Certification Ordering

The Office of the Registrar can certify enrollment, registration, graduation status and academic standing for current students and alumni. We can also process deferments for school loans.

Requests are generally completed within 2-4 business days but may take longer depending on the nature of the request (course descriptions, notarization, etc.). Requests may also take longer during especially busy times of the year such as the first two weeks of the semester and the period following spring commencement.

All certifications will include the person's address, date of birth and major.

A readable copy of the student's government-issued photo identification such as WSU ID, driver's license or passport must accompany all certification requests. Requests will NOT be processed without this ID.

A person receiving a certification in-person must have identification. Certifications can only be released to the student or to an individual who has written permission from the student.

Certifications services may be refused, with limited exceptions due to state and federal laws, for any student who owes the University money, property, or documents.
