Introduction

Introduction

A coalition of representatives from University Support Staff (USS) and Unclassified Professional Staff (UPS) organizations from six Regent Universities in Kansas asked the Docking Institute of Public Affairs to conduct a survey of USS and UPS employees. The six universities included Emporia State University (ESU), Fort Hays State University (FHSU), Kansas State University (KSU), Pittsburg State University (PSU), Wichita State University (WSU), and the University of Kansas (KU).

The survey was conducted during spring 2025 using Qualtrics on-line survey software. Email addresses for USS and UPS employees of the six universities during the spring 2025 semester were provided to the Docking Institute. Invitations to participate in the survey (including a link to an online survey) were emailed to all USS and UPS employees listed. This research project was submitted to the FHSU Institutional Review Board (IRB) for review. Survey questions were developed in collaboration with the coalition of representatives from the USS and UPS organizations. The survey instrument is provided as Appendix A.

This report shows results from WSU UPS survey respondents (WSU UPS Employees) and all the UPS respondents (Statewide UPS Employees).

Methods

Email requests were sent to 9,613 USS and UPS employees at the six universities. The Institute received 3,516 usable completions on the online survey, a response rate of 36.6%. Since the lists provided by each university included all USS and UPS employees, no margin of error is calculated. The initial email invitation was sent April 2, 2025. Multiple follow-up email requests were sent to non-responding employees between then and the close of data collection on May 8, 2025.

For Wichita State University, emails were sent to 1,951 USS and UPS employees. The Institute received completions from 31 USS and 486 UPS employees, for an institution response rate of 26.5%.

Data were downloaded into SPSS software for analysis. Email addresses and the names of employees were deleted from the SPSS file. Only grouped data were analyzed, and no attempt was made to link individual responses to individual respondents.

Summary

This report is for Wichita State University. Responses to each survey question are provided for all (Statewide) UPS Employees and WSU UPS Employees. Responses are shown in tables and figures.

The Docking Institute's independent analysis shows the following:

- WSU UPS Employees tend to be employed fewer years at the university compared to Statewide UPS Employees as a whole.
- When asked to rank (from first to fourth) the importance of various items, “amount of pay or compensation” was ranked first among most respondents (81.2% of Statewide UPS Employees and 82.2% of WSU UPS Employees). The item with the next highest percentages ranking it first is “recognition for work performed” at 11.7% among Statewide UPS Employees and 9.7% among WSU UPS Employees. Similar percentages (about 34%) of both groups ranked “recognition for work performed” second.
- Over 70% of both WSU UPS Employees and Statewide UPS Employees report that their “work is greatly appreciated” by their immediate supervisor, and about two-thirds (66%) of both groups report that their “work is greatly appreciated” by co-workers. Just 50.8% of WSU UPS Employees report that their “work is greatly appreciated” by department heads, compared to 48.7% of Statewide UPS Employees who say so.
- A slightly larger percentage of WSU UPS Employees (22.8%) than Statewide UPS Employees (20.1%) rate their morale as “extremely positive.” The largest percentage of both groups rate their morale as “somewhat positive” (46.9% of WSU UPS Employees and 49.1% of Statewide UPS Employees).
- Similar percentages of WSU UPS Employees (39.9%) and Statewide UPS Employees (40.8%) report that their morale has worsened compared to two years ago.
- Of those indicating that their morale has worsened compared to two years ago, a higher percentage (70.7%) of WSU UPS Employees than Statewide UPS Employees (61.9%) report that their “salary increases haven’t kept up with increased costs.” Considerable percentages of both groups (44.5% of WSU UPS Employees and 51.1% of Statewide UPS Employees) report that they “had to take on additional work duties with no/minimal increases in pay.”
- Of those reporting that their morale improved or stayed the same, similar percentages of WSU UPS Employees (26%) and Statewide UPS Employees (26.2%) report that the “future of my position is certain and stable” and that the “morale of those around me has improved” (25.3% at WSU and 27.4% Statewide).
- A slightly larger percentage of Statewide UPS Employees (55.7%) than WSU UPS Employees (52.5%) report that their wages are at least “somewhat reasonable.”

- Similar percentages of WSU UPS Employees (29.2%) and Statewide UPS Employees (31.6%) report having a second job. Of those without second jobs, 45.3% of WSU UPS Employees and 41.5% of Statewide UPS Employees report “considering taking a second job.”
- Of those with second jobs or considering taking second jobs, 39% and 40.6% (WSU and Statewide, respectively) report that a second job will help them “provide better for their families.”
- Of those with second jobs or considering taking second jobs, more than 75% of both WSU UPS Employees and Statewide UPS Employees indicate health insurance benefits and stable employment are reasons for continued university employment. Almost two-thirds of both groups report enjoyment of the work as a reason and about 60% report maximizing their retirement benefits as a reason for continued university employment.
- 80% of WSU UPS Employees and Statewide UPS Employees “agree” or “strongly agree” that they “enjoy the things they do at work,” that they are “sufficiently trained to complete their duties,” and have “generally positive work environments.”
- Regarding incentives or opportunities, more than 60% of WSU UPS and Statewide UPS Employees consider “flextime or flexible hours,” “improved healthcare benefits,” and “working remotely some of the time” as “very important” or “extremely important.” Over half of both groups report “tuition assistance at another university,” “tuition assistance at a community or technical college,” and “professional development opportunities” as “very important” or “extremely important.”
- The single largest percentage of both WSU UPS Employees (44.8%) and Statewide UPS Employees (46.4%) rate their health insurance through the State of Kansas as “fair value and fair cost.” Almost 30% of both groups find health insurance to be of “fair value at high cost.”
- More than 60% of both WSU UPS Employees and Statewide UPS Employees report that their “duties have increased.” Almost 60% of each group report that the “quantity of work they perform has increased,” and just over 50% of both groups report that they are having to “complete more advanced duties or tasks.”
- Over a third of WSU UPS Employees (36.2%) and Statewide UPS Employees (33.6%) report looking for a different job within the past year or so.
- Of those looking for a different job, 60.5% of Statewide UPS Employees and 47.4% of WSU UPS Employees report that they are interested in other on-campus employment, and in response to a separate question, 90.9% and 96.6% (Statewide and WSU, respectively) report being interested in off-campus employment.

Findings

This section of the report provides percentage responses to each question in the survey. Questions were grouped by theme and do not necessarily follow the flow of the survey questions (see Appendix A). The tables and figures below show responses for Statewide UPS Employees and WSU UPS Employees.

Table 1 shows a tendency for WSU UPS Employees to be employed fewer years at the university compared to Statewide UPS Employees as a whole.

Table 1: Years of Employment

	Statewide UPS		WSU UPS	
	Frequency	Percent	Frequency	Percent
0-2 years	785	25.9	135	27.8
3-4 years	440	14.5	90	18.6

Item Importance and Appreciation of Work Performance

Figure 1 shows responses to four items. Respondents were asked to rank each according to importance from first to fourth. The items were:

- Recognition for the work you perform
- Amount of pay or compensation
- Additional incentives or perks
- Professional development opportunities

The figure shows the importance of various items, “amount of pay or compensation” was ranked first among most respondents (81.2% of Statewide UPS Employees and 82.2% of WSU UPS Employees). The item with the next highest percentages ranking it first is “recognition for work performed” at 11.7% among Statewide UPS Employees and 9.7% among WSU UPS Employees. Similar percentages (about 34%) of both groups ranked “recognition for work performed” second.

Figure 1: Item Ranking

Respondents were asked “if there is another work-related item that you consider to be of high importance.” Table 2 shows all comments collapsed into categories. (NOTE: Some respondents provided more than one item. The categories below show the first item listed.)

Table 2: Additional High Importance Items (Categories)

	Statewide Employees			WSU UPS Employees	
	Freq.	Percent		Freq.	Percent
Healthy workplace culture, inclusion, sense of belonging	168	15.7		27	18.4

Other comment	21	2.0		5	3.4
	1,071	100		147	100.0

Figure 2 shows responses to statements addressing the work performance appreciation by various groups and individuals. The groups and individuals include co-workers, immediate supervisors, department heads, and university administrators. The statements include “my work is unappreciated,” “my work is moderately appreciated,” “my work is greatly appreciated,” and “this item does not apply to me.”

Figure 2 shows that over 70% of both groups report that their “work is greatly appreciated” by their immediate supervisor, and about two-thirds (66%) of both groups report that their “work is greatly appreciated” by co-workers. Just over half of WSU UPS Employees (50.8%) report that their “work is greatly appreciated” by department heads, compared to 48.7% of Statewide UPS Employees who say so.

Work Morale

This section of the report addresses work morale. Figure 3 shows responses to the question “generally speaking, how do you rate your morale at work?” Answer options ranged from “extremely positive” to “extremely negative.”

Figure 3 shows that a slightly larger percentage of WSU UPS Employees (22.8%) than Statewide UPS Employees (20.1%) rate their morale as “extremely positive.” The largest percentage of both groups rate their morale as “somewhat positive” (46.9% of WSU UPS Employees and 49.1% of Statewide UPS Employees).

Figure 3: Morale at Work

Figure 4 shows that similar percentages of WSU UPS Employees (39.9%) and Statewide UPS Employees (40.8%) report that their morale has worsened compared to two years ago.

Figure 4: Morale Compared to Two Years Ago

Respondents indicating that their morale has worsened compared to two years ago (represented by the blue bars in the previous figure) were asked follow-up questions about why morale has worsened. Responses included “salary increases haven’t kept up with increased costs,” “had to take on additional work duties with no/minimal increases in pay,” “morale of those around me has worsened,” and “layoffs have created uncertainty about the future of my position.”

Figure 5 shows that a higher percentage (70.7%) of WSU UPS Employees than Statewide UPS Employees (61.9%) report that their “salary increases haven’t kept up with increased costs.” Considerable percentages of both groups (44.5% of WSU UPS Employees and 51.1% of Statewide UPS Employees) report that they “had to take on additional work duties with no/minimal increases in pay.”

Figure 5: Why Morale Has Worsened

Table 3 shows the coded responses to a follow-up question when someone answered “other reason.” (NOTE: Some respondents provided more than one item or issue. The coded categories below show the first item/issue listed.)

Table 3: Other Reasons Morale Has Worsened

Other comment	11	2.3			0.0
Total	485	100		64	100.0

Figure 6 shows that of those reporting that their morale improved or stayed the same when asked why it had improved, similar percentages of WSU UPS Employees (26%) and Statewide UPS Employees (26.2%) report that the “future of my position is certain and stable” and that the “morale of those around me has improved” (25.3% at WSU and 27.4% Statewide). Tables 4 shows the coded responses to a follow-up question when someone answered “other reason.” Table 5 shows the coded responses when respondents were offered in an open-ended field to mention any other comments regarding morale, and the single largest percentages of WSU and Statewide employees mention a lack of equity in compensation. (NOTE: Regarding Tables 4 and 5, some respondents provided more than one item or issue. The coded categories in the tables show the first item/issue listed.)

Wages and Second Job

This section of the report addresses wages and a second job (if workers have a second job and/or if they have considered one).

Figure 7 shows responses to the question “how do you rate your salary or hourly wage with regard to the work you currently perform?” Answer options ranged from “extremely reasonable” to “extremely unreasonable.” The figure shows that a slightly larger percentage of Statewide UPS Employees (55.7%) than WSU UPS Employees (52.5%) report that their wages are at least “somewhat reasonable.”

Figure 7: Perception of Current Wages

Figure 8 shows that similar percentages of WSU UPS Employees (29.2%) and Statewide UPS Employees (31.6%) report having a second job. Of those without second jobs, 45.3% of WSU UPS Employees and 41.5% of Statewide UPS Employees report “considering taking a second job.”

Figure 8: Have or Consider a Second Job or Other Income

Respondents with a second job or considering a second job (“yes” answers shown in Figure 8) were asked the question “of the following, which BEST describes the reason you have taken a second job or are considering a second job?”

Answer options included to “be able to better provide for family,” “help to pay down debts/bills,” and “be able to have additional discretionary income (i.e., to spend on vacations, upgraded car, etc.).” Figure 9 shows that of those with second jobs or considering taking second jobs, 39% and 40.6% (WSU and Statewide, respectively) report that a second job will help them “provide better for their families.”

Figure 9: Why Have/Consider a Second Job or Other Income

Respondents with a second job or considering a second job (“yes” answers shown in Figure 8) were asked the question “Regarding your job with the University, which of the following reasons have encouraged you to *remain employed* there?”

Answer options included the following:

- I earn a better salary than a comparable job in the private sector
- The stability in employment
- I need the health insurance
- I need access to the education discounts offered (i.e., tuition waivers) for self/dependents
- I am close to retirement age
- I want to continue working here to receive maximum retirement benefits
- I enjoy the work so much that I remain

Figure 10 shows that of those with second jobs or considering taking second jobs, more than 75% of both groups indicate health insurance benefits and stable employment are reasons for continued university employment. Almost two-thirds of both groups report enjoyment of the work as a reason and about 60% report maximizing their retirement benefits as a reason for continued university employment.

Figure 10: Reasons for Continued University Employment

Job Satisfaction, Incentives, and Health Insurance

This section of the report addresses job satisfaction, incentives or opportunities that might be of interest to employees, and opinions about health insurance.

Regarding job satisfaction, respondents were presented with several statements and asked to respond to each with answer options ranging from “strongly agree” to “strongly disagree.” The statements included the following:

- I enjoy the things I do at work
- I have a generally positive work environment
- I am sufficiently trained to complete my required job duties
- I have a reasonable workload
- I have a fair chance of advancement in my job
- I have a fair chance for future salary or wage increases

Figures 11a and 11b show responses to the statements above. Figure 11a shows that more than 80% of WSU UPS Employees and Statewide UPS Employees “agree” or “strongly agree” that they “enjoy the things they do at work,” that they are “sufficiently trained to complete their duties,” and have “generally positive work environments.”

Figure 11a: Job Satisfaction

Figure 11b: Job Satisfaction (Continued)

Respondents were asked to provide another item or issue that they feel strongly about in a text box. Table 6 shows comments collapsed into categories. (NOTE: Some respondents provided more than one item or issue. The categories below show the first item/issue listed.)

Figures 12a and 12b show responses to the series of statements regarding incentives or opportunities that might be of interest to employees. Respondents were asked to respond to each with answer options ranging from “extremely important” to “not at all important.” The incentives or opportunities are listed below:

- Flextime or flexible hours
- On-the-job training
- Childcare assistance (such as financial assistance or care at work)
- Improved healthcare benefits
- Tuition assistance for dependents attending another university
- Tuition assistance for dependents attending a nearby community college or technical school

Figures 12a and 12b show responses to the statements above. Figure 12a shows that more than 60% of WSU UPS and State UPS Employees consider “flextime or flexible hours,” “improved healthcare benefits,” and “working remotely some of the time” as “very important” or “extremely important.” Over half of both groups report “tuition assistance at another university,” “tuition assistance at a community or technical college,” and “professional development opportunities” as “very important” or “extremely important.”

Figure 12a: Incentives or Opportunities

Figure 12b: Incentives or Opportunities (Continued)

Respondents were offered the ability to list other important incentives in an open-ended question that followed the lists. Table 7 shows comments collapsed into categories. (NOTE: Some respondents provided more than item. The categories below show the first item listed.)

Table 7: Additional Incentives or Opportunities (Categories)

	Statewide Employees			WSU UPS Employees

Other comment	32	5.9		7	8.8
Total	547	100		80	100.0

Respondents were next asked to respond to the statement “with regard to your health insurance through the State of Kansas, which of the following statements MOST applies to you.” The following items were provided:

- I'm receiving high value at high cost
- I'm receiving fair value at high cost
- I'm receiving low value at high cost
- I'm receiving fair values at fair cost
- I'm not receiving fair value at a fair cost
- I don't use the State of Kansas Health Insurance

Figure 13 shows that the single largest percentage of both groups rate it as “fair value and fair cost” at 46.4% among Statewide UPS Employees and 44.8% among WSU UPS Employees. Almost 30% of both groups find health insurance to be of “fair value at high cost.”

Figure 13: Opinions about Health Insurance

Budget Limitation Impacts

This section of the report addresses opinions about the impacts of budget limitations. Respondents were presented with the following question and statement: “Have budget limitations impacted your job? If so, please mark all the areas below that have been impacted by budget limitations.”

Respondents were then presented with a table containing the items below and asked to select “yes” or “no” to each.

- My amount or quantity of my work has increased
- My duties have increased
- I now complete more advanced level duties/tasks
- Our staff has been reduced because of unfilled positions
- Our staff has been reduced because we are unable to fill open positions at current salary/wage levels
- Resources and supplies have been reduced
- None of the above

Figure 14 shows that more than 60% of both groups report that their “duties have increased.” Almost 60% of each group report that the “quantity of work they perform has increased,” and just over 50% of both groups report that they are having to “complete more advanced duties or tasks.”

Figure 14: Opinions about Budget Limitation Impacts

Different Job

Respondents were asked “are you currently looking for a different job or have you looked for a new job in the past year or so?”

Figure 15 below shows that over a third of WSU UPS Employees (36.2%) and Statewide UPS Employees (33.6%) report looking for a different job within the past year or so. Notable percentages of both groups preferred not to respond to this question.

Figure 15: Looking for Different Job

Respondents who answered “yes” to the question “are you currently looking for a different job or have you looked for a new job in the past year or so” were asked two questions: “are you looking for an on-campus job” and “are you looking for an off-campus job.”

Figure 16 shows that, of those looking for a different job, 60.5% of Statewide UPS Employees and 47.4% of WSU UPS Employees report that they are interested in other on-campus employment, and in response to a separate question, 90.9% and 96.6% (Statewide and WSU, respectively) report being interested in off-campus employment.
