**WICHITA STATE UNIVERSITY AND PRATT  
COMMUNITY COLLEGE 2+2 AGREEMENT**  
**Associates of Science Degree/Bachelor's Degree in Engineering Technology  
Concentration in Engineering Technology Management**  
**October 19<sup>th</sup>, 2017**

The purpose of the 2+2 Agreement is to provide Pratt Community College' students a four-year coordinated program through the associate of science curriculum where students will receive an Associates of Science degree at Pratt Community College (PCC) in the first two years and a Bachelor of Science degree in Engineering Technology from Wichita State University (WSU) after two additional years. This agreement will provide guidance for both parties in advising students.

This agreement is for Pratt Community College students who have:

- Earned an Associates of Science (A.S.) degree according to attached degree plan in engineering technology.
- Achieved a minimum cumulative GPA of 2.0.
- Applied for admission to WSU.

Pratt Community College students meeting the above requirements will:

- Be guaranteed admission to WSU with completion of application requirements and receipt of transcripts.
- Enter with junior status toward a baccalaureate degree.
- Be guaranteed to transfer 61-62 credit hours from Pratt Community College to WSU.

This partnership reflects the following objectives, institutional expectations, and operational principles:

- Expanded student program opportunities, course articulation understandings, and transfer coordination considered mutually beneficial in this coordinated partnership.
- Graduates will possess the technical skills and conceptual background, creative mindset and applied experiences to address the workforce needs for achieving the desired economic development in the State of Kansas.
- All students must complete all major, institutional, and required degree requirements appropriate to the program curricula at the degree granting institution in order to graduate.
- Both Pratt Community College and Wichita State University College of Engineering program faculty and administrators will promote the program with qualified prospective students and share assessment of learning outcomes toward the goal of program improvement.
- Students can inquire about academic and participation scholarships, financial aid, and grants by contacting the WSU Financial Aid office (316) 978-3430 and the College of Engineering, Engineering Student Success Center at (316) 978-3420.
- Students transferring to WSU from Pratt Community College who have not completed an A.S. must meet the necessary requirements for admission to WSU, and will have their transcript evaluated on an individual basis.

In order to ensure a successful transition and completion of the associates' and bachelors' degrees from both institutions in this 2+2 agreement, students should refer to the required degree plans or stipulations of this agreement. Transfer students must complete at least 60 credit hours of four-year college work including 45 credit hours of upper-division work in order to qualify for graduation from Wichita State University. Courses used as prerequisites may have higher grade requirements as described in the WSU undergraduate catalog.

**Modification of Agreement**

This agreement shall only be modified in writing with the same formality as the original agreement.

**Reverse Transfer**

Students, who transfer to Wichita State University from Pratt Community College before attainment of the Associates of Science degree, are eligible to reverse transfer courses that have WSU/PCC equivalency back to Pratt. This allows for the attainment of the Associates of Science degree provided that at least 45 credit hours are earned at Pratt and all other degree requirements are met.

**Modification of Agreement**

This agreement shall only be modified in writing with the same formality as the original agreement.

**Terms of Agreement**

The agreement will begin with the 2017-2018 academic year.

**Termination of Agreement**

Either party may terminate this agreement for any reason with a written notice from either party. The parties agree that termination shall include an agreement that students currently enrolled in the program at the time of termination shall be permitted to complete the program as described herein.

This agreement is a collaboration between Wichita State University and Pratt Community College. Any changes, corrections, or additions to this agreement shall be in writing and signed by all necessary parties between both academic institutions.
