Badge Program

Wichita State University's badge program was designed with the working professional in mind so coursework is developed around professional development content and structured in smaller units. In most cases, information is organized into 0.5 credit hours classes (one 0.5 credit hour class equates to one badge) which also makes the workload manageable for someone who works a full-time job. While some badges may be offered in a classroom setting, many are also offered online. In some cases, badges may be applied towards requirements for a degree.

Badges are credit courses that comply with the definition and assignment of credit hour policy and appear on a transcript indicating that academic work was successfully completed. Students will receive a grade of either BG (badge earned) or NBG (no badge earned) when the class ends.

For more information go to Wichita.edu/WPCE and click on the Badge Program link.

Internships

Wichita State University's location in Wichita has allowed it to form strong relationships with public, private and nonprofit organizations that offer a variety of internship opportunities. These positions are an invaluable way for WSU students to gain professional experience to complement the strong academic fundamentals they learn in the classroom. Through the career Development Center, students have an opportunity to earn academic credit for an internship, or enroll in zero credit and have an internship recognized on their academic transcript.

Students who choose academic credit, enroll in specially designated internship courses and work with a faculty advisor from an appropriate department. Academic credit is earned after completing all project requirements assigned by the advisor. Students who enroll in zero credit internships have their internship recognized on their official academic transcript through a transcript notation (no tuition is paid). A transcript notation is earned after completing the zero credit program requirements. Additional information may be found at: Wichita.edu/internships.

WSU cares about student success. For this reason, WSU has implemented an academic early alert system. Under this system, called GradesFirst, instructors provide feedback on students who appear to be struggling early in the semester, and WSU staff members reach out to the students to provide any assistance that may be needed to help get them back on track academically. Students who are contacted by GradesFirst advisers are encouraged to take full advantage of the help offered.

Course Pending Completion. An IP (in progress) grade is temporarily recorded when a course does not have to be completed by the end of the semester of enrollment. The grade submitted when the course has been completed replaces all IP grades for that course. This applies to courses such as Special Projects, Special Topics, Research and Thesis, as specified by the departments.

2012-2013 ADDED TO COPY p. 12

Students new to the university are required to see an academic adviser before they will be allowed to register for classes for the first two semesters. Certain colleges and departments have additional advising requirements as well.

2012-13 CHANGE p. 25

Incomplete

A student who receives an incomplete has one calendar year from the end of the original semester to complete it. The faculty member may assign a default grade, other than the “I”. The default grade will become the grade of record if coursework is not completed by the extension date. If the faculty member does not assign a default grade, the “I” will revert to an “F”. In previous catalogs, the student had to complete the “I” by the end of the next semester he/she enrolled (summer excluded) or the “I” reverted automatically to a grade of “F”.

The following criteria and policies apply:

1. The student’s professional college will be their *primary* college and LAS will be their *secondary* college.
2. The established degree requirements for each major must be completed; but for the inter-college double major individual courses can be used to satisfy the major requirements of more than one major.

3. Students must complete all graduation requirements (general education, core courses, college required courses) within their primary college, but are not required to complete all the graduation requirements of their secondary college.
4. The diploma will be awarded by the student's primary college. The academic department within the student's secondary college must verify that the student has satisfied the requirements of their major.
5. The student's academic transcript will indicate both majors.
