

BUTLER COMMUNITY COLLEGE AND WICHITA STATE UNIVERSITY 2.5+1.5 AGREEMENT Associate of Science Degree/Bachelor Degree's in Business Administration June 2022

The purpose of the 2.5+1.5 Agreement is to provide Butler Community College's students a four-year coordinated program where students will receive an Associate of Science (AS) degree at Butler Community College (BCC) in the first 2½ years and a Bachelor of Business Administration degree from Wichita State University (WSU) after 1½ additional years. This agreement will provide guidance for both parties in advising students.

This agreement is for Butler Community College students who have:

- Earned an Associate of Science (AS) degree according to the attached degree plan.
- Achieved a minimum cumulative GPA of 2.25.
- Applied for admission to WSU.

Butler Community College students meeting the above requirements will:

- Be guaranteed admission to WSU with completion of application requirements and receipt of transcripts.
- Enter with junior status toward a baccalaureate degree.
- Be guaranteed to transfer up to 75 credit hours (based on requirements for the AS degree) from Butler Community College to WSU.

This partnership reflects the following objectives, institutional expectations, and operational principles:

- Expanded student program opportunities, course articulation understandings, and transfer coordination considered mutually beneficial in this coordinated partnership.
- Graduates will possess the technical skills and conceptual background, creative mindset, and applied
 experiences to address the workforce needs for achieving the desired economic development in the State of
 Kansas.
- All students must complete all major, institutional, and required degree requirements appropriate to the program curricula at the degree granting institution to graduate.
- Both Butler Community College and Wichita State University W. Frank Barton School of Business program faculty
 and administrators will promote the program with qualified prospective students and share assessment of
 learning outcomes toward the goal of program improvement.
- Students can inquire about academic and participation scholarships, financial aid, and grants by contacting the WSU Financial Aid office (316) 978-3430 and the Barton School of Business Advising Center at (316) 978-3203.
- Students transferring to WSU from BCC who have not completed an AS must meet the necessary requirements for admission to WSU and will have their transcript evaluated on an individual basis.

To ensure a successful transition and completion of the associate's and bachelor's degrees from both institutions in this 2.5+1.5 agreement, students should refer to the required degree plans or stipulations of this agreement. Transfer students must complete at least 75 credit hours of two-year college work and no fewer than 45 credit hours of upper-division work to qualify for graduation from Wichita State University. Courses used as prerequisites may have higher grade requirements as described in the WSU undergraduate catalog.

Reverse Transfer

Students who transfer to Wichita State University from Butler Community College before attainment of the Associate of Science degree are eligible to reverse transfer courses that have WSU/BCC equivalency back to BCC. This allows for the attainment of the Associate of Science degree provided that at least 45 credit hours are earned at BCC and all other degree requirements are met.

Modification of Agreement

This agreement shall only be modified in writing with the same formality as the original agreement.

Terms of Agreement

The agreement will begin with the 2022-2023 academic year.

Termination of Agreement

Either party may terminate this agreement for any reason with a written notice from either party.

This agreement is a collaboration between Wichita State University and Butler Community College. Any changes, corrections, or additions to this agreement shall be in writing and signed by all necessary parties from both academic institutions.
