

# E-Scooters Resources Handout

2/14/2019

## 1. **Kansas House Bill 2126**

The proposed bill would regulate the operation of electric-assisted scooters on roads and highways in Kansas.

## 2. **Shared Micromobility Playbook**

This guide is produced by Transportation for America and highlights the various options in eight policy categories: general provisions; operations; equipment and safety; parking and street design; equity; communications and community engagement; data; and metrics.

- <https://playbook.t4america.org/>

## 3. **City of Wichita Scooters Webpage**

This page provides information about scooter related research and policy, including the City of Wichita E-Scooter Current Practice Review memo and draft pilot operating agreement

- [www.wichita.gov/scooters](http://www.wichita.gov/scooters)

## 4. **Guidelines for the Regulation and Management of Shared Active Transportation**

In July 2018, the National Association of City Transportation Officials released this guide. It contains information on policy recommendations and state of the practice.

## 5. **City of Los Angeles Mobility Data Specification**

This is a standard for providing and sharing of data between scooter companies and the city. The goal of the standard is to provide API and data standards for municipalities to ingest, compare, and analyze real-time mobility data.
