NIAR CAREER OPPORTUNITIES

NIAR WALTER H. BEECH WIND TUNNEL

The NIAR Walter H. Beech Wind Tunnel is looking for a student assistant. Position may be Undergraduate Student Assistant or Graduate Student Assistant. If Graduate Assistant, this position could become a Graduate Research Assistant (GRA) position based upon performance early in service.

The REQUIREMENTS for this position are:
- US Person (US Citizen or Permanent Resident at the time of application – ITAR §120.15 U.S. Person)
- Currently pursuing an Aerospace Engineering degree at WSU
- Strong interest in aerodynamics and/or wind tunnels

The PREFERRED skills for this position are:
- ‘Hands-on’ mechanical skills (use of hand tools, power tools, some machining equipment such as lathe and milling machine, etc.)
- Ability to personally and professionally interact with other students, staff, faculty, and outside customers of the Walter H. Beech Wind Tunnel
- Programming knowledge in the Visual Studio family as well as CATIA experience

12 – 30 hours/week during the semester, full time (40 hours/week) during summer and semester breaks
Anticipated start for this position is Summer 2019
