SECTION II

PROCUREMENT TYPE, PROCESS, SELECTION, AND AWARD

2.1. **Procurement Type:** WSU's competitive procurement types include: (1) Sealed Bid; (2) Negotiated Bid; and (3) Simplified Acquisitions. The type of procurement for this RFP is noted on the RFP Cover Page.

2.1.1. A Sealed Bid process includes: (1) a solicitation to bid; (2) publication of solicitation; (3) Proposals submitted under seal by Bidders and the Proposals are not opened or reviewed until the Closing Date; (4) Proposals are reviewed by WSU after the Closing Date and are generally evaluated without discussion without the Bidders; and (5) WSU awards the work to the "Responsible Bidder" whose Proposal is determined to be the most advantageous to WSU based on the neutral criteria established by WSU.

2.1.2. A Negotiated Bid is a more flexible bidding procedure that includes the receipt of Proposals and permits negotiations between WSU and Bidders. This process usually affords the Bidders an opportunity to revise their Proposal before award of a Contract to account for changes in scope of services or goods, timelines, or value-added changes to a project. "Negotiation" includes discussion, persuasion, and alteration of initial assumptions and positions, and give-and-take may apply to price, schedule, technical requirements, type of contract, or other terms of a proposed contract. "Best and final offers" are frequently required under the Negotiated Bid procurement.

2.1.3. Simplified Acquisitions is the most flexible form of procurement. Simplified Acquisitions can only occur if the procurement expenditure does not exceed the WSU established threshold. A Simplified Acquisition affords WSU the ability to call upon qualified vendors, contractors, and individuals for a quote and to negotiate a final agreement.

2.2. **RFP Committee Selection:** Final evaluation and selection will be made by designated representatives of WSU who have been designated as potentially utilizing the goods and/or services solicited in this RFP, referred to collectively as the Procurement Negotiation Committee (PNC).

PNC COMMITTEE

2.3. **Appearance Before Committee:** The PNC may award to the low Bidder without question or negotiation. The PNC reserves the right to request information from Bidders as needed. If information is requested, the PNC is not required to request the information of all Bidders. The PNC may require, as a condition of bidding, that Bidders be required to appear before the PNC to explain the Bidder's understanding and approach to the RFP and/or to respond to questions from the PNC concerning the Proposal. Meetings with and appearances before the PNC are not subject to the Kansas Open Meetings Act. Bidders are prohibited from electronically recording these meetings.

2.5. **Pre-Proposal Questions:** Questions requesting clarification of the RFP, if allowed, must be submitted in WRITING to the Procurement Officer by email prior the RFP Question Deadline indicated on the RFP Cover Page. Only written communications are binding.

2.6. **Acceptance or Rejection:** WSU reserves the right to accept or reject any or all Proposals or part of a Proposal; to waive any informalities or technicalities; clarify any ambiguities in this RFP; modify any criteria in this RFP; and unless otherwise specified, to accept any item in a Proposal.

2.7. **Selection Criteria:** Award shall be made in the best interest of WSU as determined by the PNC. WSU reserves the right to make an award based on any of the following factors and is not required to make the determination based solely on cost. Consideration will be given, but is not limited, to each of the following criteria:

2.7.1. Proposal cost [NOTE: Bidders are not to inflate prices in the initial Proposal as cost is a factor in determining who may receive an award or be invited to formal negotiations];

2.7.2. Any poor performance experienced by WSU with Bidder within the five (5) year period prior to Proposal;

2.7.3. Documented experience in providing the same products / services to third parties that are solicited in this RFP;

Upon receipt of that amount, the documents will be transmitted to you electronically, except that no information in any Proposal file shall be released until a Contract has been executed or all Proposals have been rejected.

2.9 **Retention of Proposals:** WSU reserves the right to destroy all Proposals if the RFP is withdrawn, the RFP does not result in an agreed Contract, or in accordance with Kansas law. Late Proposals will not be considered a valid Proposal and shall not be retained unless deemed necessary by WSU.

2.10 **Award:** An RFP is not considered to be “awarded” until a Contract is executed between WSU and the Contractor. A Contract may be formed upon a Bidder’s formal acceptance of WSU’s notice of award where it is made clear that no other contractual document shall be presented subsequently for signature.

2.11 **Notice of Award:** Generally, WSU will notify all Bidders of an award made contingent on a fully executed Contract between the Contractor and WSU. A "Tax Clearance" is a comprehensive tax account review to determine and ensure that the account is compliant with all primary Kansas Tax Laws administered by the Kansas Department of Revenue (KDOR) Director of Taxation. Information pertaining to a Tax Clearance is subject to changes(s), which may arise as a result of a State Tax Audit, Federal Revenue Agent Report, or other lawful adjustment(s).

To obtain a Tax Clearance Certificate, you must:

- Return to the website the following working day to see if KBOR will issue the certificate
- If issued an official certificate, print it and attach it to your Proposal
- If denied a Tax Clearance Certificate, engage KDOR in a discussion about why a Certificate was not issued

Bidders (and their subcontractors) are expected to submit a current Tax Clearance Certificate with every Proposal.

Please Note: Individual and business applications are available. For applications entered prior to 5:00 PM Monday through Friday, results typically will be available the following business day. Tax clearance results may be denied if the request includes incomplete or incorrect information.

Please Note: You will need to sign back into the KDOR website to view and print the official Tax Clearance Certificate.

Wichita State University
Purchasing Office

ATTACHMENT 8: FEDERAL FLOWDOWN TERMS AND CONDITIONS

Please Note: The provisions in this attachment are required by the federal government to be included in RFPs for projects which involve federal awards. If the project does not involve federal grants, awards, or programs, some or all of these provisions may not apply.

Wichita State University has entered into an Agreement with either the U.S. Government or another entity who has itself entered into an Agreement with the U.S. Government. That Agreement requires that certain federal contract provisions be made a part of subsequent purchase orders, RFPs, and/or contracts issued by WSU related to furthering the performance or deliverables required under the original Agreement ("Flowdown Terms and Conditions"). Bidders agree to comply with all applicable Flowdown Terms and Conditions and agree to include the same requirements in any agreements or contracts with lower-tier subcontractors, as applicable. The following Flowdown Terms and Conditions are applicable to this RFP:

- 1. EQUAL OPPORTUNITY.** During the performance of this Contract, the Contractor agrees as follows: (1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause. (2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin. (3) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information. (4) The Contractor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other Contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment. (5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor. (6) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders. (7) In the event of the contractor's non-compliance with the nondiscrimination clauses of this Contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further government Contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law. (8) The Contractor will include the provisions of paragraphs (1) through (8) in every Subcontract or purchase order unless exempted by rules, regulations, or orders

of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each Subcontractor or vendor. The Contractor will take such action with respect to any Subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: Provided; however, that in the event the Contractor becomes involved in, or is threatened with, litigation with a Subcontractor or vendor as a result of such direction, the Contractor may request the United States to enter into such litigation to protect the interests of the United States. 41 C.F.R. § 60-1.4(a)

SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. The Contractor, by executing this Contract, certifies that it is not presently suspended, debarred, proposed for debarment, or otherwise excluded by the federal government, and that should the Contractor become suspended, debarred, proposed for debarment, or otherwise excluded by the federal government, the Contractor shall immediately notify WSU. The Excluded Parties List System has been consolidated within the System for Award Management at <https://www.sam.gov/portal/public/SAM/>. (E.O.s 12549 and 12689)
3. **DOMESTIC PREFERENCE FOR PROCUREMENTS.** Contractor and its Subcontractors shall comply with 2 C.F.R. 200.322. The requirements of Part 200.322 include providing a preference, to the greatest extent practicable, for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). Covered video surveillance equipment is video surveillance equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
5. **BYRD ANTI-LOBBYING AMENDMENT.** If this Contract or Subcontract, as applicable, is valued over one hundred thousand dollars (\$100,000.00), each tier is required to certify to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to WSU.
