Good evening, 

Welcome to the 10th Annual Shock the Yard Step Show! On behalf of the Multicultural Greek Council at Wichita State University, myself, and our advisor, Rani Somers, we would like to thank you for your support of this year's step show and our council. As we celebrate ten years of the Multicultural Greek Council's existence, we are proud to note our growth and the continued dedication of our twelve chapters through their service, scholarship, and advocacy to help our community overcome hardships which act as the fuel for our chapters to continue doing meaningful work.

We would be remiss if we didn't thank everyone who makes this show possible and would like to give them the attention they deserve. Thank you to Rani Somers and Gabriel Fonseca for voluntarily taking on the task of putting together the 10th Annual Shock the Yard Step Show through tireless dedication, work, and guidance so we are able to share the rich history of stepping with you today. Moreover, we would like to thank all of our donors who make this event possible, our judges for volunteering their time, our step show committee members who've been spearheading our council's efforts, and YOU for your attendance.

Our teams this year have spent countless hours preparing their routines to share the importance of stepping with you today. We hope these performances show you the importance of this sacred performance which shows the resilience used and needed when not given a voice. And finally, we would like to thank you again for your support and hope that you'll continue to support the Multicultural Greek Council and our specific chapters throughout the year!

One Council, One Voice!

8. The show will feature a 20-minute intermission where members of the audience will be allowed to step or stroll. Breaking a stroll like is disrespectful so please be aware of your surroundings.

9. We appreciate all of you for attending and supporting this event but please pick up your garbage on your way out.
Nick Banks grew up in Elyria, Ohio but the social media world knows him as Mr. Bankshot. He crossed into the Phi Chapter of Alpha Phi Alpha Fraternity, Incorporated at Ohio University in 2011. Admitting that he did not know much about Greek Life, he noticed that the Alpha’s were visible on campus with their educational programs and their community service. He did his research and determined the best fit for him.

Always considering himself a funny guy, Mr. Bankshot started doing comedy in 2013. He found social media as a positive tool to get his name out to a wider audience. His motivation to be a comedian is pretty simple: he’s good at what he does and it is not something that everyone can do. He has a sincere drive to do the best he can to provide for his family, due to his rough childhood. He loves to spread laughter to people and believes it is the best medicine.

Mr. Bankshot also has an alter ego he refers to as “Pastor Flavor.” Pastor Flavor is a pastor in the Black Community, whose only desire is to get rich. You can follow him on Instagram (@PastorFlavor). Mr. Bankshot has grown into a comedic personality who boasts over 500,000 followers on Instagram.

Delta Upsilon Chapter, Kappa Alpha Psi Fraternity, Inc. (Division I)

**Alpha Phi Alpha**
The Delta Mu chapter of Alpha Phi Alpha was founded on March 25th, 1950 by 9 distinctive men on the campus of Wichita State University. The Delta Mu chapter hosts annual events on campus such as the Miss Black and Gold Scholarship Pageant, Stroll Like an Alpha, SNAPs Open Mic Nights, and voter registration drives. The brothers on campus continue to push the fraternity’s four national programs known as A Voteless People is a Hopeless People, Project Alpha, My Brother’s Keeper, and Go-to-High-School, Go-to-College. All of which help realize the fraternity’s vision of to stimulate the ambition of its members; to prepare them for the greatest usefulness in the causes of humanity, freedom, and dignity of the individual; to encourage the highest and noblest form of manhood; and to aid downtrodden humanity in its efforts to achieve higher social, economic and intellectual status. Alpha Phi Alpha Fraternity, Incorporated develops leaders, promotes brother and academic excellence while providing service and advocacy for our communities.

**Theta Nu Sigma**
Theta Nu Sigma was created in 2006 to reach a different demographic of student, many of who weren’t participants in traditional athletic programs, but who strives to be “a part of” family rather than “a part from” campus life. Since then, our reputation and charitable reputation has paved the way not only for our team, but for the culture of high school step as well. Theta Nu Sigma is much more than a step team. The organization is a district recognized athletic program & public service organization driven towards the development of young leaders of mixed cultural backgrounds.

**Alpha Kappa Alpha**
Alpha Kappa Alpha Sorority, Incorporated had its humble beginnings as the vision of nine college students on the campus of Howard University in 1908. Since then, the sorority has flourished into a globally-impactful organization of nearly 300,000 college-trained members, bound by the bonds of sisterhood and empowered by a commitment to servant-leadership that is both domestic and international in its scope. As Alpha Kappa Alpha has grown, it has maintained its focus in two key arenas: the lifelong personal and professional development of each of its members; and galvanizing its membership into an organization of respected power and influence, consistently at the forefront of effective advocacy and social change that results in equality and equity for all citizens of the world.

**Kappa Alpha Psi**
The Delta Upsilon Chapter of Kappa Alpha Psi Fraternity Inc., chartered Sept. 6th 1958 on the campus of Wichita State university has been one of the strongest pillars within the Wichita and Wichita State black community with the aim of uplifting and advancing the aims and purpose of the university and the community at large. Specifically, as an undergraduate chapter, Delta Upsilon follows the guidelines and objectives of the fraternity which is “Achievement in every field of human endeavor” for young black college men and we have proudly done so by producing world changers and influencers, like our very own Brother Littleton who still today maintains the highest number of points in the Wichita State basketball history.
HISTORY OF STEPPING

Stepping is an art form and an important part of the heritage of African-based communities. Stepping involves using your body as the instrument to create intricate and sharp sounds through a combination of steps and/or handclaps.

Modern-day stepping has many similarities to the gumboot dance, which has its roots in South African apartheid, and is performed by individuals wearing heavy boots. The gumboot dance started with miners in South Africa who would use the boots to step and send coded messages to another miner who was a short distance away. Today, the gumboot dance is one of the most expressive parts of South African culture.

Stepping on college campuses emerged in the early 1900’s when historically African-American fraternities and sororities would host Greek Sings, where members of the National Pan-Hellenic Council (NPHC) would use songs and dance as a call and response to uplift audiences. It evolved into a way for organizations to share pride, unity and tradition for their organization and their community. Specific chapters have since adopted signature moves that are specific to their organization and their members around the world. While stepping has a long tradition in African and Black communities, stepping has spread to Latino/a and Asian fraternities and sororities as well. Stepping can also be found in schools, churches, community organizations and professional dance teams around the world.

In popular culture, stepping can be seen in movies and television shows such as School Daze, A Different World, Drumline and Stomp the Yard.
