

WICHITA STATE UNIVERSITY & JOHNSON COUNTY COMMUNITY COLLEGE 2+2 AGREEMENT Associates of Applied Science/Bachelor's Degree in Business Administration October 2022

The purpose of the 2+2 Agreement is to provide Johnson County Community College's students a four-year coordinated program where students will receive an Associates of Applied Science degree at Johnson County Community College (JCCC) in the first two years and a Bachelor of Business Administration degree from Wichita State University (WSU) after two additional years. This agreement will provide guidance for both parties in advising students.

This agreement is for Johnson County Community College students who have:

- Earned an Associates of Applied Science (A.A.S.) degree according to attached degree plan.
- Achieved a minimum cumulative GPA of 2.25.
- Applied for admission to WSU.

Johnson County Community College students meeting the above requirements will:

- Be guaranteed admission to WSU with completion of application requirements and receipt of transcripts.
- Enter with junior status toward a baccalaureate degree.
- Be guaranteed to transfer up to 60 credit hours (based on requirements for the A.A.S. degree) from Johnson County Community College to WSU.

This partnership reflects the following objectives, institutional expectations, and operational principles:

- Expanded student program opportunities, course articulation understandings, and transfer coordination considered mutually beneficial in this coordinated partnership.
- Graduates will possess the technical skills and conceptual background, creative mindset, and applied experiences to address workforce needs.
- All students must complete all major, institutional, and required degree requirements appropriate to the program curricula at the degree granting institution to graduate.
- Both Johnson County Community College and Wichita State University W. Frank Barton School of Business program faculty and administrators will promote the program with qualified prospective students and share assessment of learning outcomes toward the goal of program improvement.
- Students can inquire about academic and participation scholarships, financial aid, and grants by contacting the WSU Financial Aid office (316) 978-3430 and the Barton School of Business Advising Center at (316) 978-3203.
- Students transferring to WSU from JCCC who have not completed an A.A.S. must meet the necessary requirements for admission to WSU and will have their transcript evaluated on an individual basis.

To ensure a successful transition and completion of the associate's and bachelors' degrees from both institutions in this 2+2 agreement, students should refer to the required degree plans or stipulations of this agreement. Transfer students must complete at least 60 credit hours of four-year college work and no less than 45 credit hours of upper-division work to qualify for graduation from Wichita State University. Courses used as prerequisites may have higher grade requirements as described in the WSU undergraduate catalog.

Reverse Transfer

Students, who transfer to Wichita State University from JCCC before attainment of the Associate of Applied Science degree, are eligible to reverse transfer courses that have WSU/JCCC equivalency back to JCCC. This allows for the attainment of the Associate of Applied Science degree provided that at least 45 credit hours are earned at JCCC and all other degree requirements are met.
