

WICHITA STATE UNIVERSITY

LIBERAL ARTS & SCIENCES

- WSU's biological field station on the Ninnescah River provides student with 330 acres of native prairie, wetlands and woodland for research and discovery.
- The Elliott School of Communication is Kansas' only comprehensive integrated school of journalism, combining its various disciplines with work-based experiences in Wichita's numerous media outlets.
- Our criminal justice program is the second-oldest existing program of its kind in the country and is housed in a new Law Enforcement Training Center on our innovation campus.
- Students may apply directly to the Psychology PhD program after their bachelor's degree.
- WSU has its own Psychology Clinic, which is a community training facility for students in the Clinical Psychology doctoral training program.

FINE ARTS

- As the state's only comprehensive college of fine arts, Wichita State's College of Fine Arts brings both the visual and performing arts together under one creative roof.
- WSU now offers a Bachelor of Applied Arts in Media Arts – focusing on animation, audio production, game design and filmmaking – housed in the new Shocker Studios space.
- Fine Arts majors have more than 500 performances, presentations and exhibitions each year.
- The college is a member of the National Association of Schools of Dance (NASD) and offers the only nationally accredited dance program in the state.
- Wichita's galleries, theatres, and music halls give our students virtually limitless opportunities to learn, exhibit and perform.
- Around 85% of the Wichita Symphony Orchestra is made up of WSU faculty, alumni, and students.

INTERDISCIPLINARY CREATIVITY

- The Master in Innovation Design (MID) curriculum merges Arts, Science, and Technology curricula, creating opportunities for students and faculty to collaborate across WSU's colleges.
- The MID program is individualized for each student and focuses on developing students' design thinking skills, which include developing creative solutions, communicating effectively, practicing entrepreneurship, and developing prototypes.

HEALTH PROFESSIONS

- The college features the only physician assistant program in the state and the only bachelor of dental hygiene program at a State university in Kansas.
- The dental hygiene clinic features 24 operatories, a dispensary, reception area, five radiology areas and an infection control center.
- WSU's School of Nursing offers an early admission option for WSU freshmen declaring a major in nursing.
- With an abundance of area hospitals and clinics, access to real-world learning and the teaching expertise of health care experts can all be found right here.

EDUCATION

- More than half of the teachers and administrators in Wichita's public schools are WSU graduates.
- Education majors get experience-based learning in Kansas' largest school district and surrounding areas.
- Our sport management major acquires more than 600 hours of field experience in a sport management setting.
