

How Do I... Build the Schedule of Courses?

- ❖ Audit your schedule regularly during the Schedule Building process to review warnings and correct errors.

Schedule Building Packets:

Schedule Building packets are sent to the designated college/department representative at the start of each schedule building session. The following information is posted on the Schedule Building website on <http://wichita.edu/schedulebuilding>

- General Instructions
- Schedule Building Memo
- Waitlist Instructions
- Schedule of Course Errors & Warning Report Instructions
- Academic Buildings & Rooms
- Classroom Feature Request Form
- Part of Term Template
- Instructional Method Codes
- Military Time Conversion Job Aide

Rolled CRNs:

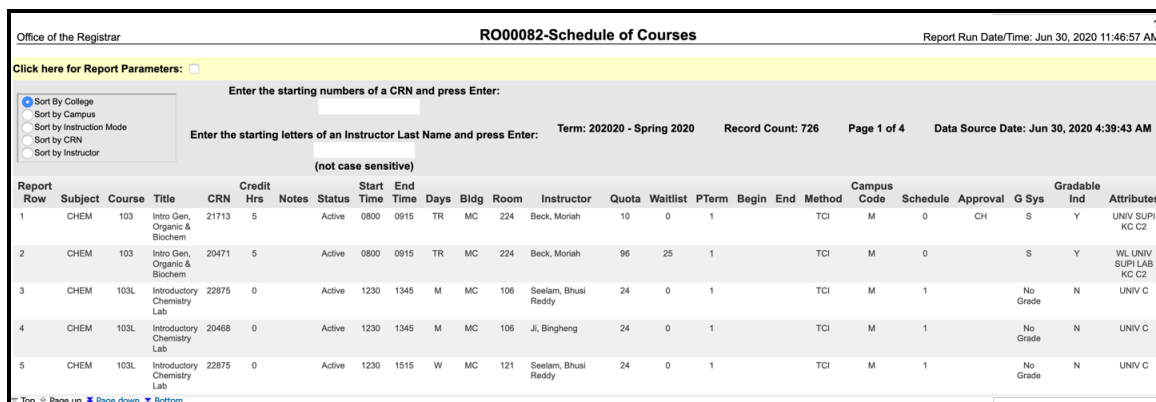

Full term and first and second half term classes (part of term 1, 1S, F10, S10 and BG) from the previous year are rolled forward by the Registrar’s Office. This provides schedule builders with a **starting point** for building the upcoming schedule of courses. For example, Spring 2019 rolls to Spring 2020 and Fall 2019 rolls to Fall 2020.

A **new** CRN is generated for each copied or rolled CRN. When creating new CRNs, **Banner** automatically generates a CRN for you.

Step 1: Access WSU Reporting

Before creating any new CRNs, access the following WSU Reporting report:

Team Content- Registrar Schedule Building > RO00082- Schedule of Courses

Office of the Registrar | RO00082-Schedule of Courses | Report Run Date/Time: Jun 30, 2020 11:46:57 AM

- A person must be hired and flagged in Banner as Faculty in order to be assigned as an instructor.
- Do not let this prevent you from creating a CRN, an instructor can be added at a later date if needed.
- If an instructor is not entered, in student registration the instructor will appear as TBA.

Only the **primary instructor** has the ability to enter **official** grades in Banner Grade Entry (Self Service). The primary instructor is the first instructor listed and is identified by the checkmark in the **Primary Indicator** column.

Add Instructor(s):

1. Enter the instructor's *myWSU* ID.
(Click the Search drop down arrow under ID to search for an instructor's *myWSU* ID.)

Example: One Instructor

3. If there are two or more instructors for the CRN, change the **Percent of Responsibility** and **Percent of Session** for the instructor to reflect the instructor's role in the course. These two columns must **each** add up to 100.

For example, if two people are co-teaching a class and they are equally accountable, then the **Percent of Responsibility** would be 50 and **Percent of Session** would be 50 for each instructor.

Example: Multiple Instructors
