How to disable pop-up blockers

(If your browser does not give you the option to “Allow the pop-up”, follow the directions below to disable your pop-up blocker to launch the training module).

**Internet Explorer**
1. Select **Tools** in the top menu bar
2. Select **Pop-up Blocker** in the drop down menu
3. Select **Turn Off**
4. Once you complete the training, follow steps 1 and 2, then select **Turn On**

**Mozilla Firefox**
1. Select **Open Options icon** in top menu bar
2. Select **Content**
3. Select the box under **Pop-ups** to remove the check mark
4. Once you complete the training, follow steps 1, 2 and 3 to replace the check mark and turn on pop-up blocker

**Google Chrome**
1. Select **Customize icon** in top menu bar
2. Select **Settings**
3. Select **Show Advanced Settings** located at bottom of page
4. Scroll down to **Privacy** section
5. Select **Content Settings**
6. Scroll down to **Pop-ups**
7. Select **Allow all sites to show pop-ups**
8. Select **Done**
9. Once you complete the training, follow steps 1 to 6, select **Do not allow any site to show pop-ups** and select **Done** to turn on pop-up blocker

**Safari**
1. Select **Open Options icon**
2. Select **Pop-up Blocker** in the drop down menu
3. Select **Turn Off**
4. Once you complete the training, follow steps 1 and 2, then select **Turn On**

**Edge**
1. Select **More icon**
2. Select **Settings**
3. Scroll down and select **View Advanced Settings**
4. Turn Block pop-ups to **Off**
5. Once you complete the training, follow steps 1, 2, and 3, then select **On**
