Rights Trip

Experiential Learning

152

LLC Members
(as of move-in)

72 student
employees
employed within AY2022-23

¹ As part of a prioritization to the university's Student Success & Persistence, Student Affairs underwent a divisional restructure in summer 2023 to better align its programs and services, further enhancing the overall experience for students.

² Departments listed may not reflect the current structure of the division at the time of reading this material as the data presented is from the listed academic year.

³ Disability Services and Testing Services integrated at the end of the academic year and renamed as the Office of Student Accommodations & Testing.

⁴ Prevention Services was created into a separate department and CAPS was renamed to Counseling & Psychological Services. The new department was named Health, Outreach, Prevention & Education (HOPE) Services at the end of the academic year.

[†] This version of the infographic was updated to reflect the change of the department name from Disability Services to Office of Student Accommodations & Testing.
