WSU Transfer Students Should Remember:

**Dual Advising**
WSU strongly suggests that potential transfer students involve their WSU advisor in program planning. Sign up for dual advising here: [www.wichita.edu/dualadvising](http://www.wichita.edu/dualadvising).

**Graduation Requirements**
To qualify for graduation with a WSU bachelor’s degree, transfer students must meet certain requirements such as course credit hours, levels, GPA, and residency. Transfer students should visit the following page to familiarize themselves with all requirements: [http://catalog.wichita.edu/undergraduate/academics/graduation](http://catalog.wichita.edu/undergraduate/academics/graduation).

**WSU Transfer Policy – Credit Acceptance**
It is the policy of Wichita State University (WSU) to accept all credits – with the exception of remedial coursework – earned at a post-secondary institution accredited by one of the U.S. regional accrediting agencies. Each academic college or department within WSU determines how those credits apply toward a particular degree program. Sometimes there can be a significant difference between what transfers and what counts toward a degree, especially if the courses are vocational in nature.

**WSU Transfer Policy – AA/AS Degrees**
Students transferring to WSU with an AA or AS degree from a Kansas public community college will be considered to have satisfied WSU’s general education curriculum provided that they successfully complete, at WSU (with a grade of C- or better), two general education courses numbered 300 or above. These two courses must be in two separate divisions or subject areas. Students must also complete the WSU or WSU-equivalent Foundation courses listed at right.
