses and Progress Reports may be downloaded from the NASAD website at https://nasad.arts-accredit.org (see "Accreditation," beneath that "Accreditation Materials," and beneath that "Procedures").

Recommendation:

In addition to, and separate from, the accreditation actions outlined above, the Commission also wishes to transmit the following additional recommendation:

The Commission recommends that the institution continue to monitor the effectiveness and sustainability of its approach to moving students through the Bachelor of Applied Arts-4 years: Media Arts (Collaborative Design) degree program; remove statements regarding standards compliance from the institutional catalog; and develop policies, protocols, and curricular requirements that ensure that formal curricular structures enable students to gain required competencies. The Commission suggests that the institution replace the following text, "All course choices must happen with direct consultation with faculty advisors to assure compliance with accrediting body statutes/regulations/requirements" (see Progress Report dated September 27, 2022, Bachelor of Applied Arts in Media Arts Check List) with language such as, "All course choices must happen with direct consultation with faculty advisors to assure that students develop a body of knowledge and competencies aligned with anticipated degree outcomes in the field of Media Arts."

This recommendation is made in order to assist the development of the art and design program at Wichita State University. The institution is under no obligation to respond to the Commission concerning this recommendation.

Karen P. Moynahan
Executive Director

RULES OF PRACTICE AND PROCEDURE, PART II

ARTICLE XIII
DISCLOSURE AND CONFIDENTIALITY

Section 1. NASAD provides numerous services that include the publication of policy statements, reports, and surveys. These are available to the public, some for a fee. Upon request, NASAD will provide the academic and professional qualifications of the members of its policy and decision-making bodies and its administrative personnel.

Section 2. Upon request, NASAD will make publicly available all information about an institution/program that is published in NASAD literature (see Rules of Practice and Procedure, Part II, Article XI., Section 3.). NASAD will also indicate whether or not an institution/program holds or has held accredited membership.

Section 3. NASAD will not make publicly available any information supplied by the institution or by representatives of NASAD in the course of the accreditation process. This includes Self-Study reports, Visitors' Reports, and correspondence. While NASAD encourages institutions/programs to make publicly available information about their accredited status and to share accreditation materials with individuals and agencies having legitimate claim to information beyond that available to the general public, the Association regards all accreditation materials as the property of the institution. Therefore, release of these materials is either through the institution or by its permission.

Section 4. NASAD will not make publicly available any information provided in third-party comment or an institution's response to third-party comment or any correspondence related to third-party comment (see Rules of Practice and Procedure, Part II, Article IV., Section 1.).

Section 5. If an institution releases information that misrepresents or distorts any action by NASAD with respect to any aspect of the accreditation process, or the status of affiliation with NASAD, the chief executive officer of the institution and the program director, where applicable, will be notified by the NASAD Executive Director and informed that corrective action must be taken. If the misrepresentation or distortion is not promptly corrected, NASAD, at its discretion, may release a public statement in such a form and content as it deems necessary to provide the correct information.

The same rule and sequence are applied to individuals and organizations misrepresenting or distorting accreditation actions of NASAD.

NASAD reserves the right to correct false or misleading information at any time.

Section 6. Certain relationships yield information which legally cannot be disclosed without the consent of the person who provides it—for example, the relationship between physician and patient, between attorney and client, between clergy and penitent, etc. Should such information, or other information that is protected under law by a comparable privilege or safeguard, come into the hands of NASAD or an NASAD evaluation team, its disclosure to persons other than the immediate recipients is forbidden.
